#	Article	IF	CITATIONS
1	South Australian Scleroderma Register: autoantibodies as predictive biomarkers of phenotype and outcome. International Journal of Rheumatic Diseases, 2012, 15, 102-109.	1.9	83
2	Malnutrition and its association with readmission and death within 7 days and 8-180 days postdischarge in older patients: a prospective observational study. BMJ Open, 2017, 7, e018443.	1.9	39
3	Factors influencing early and late readmissions in Australian hospitalised patients and investigating role of admission nutrition status as a predictor of hospital readmissions: a cohort study. BMJ Open, 2018, 8, e022246.	1.9	30
4	Hospital occupancy and discharge strategies: a simulationâ€based study. Internal Medicine Journal, 2017, 47, 894-899.	0.8	19
5	Vitamin C deficiency in Australian hospitalised patients: an observational study. Internal Medicine Journal, 2019, 49, 189-196.	0.8	17
6	Model to predict inpatient mortality from information gathered at presentation to an emergency department: The Triage Information Mortality Model ( <scp>TIMM</scp> ). EMA - Emergency Medicine Australasia, 2015, 27, 300-306.	1.1	14
7	Observation of "complete clinical response―in rectal cancer after neoadjuvant chemoradiation: <i>The Flinders experience</i> . Asia-Pacific Journal of Clinical Oncology, 2018, 14, 439-445.	1.1	11
8	Economic evaluation of an extended nutritional intervention in older Australian hospitalized patients: a randomized controlled trial. BMC Geriatrics, 2018, 18, 41.	2.7	10
9	Relationship between Vitamin C Deficiency and Cognitive Impairment in Older Hospitalised Patients: A Cross-Sectional Study. Antioxidants, 2022, 11, 463.	5.1	10
10	A general medical shortâ€stay unit is not more efficient than a traditional model of care. Medical Journal of Australia, 2014, 200, 482-484.	1.7	9
11	Hospitalâ€acquired complications: the relative importance of hospital―and patient―elated factors. Medical Journal of Australia, 2022, 216, 242-247.	1.7	9
12	The epidemiology of dermatomyositis in South Australia. APLAR Journal of Rheumatology, 2007, 10, 94-100.	0.2	8
13	Malnutrition screening in acutely unwell elderly inpatients. British Journal of Nursing, 2016, 25, 1006-1014.	0.7	7
14	Clinical characteristics and outcomes of influenza A and B virus infection in adult Australian hospitalised patients. BMC Infectious Diseases, 2020, 20, 913.	2.9	7
15	The role of nailfold capillary dropout on mortality in systemic sclerosis. Internal Medicine Journal, 2018, 48, 517-523.	0.8	6
16	Effectiveness of Oseltamivir in reducing 30-day readmissions and mortality among patients with severe seasonal influenza in Australian hospitalized patients. International Journal of Infectious Diseases, 2021, 104, 232-238.	3.3	6
17	The Impact of Morbid Obesity on the Health Outcomes of Hospital Inpatients: An Observational Study. Journal of Clinical Medicine, 2021, 10, 4382.	2.4	6
18	Inter-hospital lateral transfer does not increase length of stay. Australian Health Review, 2015, 39, 400.	1.1	5

#	Article	IF	Citations
19	Similar outcomes for general medicine patients discharged on any day of the week. Internal Medicine Journal, 2019, 49, 380-384.	0.8	5
20	Improving community access to terminal phase medicines through the implementation of a †Core Medicines List' in South Australian community pharmacies. BMJ Supportive and Palliative Care, 2020, 10, e4-e4.	1.6	5
21	Prognostic impact of high sensitive troponin in predicting 30-day mortality among patients admitted to hospital with influenza. IJC Heart and Vasculature, 2021, 32, 100682.	1.1	5
22	Bariatric surgery revisions and private health insurance. Obesity Research and Clinical Practice, 2017, 11, 616-621.	1.8	4
23	Improving life expectancy of patients with scleroderma: results from the South Australian Scleroderma Register. Internal Medicine Journal, 2018, 48, 951-956.	0.8	4
24	Prevalence of Hypovitaminosis C and its Relationship with Frailty in Older Hospitalised Patients: A Cross-Sectional Study. Nutrients, 2021, 13, 2117.	4.1	4
25	Characteristics and clinical outcomes of index versus non-index hospital readmissions in Australian hospitals: a cohort study. Australian Health Review, 2020, 44, 153.	1.1	4
26	Validity of the Malnutrition Universal Screening Tool for Evaluation of Frailty Status in Older Hospitalised Patients. Gerontology and Geriatric Medicine, 2022, 8, 233372142211078.	1.5	4
27	Predicting reâ€presentation following discharge from the emergency department with nonâ€specific chest pain. EMA - Emergency Medicine Australasia, 2018, 30, 193-199.	1.1	3
28	The effect of the weekend upon admissions to General Medicine. Journal of Evaluation in Clinical Practice, 2018, 24, 726-730.	1.8	3
29	Hospital's instability wedges. Health Systems, 2020, 9, 202-211.	1.2	3
30	Scleroderma renal crisis: observations from the South Australian Scleroderma Register. Internal Medicine Journal, 2021, 51, 235-242.	0.8	3
31	External Validation of the Hospital Frailty-Risk Score in Predicting Clinical Outcomes in Older Heart-Failure Patients in Australia. Journal of Clinical Medicine, 2022, 11, 2193.	2.4	3
32	Trends in Frailty and Use of Evidence-Based Pharmacotherapy for Heart Failure in Australian Hospitalised Patients: An Observational Study. Journal of Clinical Medicine, 2021, 10, 5780.	2.4	2
33	The overlap of frailty and malnutrition in older hospitalised patients: An observational study. Asia Pacific Journal of Clinical Nutrition, 2021, 30, 457-463.	0.4	2
34	Characteristics and outcomes of patients with heart failure discharged from different speciality units in Australia: an observational study. QJM - Monthly Journal of the Association of Physicians, 2022, 115, 727-734.	0.5	1
35	Anaemia in elderly patients at discharge from intensive care and hospital. Vox Sanguinis, 2021, 116, 1102-1105.	1.5	0
36	Using Geographical Information Systems for Risk Assessment and Control of Legionnaires' Disease Associated with Cooling Towers. , 0, , 318-320.		0
