

Ken Hillman

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1552604/ken-hillman-publications-by-year.pdf>

Version: 2024-04-24

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
158	Barotrauma and COVID-19.. <i>Intensive Care Medicine</i> , 2022 , 48, 376	14.5	0
157	Evaluation of the Implementation of the Advance Care Planning Package in South Western Sydney. <i>Journal of Service Science and Management</i> , 2021 , 14, 696-711	0.4	
156	CliniciansSand public acceptability of universal risk-of-death screening for older people in routine clinical practice in Australia: cross-sectional surveys. <i>Aging Clinical and Experimental Research</i> , 2021 , 33, 1063-1070	4.8	
155	It is feasible to flag near end-of-life status in older patients from routine general practice data. <i>Australian Journal of General Practice</i> , 2020 , 49, 752-758	1.5	
154	When a health policy cuts both ways: Impact of the National Emergency Access Target policy on staff and emergency department performance. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 228-239	1.5	3
153	Impact of the Four-Hour Rule policy on emergency medical services delays in Australian EDs: a longitudinal cohort study. <i>Emergency Medicine Journal</i> , 2020 , 37, 793-800	1.5	1
152	A stepped-wedge randomised-controlled trial assessing the implementation, impact and costs of a prospective feedback loop to promote appropriate care and treatment for older patients in acute hospitals at the end of life: study protocol. <i>BMC Geriatrics</i> , 2020 , 20, 262	4.1	0
151	The effectiveness of a standardised rapid response system on the reduction of cardiopulmonary arrests and other adverse events among emergency surgical admissions. <i>Resuscitation</i> , 2020 , 150, 162-169	4.9	2
150	Afferent limb failure revisited - A retrospective, international, multicentre, cohort study of delayed rapid response team calls. <i>Resuscitation</i> , 2020 , 156, 6-14	4	3
149	Feasibility of Using a Risk Assessment Tool to Predict Hospital Transfers or Death for Older People in Australian Residential Aged Care. A Retrospective Cohort Study. <i>Healthcare (Switzerland)</i> , 2020 , 8,	3.4	2
148	Appropriateness of intensive care treatments near the end of life during the COVID-19 pandemic. <i>Breathe</i> , 2020 , 16, 200062	1.8	5
147	Are We Making Progress on Communication with People Who Are Near the End of Life in the Australian Health System? A Thematic Analysis. <i>Health Communication</i> , 2020 , 35, 158-167	3.2	8
146	Succeeding with rapid response systems - a never-ending process: A systematic review of how health-care professionals perceive facilitators and barriers within the limbs of the RRS. <i>Resuscitation</i> , 2019 , 144, 75-90	4	21
145	Dissonance on perceptions of end-of-life needs between health-care providers and members of the public: Quantitative cross-sectional surveys. <i>Australasian Journal on Ageing</i> , 2019 , 38, e75-e84	1.5	12
144	Impact of the four-hour National Emergency Access Target on 30 day mortality, access block and chronic emergency department overcrowding in Australian emergency departments. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 58-66	1.5	12
143	Which frailty scale for patients admitted via Emergency Department? A cohort study. <i>Archives of Gerontology and Geriatrics</i> , 2019 , 80, 104-114	4	39
142	Prospective Validation of a Checklist to Predict Short-term Death in Older Patients After Emergency Department Admission in Australia and Ireland. <i>Academic Emergency Medicine</i> , 2019 , 26, 610-620	3.4	12

141	End-of-life priorities of older adults with terminal illness and caregivers: A qualitative consultation. <i>Health Expectations</i> , 2019 , 22, 405-414	3.7	62
140	Impact of the National Emergency Access Target policy on emergency departments performance: A time-trend analysis for New South Wales, Australian Capital Territory and Queensland. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 253-261	1.5	7
139	The concept of frailty in intensive care. <i>Australian Critical Care</i> , 2019 , 32, 175-178	2.9	9
138	Efficacy of a tool to predict short-term mortality in older people presenting at emergency departments: Protocol for a multi-centre cohort study. <i>Archives of Gerontology and Geriatrics</i> , 2018 , 76, 169-174	4	8
137	Delivering safe and effective test-result communication, management and follow-up: a mixed-methods study protocol. <i>BMJ Open</i> , 2018 , 8, e020235	3	16
136	Intensive care medicine in 2050: expanding care beyond the intensive care unit. <i>Intensive Care Medicine</i> , 2018 , 44, 218-219	14.5	
135	Hospital variability of postoperative sepsis and sepsis-related mortality after elective coronary artery bypass grafting surgery. <i>Journal of Critical Care</i> , 2018 , 47, 232-237	4	2
134	Impact of the Four-Hour Rule in Western Australian hospitals: Trend analysis of a large record linkage study 2002-2013. <i>PLoS ONE</i> , 2018 , 13, e0193902	3.7	13
133	Predictive validity of the CriSTAL tool for short-term mortality in older people presenting at Emergency Departments: a prospective study. <i>European Geriatric Medicine</i> , 2018 , 9, 891-901	3	27
132	States worse than death. <i>Current Opinion in Critical Care</i> , 2018 , 24, 415-420	3.5	5
131	Who Benefits from Aggressive Rapid Response System Treatments Near the End of Life? A Retrospective Cohort Study. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2018 , 44, 505-513	1.4	1
130	What is inappropriate hospital use for elderly people near the end of life? A systematic review. <i>European Journal of Internal Medicine</i> , 2017 , 42, 39-50	3.9	28
129	Recognising older frail patients near the end of life: What next?. <i>European Journal of Internal Medicine</i> , 2017 , 45, 84-90	3.9	25
128	Socio-demographic disparities in the utilisation of general practice services for Australian children - Results from a nationally representative longitudinal study. <i>PLoS ONE</i> , 2017 , 12, e0176563	3.7	3
127	The impact of post-operative sepsis on mortality after hospital discharge among elective surgical patients: a population-based cohort study. <i>Critical Care</i> , 2017 , 21, 34	10.8	23
126	A systematic review of effectiveness of decision aids to assist older patients at the end of life. <i>Patient Education and Counseling</i> , 2017 , 100, 425-435	3.1	49
125	Dying Safely 2017 , 289-299		1
124	Barriers to the Implementation of RRS 2017 , 147-158		

123	RRS and the Culture of Safety 2017 , 53-57		0
122	Pre-existing risk factors for in-hospital death among older patients could be used to initiate end-of-life discussions rather than Rapid Response System calls: A case-control study. <i>Resuscitation</i> , 2016 , 109, 76-80	4	16
121	Vital signs monitoring on general wards: clinical staff perceptions of current practices and the planned introduction of continuous monitoring technology. <i>International Journal for Quality in Health Care</i> , 2016 , 28, 515-21	1.9	40
120	Incidences and variations of hospital acquired venous thromboembolism in Australian hospitals: a population-based study. <i>BMC Health Services Research</i> , 2016 , 16, 511	2.9	10
119	Evidence still insufficient that advance care documentation leads to engagement of healthcare professionals in end-of-life discussions: A systematic review. <i>Palliative Medicine</i> , 2016 , 30, 807-24	5.5	40
118	Impact of a standardized rapid response system on outcomes in a large healthcare jurisdiction. <i>Resuscitation</i> , 2016 , 107, 47-56	4	33
117	The ten barriers to appropriate management of patients at the end of their life. <i>Intensive Care Medicine</i> , 2015 , 41, 1700-2	14.5	23
116	Development of a tool for defining and identifying the dying patient in hospital: Criteria for Screening and Triaging to Appropriate aAlternative care (CriSTAL). <i>BMJ Supportive and Palliative Care</i> , 2015 , 5, 78-90	2.2	69
115	Delayed Emergency Team Calls and Associated Hospital Mortality: A Multicenter Study. <i>Critical Care Medicine</i> , 2015 , 43, 2059-65	1.4	39
114	Rapid response systems. <i>Medical Journal of Australia</i> , 2015 , 202, 523	4	8
113	Time to shut down the acute care conveyor belt?. <i>Medical Journal of Australia</i> , 2015 , 203, 429-30	4	5
112	What's new with rapid response systems?. <i>Intensive Care Medicine</i> , 2015 , 41, 315-7	14.5	16
111	Hospital outcomes associated with introduction of a two-tiered response to the deteriorating patient. <i>Critical Care and Resuscitation: Journal of the Australasian Academy of Critical Care Medicine</i> , 2015 , 17, 77-82	2.8	2
110	Management of intra-abdominal hypertension and abdominal compartment syndrome: a review. <i>Journal of Trauma Management and Outcomes</i> , 2014 , 8, 2		35
109	The impact of implementing a rapid response system: a comparison of cardiopulmonary arrests and mortality among four teaching hospitals in Australia. <i>Resuscitation</i> , 2014 , 85, 1275-81	4	50
108	Long term trends in medical emergency team activations and outcomes. <i>Resuscitation</i> , 2014 , 85, 1083-7	4	38
107	Trends and variations in the rates of hospital complications, failure-to-rescue and 30-day mortality in surgical patients in New South Wales, Australia, 2002-2009. <i>PLoS ONE</i> , 2014 , 9, e96164	3.7	10
106	Rapid response systems. <i>Medical Journal of Australia</i> , 2014 , 201, 519-21	4	38

105	Patient safety and rapid response systems. <i>Medical Journal of Australia</i> , 2014 , 201, 654-6	4	11
104	Do variations in hospital mortality patterns after weekend admission reflect reduced quality of care or different patient cohorts? A population-based study. <i>BMJ Quality and Safety</i> , 2014 , 23, 215-22	5.4	86
103	Rapid Response Systems. <i>Respiratory Medicine</i> , 2014 , 177-195	0.2	
102	Defining clinical deterioration. <i>Resuscitation</i> , 2013 , 84, 1029-34	4	90
101	The formula for survival in resuscitation. <i>Resuscitation</i> , 2013 , 84, 1487-93	4	118
100	Reply to Letter: Response to "To live and let die"--the search for the best way to identify at-risk patients?". <i>Resuscitation</i> , 2013 , 84, e109	4	1
99	The role of organisational and cultural factors in the implementation of system-wide interventions in acute hospitals to improve patient outcomes: protocol for a systematic literature review. <i>BMJ Open</i> , 2013 , 3,	3	5
98	Have the health gaps between Indigenous and non-Indigenous Australian children changed over time? Results from an Australian National Representative Longitudinal Study. <i>Maternal and Child Health Journal</i> , 2012 , 16, 814-23	2.4	3
97	A Literature Review on Care at the End-of-Life in the Emergency Department. <i>Emergency Medicine International</i> , 2012 , 2012, 486516	1.4	49
96	Clinical Reflection: a vital process for supporting the development of wisdom in doctors. <i>Current Opinion in Critical Care</i> , 2012 , 18, 712-7	3.5	4
95	A comparison of fluid instillation volumes to assess intra-abdominal pressure using KronS methods. <i>Journal of Trauma and Acute Care Surgery</i> , 2012 , 73, 152-5	3.3	3
94	Access block and emergency department overcrowding. <i>Critical Care</i> , 2011 , 15, 216	10.8	120
93	Effective discharge planning - timely assignment of an estimated date of discharge. <i>Australian Health Review</i> , 2011 , 35, 357-63	1.8	12
92	Ethnic and Indigenous access to early childhood healthcare services in Australia: parents' perceived unmet needs and related barriers. <i>Australian and New Zealand Journal of Public Health</i> , 2011 , 35, 30-7	2.3	26
91	Rapid response systems: you won't know there is a problem until you measure it. <i>Critical Care</i> , 2011 , 15, 1001	10.8	3
90	End-of-life care in acute hospitals. <i>Australian Health Review</i> , 2011 , 35, 176-7	1.8	10
89	Barriers to the Implementation of RRS 2011 , 163-175		
88	Healthcare Systems and Their (Lack of) Integration 2011 , 79-86		2

87	The comparison of health status and health services utilisation between Indigenous and non-Indigenous infants in Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2010 , 34, 50-6	2.3	23
86	Meta-analysis for rapid response teams. <i>Archives of Internal Medicine</i> , 2010 , 170, 996-7; author reply 997		9
85	Continuum of hospital care: the role of intensive care. <i>Current Opinion in Critical Care</i> , 2010 , 16, 505-9	3.5	5
84	Triggers for emergency team activation: a multicenter assessment. <i>Journal of Critical Care</i> , 2010 , 25, 359.e1-7	4	34
83	Health services utilisation disparities between English speaking and non-English speaking background Australian infants. <i>BMC Public Health</i> , 2010 , 10, 182	4.1	26
82	Timing and interventions of emergency teams during the MERIT study. <i>Resuscitation</i> , 2010 , 81, 25-30	4	43
81	Discharge delay in acute care: reasons and determinants of delay in general ward patients. <i>Australian Health Review</i> , 2009 , 33, 513-21	1.8	22
80	Rapid response team implementation and hospital mortality rates. <i>JAMA - Journal of the American Medical Association</i> , 2009 , 301, 1659; author reply 1660	27.4	4
79	Fluid resuscitation pathophysiology of hypovolaemia. <i>Emergency Medicine (Fremantle, W A)</i> , 2009 , 8, 69-69		
78	Baseline hospital performance and the impact of medical emergency teams: modelling vs. conventional subgroup analysis. <i>Trials</i> , 2009 , 10, 117	2.8	7
77	Analysis of medical emergency team calls comparing subjective to "objective" call criteria. <i>Resuscitation</i> , 2009 , 80, 44-9	4	79
76	The impact of introducing medical emergency team system on the documentations of vital signs. <i>Resuscitation</i> , 2009 , 80, 35-43	4	92
75	The relationship between early emergency team calls and serious adverse events. <i>Critical Care Medicine</i> , 2009 , 37, 148-53	1.4	189
74	Complex intensive care unit interventions. <i>Critical Care Medicine</i> , 2009 , 37, S102-6	1.4	15
73	Respiratory rate: the neglected vital sign. <i>Medical Journal of Australia</i> , 2008 , 188, 657-9	4	514
72	The Medical Emergency Team system: a two hospital comparison. <i>Resuscitation</i> , 2008 , 77, 180-8	4	20
71	Prevalence of morphine use and time to initial analgesia in an Australian emergency department. <i>EMA - Emergency Medicine Australasia</i> , 2008 , 20, 136-43	1.5	12
70	Rapid response systems. <i>Indian Journal of Critical Care Medicine</i> , 2008 , 12, 77-81	1.3	5

69	The objective medical emergency team activation criteria: a case-control study. <i>Resuscitation</i> , 2007 , 73, 62-72	4	191
68	Results from the International Conference of Experts on Intra-abdominal Hypertension and Abdominal Compartment Syndrome. II. Recommendations. <i>Intensive Care Medicine</i> , 2007 , 33, 951-62	14.5	1324
67	Prevalence of psychological distress assessed in emergency departments. <i>Emergency Medicine Journal</i> , 2006 , 23, 489	1.5	3
66	Guidelines for the uniform reporting of data for Medical Emergency Teams. <i>Resuscitation</i> , 2006 , 68, 11-25	4	43
65	Results from the International Conference of Experts on Intra-abdominal Hypertension and Abdominal Compartment Syndrome. I. Definitions. <i>Intensive Care Medicine</i> , 2006 , 32, 1722-32	14.5	1172
64	Introduction of the medical emergency team (MET) system: a cluster-randomised controlled trial. <i>Lancet, The</i> , 2005 , 365, 2091-7	40	1509
63	A systematic approach to caring for the seriously ill 2004 , 1-6		
62	Critical care gastroenterology 2004 , 543-574		
61	A comparison of antecedents to cardiac arrests, deaths and emergency intensive care admissions in Australia and New Zealand, and the United Kingdom--the ACADEMIA study. <i>Resuscitation</i> , 2004 , 62, 275-82	4	440
60	Health Informatics and Health Information Management in Maternal and Child Health Services. <i>Health Information Management Journal</i> , 2004 , 33, 36-42	2.6	1
59	Electronic Health Record System Risk Assessment: A Case Study from the MINET. <i>Health Information Management Journal</i> , 2004 , 33, 43-48	2.6	5
58	Colloid versus crystalloids in shock. <i>Indian Journal of Critical Care Medicine</i> , 2004 , 8, 14-21	1.3	2
57	Capacity of screening questionnaires to predict psychiatric morbidity 18 months after motor vehicle accidents. <i>Journal of Nervous and Mental Disease</i> , 2003 , 191, 604-10	1.8	18
56	A clinical model for Health Services Research-the Medical Emergency Team. <i>Journal of Critical Care</i> , 2003 , 18, 195-9	4	21
55	Clinical examination is an inaccurate predictor of intraabdominal pressure. <i>World Journal of Surgery</i> , 2002 , 26, 1428-31	3.3	240
54	Duration of life-threatening antecedents prior to intensive care admission. <i>Intensive Care Medicine</i> , 2002 , 28, 1629-34	14.5	241
53	Critical care without walls. <i>Current Opinion in Critical Care</i> , 2002 , 8, 594-9	3.5	66
52	Antecedents to hospital deaths. <i>Internal Medicine Journal</i> , 2001 , 31, 343-8	1.6	347

51	Adverse events in British hospitals. Preventive strategies, not epidemiological studies, are needed. <i>BMJ: British Medical Journal</i> , 2001 , 322, 1425; author reply 1427		4
50	On the analysis and interpretation of spontaneous variability of cardiac output. <i>Critical Care Medicine</i> , 2001 , 29, 220-1	1.4	
49	Hospitals and hospitalists: an alternative view. <i>Medical Journal of Australia</i> , 2000 , 172, 299-299	4	4
48	Rates of in-hospital arrests, deaths and intensive care admissions: the effect of a medical emergency team. <i>Medical Journal of Australia</i> , 2000 , 173, 236-40	4	268
47	The changing role of acute-care hospitals. <i>Medical Journal of Australia</i> , 1999 , 170, 325-328	4	61
46	The need for undergraduate education in critical care. (Results of a questionnaire to year 6 medical undergraduates, University of New South Wales and recommendations on a curriculum in critical care). <i>Anaesthesia and Intensive Care</i> , 1999 , 27, 53-8	1.1	44
45	The changing role of acute-care hospitals. <i>Medical Journal of Australia</i> , 1999 , 171, 224-224	4	
44	Redefining resuscitation. <i>Australian and New Zealand Journal of Medicine</i> , 1998 , 28, 759-60		8
43	Early postoperative emergencies requiring an intensive care team intervention. The role of ASA physical status and after-hours surgery. <i>Anaesthesia</i> , 1998 , 53, 529-35	6.6	26
42	Predicting inhospital cardiac arrest. <i>Resuscitation</i> , 1998 , 38, 199	4	5
41	Intra-Abdominal Hypertension and Intensive Care. <i>Yearbook of Intensive Care and Emergency Medicine</i> , 1998 , 667-676		2
40	Temporary abdominal closure: a prospective evaluation of its effects on renal and respiratory physiology. <i>Arteriosclerosis, Thrombosis, and Vascular Biology</i> , 1998 , 45, 914-21	9.4	65
39	Anesthesia preoperative evaluation clinic. <i>Anesthesiology</i> , 1997 , 86, 260-3	4.3	6
38	1 The crystalloid versus colloid controversy: present status. <i>Baillieres Clinical Anaesthesiology</i> , 1997 , 11, 1-13		26
37	Risk of unanticipated intraoperative events in patients assessed at a preanaesthetic clinic. <i>Canadian Journal of Anaesthesia</i> , 1997 , 44, 946-54	3	23
36	Reducing preventable deaths and containing costs: the expanding role of intensive care medicine. <i>Medical Journal of Australia</i> , 1996 , 164, 308-9	4	13
35	Interhospital transfers: decision-making in critical care areas. <i>Critical Care Medicine</i> , 1996 , 24, 618-22	1.4	20
34	The perioperative system: a new approach to managing elective surgery. <i>Anaesthesia and Intensive Care</i> , 1995 , 23, 591-6	1.1	46

33	The Medical Emergency Team. <i>Anaesthesia and Intensive Care</i> , 1995 , 23, 183-6	1.1	406
32	The use of "quality-adjusted life years" (QALYs) to evaluate treatment in intensive care. <i>Anaesthesia and Intensive Care</i> , 1995 , 23, 322-31	1.1	38
31	The Medical Emergency Team: a new strategy to identify and intervene in high-risk patients. <i>Clinical Intensive Care: International Journal of Critical & Coronary Care Medicine</i> , 1995 , 6, 269-272		73
30	Intensive care medicine. <i>Medical Journal of Australia</i> , 1994 , 161, 444-6	4	
29	Referral of surgical patients to an anaesthetic clinic: a decision-making analysis. <i>Anaesthesia and Intensive Care</i> , 1994 , 22, 562-7	1.1	7
28	Intra-abdominal pressure measurement using a modified nasogastric tube: description and validation of a new technique. <i>Intensive Care Medicine</i> , 1994 , 20, 588-90	14.5	95
27	Do nurses know when to summon emergency assistance?. <i>Intensive and Critical Care Nursing</i> , 1994 , 10, 115-20	3.1	84
26	Active management of the dying patient. <i>Medical Journal of Australia</i> , 1992 , 157, 701-4	4	22
25	Tests of six continuous flow CPAP devices. <i>Anaesthesia and Intensive Care</i> , 1991 , 19, 237-43	1.1	3
24	Continuous renal replacement in the critically ill. <i>Anaesthesia and Intensive Care</i> , 1990 , 18, 76-92	1.1	17
23	Pulmonary barotrauma during cardiopulmonary resuscitation. <i>Critical Care Medicine</i> , 1986 , 14, 606-9	1.4	24
22	A comparison of intermittent mandatory ventilation systems. <i>Critical Care Medicine</i> , 1986 , 14, 499-502	1.4	11
21	The end of the crystalloid era? A new approach to peri-operative fluid administration. <i>Anaesthesia</i> , 1985 , 40, 860-71	6.6	69
20	Pulmonary Barotrauma. <i>Clinics in Anaesthesiology</i> , 1985 , 3, 877-898		7
19	Mediastinal emphysema simulating acute pericarditis. <i>Intensive Care Medicine</i> , 1984 , 10, 157-9	14.5	5
18	Aerosol EDTA to eliminate respiratory-tract pseudomonas. <i>Lancet, The</i> , 1984 , 2, 99	40	6
17	Pressure infusors. <i>Critical Care Medicine</i> , 1984 , 12, 983-985	1.4	8
16	Resuscitation in diabetic ketoacidosis. <i>Critical Care Medicine</i> , 1983 , 11, 53-4	1.4	13

15	Study of diarrhea in critically ill patients. <i>Critical Care Medicine</i> , 1983 , 11, 7-9	1.4	151
14	Acute respiratory distress in diabetic ketoacidosis. <i>British Medical Journal</i> , 1983 , 286, 1145		2
13	Pneumoretroperitoneum. <i>Anaesthesia</i> , 1983 , 38, 136-9	6.6	10
12	Colonization of the gastric contents in critically ill patients. <i>Critical Care Medicine</i> , 1982 , 10, 444-7	1.4	133
11	Pneumoperitoneum--a review. <i>Critical Care Medicine</i> , 1982 , 10, 476-81	1.4	90
10	Severe coughing and pneumoperitoneum. <i>British Medical Journal</i> , 1982 , 285, 1085		11
9	Management of massive air leak with asynchronous independent lung ventilation. <i>Intensive Care Medicine</i> , 1982 , 8, 287-90	14.5	18
8	Automatic ventilation with the Ayre's T-piece. A modification of the Nuffield Series 200 ventilator for neonatal and paediatric use. <i>Anaesthesia</i> , 1981 , 36, 22-36	6.6	17
7	Nitrous oxide concentrations in the dental surgery, Atmospheric and blood concentrations of personnel. <i>Anaesthesia</i> , 1981 , 36, 257-62	6.6	16
6	Asynchronous independent lung ventilation (AILV). <i>Critical Care Medicine</i> , 1980 , 8, 390-5	1.4	64
5	Brachial plexus block. <i>Anaesthesia</i> , 1979 , 34, 83-4	6.6
