#	ARTICLE	IF	CITATIONS
1	Economic Impact of Adverse Drug Events – A Retrospective Population-Based Cohort Study of 4970 Adults. PLoS ONE, 2014, 9, e92061.	2.5	50
2	Measuring cost efficiency in the Nordic Hospitals—a cross-sectional comparison of public hospitals in 2002. Health Care Management Science, 2010, 13, 346-357.	2.6	30
3	Determinants for use of direct-to-consumer telemedicine consultations in primary healthcare—a registry based total population study from Stockholm, Sweden. BMC Family Practice, 2021, 22, 133.	2.9	30
4	Linking Swedish health data registers to establish a research database and a shared decision-making tool in hip replacement. BMC Musculoskeletal Disorders, 2016, 17, 414.	1.9	25
5	Assessing the incidence of catastrophic health expenditure and impoverishment from out-of-pocket payments and their determinants in Bangladesh: evidence from the nationwide Household Income and Expenditure Survey 2016. International Health, 2022, 14, 84-96.	2.0	25
6	International hospital productivity comparison: Experiences from the Nordic countries. Health Policy, 2013, 112, 80-87.	3.0	24
7	Outcome, Use of Resources and Their Relationship in the Treatment of AMI, Stroke and Hip Fracture at European Hospitals. Health Economics (United Kingdom), 2015, 24, 116-139.	1.7	22
8	Costs and Quality at the Hospital Level in the Nordic Countries. Health Economics (United Kingdom), 2015, 24, 140-163.	1.7	20
9	The impact of community-based health insurance on the utilization of medically trained healthcare providers among informal workers in Bangladesh. PLoS ONE, 2018, 13, e0200265.	2.5	19
10	The effect of a community-based health insurance on the out-of-pocket payments for utilizing medically trained providers in Bangladesh. International Health, 2020, 12, 287-298.	2.0	18
11	Decomposing the productivity differences between hospitals in the Nordic countries. Journal of Productivity Analysis, 2015, 43, 281-293.	1.6	16
12	A Window on Geographic Variation in Health Care: Insights from EuroHOPE. Health Economics (United Kingdom), 2015, 24, 140-163.	1.7	13
13	Clinic continuity of care, clinical outcomes and direct costs for COPD in Sweden: a population based cohort study. European Clinical Respiratory Journal, 2017, 4, 1290193.	1.5	10
14	Evaluating the implementation related challenges of Shasthyo Suroksha Karmasuchi (health) Research, 2018, 18, 552.	2.2	10
15	Recording a diagnosis of stroke, transient ischaemic attack or myocardial infarction in primary healthcare and the association with dispensation of secondary preventive medication: a registry-based prospective cohort study. BMJ Open, 2017, 7, e015723.	1.9	8
16	Socioeconomic distribution of GP visits following patient choice reform and differences in reimbursement models: Evidence from Sweden. Health Policy, 2018, 122, 949-956.	3.0	8
17	Implementation Research to Address the United States Health Disadvantage: Report of a National Heart, Lung, and Blood Institute Workshop. Global Heart, 2018, 13, 65.	2.3	8
18	Do employer-sponsored health insurance schemes affect the utilisation of medically trained providers and out-of-pocket payments among ready-made garment workers? A case-control study in Bangladesh. BMJ Open, 2020, 10, e030298.	1.9	8

#	ARTICLE	IF	CITATIONS
19	Coordination pays off: a comparison of two models for organizing hip fracture care, outcomes and costs. <i>International Journal of Health Planning and Management</i> , 2015, 30, 426-438.	1.7	7
20	Simply the best? The impact of quality on choice of primary healthcare provider in Sweden. <i>Health Policy</i> , 2021, 125, 1448-1454.	3.0	7
21	Comparing Methods for Estimating Direct Costs of Adverse Drug Events. <i>Value in Health</i> , 2017, 20, 1299-1310.	0.3	6
22	Towards Explaining International Differences in Health Care Performance: Results of the EuroHOPE Project. <i>Health Economics (United Kingdom)</i> , 2015, 24, 1-4.	1.7	4
23	Direct and indirect costs for adverse drug events identified in medical records across care levels, and their distribution among payers. <i>Research in Social and Administrative Pharmacy</i> , 2017, 13, 1151-1158.	3.0	4
24	The effects of competition and bundled payment on patient reported outcome measures after hip replacement surgery. <i>BMC Health Services Research</i> , 2021, 21, 387.	2.2	1
25	The productivity development of total hip arthroplasty in Sweden: a multiple registry-based longitudinal study using the Malmquist Productivity Index. <i>BMJ Open</i> , 2019, 9, e028722.	1.9	0
26	Healthcare pathways and resource use: mapping consequences of ambulance assessment for direct care with alternative healthcare providers. <i>BMC Emergency Medicine</i> , 2020, 20, 85.	1.9	0
27	A performance comparison of patient pathways in Nordic capital areas – a pilot study for ischaemic stroke patients. <i>Scandinavian Journal of Public Health</i> , 2020, 48, 275-288.	2.3	0
