#	ARTICLE	IF	CITATIONS
1	How does the effectiveness of strategies to improve healthcare provider practices in low-income and middle-income countries change after implementation? Secondary analysis of a systematic review. <i>BMJ Quality and Safety</i> , 2022, 31, 123-133.	1.8	8
2	The effectiveness of supervision strategies to improve health care provider practices in low- and middle-income countries: secondary analysis of a systematic review. <i>Human Resources for Health</i> , 2022, 20, 1.	1.1	10
3	Strategies to promote evidence use for health programme improvement: learning from the experiences of embedded implementation research teams in Latin America and the Caribbean. <i>Health Research Policy and Systems</i> , 2022, 20, 38.	1.1	0
4	First and second doses of Covishield vaccine provided high level of protection against SARS-CoV-2 infection in highly transmissible settings: results from a prospective cohort of participants residing in congregate facilities in India. <i>BMJ Global Health</i> , 2022, 7, e008271.	2.0	6
5	The effectiveness of training strategies to improve healthcare provider practices in low-income and middle-income countries. <i>BMJ Global Health</i> , 2021, 6, e003229.	2.0	25
6	Impact of Public Health and Social Measures on the COVID-19 Pandemic in the United States and Other Countries: Descriptive Analysis. <i>JMIR Public Health and Surveillance</i> , 2021, 7, e27917.	1.2	12
7	Time to reconceptualise health systems. <i>Lancet, The</i> , 2021, 397, 2145.	6.3	12
8	A Special Issue Honoring the Legacy of Adam Wagstaff. <i>Health Systems and Reform</i> , 2021, 7, e1968326.	0.6	0
9	An Empirical Examination of the Inequality of Forgone Care in India. <i>Health Systems and Reform</i> , 2021, 7, e1894761.	0.6	3
10	Examining policy intentions and actual implementation practices: How organizational factors influence health management information systems in Uttar Pradesh, India. <i>Social Science and Medicine</i> , 2021, 286, 114291.	1.8	7
11	Assessing Barriers to Effective Coverage of Health Services for Adolescents in Low- and Middle-Income Countries: A Scoping Review. <i>Journal of Adolescent Health</i> , 2021, 69, 541-548.	1.2	7
12	Identifying core competencies for practicing public health professionals: results from a Delphi exercise in Uttar Pradesh, India. <i>BMC Public Health</i> , 2020, 20, 1737.	1.2	16
13	How does embedded implementation research work? Examining core features through qualitative case studies in Latin America and the Caribbean. <i>Health Policy and Planning</i> , 2020, 35, ii98-ii111.	1.0	16
14	Influence of community scorecards on maternal and newborn health service delivery and utilization. <i>International Journal for Equity in Health</i> , 2020, 19, 145.	1.5	10
15	HIT-COVID, a global database tracking public health interventions to COVID-19. <i>Scientific Data</i> , 2020, 7, 286.	2.4	76
16	Strengthening social accountability in ways that build inclusion, institutionalization and scale: reflections on FHS experience. <i>International Journal for Equity in Health</i> , 2020, 19, 220.	1.5	4
17	Prevention and control of non-communicable diseases in the COVID-19 response. <i>Lancet, The</i> , 2020, 395, 1678-1680.	6.3	240
18	The need for COVID-19 research in low- and middle-income countries. <i>Global Health Research and Policy</i> , 2020, 5, 33.	1.4	65

#	ARTICLE	IF	CITATIONS
19	Towards Core Competencies for Health Policy and Systems Research (HPSR) Training: Results From a Global Mapping and Consensus-Building Process. <i>International Journal of Health Policy and Management</i> , 2020, , .	0.5	1
20	Capacity, committed funding and co-productionâ€”institutionalizing implementation research in low- and middle-income countries. <i>Health Policy and Planning</i> , 2020, 35, ii7-ii8.	1.0	3
21	Understanding the role of community resilience in addressing the Ebola virus disease epidemic in Liberia: a qualitative study (community resilience in Liberia). <i>Global Health Action</i> , 2019, 12, 1662682.	0.7	64
22	Financing Common Goods for Health: Core Government Functions in Health Emergency and Disaster Risk Management. <i>Health Systems and Reform</i> , 2019, 5, 307-321.	0.6	12
23	Integrating Community Health Worker Roles to Improve Facility Delivery Utilization in Tanzania: Evidence from an Interrupted Time Series Analysis. <i>Maternal and Child Health Journal</i> , 2019, 23, 1327-1338.	0.7	4
24	A systematic review of the effectiveness of strategies to improve health care provider performance in low- and middle-income countries: Methods and descriptive results. <i>PLoS ONE</i> , 2019, 14, e0217617.	1.1	34
25	A Scoping Review of Investment Cases for Vaccines and Immunization Programs. <i>Value in Health</i> , 2019, 22, 942-952.	0.1	11
26	How is implementation research applied to advance health in low-income and middle-income countries?. <i>BMJ Global Health</i> , 2019, 4, e001257.	2.0	86
27	Household coping strategies after an adult noncommunicable disease death in <scp>Bangladesh</scp>. <i>International Journal of Health Planning and Management</i> , 2019, 34, e203-e218.	0.7	2
28	Asking the right question: implementation research to accelerate national non-communicable disease responses. <i>BMJ: British Medical Journal</i> , 2019, 365, l1868.	2.4	13
29	"Because Even the Person Living With HIV/AIDS Might Need to Make Babies" â€” Perspectives on the Drivers of Feasibility and Acceptability of an Integrated Community Health Worker Model in Iringa, Tanzania. <i>International Journal of Health Policy and Management</i> , 2019, 8, 538-549.	0.5	6
30	Tackling socioeconomic inequalities and non-communicable diseases in low-income and middle-income countries under the Sustainable Development agenda. <i>Lancet, The</i> , 2018, 391, 2036-2046.	6.3	226
31	Can volunteer community health workers manage multiple roles? An interrupted time-series analysis of combined HIV and maternal and child health promotion in Iringa, Tanzania. <i>Health Policy and Planning</i> , 2018, 33, 1096-1106.	1.0	14
32	Effectiveness of strategies to improve health-care provider practices in low-income and middle-income countries: a systematic review. <i>The Lancet Global Health</i> , 2018, 6, e1163-e1175.	2.9	269
33	Implementation research: new imperatives and opportunities in global health. <i>Lancet, The</i> , 2018, 392, 2214-2228.	6.3	308
34	Contact tracing performance during the Ebola epidemic in Liberia, 2014-2015. <i>PLoS Neglected Tropical Diseases</i> , 2018, 12, e0006762.	1.3	90
35	Association Between Physician Burnout and Patient Safety, Professionalism, and Patient Satisfaction. <i>JAMA Internal Medicine</i> , 2018, 178, 1317.	2.6	705
36	Health policy and systems research: the future of the field. <i>Health Research Policy and Systems</i> , 2018, 16, 84.	1.1	68

#	ARTICLE	IF	CITATIONS
37	Influences on GP coping and resilience: a qualitative study in primary care. <i>British Journal of General Practice</i> , 2017, 67, e428-e436.	0.7	47
38	In search of global governance for research in epidemics. <i>Lancet, The</i> , 2017, 390, 1632-1633.	6.3	6
39	Examining the structure and behavior of Afghanistan's routine childhood immunization system using system dynamics modeling. <i>International Journal of Health Governance</i> , 2017, 22, 212-227.	0.6	6
40	Impact of interventions and the incidence of ebola virus disease in Liberia's implications for future epidemics. <i>Health Policy and Planning</i> , 2017, 32, 205-214.	1.0	45
41	Improving health systems performance in low- and middle-income countries: a system dynamics model of the pay-for-performance initiative in Afghanistan. <i>Health Policy and Planning</i> , 2017, 32, 1417-1426.	1.0	18
42	Who are more responsive? Mixed-methods comparison of public and private sector physicians in rural Bangladesh. <i>Health Policy and Planning</i> , 2017, 32, iii14-iii24.	1.0	14
43	10 Best resources for community engagement in implementation research. <i>Health Policy and Planning</i> , 2017, 32, 1457-1465.	1.0	35
44	Engaging stakeholders in implementation research: lessons from the Future Health Systems Research Programme experience. <i>Health Research Policy and Systems</i> , 2017, 15, 104.	1.1	27
45	Participatory monitoring and evaluation approaches that influence decision-making: lessons from a maternal and newborn study in Eastern Uganda. <i>Health Research Policy and Systems</i> , 2017, 15, 107.	1.1	13
46	Are children presenting with non-IMCI complaints at greater risk for suboptimal screening? An analysis of outpatient visits in Afghanistan. <i>International Journal for Quality in Health Care</i> , 2017, 29, 662-668.	0.9	2
47	Health policy and systems research training: global status and recommendations for action. <i>Bulletin of the World Health Organization</i> , 2016, 94, 491-500.	1.5	9
48	Bypassing Primary Care Facilities for Childbirth: Findings from a Multilevel Analysis of Skilled Birth Attendance Determinants in Afghanistan. <i>Journal of Midwifery and Women's Health</i> , 2016, 61, 185-195.	0.7	23
49	Unlocking community capabilities across health systems in low- and middle-income countries: lessons learned from research and reflective practice. <i>BMC Health Services Research</i> , 2016, 16, 631.	0.9	18
50	Leadership in Times of Crisis: The Example of Ebola Virus Disease in Liberia. <i>Health Systems and Reform</i> , 2016, 2, 194-207.	0.6	43
51	What is the role of community capabilities for maternal health? An exploration of community capabilities as determinants to institutional deliveries in Bangladesh, India, and Uganda. <i>BMC Health Services Research</i> , 2016, 16, 621.	0.9	7
52	Unlocking community capabilities for improving maternal and newborn health: participatory action research to improve birth preparedness, health facility access, and newborn care in rural Uganda. <i>BMC Health Services Research</i> , 2016, 16, 638.	0.9	25
53	Undergraduate students' contributions to health service delivery through community-based education: A qualitative study by the MESAU Consortium in Uganda. <i>BMC Medical Education</i> , 2016, 16, 123.	1.0	12
54	Patient-centred innovation to ensure access to diabetes care in Cambodia: the case of MoPoTsyo. <i>Journal of Pharmaceutical Policy and Practice</i> , 2016, 9, 1.	1.1	49

#	ARTICLE	IF	CITATIONS
55	Using health markets to improve access to medicines: three case studies. <i>Journal of Pharmaceutical Policy and Practice</i> , 2016, 9, 19.	1.1	2
56	Effectiveness of a pay-for-performance intervention to improve maternal and child health services in Afghanistan: a cluster-randomized trial. <i>International Journal of Epidemiology</i> , 2016, 45, 451-459.	0.9	71
57	The relationship between non-communicable disease occurrence and poverty—evidence from demographic surveillance in Matlab, Bangladesh. <i>Health Policy and Planning</i> , 2016, 31, 785-792.	1.0	25
58	Resilience: what is it, why do we need it, and can it help us?. <i>British Journal of General Practice</i> , 2015, 65, e708-e710.	0.7	24
59	Utility and limitations of measures of health inequities: a theoretical perspective. <i>Global Health Action</i> , 2015, 8, 27591.	0.7	29
60	Assessing National Health Systems: Why and How. <i>Health Systems and Reform</i> , 2015, 1, 9-17.	0.6	13
61	Extent, Nature, and Risk Factors of Workplace Violence in Public Tertiary Hospitals in China: A Cross-Sectional Survey. <i>International Journal of Environmental Research and Public Health</i> , 2015, 12, 6801-6817.	1.2	35
62	Determinants of emergency response responsibility perceptions in the local public health workforce after China's health sector restructuring. <i>BMC Health Services Research</i> , 2015, 15, 339.	0.9	4
63	Assessing the pro-poor effect of different contracting schemes for health services on health facilities in rural Afghanistan. <i>Health Policy and Planning</i> , 2015, 30, 1229-1242.	1.0	25
64	What do they do? Interactions between village doctors and medical representatives in Chakaria, Bangladesh. <i>International Health</i> , 2015, 7, 266-271.	0.8	12
65	Distribution of chronic disease mortality and deterioration in household socioeconomic status in rural Bangladesh: an analysis over a 24-year period. <i>International Journal of Epidemiology</i> , 2015, 44, 1917-1926.	0.9	33
66	Prospects of mHealth Services in Bangladesh: Recent Evidence from Chakaria. <i>PLoS ONE</i> , 2014, 9, e111413.	1.1	47
67	Republished research: Implementation research: what it is and how to do it. <i>British Journal of Sports Medicine</i> , 2014, 48, 731-736.	3.1	656
68	The future of health markets. <i>Globalization and Health</i> , 2014, 10, 51.	2.4	10
69	Innovation in regulation of rapidly changing health markets. <i>Globalization and Health</i> , 2014, 10, 53.	2.4	39
70	Advancing the application of systems thinking in health: why cure crowds out prevention. <i>Health Research Policy and Systems</i> , 2014, 12, 28.	1.1	30
71	Advancing the application of systems thinking in health: exploring dual practice and its management in Kampala, Uganda. <i>Health Research Policy and Systems</i> , 2014, 12, 41.	1.1	53
72	The application of systems thinking in health: why use systems thinking?. <i>Health Research Policy and Systems</i> , 2014, 12, 51.	1.1	296

#	ARTICLE	IF	CITATIONS
73	Incremental cost of increasing access to maternal health care services: perspectives from a demand and supply side intervention in Eastern Uganda. <i>Cost Effectiveness and Resource Allocation</i> , 2014, 12, 14.	0.6	12
74	Evaluating the use of locally-based health facility assessments in Afghanistan: a pilot study of a novel research method. <i>Conflict and Health</i> , 2014, 8, 24.	1.0	15
75	Community-based approaches and partnerships: innovations in health-service delivery in Bangladesh. <i>Lancet, The</i> , 2013, 382, 2012-2026.	6.3	178
76	Essential drugs policy in three rural counties in China: What does a complexity lens add?. <i>Social Science and Medicine</i> , 2013, 93, 220-228.	1.8	51
77	Horizontal equity and efficiency at primary health care facilities in rural Afghanistan: A seemingly unrelated regression approach. <i>Social Science and Medicine</i> , 2013, 89, 25-31.	1.8	6
78	Large-scale road safety programmes in low- and middle-income countries: An opportunity to generate evidence. <i>Global Public Health</i> , 2013, 8, 504-518.	1.0	19
79	Order health systems in developing world. <i>Nature</i> , 2013, 495, 47-47.	13.7	6
80	Sector-wide approaches (SWAps) in health: what have we learned?. <i>Health Policy and Planning</i> , 2013, 28, 884-890.	1.0	27
81	The effects of user fees on quality and utilization of primary health care services in Afghanistan: a quasi-experimental health financing pilot study in a post-conflict setting. <i>International Journal of Health Planning and Management</i> , 2013, 28, e280-97.	0.7	6
82	Scaling Up, Coverage, and Targeting. , 2013, , 151-164.		1
83	Understanding pathways for scaling up health services through the lens of complex adaptive systems. <i>Health Policy and Planning</i> , 2012, 27, 365-373.	1.0	333
84	Expecting the unexpected: applying the Develop-Distort Dilemma to maximize positive market impacts in health. <i>Health Policy and Planning</i> , 2012, 27, iv44-iv53.	1.0	12
85	Better Guidance Is Welcome, but without Blinders. <i>PLoS Medicine</i> , 2012, 9, e1001188.	3.9	11
86	Can community health workers increase coverage of reproductive health services?. <i>Journal of Epidemiology and Community Health</i> , 2012, 66, 894-900.	2.0	45
87	Bring order to unregulated health markets. <i>Nature</i> , 2012, 487, 163-165.	13.7	30
88	The association of health workforce capacity and quality of pediatric care in Afghanistan. <i>International Journal for Quality in Health Care</i> , 2012, 24, 578-586.	0.9	18
89	Noncommunicable chronic disease in Bangladesh: Overview of existing programs and priorities going forward. <i>Health Policy</i> , 2011, 100, 282-289.	1.4	67
90	Evaluating the scale-up for maternal and child survival: a common framework. <i>International Health</i> , 2011, 3, 139-146.	0.8	45

#	ARTICLE	IF	CITATIONS
91	Do we have the right models for scaling up health services to achieve the Millennium Development Goals?. <i>BMC Health Services Research</i> , 2011, 11, 336.	0.9	69
92	Exploring new health markets: experiences from informal providers of transport for maternal health services in Eastern Uganda. <i>BMC International Health and Human Rights</i> , 2011, 11, S10.	2.5	21
93	Increasing access to institutional deliveries using demand and supply side incentives: early results from a quasi-experimental study. <i>BMC International Health and Human Rights</i> , 2011, 11, S11.	2.5	87
94	Building partnerships towards strengthening Makerere University College of Health Sciences: a stakeholder and sustainability analysis. <i>BMC International Health and Human Rights</i> , 2011, 11, S14.	2.5	8
