#	Paper	IF	Citations
143	Similar incidence of graft-versus-host disease using HLA-A, -B and -DR identical unrelated bone marrow donors as with HLA-identical siblings. <i>Bone Marrow Transplantation</i> , 1995 , 15, 619-25	4.4	118
142	Improved survival after allogeneic hematopoietic stem cell transplantation in recent years. A single-center study. <i>Biology of Blood and Marrow Transplantation</i> , 2011 , 17, 1688-97	4.7	106
141	Long-term dental development in children after treatment for malignant disease. <i>European Journal of Orthodontics</i> , 1997 , 19, 151-9	3.3	104
140	Stepwise prediction of dental caries in children up to 3.5 years of age. <i>Caries Research</i> , 1996 , 30, 256-66	4.2	102
139	Basic oral care for hematology-oncology patients and hematopoietic stem cell transplantation recipients: a position paper from the joint task force of the Multinational Association of Supportive Care in Cancer/International Society of Oral Oncology (MASCC/ISOO) and the European Society for Blood and Marrow Transplantation (EBMT). <i>Supportive Care in Cancer</i> , 2015 , 23, 223-36	3.9	100
138	Salivary cortisol levels and dental anxiety in children with attention deficit hyperactivity disorder. <i>European Journal of Oral Sciences</i> , 2007 , 115, 1-6	2.3	95
137	The oral cavity as a port of entry for early infections in patients treated with bone marrow transplantation. <i>Oral Surgery, Oral Medicine, and Oral Pathology</i> , 1989 , 68, 711-6		94
136	Caries development in children from 2.5 to 3.5 years of age: a longitudinal study. <i>Caries Research</i> , 1995 , 29, 449-54	4.2	93
135	Caries, gingivitis, and dental abnormalities in preschool children with cleft lip and/or palate. <i>The Cleft Palate Journal</i> , 1989 , 26, 233-7; discussion 237-8		76
134	Prediction of dental caries development in 1-year-old children. <i>Caries Research</i> , 1995 , 29, 343-8	4.2	75
133	Correlation between TNFalpha in gingival crevicular fluid and body mass index in obese subjects. <i>Acta Odontologica Scandinavica</i> , 2004 , 62, 273-7	2.2	73
132	Disturbances in dental development after total body irradiation in bone marrow transplant recipients. <i>Oral Surgery, Oral Medicine, and Oral Pathology</i> , 1988 , 65, 41-4		71
131	Caries prevalence in 2.5-year-old children. <i>Caries Research</i> , 1993 , 27, 505-10	4.2	59
130	Actinobacillus actinomycetemcomitans, Capnocytophaga and Porphyromonas gingivalis in subgingival plaque of adolescents with Down's syndrome. <i>Oral Microbiology and Immunology</i> , 1992 , 7, 244-8		56
129	Alterations in taste acuity associated with allogeneic bone marrow transplantation. <i>Journal of Oral Pathology and Medicine</i> , 1992 , 21, 33-7	3.3	56
128	Human papillomavirus prevalence is high in oral samples of patients with tonsillar and base of tongue cancer. <i>Oral Oncology</i> , 2014 , 50, 491-7	4.4	50
127	The effect of the phenytoin metabolite p-HPPH on proliferation of gingival fibroblasts in vitro. <i>Acta Odontologica Scandinavica</i> , 1982 , 40, 353-7	2.2	48

126	Prevalence of mutans streptococci in one-year-old children. <i>Oral Microbiology and Immunology</i> , 1991 , 6, 280-3		47
125	Disturbances in the oral cavity in pediatric long-term survivors after different forms of antineoplastic therapy. <i>Pediatric Dentistry (discontinued)</i> , 1994 , 16, 217-23	1.2	47
124	Career choice and attitudes towards dental education amongst dental students in Japan and Sweden. <i>European Journal of Dental Education</i> , 2009 , 13, 80-6	2.5	46
123	A comparative immunological analysis of the oral mucosa in chronic graft-versus-host disease and oral lichen planus. <i>Archives of Oral Biology</i> , 1992 , 37, 539-47	2.8	43
122	Effectiveness of Early Preventive Intervention with Semiannual Fluoride Varnish Application in Toddlers Living in High-Risk Areas: A Stratified Cluster-Randomized Controlled Trial. <i>Caries Research</i> , 2016 , 50, 17-23	4.2	42
121	Oral health, dental anxiety, and behavior management problems in children with attention deficit hyperactivity disorder. <i>European Journal of Oral Sciences</i> , 2006 , 114, 385-90	2.3	41
120	A four-year longitudinal study of palatal plate therapy in children with Down syndrome: effects on oral motor function, articulation and communication preferences. <i>Acta Odontologica Scandinavica</i> , 2003 , 61, 39-46	2.2	38
119	Dental caries and oral health behavior in children with attention deficit hyperactivity disorder. <i>European Journal of Oral Sciences</i> , 2007 , 115, 186-91	2.3	37
118	Mutations in COL1A1 and COL1A2 and dental aberrations in children and adolescents with osteogenesis imperfecta - A retrospective cohort study. <i>PLoS ONE</i> , 2017 , 12, e0176466	3.7	37
117	Craniofacial development in obese adolescents. <i>European Journal of Orthodontics</i> , 2005 , 27, 550-5	3.3	36
116	Histologic changes in dental morphology induced by high dose chemotherapy and total body irradiation. <i>Oral Surgery, Oral Medicine, and Oral Pathology</i> , 1994 , 77, 56-60		36
115	Impact of conditioning regimens on salivary function, caries-associated microorganisms and dental caries in children after bone marrow transplantation. A 4-year longitudinal study. <i>Bone Marrow Transplantation</i> , 1997 , 20, 479-83	4.4	34
114	Oral health in non-institutionalized epileptic children with special reference to phenytoin medication. <i>Community Dentistry and Oral Epidemiology</i> , 1986 , 14, 165-8	2.8	34
113	A prospective randomized toxicity study to compare reduced-intensity and myeloablative conditioning in patients with myeloid leukaemia undergoing allogeneic haematopoietic stem cell transplantation. <i>Journal of Internal Medicine</i> , 2013 , 274, 153-62	10.8	33
112	Craniofacial growth in children treated for malignant diseases. <i>Acta Odontologica Scandinavica</i> , 1998 , 56, 378-82	2.2	33
111	Orthodontic treatment in long-term survivors after pediatric bone marrow transplantation. <i>American Journal of Orthodontics and Dentofacial Orthopedics</i> , 2001 , 120, 459-65	2.1	32
110	Oral condition in children treated with bone marrow transplantation. <i>Bone Marrow Transplantation</i> , 1988 , 3, 43-51	4.4	32
109	Changes of periodontal status in patients with Down syndrome during a 7-year period. <i>European Journal of Oral Sciences</i> , 1999 , 107, 82-8	2.3	31

108	Craniofacial morphology in obese adolescents. <i>Acta Odontologica Scandinavica</i> , 2002 , 60, 193-7	2.2	29
107	Facial growth and morphology in long-term survivors after bone marrow transplantation. <i>European Journal of Orthodontics</i> , 1989 , 11, 332-40	3.3	29
106	Dental caries in adolescents with attention deficit hyperactivity disorder: a population-based follow-up study. <i>European Journal of Oral Sciences</i> , 2011 , 119, 381-5	2.3	28
105	A retrospective study of dental behavior management problems in children with attention and learning problems. <i>European Journal of Oral Sciences</i> , 2004 , 112, 406-11	2.3	28
104	Safety and Side Effects of Using Placenta-Derived Decidual Stromal Cells for Graft-versus-Host Disease and Hemorrhagic Cystitis. <i>Frontiers in Immunology</i> , 2017 , 8, 795	8.4	27
103	Efficacy and safety of two different rG-CSF preparations in the treatment of patients with severe congenital neutropenia. <i>British Journal of Haematology</i> , 2004 , 126, 127-32	4.5	27
102	Subsequent publication of abstracts presented at the International Association of Paediatric Dentistry meetings. <i>International Journal of Paediatric Dentistry</i> , 2008 , 18, 91-7	3.1	26
101	Subjective xerostomia in long-term surviving children and adolescents after pediatric bone marrow transplantation. <i>Transplantation</i> , 2000 , 69, 822-6	1.8	26
100	A population-based observational study of dental caries among survivors of childhood cancer. <i>Pediatric Blood and Cancer</i> , 2008 , 50, 1221-6	3	25
99	Periodontal conditions and salivary immunoglobulins in individuals with Down syndrome. <i>Journal of Periodontology</i> , 1998 , 69, 1119-23	4.6	25
98	Cranio-mandibular dysfunction in children treated with total-body irradiation and bone marrow transplantation. <i>Acta Odontologica Scandinavica</i> , 1994 , 52, 99-105	2.2	25
97	Outcome of restorative treatment in young patients with amelogenesis imperfecta. a cross-sectional, retrospective study. <i>Journal of Dentistry</i> , 2014 , 42, 1382-9	4.8	24
96	A two-year clinical study of light-cured composite and amalgam restorations in primary molars. <i>Dental Materials</i> , 1991 , 7, 230-3	5.7	24
95	Effect of phenytoin medication on the metabolism of epidermal growth factor receptor in cultured gingival fibroblasts. <i>Journal of Periodontal Research</i> , 1990 , 25, 120-7	4.3	24
94	Development of dental anxiety in schoolchildren: A 2-year prospective study. <i>Community Dentistry and Oral Epidemiology</i> , 2017 , 45, 281-288	2.8	23
93	Tooth agenesis in osteogenesis imperfecta related to mutations in the collagen type I genes. <i>Oral Diseases</i> , 2017 , 23, 42-49	3.5	23
92	The dilemma of reporting suspicions of child maltreatment in pediatric dentistry. <i>European Journal of Oral Sciences</i> , 2014 , 122, 332-8	2.3	23
91	A quantitative analysis of connective tissue components in phenytoin-induced gingival overgrowth in children. A stereological study. <i>Journal of Periodontal Research</i> , 1984 , 19, 401-7	4.3	23

90	A cross-sectional study on oral health and dental care in intellectually able adults with autism spectrum disorder. <i>BMC Oral Health</i> , 2015 , 15, 81	3.7	22
89	Socioeconomic Determinants, Maternal Health, and Caries in Young Children. <i>JDR Clinical and Translational Research</i> , 2018 , 3, 395-404	2.2	21
88	Reduced intensity conditioning and oral care measures prevent oral mucositis and reduces days of hospitalization in allogeneic stem cell transplantation recipients. <i>Supportive Care in Cancer</i> , 2014 , 22, 2133-40	3.9	21
87	Risk factors for salivary dysfunction in children 1 year after bone marrow transplantation. <i>Oral Oncology</i> , 1997 , 33, 327-31	4.4	21
86	Oral carriage of <i>Candida</i> species in children and adolescents with Down's syndrome. <i>International Journal of Paediatric Dentistry</i> , 1996 , 6, 95-100	3.1	20
85	Oral and dental late effects after pediatric stem cell transplantation. <i>Biology of Blood and Marrow Transplantation</i> , 2008 , 14, 81-3	4.7	20
84	A survey of specialist paediatric dental services in Sweden: results from 2003, and trends since 1983. <i>International Journal of Paediatric Dentistry</i> , 2006 , 16, 89-94	3.1	20
83	Orthodontic considerations in the pediatric cancer patient: A review. <i>Seminars in Orthodontics</i> , 2004 , 10, 266-276	1.2	20
82	The effect of growth hormone therapy on mandibular and cranial base development in children treated with total body irradiation. <i>European Journal of Orthodontics</i> , 2002 , 24, 285-92	3.3	20
81	Dental development after successful treatment of infantile osteopetrosis with bone marrow transplantation. <i>Bone Marrow Transplantation</i> , 2002 , 29, 537-40	4.4	20
80	Periodontal condition of epileptic adults treated long-term with phenytoin or carbamazepine. <i>Epilepsia</i> , 1993 , 34, 960-4	6.4	20
79	Disturbances in dental development and craniofacial growth in children treated with hematopoietic stem cell transplantation. <i>Orthodontics and Craniofacial Research</i> , 2012 , 15, 21-9	3	19
78	Sirolimus and tacrolimus as immune prophylaxis compared to cyclosporine with or without methotrexate in patients undergoing allogeneic haematopoietic stem cell transplantation for non-malignant disorders. <i>European Journal of Haematology</i> , 2011 , 87, 503-9	3.8	19
77	Long-term effects of palatal plate therapy on oral motor function in children with Down syndrome evaluated by video registration. <i>Acta Odontologica Scandinavica</i> , 2001 , 59, 63-8	2.2	19
76	Effect of palatal plate therapy in children with Down syndrome. A 1-year study. <i>Acta Odontologica Scandinavica</i> , 1996 , 54, 122-5	2.2	19
75	Prophylaxis and therapy using liposomal amphotericin B (AmBisome) for invasive fungal infections in children undergoing organ or allogeneic bone-marrow transplantation. <i>Pediatric Transplantation</i> , 1997 , 1, 124-9	1.8	19
74	Variables predicting oral mucosal lesions in allogeneic bone marrow recipients. <i>Head and Neck</i> , 1991 , 13, 224-9	4.2	18
73	Factors Associated with Dental Fear and Anxiety in Children Aged 7 to 9 Years. <i>Dentistry Journal</i> , 2019 , 7,	3.1	17

72	Children and parentsSexperiences of cognitive behavioral therapy for dental anxiety--a qualitative study. <i>International Journal of Paediatric Dentistry</i> , 2015 , 25, 317-26	3.1	17
71	Fludarabine-based disease-specific conditioning or conventional myeloablative conditioning in hematopoietic stem cell transplantation for treatment of non-malignant diseases. <i>Bone Marrow Transplantation</i> , 2007 , 39, 383-8	4.4	17
70	Oral health-related quality of life before and after crown therapy in young patients with amelogenesis imperfecta. <i>Health and Quality of Life Outcomes</i> , 2015 , 13, 197	3	16
69	A Randomized Controlled Trial of Crown Therapy in Young Individuals with Amelogenesis Imperfecta. <i>Journal of Dental Research</i> , 2015 , 94, 1041-7	8.1	16
68	Experiences of dental care and dental anxiety in adults with autism spectrum disorder. <i>Autism Research & Treatment</i> , 2014 , 2014, 238764	3.2	16
67	Association between adolescentsSelf-perceived oral health and self-reported experiences of abuse. <i>European Journal of Oral Sciences</i> , 2013 , 121, 594-9	2.3	16
66	Dental maturity in children of short stature, with or without growth hormone deficiency. <i>European Journal of Oral Sciences</i> , 1997 , 105, 551-6	2.3	16
65	Subpopulations of lymphocytes in connective tissue from adolescents with periodontal disease. <i>Acta Odontologica Scandinavica</i> , 1990 , 48, 153-9	2.2	15
64	Oral health in adolescents with immigrant background in Stockholm. <i>Swedish Dental Journal</i> , 1991 , 15, 197-203		15
63	Internet-Based Cognitive Behavioral Therapy for Children and Adolescents With Dental Anxiety: Open Trial. <i>Journal of Medical Internet Research</i> , 2018 , 20, e12	7.6	15
62	How do children with attention deficit hyperactivity disorder interact in a clinical dental examination? A video analysis. <i>European Journal of Oral Sciences</i> , 2005 , 113, 203-9	2.3	14
61	Changes in craniofacial development induced by growth hormone therapy in children treated with bone marrow transplantation. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 1994 , 83, 1165-9	3.1	14
60	Effect of disease severity and pharmacotherapy of asthma on oral health in asthmatic children. <i>European Journal of Oral Sciences</i> , 1987 , 95, 159-64	2.3	14
59	Concomitant regional odontodysplasia and hydrocephalus. <i>Oral Surgery, Oral Medicine, and Oral Pathology</i> , 1987 , 63, 354-7		14
58	Child maltreatment - prevalence and characteristics of mandatory reports from dental professionals to the social services. <i>International Journal of Paediatric Dentistry</i> , 2017 , 27, 3-10	3.1	13
57	Cognitive ability and dental fear and anxiety. <i>European Journal of Oral Sciences</i> , 2013 , 121, 117-20	2.3	13
56	Impact of biannual treatment with fluoride varnish on tooth-surface-level caries progression in children aged 1-3 years. <i>Journal of Dentistry</i> , 2017 , 65, 83-88	4.8	13
55	Late effects following hematopoietic cell transplantation for children. <i>Biology of Blood and Marrow Transplantation</i> , 2008 , 14, 88-93	4.7	12

54	Cognitive Behavioral Therapy for Children with Dental Anxiety: A Randomized Controlled Trial. <i>JDR Clinical and Translational Research</i> , 2016 , 1, 234-243	2.2	11
53	Is treatment under general anaesthesia associated with dental neglect and dental disability among caries active preschool children?. <i>European Archives of Paediatric Dentistry: Official Journal of the European Academy of Paediatric Dentistry</i> , 2014 , 15, 327-32	2.7	11
52	Regression of phenytoin-induced gingival overgrowth after withdrawal of medication. <i>Swedish Dental Journal</i> , 1991 , 15, 139-43		11
51	Analysis of paediatric dental services provided at a regional hospital in Sweden. Dental treatment need in medically compromised children referred for dental consultation. <i>Swedish Dental Journal</i> , 1993 , 17, 255-9		11
50	Longitudinal scintigraphic study of parotid and submandibular gland function after total body irradiation in children and adolescents. <i>International Journal of Paediatric Dentistry</i> , 2007 , 17, 34-40	3.1	10
49	Amelogenesis Imperfecta and Early Restorative Crown Therapy: An Interview Study with Adolescents and Young Adults on Their Experiences. <i>PLoS ONE</i> , 2016 , 11, e0156879	3.7	10
48	Birth order is associated with caries development in young children: a register-based cohort study. <i>BMC Public Health</i> , 2020 , 20, 218	4.1	9
47	The relationship between oral mucositis and levels of pro-inflammatory cytokines in serum and in gingival crevicular fluid in allogeneic stem cell recipients. <i>Supportive Care in Cancer</i> , 2015 , 23, 1749-57	3.9	9
46	Long-term salivary function after conditioning with busulfan, fractionated or single-dose TBI. <i>Oral Diseases</i> , 2011 , 17, 670-6	3.5	8
45	Xerostomia in children and adolescents after stem cell transplantation conditioned with total body irradiation or busulfan. <i>Oral Oncology</i> , 2011 , 47, 915-9	4.4	8
44	Dental anxiety among survivors of childhood cancer: a cross-sectional study. <i>International Journal of Paediatric Dentistry</i> , 2009 , 19, 121-6	3.1	8
43	Periodontal disease in children with Down's syndrome. <i>European Journal of Oral Sciences</i> , 1990 , 98, 228-33	3.3	8
42	High cure rate of invasive fungal infections in immunocompromised children using ambisome. <i>Transplantation Proceedings</i> , 1994 , 26, 175-7	1.1	8
41	Clinical routines and management of suspected child abuse or neglect in public dental service in Sweden. <i>Swedish Dental Journal</i> , 2012 , 36, 15-24		8
40	Oral health in children investigated by Social services on suspicion of child abuse and neglect. <i>Child Abuse and Neglect</i> , 2018 , 76, 515-523	4.3	7
39	Dentinogenesis imperfecta type II in Swedish children and adolescents. <i>Orphanet Journal of Rare Diseases</i> , 2018 , 13, 145	4.2	7
38	Caesarean Section Does Not Increase the Risk of Caries in Swedish Children. <i>JDR Clinical and Translational Research</i> , 2017 , 2, 386-396	2.2	7
37	Oral health-related quality of life among survivors of childhood cancer. <i>International Journal of Paediatric Dentistry</i> , 2011 , 21, 465-7	3.1	7

36	Scintigraphic study of the major salivary glands in pediatric bone marrow transplant recipients. <i>Bone Marrow Transplantation</i> , 2000 , 26, 775-9	4.4	7
35	Attitudes of Swedish dentists to pain and pain management during dental treatment of children and adolescents. <i>European Journal of Paediatric Dentistry</i> , 2005 , 6, 66-72	1.1	7
34	Salivary secretion in children after fractionated or single-dose TBI. <i>Bone Marrow Transplantation</i> , 2012 , 47, 404-10	4.4	6
33	Dental maturity in children of short stature--a two-year longitudinal study of growth hormone substitution. <i>Acta Odontologica Scandinavica</i> , 1999 , 57, 93-6	2.2	6
32	Reciprocal longitudinal relationship between dental fear and oral health in schoolchildren. <i>International Journal of Paediatric Dentistry</i> , 2020 , 30, 286-292	3.1	6
31	Experiences of Being a Parent to a Child with Amelogenesis Imperfecta. <i>Dentistry Journal</i> , 2019 , 7,	3.1	5
30	Crown therapy in young individuals with amelogenesis imperfecta: Long term follow-up of a randomized controlled trial. <i>Journal of Dentistry</i> , 2018 , 76, 102-108	4.8	5
29	Immunohistochemical study of neuronal markers in human gingiva with phenytoin-induced overgrowth. <i>European Journal of Oral Sciences</i> , 1988 , 96, 339-46	2.3	5
28	A logbook for continuous self-assessment during 1 year in paediatric dentistry. <i>European Journal of Paediatric Dentistry</i> , 2004 , 5, 163-9	1.1	5
27	Bisphosphonate Therapy and Tooth Development in Children and Adolescents with Osteogenesis Imperfecta. <i>Calcified Tissue International</i> , 2020 , 107, 143-150	3.9	4
26	Child physical abuse, declining trend in prevalence over 10 years in Sweden. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2020 , 109, 1400-1408	3.1	4
25	Economic evaluation of an expanded caries-preventive program targeting toddlers in high-risk areas in Sweden. <i>Acta Odontologica Scandinavica</i> , 2019 , 77, 303-309	2.2	4
24	Mutations in COL1A1/A2 and CREB3L1 are associated with oligodontia in osteogenesis imperfecta. <i>Orphanet Journal of Rare Diseases</i> , 2020 , 15, 80	4.2	4
23	Adverse birth outcomes and the risk of dental caries at age 3 years. <i>International Journal of Paediatric Dentistry</i> , 2020 , 30, 445-450	3.1	3
22	Correlation between quantitative salivary gland scintigraphy and salivary secretion rates in children and young adults treated for hematological, malignant and metabolic diseases. <i>Dentomaxillofacial Radiology</i> , 2019 , 29, 264-271	3.9	3
21	Abnormalities in Tooth Formation after Early Bisphosphonate Treatment in Children with Osteogenesis Imperfecta. <i>Calcified Tissue International</i> , 2021 , 109, 121-131	3.9	3
20	Oral microflora in preschool children attending a fluoride varnish program: a cross-sectional study. <i>BMC Oral Health</i> , 2016 , 16, 130	3.7	2
19	Absorbed doses in the head and oral cavity during total body irradiation. <i>Oral Oncology</i> , 1998 , 34, 72-4	4.4	2

18	Portfolio of qualifications: a tool for evaluating academic productivity at the Karolinska Institutet. <i>European Journal of Dental Education</i> , 1999 , 3, 31-4	2.5	2
17	Craniofacial growth in bone marrow transplant recipients treated with growth hormone after total body irradiation. <i>European Journal of Oral Sciences</i> , 1991 , 99, 44-7	2.3	2
16	Paediatric dentistry as a specialty in Sweden. Responsibilities, changes during the past decade and future perspectives. <i>Journal of the International Association of Dentistry for Children</i> , 1990 , 20, 46-9		2
15	Oral health in children treated with bone marrow transplantation: a one-year follow-up. <i>ASDC Journal of Dentistry for Children</i> , 1988 , 55, 196-200		2
14	Risk factors for salivary dysfunction in children 1 year after bone marrow transplantation 1997 , 33, 327-327		2
13	Impact of an extended postnatal home visiting programme on oral health among children in a disadvantaged area of Stockholm, Sweden. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2021 , 110, 230-236	3.1	2
12	Oral mucositis after tacrolimus/sirolimus or cyclosporine/methotrexate as graft-versus-host disease prophylaxis. <i>Oral Diseases</i> , 2021 , 27, 1217-1225	3.5	2
11	U-shaped association between maternal age at delivery and dental caries in offspring. <i>Acta Odontologica Scandinavica</i> , 2020 , 78, 565-571	2.2	1
10	Cyclosporin-A-induced gingival overgrowth in renal transplant children. <i>European Journal of Oral Sciences</i> , 1993 , 101, 282-6	2.3	1
9	Oral mucous membrane lesions in children treated with bone marrow transplantation. <i>European Journal of Oral Sciences</i> , 1989 , 97, 268-77	2.3	1
8	Synthesis of sulfated glycosaminoglycans by human gingival fibroblasts from phenytoin-induced gingival overgrowth in vitro. <i>European Journal of Oral Sciences</i> , 1987 , 95, 250-5	2.3	1
7	Subpopulations of lymphocytes in connective tissue from phenytoin-induced gingival overgrowth. <i>European Journal of Oral Sciences</i> , 1985 , 93, 507-12	2.3	1
6	Development level of the country of parental origin on dental caries in children of immigrant parents in Sweden. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2021 , 110, 2405-2414	3.1	1
5	Development of dental caries and risk factors between 1 and 7 years of age in areas of high risk for dental caries in Stockholm, Sweden. <i>European Archives of Paediatric Dentistry: Official Journal of the European Academy of Paediatric Dentistry</i> , 2021 , 22, 947-957	2.7	1
