#	ARTICLE	IF	CITATIONS
1	Cost-effectiveness of an occupational therapy-led self-management support programme for multimorbidity in primary care. <i>Family Practice</i> , 2022, , .	1.9	1
2	Fatigue and activity management education for individuals with systemic sclerosis: Adaptation and feasibility study of an intervention for a rare disease. <i>Musculoskeletal Care</i> , 2022, 20, 593-604.	1.4	11
3	Developing a standardized national undergraduate curriculum for future healthcare professionals on self-management support for chronic conditions. <i>Journal of Interprofessional Care</i> , 2022, , 1-4.	1.7	0
4	Telehealth Delivery of a Multi-Disciplinary Rehabilitation Programme for Upper Gastro-Intestinal Cancer: ReStOre@Home Feasibility Study. <i>Cancers</i> , 2022, 14, 2707.	3.7	12
5	Primary care-based link workers providing social prescribing to improve health and social care outcomes for people with multimorbidity in socially deprived areas (the LinkMM trial): Pilot study for a pragmatic randomised controlled trial. <i>Journal of Multimorbidity and Comorbidity</i> , 2021, 11, 263355652110177.	2.2	9
6	Link workers providing social prescribing and health and social care coordination for people with multimorbidity in socially deprived areas (the LinkMM trial): protocol for a pragmatic randomised controlled trial. <i>BMJ Open</i> , 2021, 11, e041809.	1.9	13
7	Rehabilitation interventions to support return to work for women with breast cancer: a systematic review and meta-analysis. <i>BMC Cancer</i> , 2021, 21, 895.	2.6	18
8	Perspectives of Esophageal Cancer Survivors on Diagnosis, Treatment, and Recovery. <i>Cancers</i> , 2021, 13, 100.	3.7	17
9	Effect of the OPTIMAL programme on self-management of multimorbidity in primary care: a randomised controlled trial. <i>British Journal of General Practice</i> , 2021, 71, e303-e311.	1.4	7
10	Developing a national undergraduate standardized curriculum for future healthcare professionals on "Making Every Contact Count" for chronic disease prevention in the Republic of Ireland. <i>Journal of Interprofessional Care</i> , 2020, 34, 561-565.	1.7	10
11	Rehabilitation strategies following oesophagogastric and Hepatopancreaticobiliary cancer (ReStOre) Tj ETQq1 1 0.784314 rgBT /Over	2.6	17
12	ReStOre@Home: Feasibility study of a virtually delivered 12-week multidisciplinary rehabilitation programme for survivors of upper gastrointestinal (UGI) cancer - study protocol. <i>HRB Open Research</i> , 2020, 3, 86.	0.6	3
13	ReStOre@Home: Feasibility study of a virtually delivered 12-week multidisciplinary rehabilitation programme for survivors of upper gastrointestinal (UGI) cancer - study protocol. <i>HRB Open Research</i> , 2020, 3, 86.	0.6	1
14	Disease Activity, Occupational Participation, and Quality of Life for Individuals with and without Severe Fatigue in Ankylosing Spondylitis. <i>Occupational Therapy International</i> , 2019, 2019, 1-10.	0.7	16
15	Primary care in Singapore: an occupational therapy perspective. <i>Proceedings of Singapore Healthcare</i> , 2019, 28, 141-142.	0.6	0
16	The impact of a primary care stress management and wellbeing programme (RENEW) on occupational participation: A pilot study. <i>British Journal of Occupational Therapy</i> , 2019, 82, 112-121.	0.9	9
17	Cancer survivors' experience of OptiMal, a 6-week, occupation-based, self-management intervention. <i>British Journal of Occupational Therapy</i> , 2019, 82, 90-100.	0.9	16
18	Patient and family co-developed participant information to improve recruitment rates, retention, and patient understanding in the Rehabilitation Strategies Following Oesophago-gastric and Hepatopancreaticobiliary Cancer (ReStOre II) trial: Protocol for a study within a trial (SWAT). <i>HRB Open Research</i> , 2019, 2, 27.	0.6	2

#	ARTICLE	IF	CITATIONS
19	Effectiveness of link workers providing social prescribing on health outcomes and costs for adult patients in primary care and community settings. A protocol for a systematic review of the literature.. HRB Open Research, 2019, 2, 21.	0.6	5
20	Self-management interventions for cancer survivors: a systematic review. Supportive Care in Cancer, 2018, 26, 1585-1595.	2.2	59
21	Patient experiences of a physiotherapy-led multidisciplinary rehabilitative intervention after successful treatment for oesophago-gastric cancer. Supportive Care in Cancer, 2018, 26, 2615-2623.	2.2	19
22	Impact of a fatigue management in work programme on meeting work demands of individuals with rheumatic diseases: A pilot study. Musculoskeletal Care, 2018, 16, 398-404.	1.4	10
23	Factors associated with ADL/IADL disability in community dwelling older adults in the Irish longitudinal study on ageing (TILDA). Disability and Rehabilitation, 2017, 39, 809-816.	1.8	153
24	Fatigue and Activity Management Education for Individuals with Systemic Lupus Erythematosus. Occupational Therapy International, 2017, 2017, 1-11.	0.7	19
25	Impact of a Dance Programme on Health and Well-Being for Community Dwelling Adults Aged 50 Years and Over. Physical and Occupational Therapy in Geriatrics, 2015, 33, 303-319.	0.4	7
26	Development of a framework to facilitate a collaborative peer learning 2:1 model of practice placement education. Nutrition and Dietetics, 2015, 72, 170-175.	1.8	12
27	Impact of Fatigue in Rheumatic Diseases in the Work Environment: A Qualitative Study. International Journal of Environmental Research and Public Health, 2015, 12, 13807-13822.	2.6	34
28	OPTIMAL, an occupational therapy led self-management support programme for people with multimorbidity in primary care: a randomized controlled trial. BMC Family Practice, 2015, 16, 59.	2.9	96
29	Factors Influencing the Clinical Stratification of Suitability to Drive after Stroke: A Qualitative Study. Occupational Therapy in Health Care, 2015, 29, 253-271.	0.3	8
30	Fatigue in Systemic Lupus Erythematosus: Impact on Occupational Participation and Reported Management Strategies. British Journal of Occupational Therapy, 2014, 77, 373-380.	0.9	16
31	Photo-induced Stevens-Johnson syndrome. Journal of the American Academy of Dermatology, 2014, 71, e82-e83.	1.2	15
32	Impact of an occupationâ€based selfâ€management programme on chronic disease management. Australian Occupational Therapy Journal, 2013, 60, 30-38.	1.1	36
33	Managing fatigue in patients with chronic conditions in primary care. Family Practice, 2013, 30, 123-124.	1.9	15
34	Exploring Impact of Independent Living Programme on Activity Participation Of Elderly People with Chronic Conditions. International Journal of Therapy and Rehabilitation, 2012, 19, 154-162.	0.3	7
35	Exploring the relationship between selfâ€awareness of driving efficacy and that of a proxy when determining fitness to drive after stroke. Australian Occupational Therapy Journal, 2012, 59, 63-70.	1.1	24
36	Occupational Therapy Practice in Predriving Assessment Post Stroke in the Irish Context: Findings From a Nominal Group Technique Meeting. Topics in Stroke Rehabilitation, 2010, 17, 58-68.	1.9	15

#	ARTICLE	IF	CITATIONS
37	Exploring Occupational Adaptation through the Lives of Women with Multiple Sclerosis. British Journal of Occupational Therapy, 2010, 73, 106-115.	0.9	13
38	Introducing a problem-based learning module into an occupational therapy course. Learning in Health and Social Care, 2002, 1, 150-157.	0.6	7
39	The Impact of the Different Disabilities Arising from Head Injury on the Primary Caregiver. British Journal of Occupational Therapy, 2001, 64, 41-46.	0.9	13
40	Protocol for a mixed methods process evaluation of the LinkMM randomised controlled trial "Use of link workers to provide social prescribing and health and social care coordination for people with complex multimorbidity in socially deprived areas" HRB Open Research, 0, 4, 38.	0.6	2
41	Effectiveness of link workers providing social prescribing on health outcomes and costs for adult patients in primary care and community settings. A protocol for a systematic review of the literature.. HRB Open Research, 0, 2, 21.	0.6	5
42	Patient and family co-developed participant information to improve recruitment rates, retention, and patient understanding in the Rehabilitation Strategies Following Oesophago-gastric and Hepatopancreaticobiliary Cancer (ReStOre II) trial: Protocol for a study within a trial (SWAT). HRB Open Research, 0, 2, 27.	0.6	1
43	The role of intermediaries in connecting community-dwelling adults to local physical activity and sport: A scoping review protocol. HRB Open Research, 0, 5, 29.	0.6	1
44	The role of intermediaries in connecting community-dwelling adults to local physical activity and exercise: A scoping review protocol. HRB Open Research, 0, 5, 29.	0.6	0
