#	Paper	IF	Citations
519	The magnitude of neurocognitive impairment is overestimated in depression: the role of motivation, debilitating momentary influences, and the overreliance on mean differences.. <i>Psychological Medicine</i> , 2022 , 1-11	6.9	1
518	Therapists' Thought-Action Fusion Beliefs Predict Utilization of Exposure in Obsessive-Compulsive Disorder.. <i>Behavior Therapy</i> , 2022 , 53, 23-33	4.8	2
517	Immediate and Sustained Outcomes and Moderators Associated With Metacognitive Training for Psychosis: A Systematic Review and Meta-analysis.. <i>JAMA Psychiatry</i> , 2022 ,	14.5	2
516	Mid-term improvement of cognitive performance after total hip arthroplasty in patients with osteoarthritis of the hip : a prospective cohort study.. <i>Bone and Joint Journal</i> , 2022 , 104-B, 331-340	5.6	1
515	False Memory in Posttraumatic Stress Disorder and Borderline Personality Disorder. <i>Psychiatry Research</i> , 2022 , 114547	9.9	
514	Optimizing the context of support of web-based self-help in individuals with mild to moderate depressive symptoms: A randomized full factorial trial.. <i>Behaviour Research and Therapy</i> , 2022 , 152, 104070	5.2	0
513	Functional brain networks underlying probabilistic reasoning and delusions in schizophrenia.. <i>Psychiatry Research - Neuroimaging</i> , 2022 , 323, 111472	2.9	0
512	Chronic pain in osteoarthritis of the hip is associated with selective cognitive impairment.. <i>Archives of Orthopaedic and Trauma Surgery</i> , 2022 , 1	3.6	0
511	Seeing minds - a signal detection study of agency attribution along the autism-psychosis continuum.. <i>Cognitive Neuropsychiatry</i> , 2022 , 1-17	2	0
510	Efficacy and Moderators of Internet-Based Interventions in Adults with Subthreshold Depression: An Individual Participant Data Meta-Analysis of Randomized Controlled Trials. <i>Psychotherapy and Psychosomatics</i> , 2021 , 90, 94-106	9.4	21
509	Aberrant salience predicts fluctuations of paranoia two weeks in advance during a 1-year experience sampling method study in people with psychosis. <i>Schizophrenia Research</i> , 2021 ,	3.6	0
508	Individualisiertes Metakognitives Therapieprogramm für Menschen mit Psychose (MKT+). <i>Psychotherapie</i> , 2021 , 26, 149-167	0.1	
507	When a nightmare comes true: Change in obsessive-compulsive disorder over the first months of the COVID-19 pandemic. <i>Journal of Anxiety Disorders</i> , 2021 , 84, 102493	10.9	3
506	Probing the Hypersalience Hypothesis-An Adapted Judge-Advisor System Tested in Individuals With Psychotic-Like Experiences. <i>Frontiers in Psychiatry</i> , 2021 , 12, 612810	5	0
505	Maintaining Outcomes of Internet-Delivered Cognitive-Behavioral Therapy for Depression: A Network Analysis of Follow-Up Effects. <i>Frontiers in Psychiatry</i> , 2021 , 12, 598317	5	0
504	A Head-to-Head Comparison of Three Self-Help Techniques to Reduce Body-Focused Repetitive Behaviors. <i>Behavior Modification</i> , 2021 , 1454455211010707	2.5	1
503	Internet-Based Cognitive Behavioral Therapy for Depression: A Systematic Review and Individual Patient Data Network Meta-analysis. <i>JAMA Psychiatry</i> , 2021 , 78, 361-371	14.5	97

502	Side effects of the metacognitive training for depression compared to a cognitive remediation training in patients with depression. <i>Scientific Reports</i> , 2021 , 11, 7861	4.9	1
501	Predictors of trajectories of obsessive-compulsive symptoms during the COVID-19 pandemic in the general population in Germany. <i>Translational Psychiatry</i> , 2021 , 11, 323	8.6	4
500	Dismantling, optimising, and personalising internet cognitive behavioural therapy for depression: a systematic review and component network meta-analysis using individual participant data. <i>Lancet Psychiatry</i> , 2021 , 8, 500-511	23.3	27
499	A randomized controlled trial on a self-guided Internet-based intervention for gambling problems. <i>Scientific Reports</i> , 2021 , 11, 13033	4.9	1
498	Aggressiveness in patients with obsessive-compulsive disorder as assessed by the Implicit Relational Assessment Procedure. <i>Journal of Contextual Behavioral Science</i> , 2021 , 21, 176-186	4.4	1
497	Coercion in psychiatry: A cross-sectional study on staff views and emotions. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2021 , 28, 149-162	2.4	10
496	Experience-based knowledge increases confidence in discriminating our memories. <i>Current Psychology</i> , 2021 , 40, 840-852	1.4	2
495	Obsessive-compulsive disorder during COVID-19: Turning a problem into an opportunity?. <i>Journal of Anxiety Disorders</i> , 2021 , 77, 102329	10.9	43
494	Patients responses to diagnoses of mental disorders: Development and validation of a reliable self-report measure. <i>International Journal of Methods in Psychiatric Research</i> , 2021 , 30, e1854	4.3	
493	How Education and Metacognitive Training May Ameliorate Religious Prejudices: A Randomized Controlled Trial. <i>International Journal for the Psychology of Religion</i> , 2021 , 31, 121-137	1.8	1
492	A ghost in the machine? The predictive role of metacognitive beliefs, cognitive biases, and machine-related features in the severity of problematic slot machine gambling. <i>Personality and Individual Differences</i> , 2021 , 171, 110539	3.3	0
491	Sleep problems and worrying precede psychotic symptoms during an online intervention for psychosis. <i>British Journal of Clinical Psychology</i> , 2021 , 60, 48-67	3.6	2
490	Feasibility, Acceptance, and Safety of Metacognitive Training for Problem and Pathological Gamblers (Gambling-MCT): A Pilot Study. <i>Journal of Gambling Studies</i> , 2021 , 37, 663-687	3	5
489	The dimensional structure of the Yale-Brown Obsessive-Compulsive Scale for Pathological Gambling: functional differences between true compulsions and compulsive behavior. <i>International Gambling Studies</i> , 2021 , 21, 92-102	1.8	
488	The role of expectancies and emotional load in false auditory perceptions among patients with schizophrenia spectrum disorders. <i>European Archives of Psychiatry and Clinical Neuroscience</i> , 2021 , 271, 713-722	5.1	3
487	Early detection. A defense of our statement that we should not catastrophize a future we cannot reliably predict nor change. A plea for a faster transition of traditional 'early intervention' programs for psychosis into new treatment models. <i>Psychological Medicine</i> , 2021 , 51, 219-222	6.9	1
486	Much of the Neurocognitive Impairment in Schizophrenia is Due to Factors Other Than Schizophrenia Itself: Implications for Research and Treatment. <i>Schizophrenia Bulletin Open</i> , 2021 , 2,	2.2	5
485	A dismantling study on imaginal retraining in smokers. <i>Translational Psychiatry</i> , 2021 , 11, 92	8.6	1

484	Optimizing the Context of Support to Improve Outcomes of Internet-Based Self-help in Individuals With Depressive Symptoms: Protocol for a Randomized Factorial Trial. <i>JMIR Research Protocols</i> , 2021 , 10, e21207	2	3
483	Evaluation of an Internet-based metacognitive training for individuals who hear voices. <i>Schizophrenia Research</i> , 2021 , 228, 256-259	3.6	1
482	Metacognitive Training for Obsessive-Compulsive Disorder: A randomized controlled trial. <i>Journal of Obsessive-Compulsive and Related Disorders</i> , 2021 , 30, 100647	1.7	1
481	A Mobile-Based Intervention to Increase Self-esteem in Students With Depressive Symptoms: Randomized Controlled Trial. <i>JMIR MHealth and UHealth</i> , 2021 , 9, e26498	5.5	2
480	Impaired test performance yet spared neurocognitive functioning in individuals with obsessive-compulsive disorder: the role of performance mediators. <i>Cognitive Neuropsychiatry</i> , 2021 , 26, 394-407	2	
479	A dismantling study on imaginal retraining in overweight or obese women. <i>Translational Psychiatry</i> , 2021 , 11, 481	8.6	0
478	Imaginal Retraining Reduces Craving for Tobacco in 1-Year Controlled Follow-Up Study. <i>European Addiction Research</i> , 2021 , 1-12	4.6	0
477	Changes in Processing Speed, Cognitive Flexibility, and Selective Attention over a Four-Week Treatment Period in Inpatients with Moderate to Severe Depression. <i>Zeitschrift für Neuropsychologie = Journal of Neuropsychology</i> , 2021 , 32, 129-140	0.5	
476	Insight and the number of completed modules predict a reduction of positive symptoms in an Internet-based intervention for people with psychosis. <i>Psychiatry Research</i> , 2021 , 306, 114223	9.9	2
475	Do you like cliff-hangers? Objective versus subjective need for closure in the schizophrenia spectrum. <i>Schizophrenia Research</i> , 2021 , 238, 20-26	3.6	
474	Do sociodemographic variables moderate effects of an internet intervention for mild to moderate depressive symptoms? An exploratory analysis of a randomised controlled trial (EVIDENT) including 1013 participants. <i>BMJ Open</i> , 2021 , 11, e041389	3	1
473	Cognitive Insight in First-Episode Psychosis: Changes during Metacognitive Training. <i>Journal of Personalized Medicine</i> , 2020 , 10,	3.6	2
472	Unguided Internet-based cognitive-behavioral therapy for obsessive-compulsive disorder: A randomized controlled trial. <i>Depression and Anxiety</i> , 2020 , 37, 1208-1220	8.4	6
471	A transdiagnostic perspective of constructs underlying obsessive-compulsive and related disorders: An international Delphi consensus study. <i>Australian and New Zealand Journal of Psychiatry</i> , 2020 , 54, 719-731	2.6	10
470	Neurocognitive deficits in schizophrenia are likely to be less severe and less related to the disorder than previously thought. <i>World Psychiatry</i> , 2020 , 19, 254-255	14.4	13
469	Long-term effects of mindfulness-based cognitive therapy in patients with obsessive-compulsive disorder and residual symptoms after cognitive behavioral therapy: Twelve-month follow-up of a randomized controlled trial. <i>Psychiatry Research</i> , 2020 , 291, 113119	9.9	8
468	Immediate and long-term effectiveness of adding an Internet intervention for depression to routine outpatient psychotherapy: Subgroup analysis of the EVIDENT trial. <i>Journal of Affective Disorders</i> , 2020 , 274, 643-651	6.6	5
467	Prolonged rather than hasty decision-making in schizophrenia using the box task. Must we rethink the jumping to conclusions account of paranoia?. <i>Schizophrenia Research</i> , 2020 , 222, 202-208	3.6	13

466	Health economic evaluation of an internet intervention for depression (deprexis), a randomized controlled trial. <i>Health Economics Review</i> , 2020 , 10, 19	2	3
465	Less self-stigmatization and more empowerment in patients with schizophrenia and comorbid cannabis use disorder compared to non-comorbid schizophrenia. <i>Schizophrenia Research</i> , 2020 , 222, 523-524	3.6	4
464	Metacognitive Training for Obsessive-Compulsive Disorder: a study protocol for a randomized controlled trial. <i>BMC Psychiatry</i> , 2020 , 20, 350	4.2	5
463	Changes in the daily life experience of patients with obsessive-compulsive disorder following mindfulness-based cognitive therapy: Looking beyond symptom reduction using ecological momentary assessment. <i>Psychiatry Research</i> , 2020 , 286, 112842	9.9	6
462	Using virtual reality to explore differences in memory biases and cognitive insight in people with psychosis and healthy controls. <i>Psychiatry Research</i> , 2020 , 285, 112787	9.9	9
461	Advice weighting as a novel measure for belief flexibility in people with psychotic-like experiences. <i>Schizophrenia Research</i> , 2020 , 216, 129-137	3.6	4
460	Lifestyle Variables Do Not Predict Subjective Memory Performance Over and Above Depression and Anxiety. <i>Frontiers in Psychology</i> , 2020 , 11, 484	3.4	3
459	Recovery from pathological skin picking and dermatodaxia using a revised decoupling protocol. <i>Journal of Cosmetic Dermatology</i> , 2020 , 19, 3038-3040	2.5	4
458	Brief Web-Based Intervention for Depression: Randomized Controlled Trial on Behavioral Activation. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15312	7.6	4
457	The Association of Therapeutic Alliance With Long-Term Outcome in a Guided Internet Intervention for Depression: Secondary Analysis From a Randomized Control Trial. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15824	7.6	9
456	Targeting our blind spot: A metacognitive intervention ameliorates negative feelings, evaluations, and stereotypes towards conservatives in a liberal sample. <i>Journal of Social and Political Psychology</i> , 2020 , 8, 453-472	1.3	2
455	Die Behandlung psychischer Störungen mittels metakognitiver Interventionen am Beispiel des Metakognitiven Trainings für Depression (D-MKT). <i>Zeitschrift Fur Psychiatrie, Psychologie Und Psychotherapie</i> , 2020 , 68, 160-170	0.3	1
454	Moderators of treatment efficacy in individualized metacognitive training for psychosis (MCT+). <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2020 , 68, 101547	2.6	3
453	Internet-based self-help for psychosis: Findings from a randomized controlled trial. <i>Journal of Consulting and Clinical Psychology</i> , 2020 , 88, 937-950	6.5	7
452	Identifying change-dropout patterns during an Internet-based intervention for depression by applying the Muthen-Roy model. <i>Cognitive Behaviour Therapy</i> , 2020 , 49, 22-40	4.4	4
451	Effects and side effects of a transdiagnostic bias modification intervention in a mixed sample with obsessive-compulsive and/or depressive symptoms-a randomized controlled trial. <i>European Archives of Psychiatry and Clinical Neuroscience</i> , 2020 , 270, 1025-1036	5.1	3
450	Pill or needle? Determinants of the preference for long-acting injection over oral treatment in people facing chronic illness. <i>Progress in Neuro-Psychopharmacology and Biological Psychiatry</i> , 2020 , 98, 109798	5.5	
449	Functional brain networks underlying evidence integration and delusional ideation. <i>Schizophrenia Research</i> , 2020 , 216, 302-309	3.6	6

448	Akzeptanz und Nebenwirkungen einer Virtuellen-Realitäts-Intervention bei Menschen mit Psychose und gesunden Kontrollprobanden. <i>Verhaltenstherapie</i> , 2020 , 1-11	0.9	
447	A comparison of the three year course between chronic depression and depression with multiple vs. few prior episodes. <i>Psychiatry Research</i> , 2020 , 291, 113235	9.9	3
446	Preoperational Thinking as a Measure of Social Cognition Is Associated With Long-Term Course of Depressive Symptoms. A Longitudinal Study Involving Patients With Depression and Healthy Controls. <i>Frontiers in Psychiatry</i> , 2020 , 11, 652	5	4
445	Effects of intense assessment on statistical power in randomized controlled trials: Simulation study on depression. <i>Internet Interventions</i> , 2020 , 20, 100313	4.4	11
444	The Metacognitive Training for obsessive-compulsive disorder: A pilot study. <i>Current Psychology</i> , 2020 , 1	1.4	2
443	Feasibility, effectiveness and safety of the self-management intervention deprexis in routine medical care: Results of an uncontrolled observational study. <i>Internet Interventions</i> , 2020 , 22, 100341	4.4	1
442	Self-esteem mediates the relationship between perfectionism and obsessive-compulsive symptoms. <i>Personality and Individual Differences</i> , 2020 , 167, 110239	3.3	1
441	Biases in diagnostic terminology: Clinicians choose different symptom labels depending on whether the same case is framed as depression or schizophrenia. <i>Schizophrenia Research</i> , 2020 , 222, 444-449	3.6	3
440	Objective Versus Subjective Effort in Schizophrenia. <i>Frontiers in Psychology</i> , 2020 , 11, 1469	3.4	3
439	Cognitive biases and psychosis: From bench to bedside. <i>Schizophrenia Research</i> , 2020 , 223, 368-369	3.6	1
438	Imaginal Retraining Reduces Cigarette Smoking: A Randomized Controlled Study. <i>European Addiction Research</i> , 2020 , 26, 355-364	4.6	4
437	Effort and liberal acceptance bias in patients with schizophrenia. <i>Cognitive Neuropsychiatry</i> , 2020 , 25, 364-370	2	
436	Problems in measuring the JTC-bias in patients with psychotic disorders with the fish task: a secondary analysis of a baseline assessment of a randomized controlled trial. <i>BMC Psychiatry</i> , 2020 , 20, 554	4.2	5
435	Do interpersonal fears mediate the association between childhood maltreatment and interpersonal skills deficits? A matched cross-sectional analysis. <i>Psychotherapy Research</i> , 2020 , 30, 267-278	3.6	10
434	The Working Alliance Inventory for guided Internet interventions (WAI-I). <i>Journal of Clinical Psychology</i> , 2020 , 76, 973-986	2.8	21
433	Mindfulness Mediates the Effect of a Psychological Online Intervention for Psychosis on Self-Reported Hallucinations: A Secondary Analysis of Voice Hearers From the EviBaS Trial. <i>Frontiers in Psychiatry</i> , 2020 , 11, 228	5	2
432	Escaping the mouth-trap: Recovery from long-term pathological lip/cheek biting (morsicatio buccarum, cavitadaxia) using decoupling. <i>Journal of Obsessive-Compulsive and Related Disorders</i> , 2020 , 25, 100530	1.7	3
431	Assessment of Adult ADHD in Clinical Practice: Four Letters-40 Opinions. <i>Journal of Attention Disorders</i> , 2019 , 1087054719879498	3.7	2

430	Symptom-specific effectiveness of an internet-based intervention in the treatment of mild to moderate depressive symptomatology: The potential of network estimation techniques. <i>Behaviour Research and Therapy</i> , 2019 , 122, 103440	5.2	9
429	A self-guided Internet-based intervention for individuals with gambling problems: study protocol for a randomized controlled trial. <i>Trials</i> , 2019 , 20, 74	2.8	3
428	Health economic evaluation of a web-based intervention for depression: the EVIDENT-trial, a randomized controlled study. <i>Health Economics Review</i> , 2019 , 9, 16	2	6
427	Acceptance and efficacy of a metacognitive self-help intervention in an Arabic-speaking mixed patient sample with depression and/or obsessive-compulsive disorder: A randomized controlled trial. <i>Journal of Experimental Psychopathology</i> , 2019 , 10, 204380871882068	2.3	4
426	The impact of social and sensory stress on cognitive biases and delusions in schizophrenia. <i>Cognitive Neuropsychiatry</i> , 2019 , 24, 217-232	2	3
425	Alternative or complementary attitudes toward alternative and complementary medicines. <i>BMC Complementary and Alternative Medicine</i> , 2019 , 19, 83	4.7	9
424	Imaginal retraining reduces alcohol craving in problem drinkers: A randomized controlled trial. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019 , 64, 158-166	2.6	6
423	Congruence and discrepancy between self-rated and clinician-rated symptom severity on the Yale-Brown Obsessive-Compulsive Scale (Y-BOCS) before and after a low-intensity intervention. <i>Psychiatry Research</i> , 2019 , 273, 595-602	9.9	13
422	It can't hurt, right? Adverse effects of psychotherapy in patients with depression. <i>European Archives of Psychiatry and Clinical Neuroscience</i> , 2019 , 269, 577-586	5.1	21
421	"Phobie �deux" and other reasons why clinicians do not apply exposure with response prevention in patients with obsessive-compulsive disorder. <i>Cognitive Behaviour Therapy</i> , 2019 , 48, 162-176	4.4	19
420	The Voice of Depression: Prevalence and Stability Across Time of Perception-Laden Intrusive Thoughts in Depression. <i>Cognitive Therapy and Research</i> , 2019 , 43, 986-994	2.7	
419	The specificity of schizotypal scales and some implications for clinical high-risk research. <i>Personality and Individual Differences</i> , 2019 , 151, 109450	3.3	3
418	Post-psychotic depression: Paranoia and the damage done. <i>Schizophrenia Research</i> , 2019 , 211, 79-85	3.6	5
417	Does uncertainty breed conviction? On the possible role of compensatory conviction in jumping to conclusions and overconfidence in psychosis. <i>Cognitive Neuropsychiatry</i> , 2019 , 24, 284-299	2	3
416	Four reasons why early detection centers for psychosis should be renamed and their treatment targets reconsidered: we should not catastrophize a future we can neither reliably predict nor change. <i>Psychological Medicine</i> , 2019 , 49, 2134-2140	6.9	31
415	Mindfulness predicts insight in obsessive-compulsive disorder over and above OC symptoms: An experience-sampling study. <i>Behaviour Research and Therapy</i> , 2019 , 121, 103449	5.2	3
414	Diminishing Effects After Recurrent Use of Self-Guided Internet-Based Interventions in Depression: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2019 , 21, e14240	7.6	9
413	Metacognitive and cognitive-behavioral interventions for psychosis: new developments?. <i>Dialogues in Clinical Neuroscience</i> , 2019 , 21, 309-317	5.7	15

412	Kann eine Online-Intervention für Depressionen emotionale Probleme und Schmerzen lindern? Eine randomisiert-kontrollierte Studie. <i>Verhaltenstherapie</i> , 2019 , 29, 166-181	0.9	1
411	Imaginal retraining decreases craving for high-calorie food in overweight and obese women: A randomized controlled trial. <i>Translational Psychiatry</i> , 2019 , 9, 319	8.6	3
410	A plea for a transdiagnostic conceptualization of negative symptoms and for consistent psychiatric vocabulary. <i>Schizophrenia Research</i> , 2019 , 204, 427-429	3.6	11
409	Liberal Acceptance Bias, Momentary Aberrant Salience, and Psychosis: An Experimental Experience Sampling Study. <i>Schizophrenia Bulletin</i> , 2019 , 45, 871-882	1.3	11
408	Dysfunctional beliefs in patients with obsessive-compulsive disorder and depression as assessed with the Beliefs Questionnaire (BQ). <i>Psychiatry Research</i> , 2019 , 272, 265-274	9.9	13
407	Mediating role of aberrant salience and self-disturbances for the relationship between childhood trauma and psychotic-like experiences in the general population. <i>Schizophrenia Research</i> , 2019 , 206, 149-156	3.6	24
406	The mediating role of borderline personality features in the relationship between childhood trauma and psychotic-like experiences in a sample of help-seeking non-psychotic adolescents and young adults. <i>European Psychiatry</i> , 2019 , 56, 84-90	6	11
405	Cognitive bias modification in problem and pathological gambling using a web-based approach-avoidance task: A pilot trial. <i>Psychiatry Research</i> , 2019 , 272, 171-181	9.9	10
404	Mindfulness-based cognitive therapy (MBCT) in patients with obsessive-compulsive disorder (OCD) and residual symptoms after cognitive behavioral therapy (CBT): a randomized controlled trial. <i>European Archives of Psychiatry and Clinical Neuroscience</i> , 2019 , 269, 223-233	5.1	27
403	Effectiveness of metacognitive interventions for mental disorders in adults-A systematic review and meta-analysis (METACOG). <i>Clinical Psychology and Psychotherapy</i> , 2019 , 26, 227-240	2.9	41
402	Investigation of sex differences in delusion-associated cognitive biases. <i>Psychiatry Research</i> , 2019 , 272, 515-520	9.9	5
401	Approach and Avoidance Biases Toward Sexual Stimuli and Their Association with the Dual Control Model of Sexual Response in Heterosexual Men. <i>Archives of Sexual Behavior</i> , 2019 , 48, 867-880	3.5	2
400	The Effect of Reducing the "Jumping to Conclusions" Bias on Treatment Decision-Making Capacity in Psychosis: A Randomized Controlled Trial With Mediation Analysis. <i>Schizophrenia Bulletin</i> , 2019 , 45, 784-793	1.3	3
399	Long-term efficacy of Metacognitive Training for Depression (D-MCT): A randomized controlled trial. <i>British Journal of Clinical Psychology</i> , 2019 , 58, 245-259	3.6	6
398	Impact and change of attitudes toward Internet interventions within a randomized controlled trial on individuals with depression symptoms. <i>Depression and Anxiety</i> , 2018 , 35, 421-430	8.4	19
397	We cannot change the past, but we can change its meaning. A randomized controlled trial on the effects of self-help imagery rescripting on depression. <i>Behaviour Research and Therapy</i> , 2018 , 104, 74-83	5.2	18
396	The role of effective connectivity between the task-positive and task-negative network for evidence gathering [Evidence gathering and connectivity]. <i>NeuroImage</i> , 2018 , 173, 49-56	7.9	4
395	"Association splitting" versus cognitive remediation in obsessive-compulsive disorder: A randomized controlled trial. <i>Journal of Anxiety Disorders</i> , 2018 , 56, 17-25	10.9	9

394	Differential relationship of jumping-to-conclusions and incorrigibility with delusion severity. <i>Psychiatry Research</i> , 2018 , 264, 297-301	9.9	6
393	Letter to the Editor: Metacognitive training and metacognitive therapy. A reply to Lora Capobianco and Adrian Wells. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2018 , 59, 162-163	2.6	5
392	Fostering Mutual Understanding Among Muslims and Non-Muslims Through Counterstereotypical Information: An Educational versus Metacognitive Approach. <i>International Journal for the Psychology of Religion, The</i> , 2018 , 28, 103-120	1.8	3
391	New wine in an old bottle? Evaluation of myMCT as an integrative bibliotherapy for obsessive-compulsive disorder. <i>Journal of Obsessive-Compulsive and Related Disorders</i> , 2018 , 16, 88-97	1.7	9
390	The association between adherence and outcome in an Internet intervention for depression. <i>Journal of Affective Disorders</i> , 2018 , 229, 443-449	6.6	37
389	An internet-based intervention for people with psychosis (EviBaS): study protocol for a randomized controlled trial. <i>BMC Psychiatry</i> , 2018 , 18, 102	4.2	10
388	Obsessive-Compulsive Disorder is Characterized by a Lack of Adaptive Coping Rather than an Excess of Maladaptive Coping. <i>Cognitive Therapy and Research</i> , 2018 , 42, 650-660	2.7	12
