

# Jessica W Cook

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/1754343/jessica-w-cook-publications-by-citations.pdf>

**Version:** 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

33

#	Paper	IF	Citations
33	Cigarette smoking and depression comorbidity: systematic review and proposed theoretical model. <i>Addiction</i> , <b>2017</b> , 112, 401-412	4.6	120
32	Anhedonia, depressed mood, and smoking cessation outcome. <i>Journal of Consulting and Clinical Psychology</i> , <b>2014</b> , 82, 122-9	6.5	97
31	Anhedonia as a component of the tobacco withdrawal syndrome. <i>Journal of Abnormal Psychology</i> , <b>2015</b> , 124, 215-25	7	92
30	Tobacco withdrawal components and their relations with cessation success. <i>Psychopharmacology</i> , <b>2011</b> , 216, 569-78	4.7	86
29	Effects of anhedonia on days to relapse among smokers with a history of depression: a brief report. <i>Nicotine and Tobacco Research</i> , <b>2010</b> , 12, 978-82	4.9	72
28	Anhedonia: Its Dynamic Relations With Craving, Negative Affect, and Treatment During a Quit Smoking Attempt. <i>Nicotine and Tobacco Research</i> , <b>2017</b> , 19, 703-709	4.9	60
27	Comparative effectiveness of intervention components for producing long-term abstinence from smoking: a factorial screening experiment. <i>Addiction</i> , <b>2016</b> , 111, 142-55	4.6	59
26	What a difference a day makes: differences in initial abstinence response during a smoking cessation attempt. <i>Addiction</i> , <b>2017</b> , 112, 330-339	4.6	54
25	Identifying effective intervention components for smoking cessation: a factorial screening experiment. <i>Addiction</i> , <b>2016</b> , 111, 129-41	4.6	54
24	Relations of alcohol consumption with smoking cessation milestones and tobacco dependence. <i>Journal of Consulting and Clinical Psychology</i> , <b>2012</b> , 80, 1075-85	6.5	41
23	Comparative effectiveness of motivation phase intervention components for use with smokers unwilling to quit: a factorial screening experiment. <i>Addiction</i> , <b>2016</b> , 111, 117-28	4.6	40
22	Posttraumatic stress disorder and smoking relapse: A theoretical model. <i>Journal of Traumatic Stress</i> , <b>2007</b> , 20, 989-98	3.8	35
21	Enhancing the effectiveness of smoking treatment research: conceptual bases and progress. <i>Addiction</i> , <b>2016</b> , 111, 107-16	4.6	34
20	Are tobacco dependence and withdrawal related amongst heavy smokers? Relevance to conceptualizations of dependence. <i>Journal of Abnormal Psychology</i> , <b>2012</b> , 121, 909-21	7	33
19	Can we increase smokers' adherence to nicotine replacement therapy and does this help them quit?. <i>Psychopharmacology</i> , <b>2018</b> , 235, 2065-2075	4.7	24
18	A Randomized Controlled Trial of an Optimized Smoking Treatment Delivered in Primary Care. <i>Annals of Behavioral Medicine</i> , <b>2018</b> , 52, 854-864	4.5	19
17	Toward precision smoking cessation treatment I: Moderator results from a factorial experiment. <i>Drug and Alcohol Dependence</i> , <b>2017</b> , 171, 59-65	4.9	13

16	Predictors of adherence to nicotine replacement therapy: Machine learning evidence that perceived need predicts medication use. <i>Drug and Alcohol Dependence</i> , <b>2019</b> , 205, 107668	4.9	9
15	Toward precision smoking cessation treatment II: Proximal effects of smoking cessation intervention components on putative mechanisms of action. <i>Drug and Alcohol Dependence</i> , <b>2017</b> , 171, 50-58	4.9	8
14	Pharmacological, sensorimotor, and expectancy effects on tobacco withdrawal: a preliminary study. <i>Human Psychopharmacology</i> , <b>2015</b> , 30, 364-71	2.3	8
13	Motives for Smoking in Those With PTSD, Depression, and No Psychiatric Disorder. <i>Journal of Dual Diagnosis</i> , <b>2020</b> , 16, 285-291	2.4	7
12	Anxiety Sensitivity and Distress Tolerance in Smokers: Relations With Tobacco Dependence, Withdrawal, and Quitting Success. <i>Nicotine and Tobacco Research</i> , <b>2020</b> , 22, 58-65	4.9	7
11	Smoking-induced affect modulation in nonwithdrawn smokers with posttraumatic stress disorder, depression, and in those with no psychiatric disorder. <i>Journal of Abnormal Psychology</i> , <b>2017</b> , 126, 184-198	4.7	5
10	Effects of motivation phase intervention components on quit attempts in smokers unwilling to quit: A factorial experiment. <i>Drug and Alcohol Dependence</i> , <b>2019</b> , 197, 149-157	4.9	4
9	Psychiatric comorbidities in a comparative effectiveness smoking cessation trial: Relations with cessation success, treatment response, and relapse risk factors. <i>Drug and Alcohol Dependence</i> , <b>2020</b> , 207, 107796	4.9	4
8	Offering smoking treatment to primary care patients in two Wisconsin healthcare systems: Who chooses smoking reduction versus cessation?. <i>Preventive Medicine</i> , <b>2017</b> , 105, 332-336	4.3	2
7	Electronically Monitored Nicotine Gum Use Before and After Smoking Lapses: Relationship With Lapse and Relapse. <i>Nicotine and Tobacco Research</i> , <b>2020</b> , 22, 2051-2058	4.9	2
6	Identifying Opportunities to Improve Smoking Cessation Among Women Veterans at a Veterans Hospital. <i>Military Medicine</i> , <b>2016</b> , 181, 1340-1347	1.3	2
5	Time-varying effects of optimized smoking treatment on craving, negative affect and anhedonia. <i>Addiction</i> , <b>2021</b> , 116, 608-617	4.6	2
4	Tobacco Withdrawal Symptoms Before and After Nicotine Deprivation in Veteran Smokers with Posttraumatic Stress Disorder and with Major Depressive Disorder. <i>Nicotine and Tobacco Research</i> , <b>2021</b> , 23, 1239-1247	4.9	1
3	Possible New Symptoms of Tobacco Withdrawal III: Reduced Positive Affect-A Review and Meta-analysis. <i>Nicotine and Tobacco Research</i> , <b>2021</b> , 23, 259-266	4.9	1
2	Smoking and gastrointestinal cancer patients-is smoking cessation an attainable goal?. <i>Journal of Surgical Oncology</i> , <b>2019</b> , 120, 1335-1340	2.8	0
1	Evaluating four motivation-phase intervention components for use with primary care patients unwilling to quit smoking: a randomized factorial experiment. <i>Addiction</i> , <b>2021</b> , 116, 3167-3179	4.6	0
