#	Paper	IF	Citations
137	Understanding needs of stakeholders and outcomes desired from a home-based intervention program for "difficult to treat" schizophrenia and related disorders: A qualitative study.. <i>Indian Journal of Psychiatry</i> , 2022 , 64, 38-47	2.2	0
136	Whose responsibility? Part 2 of 2: views of patients, families, and clinicians about responsibilities for addressing the needs of persons with mental health problems in Chennai, India and Montreal, Canada.. <i>International Journal of Mental Health Systems</i> , 2022 , 16, 2	3.6	0
135	The Impact of Policy Changes, Dedicated Funding and Implementation Support on Early Intervention Programs for Psychosis.. <i>Canadian Journal of Psychiatry</i> , 2022 , 7067437211065726	4.8	2
134	An observational study of antipsychotic medication discontinuation in first-episode psychosis: clinical and functional outcomes.. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2022 , 1	4.5	1
133	Exploring Empathy and Compassion Using Digital Narratives (the Learning to Care Project): Protocol for a Multiphase Mixed Methods Study.. <i>JMIR Research Protocols</i> , 2022 , 11, e33525	2	0
132	Whose responsibility? Part 1 of 2: A scale to assess how stakeholders apportion responsibilities for addressing the needs of persons with mental health problems.. <i>International Journal of Mental Health Systems</i> , 2022 , 16, 1	3.6	2
131	The Text4HealthyAging Program: An Evidence-Based Text Messaging Innovation to Support Healthy Urban Aging in Canada and Australia.. <i>Gerontology and Geriatric Medicine</i> , 2022 , 8, 23337214221081378	2.3	0
130	Gaming My Way to Recovery: A Systematic Scoping Review of Digital Game Interventions for Young People's Mental Health Treatment and Promotion.. <i>Frontiers in Digital Health</i> , 2022 , 4, 814248	2.3	0
129	Pragmatic implementation of the Clinical Global Impression Scale of Severity as a tool for measurement-based care in a first-episode psychosis program.. <i>Schizophrenia Research</i> , 2022 , 243, 147-153	3.6	0
128	Measurement Based Care in a first episode psychosis program: Development of an algorithm of care based on the Clinical Global Impressions Scale.. <i>Journal of Psychiatric Research</i> , 2022 , 150, 8-16	5.2	0
127	Youth-oriented outcomes of education, employment and training interventions for upcoming youth: Protocol for a discrete choice experiment. <i>Microbial Biotechnology</i> , 2021 , 15, 942-948	3.3	0
126	Situational analysis of prevailing practices in the management of first-episode psychosis in Chennai, India. <i>Microbial Biotechnology</i> , 2021 , 15, 739-741	3.3	2
125	Community stakeholders' perspectives on youth mental health in India: Problems, challenges and recommendations. <i>Microbial Biotechnology</i> , 2021 , 15, 716-722	3.3	3
124	Demographic and Clinical Presentations of Youth using Enhanced Mental Health Services in Six Indigenous Communities from the ACCESS Open Minds Network. <i>Canadian Journal of Psychiatry</i> , 2021 , 7067437211055416	4.8	0
123	The effects of childhood adversity on treatment delays and its components in first-episode psychosis.. <i>Psychiatry Research</i> , 2021 , 308, 114341	9.9	0
122	Unfinished business: Functional outcomes in a randomized controlled trial of a three-year extension of early intervention versus regular care following two years of early intervention for psychosis. <i>Acta Psychiatrica Scandinavica</i> , 2021 ,	6.5	2
121	Don't Forget the Caregivers! A Discrete Choice Experiment Examining Caregiver Views of Integrated Youth Services. <i>Patient</i> , 2021 , 14, 791-802	3.7	4

120	Impact of childhood trauma on positive and negative symptom remission in first episode psychosis. <i>Schizophrenia Research</i> , 2021 , 231, 82-89	3.6	5
119	Warwick-India-Canada (WIC) global mental health group: rationale, design and protocol. <i>BMJ Open</i> , 2021 , 11, e046362	3	0
118	Our roles are not at ease: The work of engaging a youth advisory council in a mental health services delivery organization. <i>Health Expectations</i> , 2021 , 24, 1618-1625	3.7	1
117	Patient satisfaction with random assignment to extended early intervention for psychosis vs regular care: Relationship with service engagement. <i>Microbial Biotechnology</i> , 2021 , 15, 746-750	3.3	1
116	Suicidality Over the First 5 Years of Psychosis: Does Extending Early Intervention Have Benefits?. <i>Canadian Journal of Psychiatry</i> , 2021 , 66, 468-476	4.8	2
115	Experiences of pathways to mental health services for young people and their carers: a qualitative meta-synthesis review. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021 , 56, 339-361	4.5	10
114	Adipose tissue dysregulation at the onset of psychosis: Adipokines and social determinants of health. <i>Psychoneuroendocrinology</i> , 2021 , 123, 104915	5	5
113	Economic Evaluation of Extended Early Intervention Service vs Regular Care Following 2 Years of Early Intervention: Secondary Analysis of a Randomized Controlled Trial. <i>Schizophrenia Bulletin</i> , 2021 , 47, 465-473	1.3	5
112	Timing, Distribution, and Relationship Between Nonpsychotic and Subthreshold Psychotic Symptoms Prior to Emergence of a First Episode of Psychosis. <i>Schizophrenia Bulletin</i> , 2021 , 47, 604-614	1.3	6
111	Barriers and drivers to service delivery in global mental health projects. <i>International Journal of Mental Health Systems</i> , 2021 , 15, 14	3.6	6
110	Understanding Components of Duration of Untreated Psychosis and Relevance for Early Intervention Services in the Canadian Context: Comprendre les Composantes de la Dur�e de la Psychose Non Trait�e et la Pertinence de Services D'intervention Pr�coce Dans le Contexte Canadien. <i>Canadian Journal of Psychiatry</i> , 2021 , 66, 878-886	4.8	3
109	A systematic review of longitudinal studies of suicidal thoughts and behaviors in first-episode psychosis: course and associated factors. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021 , 56, 2117-2154	4.5	2
108	Dynamic association of the first identifiable symptom with rapidity of progression to first-episode psychosis. <i>Psychological Medicine</i> , 2021 , 1-9	6.9	0
107	Service providers endorse integrated services model for youth with mental health and substance use challenges: findings from a discrete choice experiment. <i>BMC Health Services Research</i> , 2021 , 21, 1035	2.9	2
106	The mental health of young people who are not in education, employment, or training: a systematic review and meta-analysis.. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021 , 1	4.5	0
105	Youth Perspectives on Integrated Youth Services: A Discrete Choice Conjoint Experiment. <i>Canadian Journal of Psychiatry</i> , 2021 , 7067437211044717	4.8	1
104	Comment les services d'intervention pr�coce pour la psychose peuvent-ils mieux servir les migrants, les minorit�s ethniques et les populations autochtones?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 331	0.2	1
103	Les approches familiales en intervention pr�coce : rep�es pour guider les interventions et soutenir les familles dans les programmes d'intervention pour premiers �isodes psychotiques (PPEP). <i>Sante Mentale Au Quebec</i> , 2021 , 46, 139	0.2	

102	DÉtection et intervention précoce pour la psychose: pourquoi et comment?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 45	0.2	1
101	Context and contact: a comparison of patient and family engagement with early intervention services for psychosis in India and Canada. <i>Psychological Medicine</i> , 2020 , 1-10	6.9	8
100	Engagement in specialized early intervention services for psychosis as an interplay between personal agency and critical structures: A qualitative study. <i>International Journal of Nursing Studies</i> , 2020 , 108, 103583	5.8	3
99	Enhancing researcher capacity to engage youth in research: Researchers' engagement experiences, barriers and capacity development priorities. <i>Health Expectations</i> , 2020 , 23, 584-592	3.7	14
98	Posttraumatic growth and recovery following a first episode of psychosis: a narrative review of two concepts. <i>Psychosis</i> , 2020 , 12, 285-294	1.2	2
97	ShareDisk: A novel visual tool to assess perceptions about who should be responsible for supporting persons with mental health problems. <i>International Journal of Social Psychiatry</i> , 2020 , 66, 411-418	8.5	
96	Examining partnerships within an international knowledge translation network focused on youth mental health promotion. <i>Health Research Policy and Systems</i> , 2020 , 18, 29	3.7	
95	A polymorphism in the glutamate metabotropic receptor 7 is associated with cognitive deficits in the early phases of psychosis. <i>Schizophrenia Research</i> , 2020 ,	3.6	4
94	Comparison of clinical outcomes following 2 years of treatment of first-episode psychosis in urban early intervention services in Canada and India. <i>British Journal of Psychiatry</i> , 2020 , 217, 514-520	5.4	9
93	Investigating subjective cognitive complaints in psychosis: Introducing the brief scale to Investigate cognition in schizophrenia (SSTICS-Brief). <i>Cognitive Neuropsychiatry</i> , 2020 , 25, 190-200	2	0
92	Frayme: Building the structure to support the international spread of integrated youth services. <i>Microbial Biotechnology</i> , 2020 , 14, 495-502	3.3	4
91	Digital Game Interventions for Youth Mental Health Services (Gaming My Way to Recovery): Protocol for a Scoping Review. <i>JMIR Research Protocols</i> , 2020 , 9, e13834	2	3
90	Où en sommes-nous? An Overview of Successes and Challenges after 30 Years of Early Intervention Services for Psychosis in Quebec: Où en sommes-nous? Un aperçu des réussites et des problèmes après 30 ans de services d'intervention précoce pour la psychose au Québec. <i>Canadian Journal of Psychiatry</i> , 2020 , 65, 536-547	4.8	8
89	Socioeconomic deprivation and blood lipids in first-episode psychosis patients with minimal antipsychotic exposure: Implications for cardiovascular risk. <i>Schizophrenia Research</i> , 2020 , 216, 111-117	3.6	4
88	M114. DELUSIONAL CONTENT AT INITIAL PRESENTATION TO A CATCHMENT-BASED EARLY INTERVENTION SERVICE FOR PSYCHOSIS. <i>Schizophrenia Bulletin</i> , 2020 , 46, S178-S178	1.3	0
87	Shared Decision Making in a Youth Mental Health Service Design and Research Project: Insights From the Pan-Canadian ACCESS Open Minds Network. <i>Patient</i> , 2020 , 13, 653-666	3.7	4
86	Service provider perceptions of posttraumatic growth experienced by service users receiving treatment for a first episode of psychosis. <i>International Journal of Mental Health</i> , 2020 , 49, 271-279	1.4	1
85	Perceived facilitators and predictors of positive change and posttraumatic growth following a first episode of psychosis: a mixed methods study using a convergent design. <i>BMC Psychiatry</i> , 2020 , 20, 289	4.2	3

84	The Case for Cautious Interpretation and Replication: Lead-Time Bias as a Potential Explanation for the Link Between Duration of Untreated Psychosis and Outcome. <i>American Journal of Psychiatry</i> , 2020 , 177, 1180-1181	11.9	2
83	INNOVATE Research: Impact of a workshop to develop researcher capacity to engage youth in research. <i>Health Expectations</i> , 2020 , 23, 1441-1449	3.7	3
82	Look Before You Leap: Representativeness of Those Completing Self-Reports in Early Psychosis Research. <i>Canadian Journal of Psychiatry</i> , 2020 , 65, 56-58	4.8	
81	Delusional content at initial presentation to a catchment-based early intervention service for psychosis. <i>British Journal of Psychiatry</i> , 2020 , 1-7	5.4	1
80	Sex Differences in Clinical and Functional Outcomes among Patients Treated in an Early Intervention Service for Psychotic Disorders: An Observational Study. <i>Canadian Journal of Psychiatry</i> , 2019 , 64, 708-717	4.8	7
79	Trends in mental health system transformation: Integrating youth services within the Canadian context. <i>Healthcare Management Forum</i> , 2019 , 32, 51-55	1.7	21
78	Short duration of untreated psychosis enhances negative symptom remission in extended early intervention service for psychosis. <i>Acta Psychiatrica Scandinavica</i> , 2019 , 140, 65-76	6.5	18
77	A Model of Mental Health Care Involving Trained Lay Health Workers for Treatment of Major Mental Disorders Among Youth in a Conflict-Ridden, Low-Middle Income Environment: Part I Adaptation and Implementation. <i>Canadian Journal of Psychiatry</i> , 2019 , 64, 621-629	4.8	7
76	Testing the Effectiveness of Implementing a Model of Mental Healthcare Involving Trained Lay Health Workers in Treating Major Mental Disorders Among Youth in a Conflict-Ridden, Low-Middle Income Environment: Part II Results. <i>Canadian Journal of Psychiatry</i> , 2019 , 64, 630-637	4.8	2
75	Caught in the "NEET Trap": The Intersection Between Vocational Inactivity and Disengagement From an Early Intervention Service for Psychosis. <i>Psychiatric Services</i> , 2019 , 70, 302-308	3.3	6
74	Medication adherence in first episode psychosis: the role of pre-onset subthreshold symptoms. <i>Acta Psychiatrica Scandinavica</i> , 2019 , 139, 336-347	6.5	4
73	Gender differences in childhood trauma in first episode psychosis: Association with symptom severity over two years. <i>Schizophrenia Research</i> , 2019 , 205, 30-37	3.6	22
72	Transforming youth mental health care in a semi-urban and rural region of Canada: A service description of ACCESS Open Minds Chatham-Kent. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 48-55	3.3	10
71	Transforming youth mental health services in a large urban centre: ACCESS Open Minds Edmonton. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 14-19	3.3	10
70	Improving youth mental wellness services in an Indigenous context in Ulukhaktok, Northwest Territories: ACCESS Open Minds Project. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 35-41	3.3	8
69	Improving mental health services for homeless youth in downtown Montreal, Canada: Partnership between a local network and ACCESS Esprits ouverts (Open Minds), a National Services Transformation Research Initiative. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 20-28	3.3	11
68	Transforming child and youth mental health care: ACCESS Open Minds New Brunswick in the rural Francophone region of the Acadian Peninsula. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 29-34	3.3	6
67	Eskasoni First Nation's transformation of youth mental healthcare: Partnership between a Mi'kmaq community and the ACCESS Open Minds research project in implementing innovative practice and service evaluation. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 42-47	3.3	8

66	ACCESS Open Minds at the University of Alberta: Transforming student mental health services in a large Canadian post-secondary educational institution. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 56-64	3.3	5
65	A minimum evaluation protocol and stepped-wedge cluster randomized trial of ACCESS Open Minds, a large Canadian youth mental health services transformation project. <i>BMC Psychiatry</i> , 2019 , 19, 273	4.2	11
64	"It's Brought Me a Lot Closer to Who I Am": A Mixed Methods Study of Posttraumatic Growth and Positive Change Following a First Episode of Psychosis. <i>Frontiers in Psychiatry</i> , 2019 , 10, 480	5	14
63	Gaming With Stigma: Analysis of Messages About Mental Illnesses in Video Games. <i>JMIR Mental Health</i> , 2019 , 6, e12418	6	3
62	A Roof for Recovery: Combining the Principles of Housing First and Early Intervention in Services for People with Psychosis. <i>Canadian Journal of Community Mental Health</i> , 2019 , 38, 71-75	0.5	
61	Peer-driven family support services in the context of first-episode psychosis: Participant perceptions from a Canadian early intervention programme. <i>Microbial Biotechnology</i> , 2019 , 13, 335-341	3.3	5
60	The Mental Health of Young Canadians Who Are Not Working or in School. <i>Canadian Journal of Psychiatry</i> , 2019 , 64, 338-344	4.8	11
59	Canadian response to need for transformation of youth mental health services: ACCESS Open Minds (Esprits ouverts). <i>Microbial Biotechnology</i> , 2019 , 13, 697-706	3.3	47
58	Does an integrated outreach intervention targeting multiple stages of early psychosis improve the identification of individuals at clinical high risk?. <i>Microbial Biotechnology</i> , 2019 , 13, 989-992	3.3	2
57	"Everyone Has a Role": Perspectives of Service Users With First-Episode Psychosis, Family Caregivers, Treatment Providers, and Policymakers on Responsibility for Supporting Individuals With Mental Health Problems. <i>Qualitative Health Research</i> , 2019 , 29, 1299-1312	3.9	17
56	Association of Pre-onset Subthreshold Psychotic Symptoms With Longitudinal Outcomes During Treatment of a First Episode of Psychosis. <i>JAMA Psychiatry</i> , 2019 , 76, 61-70	14.5	23
55	Progress of negative symptoms over the initial 5 years of a first episode of psychosis. <i>Psychological Medicine</i> , 2019 , 49, 66-74	6.9	8
54	Social Determinants of Health and Preclinical Glycemic Control in Newly Diagnosed First-Episode Psychosis Patients. <i>Canadian Journal of Psychiatry</i> , 2018 , 63, 547-556	4.8	11
53	Youth Mental Health Should Be a Top Priority for Health Care in Canada. <i>Canadian Journal of Psychiatry</i> , 2018 , 63, 216-222	4.8	61
52	Description, evaluation and scale-up potential of a model for rapid access to early intervention for psychosis. <i>Microbial Biotechnology</i> , 2018 , 12, 1222-1228	3.3	8
51	Who should be responsible for supporting individuals with mental health problems? A critical literature review. <i>International Journal of Social Psychiatry</i> , 2018 , 64, 293-302	8.5	7
50	Pathways to functional outcomes following a first episode of psychosis: The roles of premorbid adjustment, verbal memory and symptom remission. <i>Australian and New Zealand Journal of Psychiatry</i> , 2018 , 52, 793-803	2.6	18
49	Predictors of 'all-cause discontinuation' of initial oral antipsychotic medication in first episode psychosis. <i>Schizophrenia Research</i> , 2018 , 201, 287-293	3.6	10

48	Baby or bathwater? Referrals of "non-cases" in a targeted early identification intervention for psychosis. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2018 , 53, 757-761	4.5	5
47	A study on negative and depressive symptom prevalence in individuals at ultra-high risk for psychosis. <i>Microbial Biotechnology</i> , 2018 , 12, 900-906	3.3	23
46	Outcome in patients converting to psychosis following a treated clinical high risk state. <i>Microbial Biotechnology</i> , 2018 , 12, 715-719	3.3	8
45	Positive Changes Experienced After a First Episode of Psychosis: A Systematic Review. <i>Psychiatric Services</i> , 2018 , 69, 84-99	3.3	22
44	Disengagement in immigrant groups receiving services for a first episode of psychosis. <i>Schizophrenia Research</i> , 2018 , 193, 399-405	3.6	37
43	Enhancing the Engagement of Immigrant and Ethnocultural Minority Clients in Canadian Early Intervention Services for Psychosis. <i>Canadian Journal of Psychiatry</i> , 2018 , 63, 740-747	4.8	2
42	Examination of cultural competence in service providers in an early intervention programme for psychosis in Montreal, Quebec: Perspectives of service users and treatment providers. <i>Microbial Biotechnology</i> , 2018 , 12, 469-473	3.3	2
41	Pathways to mental health services for young people: a systematic review. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2018 , 53, 1005-1038	4.5	64
40	A NEET distinction: youths not in employment, education or training follow different pathways to illness and care in psychosis. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2018 , 53, 1401-1411	4.5	15
39	The Clinic for Assessment of Youth at Risk (CAYR): 10 years of service delivery and research targeting the prevention of psychosis in Montreal, Canada. <i>Microbial Biotechnology</i> , 2017 , 11, 177-184	3.3	18
38	Post-traumatic growth following a first episode of psychosis: a scoping review. <i>Microbial Biotechnology</i> , 2017 , 11, 187-199	3.3	14
37	Is the Clinical High-Risk State a Valid Concept? Retrospective Examination in a First-Episode Psychosis Sample. <i>Psychiatric Services</i> , 2017 , 68, 1046-1052	3.3	43
36	Polygenic Risk Score associated with specific symptom dimensions in first-episode psychosis. <i>Schizophrenia Research</i> , 2017 , 184, 116-121	3.6	23
35	Comparing three-year extension of early intervention service to regular care following two years of early intervention service in first-episode psychosis: a randomized single blind clinical trial. <i>World Psychiatry</i> , 2017 , 16, 278-286	14.4	48
34	Smoking status and its relationship to demographic and clinical characteristics in first episode psychosis. <i>Journal of Psychiatric Research</i> , 2017 , 85, 83-90	5.2	14
33	From early intervention in psychosis to youth mental health reform: a review of the evolution and transformation of mental health services for young people. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2016 , 51, 319-26	4.5	91
32	Posttraumatic growth following a first episode of psychosis: a mixed methods research protocol using a convergent design. <i>BMC Psychiatry</i> , 2016 , 16, 262	4.2	8
31	Adolescent vs. adult onset of a first episode psychosis: Impact on remission of positive and negative symptoms. <i>Schizophrenia Research</i> , 2016 , 174, 183-188	3.6	18

30	Challenges in and recommendations for working with international students with first-episode psychosis: a descriptive case series. <i>International Journal of Migration, Health and Social Care</i> , 2016 , 12, 185-193	0.8	1
29	A five-year randomized parallel and blinded clinical trial of an extended specialized early intervention vs. regular care in the early phase of psychotic disorders: study protocol. <i>BMC Psychiatry</i> , 2015 , 15, 22	4.2	30
28	The Relationship Between Openness to Experience and Willingness to Engage in Online Political Participation Is Influenced by News Consumption. <i>Social Science Computer Review</i> , 2015 , 33, 181-197	3.1	14
27	Cognitive deficits characterization using the CogState Research Battery in first-episode psychosis patients. <i>Schizophrenia Research: Cognition</i> , 2015 , 2, 140-145	2.8	16
26	The impact of caregiver familiarity with mental disorders on timing of intervention in first-episode psychosis. <i>Microbial Biotechnology</i> , 2015 , 9, 388-96	3.3	1
25	Early intervention for psychosis: a Canadian perspective. <i>Journal of Nervous and Mental Disease</i> , 2015 , 203, 356-64	1.8	86
24	Transforming youth mental health: a Canadian perspective. <i>Irish Journal of Psychological Medicine</i> , 2015 , 32, 51-60	3	29
23	Clinical and functional implications of a history of childhood ADHD in first-episode psychosis. <i>Schizophrenia Research</i> , 2015 , 165, 128-33	3.6	9
22	TCF4 gene polymorphism and cognitive performance in patients with first episode psychosis. <i>Schizophrenia Research</i> , 2014 , 152, 124-9	3.6	16
21	Predictors of cognition in first episode psychosis. <i>Schizophrenia Research</i> , 2014 , 152, 164-9	3.6	13
20	Intervention précoce pour la psychose: concepts, connaissances actuelles et orientations futures. <i>Sante Mentale Au Quebec</i> , 2014 , 39, 201-229	0.2	8
19	Association of a risk allele of ANK3 with cognitive performance and cortical thickness in patients with first-episode psychosis. <i>Journal of Psychiatry and Neuroscience</i> , 2014 , 39, 31-9	4.5	24
18	The relative contribution of cognition and symptomatic remission to functional outcome following treatment of a first episode of psychosis. <i>Journal of Clinical Psychiatry</i> , 2014 , 75, e566-72	4.6	68
17	Attenuated cortisol response to acute psychosocial stress in individuals at ultra-high risk for psychosis. <i>Schizophrenia Research</i> , 2013 , 146, 79-86	3.6	74
16	Long-acting injectable antipsychotics: evidence of effectiveness and use. <i>Canadian Journal of Psychiatry</i> , 2013 , 58, 5S-13S	4.8	43
15	Long-acting injectable antipsychotics: recommendations for clinicians. <i>Canadian Journal of Psychiatry</i> , 2013 , 58, 30S-5S	4.8	37
14	A qualitative study of experiences with and perceptions regarding long-acting injectable antipsychotics: Part I-patient perspectives. <i>Canadian Journal of Psychiatry</i> , 2013 , 58, 14S-22S	4.8	37
13	A qualitative study of experiences with and perceptions regarding long-acting injectable antipsychotics: part II-physician perspectives. <i>Canadian Journal of Psychiatry</i> , 2013 , 58, 23S-9S	4.8	30

12	Estrés y factores protectores en individuos en riesgo ultra-alto de psicosis, pacientes con un primer episodio de psicosis e individuos de control sanos. <i>Psiquiatria Biologica</i> , 2012 , 19, 6-14	0.2	1
11	The role of self-esteem for outcome in first-episode psychosis. <i>International Journal of Social Psychiatry</i> , 2012 , 58, 41-6	8.5	9
10	Stress and protective factors in individuals at ultra-high risk for psychosis, first episode psychosis and healthy controls. <i>Schizophrenia Research</i> , 2011 , 129, 29-35	3.6	127
9	Concerns reported by family members of individuals with first-episode psychosis. <i>Microbial Biotechnology</i> , 2011 , 5, 163-7	3.3	14
8	An examination of patient-identified goals for treatment in a first-episode programme in Chennai, India. <i>Microbial Biotechnology</i> , 2011 , 5, 360-5	3.3	35
7	Investigating cognitive deficits and symptomatology across pre-morbid adjustment patterns in first-episode psychosis. <i>Psychological Medicine</i> , 2010 , 40, 749-59	6.9	21
6	Preliminary findings from a study of first-episode psychosis in Montreal, Canada and Chennai, India: comparison of outcomes. <i>Schizophrenia Research</i> , 2010 , 121, 227-33	3.6	29
5	Signs and symptoms in the pre-psychotic phase: description and implications for diagnostic trajectories. <i>Psychological Medicine</i> , 2008 , 38, 1147-56	6.9	45
4	Evaluating outcomes of rehabilitation for severe mental illness.. <i>Rehabilitation Psychology</i> , 2005 , 50, 43-55	2.7	23
