Catherine M Desroches

List of Publications by Year in Descending Order

Source: https://exaly.com/author-pdf/178748/catherine-m-desroches-publications-by-year.pdf

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

| 117 | 7,872 | 41 | 88 |
|--------------------|----------------------|-------------|-----------------|
| papers | citations | h-index | g-index |
| 134 ext. papers | 9,337 ext. citations | 8.7 avg, IF | 5.84 L-index |

| # | Paper | IF | Citations |
|-----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|-----------|
| 117 | Who wants to work in geriatrics: Findings from a national survey of physicians and nurse practitioners <i>Nursing Outlook</i> , 2022 , | 2.7 | 3 |
| 116 | Machine learning in medical education: a survey of the experiences and opinions of medical students in Ireland <i>BMJ Health and Care Informatics</i> , 2022 , 29, | 2.6 | 2 |
| 115 | Shared Access to Patient Portals for Older Adults: Implications for Privacy and Digital Health Equity <i>JMIR Aging</i> , 2022 , 5, e34628 | 4.8 | O |
| 114 | Attitudes, experiences, and safety behaviours of adolescents and young adults who read visit notes: Opportunities to engage patients early in their care. <i>Future Healthcare Journal</i> , 2021 , 8, e585-e59 | 9 2 ·9 | O |
| 113 | Patient Perceptions of Receiving COVID-19 Test Results via an Online Patient Portal: An Open Results Survey. <i>Applied Clinical Informatics</i> , 2021 , 12, 954-959 | 3.1 | 2 |
| 112 | The benefits and harms of open notes in mental health: A Delphi survey of international experts. <i>PLoS ONE</i> , 2021 , 16, e0258056 | 3.7 | 0 |
| 111 | Patient Access to Mental Health Notes: Motivating Evidence-Informed Ethical Guidelines. <i>Journal of Nervous and Mental Disease</i> , 2021 , 209, 265-269 | 1.8 | 6 |
| 110 | Association of Patients Reading Clinical Notes With Perception of Medication Adherence Among Persons With Serious Mental Illness. <i>JAMA Network Open</i> , 2021 , 4, e212823 | 10.4 | 6 |
| 109 | Preparing Patients and Clinicians for Open Notes in Mental Health: Qualitative Inquiry of International Experts. <i>JMIR Mental Health</i> , 2021 , 8, e27397 | 6 | 3 |
| 108 | Patients, clinicians and open notes: information blocking as a case of epistemic injustice. <i>Journal of Medical Ethics</i> , 2021 , | 2.5 | 6 |
| 107 | The roles and clinical activities of registered nurses and nurse practitioners in practices caring for older adults. <i>Nursing Outlook</i> , 2021 , 69, 380-388 | 2.7 | 2 |
| 106 | COVID-19 and Open Notes: A New Method to Enhance Patient Safety and Trust. <i>JMIR Mental Health</i> , 2021 , 8, e29314 | 6 | 4 |
| 105 | Words Matter: What Do Patients Find Judgmental or Offensive in Outpatient Notes?. <i>Journal of General Internal Medicine</i> , 2021 , 36, 2571-2578 | 4 | 12 |
| 104 | How do older patients with chronic conditions view reading open visit notes?. <i>Journal of the American Geriatrics Society</i> , 2021 , 69, 3497-3506 | 5.6 | 1 |
| 103 | Healthcare in the new age of transparency. Seminars in Dialysis, 2020, 33, 533-538 | 2.5 | 1 |
| 102 | Frequency and Types of Patient-Reported Errors in Electronic Health Record Ambulatory Care Notes. <i>JAMA Network Open</i> , 2020 , 3, e205867 | 10.4 | 46 |
| 101 | Primary care providersSuse of and attitudes towards placebos: An exploratory focus group study with US physicians. <i>British Journal of Health Psychology</i> , 2020 , 25, 596-614 | 8.3 | 4 |

(2019-2020)

| 100 | Physician and nurse practitioner roles in emergency, trauma, critical, and intensive care. <i>Nursing Outlook</i> , 2020 , 68, 591-600 | 2.7 | 3 |
|-----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|----|
| 99 | US primary care in 2029: A Delphi survey on the impact of machine learning. PLoS ONE, 2020, 15, e0239 | 9 <u>4.7</u> / | 6 |
| 98 | Patients Evaluate Visit Notes Written by Their Clinicians: a Mixed Methods Investigation. <i>Journal of General Internal Medicine</i> , 2020 , 35, 3510-3516 | 4 | 7 |
| 97 | Sharing clinical notes, and placebo and nocebo effects: Can documentation affect patient health?. <i>Journal of Health Psychology</i> , 2020 , 1359105320948588 | 3.1 | 3 |
| 96 | Open Notes in Oncology: Patient versus Oncology Clinician Views. Cancer Cell, 2020, 38, 767-768 | 24.3 | 6 |
| 95 | The Views and Experiences of Clinicians Sharing Medical Record Notes With Patients. <i>JAMA Network Open</i> , 2020 , 3, e201753 | 10.4 | 29 |
| 94 | Open notes in cancer care: coming soon to patients. <i>Lancet Oncology, The</i> , 2020 , 21, 1136-1138 | 21.7 | 4 |
| 93 | Care Partners and Patient Portals-Faulty Access, Threats to Privacy, and Ample Opportunity. <i>JAMA Internal Medicine</i> , 2020 , 180, 850-851 | 11.5 | 6 |
| 92 | Empowering patients and reducing inequities: is there potential in sharing clinical notes?. <i>BMJ Quality and Safety</i> , 2020 , 29, 1-2 | 5.4 | 12 |
| 91 | US primary care in 2029: A Delphi survey on the impact of machine learning 2020 , 15, e0239947 | | |
| 90 | US primary care in 2029: A Delphi survey on the impact of machine learning 2020 , 15, e0239947 | | |
| 89 | US primary care in 2029: A Delphi survey on the impact of machine learning 2020 , 15, e0239947 | | |
| 88 | US primary care in 2029: A Delphi survey on the impact of machine learning 2020 , 15, e0239947 | | |
| 87 | Association of State-Level Restrictions in Nurse Practitioner Scope of Practice With the Quality of Primary Care Provided to Medicare Beneficiaries. <i>Medical Care Research and Review</i> , 2019 , 76, 597-626 | 3.7 | 17 |
| 86 | Artificial Intelligence and the Future of Primary Care: Exploratory Qualitative Study of UK General PractitionersSViews. <i>Journal of Medical Internet Research</i> , 2019 , 21, e12802 | 7.6 | 44 |
| 85 | OpenNotes After 7 Years: Patient Experiences With Ongoing Access to Their CliniciansSOutpatient Visit Notes. <i>Journal of Medical Internet Research</i> , 2019 , 21, e13876 | 7.6 | 85 |
| 84 | Patients Managing Medications and Reading Their Visit Notes. <i>Annals of Internal Medicine</i> , 2019 , 171, 774 | 8 | 1 |
| 83 | Patients Managing Medications and Reading Their Visit Notes: A Survey of OpenNotes Participants. <i>Annals of Internal Medicine</i> , 2019 , 171, 69-71 | 8 | 26 |

| 82 | Quality of Primary Care Provided to Medicare Beneficiaries by Nurse Practitioners and Physicians. <i>Medical Care</i> , 2018 , 56, 484-490 | 3.1 | 26 |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----|
| 81 | Will use of patient portals help to educate and communicate with patients with diabetes?. <i>Patient Education and Counseling</i> , 2018 , 101, 956-959 | 3.1 | 15 |
| 80 | Perceptions of Primary Care Notes by Patients With Mental Health Diagnoses. <i>Annals of Family Medicine</i> , 2018 , 16, 343-345 | 2.9 | 15 |
| 79 | Computerization and the future of primary care: A survey of general practitioners in the UK. <i>PLoS ONE</i> , 2018 , 13, e0207418 | 3.7 | 24 |
| 78 | Ethical Challenges Raised by OpenNotes for Pediatric and Adolescent Patients. <i>Pediatrics</i> , 2018 , 141, | 7.4 | 33 |
| 77 | OpenNotes and shared decision making: a growing practice in clinical transparency and how it can support patient-centered care. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2018 , 25, 1153-1159 | 8.6 | 25 |
| 76 | The quality of primary care provided by nurse practitioners to vulnerable Medicare beneficiaries. <i>Nursing Outlook</i> , 2017 , 65, 679-688 | 2.7 | 24 |
| 75 | The role of health IT and delivery system reform in facilitating advanced care delivery. <i>American Journal of Managed Care</i> , 2016 , 22, 258-65 | 2.1 | 11 |
| 74 | Comparing the Cost of Care Provided to Medicare Beneficiaries Assigned to Primary Care Nurse Practitioners and Physicians. <i>Health Services Research</i> , 2016 , 51, 1407-23 | 3.4 | 66 |
| 73 | Practice characteristics of primary care nurse practitioners and physicians. <i>Nursing Outlook</i> , 2015 , 63, 144-53 | 2.7 | 121 |
| 72 | Assessing the Accuracy of Three National Physician Sampling Frames. <i>Journal of General Internal Medicine</i> , 2015 , 30, 1403 | 4 | |
| 71 | The Results Are Only as Good as the Sample: Assessing Three National Physician Sampling Frames. Journal of General Internal Medicine, 2015, 30 Suppl 3, S595-601 | 4 | 43 |
| 70 | Disentangling the Linkage of Primary Care Features to Patient Outcomes: A Review of Current Literature, Data Sources, and Measurement Needs. <i>Journal of General Internal Medicine</i> , 2015 , 30 Suppl 3, S576-85 | 4 | 24 |
| 69 | Progress and challenges in electronic health record adoption: findings from a national survey of physicians. <i>Annals of Internal Medicine</i> , 2015 , 162, 396 | 8 | 10 |
| 68 | Primary care workforce shortages and career recommendations from practicing clinicians. <i>Academic Medicine</i> , 2015 , 90, 671-7 | 3.9 | 15 |
| 67 | Electronic Health Record Adoption In US Hospitals: Progress Continues, But Challenges Persist. Health Affairs, 2015 , 34, 2174-80 | 7 | 159 |
| 66 | Measuring Changes in the Economics of Medical Practice. <i>Journal of General Internal Medicine</i> , 2015 , 30 Suppl 3, S562-7 | 4 | 3 |
| 65 | More than half of US hospitals have at least a basic EHR, but stage 2 criteria remain challenging for most. <i>Health Affairs</i> , 2014 , 33, 1664-71 | 7 | 114 |

(2011-2014)

| 64 | National surveys of military personnel, nursing students, and the public: drivers of military nursing careers. <i>Military Medicine</i> , 2014 , 179, 565-72 | 1.3 | 4 |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----|
| 63 | Systems model of physician professionalism in practice. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 1-10 | 2.5 | 2 |
| 62 | Using Medicare data to assess nurse practitioner-provided care. <i>Nursing Outlook</i> , 2013 , 61, 400-7 | 2.7 | 39 |
| 61 | Characteristics of primary care safety-net providers and their quality improvement attitudes and activities: results of a national survey of physician professionalism. <i>American Journal of Medical Quality</i> , 2013 , 28, 151-9 | 1.1 | 1 |
| 60 | Perspectives of physicians and nurse practitioners on primary care practice. <i>New England Journal of Medicine</i> , 2013 , 368, 1898-906 | 59.2 | 142 |
| 59 | Some hospitals are falling behind in meeting Smeaningful useScriteria and could be vulnerable to penalties in 2015. <i>Health Affairs</i> , 2013 , 32, 1355-60 | 7 | 24 |
| 58 | Adoption of electronic health records grows rapidly, but fewer than half of US hospitals had at least a basic system in 2012. <i>Health Affairs</i> , 2013 , 32, 1478-85 | 7 | 153 |
| 57 | Meeting meaningful use criteria and managing patient populations: a national survey of practicing physicians. <i>Annals of Internal Medicine</i> , 2013 , 158, 791-9 | 8 | 43 |
| 56 | The patient-doctor relationship and online social networks: results of a national survey. <i>Journal of General Internal Medicine</i> , 2012 , 27, 403; author reply 404 | 4 | 9 |
| 55 | Survey shows that at least some physicians are not always open or honest with patients. <i>Health Affairs</i> , 2012 , 31, 383-91 | 7 | 58 |
| 54 | Small, nonteaching, and rural hospitals continue to be slow in adopting electronic health record systems. <i>Health Affairs</i> , 2012 , 31, 1092-9 | 7 | 95 |
| 53 | Electronic health records in small physician practices: availability, use, and perceived benefits. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2011 , 18, 271-5 | 8.6 | 81 |
| 52 | Resource allocation in public health practice: a national survey of local public health officials. Journal of Public Health Management and Practice, 2011 , 17, 265-74 | 1.9 | 17 |
