#	ARTICLE	IF	CITATIONS
1	Health and healthcare for people with disabilities in the UK during the COVID-19 pandemic. <i>Disability and Health Journal</i> , 2022, 15, 101171.	1.6	24
2	Adapted guided self-help booklets for supporting the well-being of people with intellectual disabilities during the COVID-19 pandemic: an evaluation of impact. <i>Tizard Learning Disability Review</i> , 2022, 27, 17-25.	0.3	4
3	Improving Access to Psychological Therapies (IAPT) services outcomes for people with learning disabilities: national data 2012–2013 to 2019–2020. <i>The Cognitive Behaviour Therapist</i> , 2022, 15, .	0.4	4
4	COVID-19 infection and outcomes in a population-based cohort of 17 203 adults with intellectual disabilities compared with the general population. <i>Journal of Epidemiology and Community Health</i> , 2022, 76, 550-555.	2.0	18
5	The impact of the COVID pandemic on working age adults with disability: Meta-analysis of evidence from four national surveys. <i>Health and Social Care in the Community</i> , 2022, 30, .	0.7	5
6	A comparison of the prevalence of health problems among adults with and without intellectual disability: A total administrative population study. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2021, 34, 316-325.	1.3	26
7	Improving health care for disabled people in COVID-19 and beyond: Lessons from Australia and England. <i>Disability and Health Journal</i> , 2021, 14, 101050.	1.6	42
8	Gender and the Premature Deaths of People with Intellectual Disabilities: An International Expert Consultation. <i>Journal of Policy and Practice in Intellectual Disabilities</i> , 2021, 18, 89-103.	1.7	3
9	The experiences of therapists providing psychological treatment for adults with depression and intellectual disabilities as part of a randomised controlled trial. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2021, 34, 1442-1451.	1.3	4
10	The prevalence of potential drug–drug interactions in adults with intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2021, 65, 930-940.	1.2	3
11	Short report and initial evaluation of the factor structure of the Lancaster and Northgate Trauma Scales (LANTS). <i>Research in Developmental Disabilities</i> , 2021, 112, 103914.	1.2	6
12	The impact of the COVID-19 pandemic on the health of adults with intellectual impairment: evidence from two longitudinal UK surveys. <i>Journal of Intellectual Disability Research</i> , 2021, 65, 890-897.	1.2	12
13	The willingness of UK adults with intellectual disabilities to take COVID-19 vaccines. <i>Journal of Intellectual Disability Research</i> , 2021, 65, 949-961.	1.2	10
14	The impact of disability on employment and financial security following the outbreak of the 2020 COVID-19 pandemic in the UK. <i>Journal of Public Health</i> , 2021, 43, 472-478.	1.0	43
15	Vaccine hesitancy among working-age adults with/without disability in the UK. <i>Public Health</i> , 2021, 200, 106-108.	1.4	5
16	Self-reported smoking, alcohol and drug use among adolescents and young adults with and without mild to moderate intellectual disability. <i>Journal of Intellectual and Developmental Disability</i> , 2020, 45, 35-45.	1.1	11
17	Early Years Parenting Mediates Early Adversity Effects on Problem Behaviors in Intellectual Disability. <i>Child Development</i> , 2020, 91, e649-e664.	1.7	39
18	Polypharmacy and psychotropic polypharmacy in adults with intellectual disability: a cross-sectional total population study. <i>Journal of Intellectual Disability Research</i> , 2020, 64, 834-851.	1.2	19

#	ARTICLE	IF	CITATIONS
19	The wellbeing of working-age adults with and without disability in the UK: Associations with age, gender, ethnicity, partnership status, educational attainment and employment status. <i>Disability and Health Journal</i> , 2020, 13, 100889.	1.6	15
20	COVID-19: Implications for the Support of People with Social Care Needs in England. <i>Journal of Aging and Social Policy</i> , 2020, 32, 365-372.	0.9	33
21	An audit of the well-being of staff working in intellectual disability settings in Ireland during the COVID-19 pandemic. <i>Tizard Learning Disability Review</i> , 2020, 25, 237-246.	0.3	15
22	Rights to social determinants of flourishing? A paradigm for disability and public health research and policy. <i>BMC Public Health</i> , 2019, 19, 997.	1.2	14
23	Health geography and the 'performative' turn: making space for the audio-visual in ethnographic health research. <i>Health and Place</i> , 2019, 60, 102210.	1.5	14
24	Vaccine Coverage among Children with and without Intellectual Disabilities in the UK: Cross Sectional Study. <i>BMC Public Health</i> , 2019, 19, 748.	1.2	11
25	Developmental trajectories of behaviour problems and prosocial behaviours of children with intellectual disabilities in a population-based cohort. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019, 60, 1210-1218.	3.1	31
26	Access to health care for older people with intellectual disability: a modelling study to explore the cost-effectiveness of health checks. <i>BMC Public Health</i> , 2019, 19, 706.	1.2	7
27	Do disabled people need a stronger social model: a social model of human rights?. <i>Disability and Society</i> , 2019, 34, 1034-1039.	1.4	52
28	What do we know about the health and health care of people with intellectual disabilities from minority ethnic groups in the United Kingdom? A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 1310-1334.	1.3	14
29	The association between employment and the health of people with intellectual disabilities: A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 1335-1348.	1.3	37
30	“Getting into it”: People with intellectual disabilities’ experiences and views of Behavioural Activation and Guided Self-Help for depression. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 819-830.	1.3	9
31	Social care for adults with learning disabilities in England: trends over time. <i>Tizard Learning Disability Review</i> , 2019, 24, 94-100.	0.3	0
32	Not such an ordinary life: a comparison of employment, marital status and housing profiles of adults with and without intellectual disabilities. <i>Tizard Learning Disability Review</i> , 2019, 24, 213-221.	0.3	11
33	Risk of exposure to air pollution among British children with and without intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2019, 63, 161-167.	1.2	18
34	More Than Words: The Use of Video in Ethnographic Research With People With Intellectual Disabilities. <i>Qualitative Health Research</i> , 2019, 29, 931-943.	1.0	14
35	Supporting people with intellectual disabilities in psychological therapies for depression: A qualitative analysis of supporters’ experiences. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 323-335.	1.3	13
36	Constipation management in people with intellectual disability: A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018, 31, 709-724.	1.3	16

#	ARTICLE	IF	CITATIONS
37	Training therapists to work with people with intellectual disability in Improving Access to Psychological Therapies (<scp>IAPT</scp>) services. Journal of Applied Research in Intellectual Disabilities, 2018, 31, 760-767.	1.3	17
38	Participation of adults with learning disabilities in the 2015 UK General Election. Tizard Learning Disability Review, 2018, 23, 65-71.	0.3	8
39	Self-Reported Participation in Sport/Exercise Among Adolescents and Young Adults With and Without Mild to Moderate Intellectual Disability. Journal of Physical Activity and Health, 2018, 15, 247-254.	1.0	19
40	The mental health of adolescents with and without mild/moderate intellectual disabilities in England: Secondary analysis of a longitudinal cohort study. Journal of Applied Research in Intellectual Disabilities, 2018, 31, 768-777.	1.3	14
41	The association between non-standard employment, job insecurity and health among British adults with and without intellectual impairments: Cohort study. SSM - Population Health, 2018, 4, 197-205.	1.3	18
42	Postural care for people with intellectual disabilities and severely impaired motor function: A scoping review. Journal of Applied Research in Intellectual Disabilities, 2018, 31, 11-28.	1.3	5
43	People with intellectual disabilities and dysphagia. Disability and Rehabilitation, 2018, 40, 1345-1360.	0.9	31
44	Prevalence of constipation in people with intellectual disability: A systematic review. Journal of Intellectual and Developmental Disability, 2018, 43, 392-406.	1.1	20
45	CQC inspection reports for acute NHS trusts: are there relationships between the comments in inspection reports regarding people with learning disabilities and CQC hospital/trust ratings?. Tizard Learning Disability Review, 2018, 23, 56-62.	0.3	2
46	School absences and exclusions experienced by children with learning disabilities and autistic children in 2016/17 in England. Tizard Learning Disability Review, 2018, 23, 207-212.	0.3	13
47	Disabled people's experiences of accessing reasonable adjustments in hospitals: a qualitative study. BMC Health Services Research, 2018, 18, 931.	0.9	15
48	Adjusting a mainstream weight management intervention for people with intellectual disabilities: a user centred approach. International Journal for Equity in Health, 2018, 17, 159.	1.5	6
49	Professional collaboration in searching the evidence for an ill-defined concept. Health Information and Libraries Journal, 2018, 35, 246-250.	1.3	1
50	Interventions for mental health problems in children and adults with severe intellectual disabilities: a systematic review. BMJ Open, 2018, 8, e021911.	0.8	40
51	The association between employment status and health among British adults with and without intellectual impairments: cross-sectional analyses of a cohort study. BMC Public Health, 2018, 18, 401.	1.2	10
52	Paid employment amongst adults with learning disabilities receiving social care in England: trends over time and geographical variation. Tizard Learning Disability Review, 2018, 23, 117-122.	0.3	8
53	Behavioural activation versus guided self-help for depression in adults with learning disabilities: the BeatIt RCT. Health Technology Assessment, 2018, 22, 1-130.	1.3	9
54	The Mental Health of British Adults with Intellectual Impairments Living in General Households. Journal of Applied Research in Intellectual Disabilities, 2017, 30, 188-197.	1.3	20

#	ARTICLE	IF	CITATIONS
