#	ARTICLE	IF	CITATIONS
1	First 1,000 days: enough for mothers but not for children? Long-term outcomes of an early intervention on maternal depressed mood and child cognitive development: follow-up of a randomised controlled trial. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 261-272.	5.2	13
2	Prevention of COVID-19 among populations experiencing multiple social exclusions. <i>Journal of Epidemiology and Community Health</i> , 2022, 76, 107-108.	3.7	5
3	External validation of a shortened screening tool using individual participant data meta-analysis: A case study of the Patient Health Questionnaire-Dep-4. <i>Methods</i> , 2022, 204, 300-311.	3.8	3
4	Why were COVID-19 infections lower than expected amongst people who are homeless in London, UK in 2020? Exploring community perspectives and the multiple pathways of health inequalities in pandemics. <i>SSM Qualitative Research in Health</i> , 2022, 2, 100038.	1.5	3
5	“Progression capitals”™: How homeless health peer advocacy impacts peer advocates. <i>Social Science and Medicine</i> , 2022, 298, 114770.	3.8	1
6	Risk and Protective Factors for Difficulty Controlling Violent Behavior in National Guard and Reserve Service Members. <i>Journal of Interpersonal Violence</i> , 2021, 36, 1049-1067.	2.0	5
7	Experiences of a “screen and treat” cervical cancer prevention programme among brothel-based female sex workers in Bangladesh: A qualitative interview study. <i>Women's Health</i> , 2021, 17, 174550652110477.	1.5	1
8	Peer advocacy and access to healthcare for people who are homeless in London, UK: a mixed method impact, economic and process evaluation protocol. <i>BMJ Open</i> , 2021, 11, e050717.	1.9	4
9	“œls there a medicine for these tensions?” Barriers to treatment-seeking for depressive symptoms in rural India: A qualitative study. <i>Social Science and Medicine</i> , 2020, 246, 112741.	3.8	29
10	Health service costs and their association with functional impairment among adults receiving integrated mental health care in five low- and middle-income countries: the PRIME cohort study. <i>Health Policy and Planning</i> , 2020, 35, 567-576.	2.7	6
11	Healthcare utilization and out-of-pocket expenditures associated with depression in adults: a cross-sectional analysis in Nepal. <i>BMC Health Services Research</i> , 2020, 20, 250.	2.2	8
12	Health care use and treatment-seeking for depression symptoms in rural India: an exploratory cross-sectional analysis. <i>BMC Health Services Research</i> , 2020, 20, 287.	2.2	15
13	Effectiveness of psychological treatments for depression and alcohol use disorder delivered by community-based counsellors: two pragmatic randomised controlled trials within primary healthcare in Nepal. <i>British Journal of Psychiatry</i> , 2019, 215, 485-493.	2.8	57
14	Evaluation of a collaborative care model for integrated primary care of common mental disorders comorbid with chronic conditions in South Africa. <i>BMC Psychiatry</i> , 2019, 19, 107.	2.6	45
15	Community-, facility-, and individual-level outcomes of a district mental healthcare plan in a low-resource setting in Nepal: A population-based evaluation. <i>PLoS Medicine</i> , 2019, 16, e1002748.	8.4	58
16	Community, facility and individual level impact of integrating mental health screening and treatment into the primary healthcare system in Sehore district, Madhya Pradesh, India. <i>BMJ Global Health</i> , 2019, 4, e001344.	4.7	33
17	Peer support for frequent users of inpatient mental health care in Uganda: protocol of a quasi-experimental study. <i>BMC Psychiatry</i> , 2019, 19, 374.	2.6	10
18	Partnerships in a Global Mental Health Research Programme—the Example of PRIME. <i>Global Social Welfare</i> , 2019, 6, 159-175.	1.9	24

#	ARTICLE	IF	CITATIONS
19	Characteristics of perinatal depression in rural central, India: a cross-sectional study. <i>International Journal of Mental Health Systems</i> , 2018, 12, 68.	2.7	16
20	Glycated haemoglobin A _{1c} (HbA _{1c}) for detection of diabetes mellitus and impaired fasting glucose in Malawi: a diagnostic accuracy study. <i>BMJ Open</i> , 2018, 8, e020972.	1.9	10
21	Detection and treatment initiation for depression and alcohol use disorders: facility-based cross-sectional studies in five low-income and middle-income country districts. <i>BMJ Open</i> , 2018, 8, e023421.	1.9	45
22	Alcohol use in a rural district in Uganda: findings from community-based and facility-based cross-sectional studies. <i>International Journal of Mental Health Systems</i> , 2018, 12, 12.	2.7	45
23	Impact of district mental health care plans on symptom severity and functioning of patients with priority mental health conditions: the Programme for Improving Mental Health Care (PRIME) cohort protocol. <i>BMC Psychiatry</i> , 2018, 18, 61.	2.6	33
24	Factors associated with health service utilisation for common mental disorders: a systematic review. <i>BMC Psychiatry</i> , 2018, 18, 262.	2.6	203
25	Treatment gap and barriers for mental health care: A cross-sectional community survey in Nepal. <i>PLoS ONE</i> , 2017, 12, e0183223.	2.5	100
26	Characteristics and correlates of alcohol consumption among adult chronic care patients in North West Province, South Africa. <i>South African Medical Journal</i> , 2017, 107, 636.	0.6	3
27	Premature adult mortality in urban Zambia: a repeated population-based cross-sectional study. <i>BMJ Open</i> , 2016, 6, e010801.	1.9	4
28	Safetxt: a pilot randomised controlled trial of an intervention delivered by mobile phone to increase safer sex behaviours in young people. <i>BMJ Open</i> , 2016, 6, e013045.	1.9	9
29	P247...Can text messages increase safer sex behaviours in young people: intervention development and pilot randomised controlled trial. <i>Sexually Transmitted Infections</i> , 2016, 92, A101.3-A102.	1.9	0
30	Evaluation of district mental healthcare plans: The PRIME consortium methodology. <i>British Journal of Psychiatry</i> , 2016, 208, s63-s70.	2.8	92
31	Non-fatal suicidal behaviour in rural Ethiopia: a cross-sectional facility- and population-based study. <i>BMC Psychiatry</i> , 2016, 16, 75.	2.6	31
32	Treatment Contact Coverage for Probable Depressive and Probable Alcohol Use Disorders in Four Low- and Middle-Income Country Districts: The PRIME Cross-Sectional Community Surveys. <i>PLoS ONE</i> , 2016, 11, e0162038.	2.5	62
33	Can text messages increase safer sex behaviours in young people? Intervention development and pilot randomised controlled trial. <i>Health Technology Assessment</i> , 2016, 20, 1-82.	2.8	30
34	Epidemiological features of alcohol use in rural India: a population-based cross-sectional study. <i>BMJ Open</i> , 2015, 5, e009802.	1.9	52
35	Logic regression-derived algorithms for syndromic management of vaginal infections. <i>BMC Medical Informatics and Decision Making</i> , 2015, 15, 106.	3.0	5
36	Anger and Posttraumatic Stress Disorder Symptom Severity in a Trauma-Exposed Military Population: Differences by Trauma Context and Gender. <i>Journal of Traumatic Stress</i> , 2015, 28, 539-546.	1.8	14

#	ARTICLE	IF	CITATIONS
37	Temporal Trends and Predictors of Modern Contraceptive Use in Lusaka, Zambia, 2004–2011. <i>BioMed Research International</i> , 2015, 2015, 1-8.	1.9	6
38	The validity of the Patient Health Questionnaire for screening depression in chronic care patients in primary health care in South Africa. <i>BMC Psychiatry</i> , 2015, 15, 118.	2.6	127
39	Trends in all-cause mortality during the scale-up of an antiretroviral therapy programme: a cross-sectional study in Lusaka, Zambia. <i>Bulletin of the World Health Organization</i> , 2014, 92, 734-741.	3.3	6
40	Estimating the coverage of mental health programmes: a systematic review. <i>International Journal of Epidemiology</i> , 2014, 43, 341-353.	1.9	78
41	Highly-cited estimates of the cumulative incidence and recurrence of vulvovaginal candidiasis are inadequately documented. <i>BMC Women's Health</i> , 2014, 14, 43.	2.0	29
42	Anger problems and posttraumatic stress disorder in male and female National Guard and Reserve Service members. <i>Journal of Psychiatric Research</i> , 2014, 55, 52-58.	3.1	25
43	Epidemiologic Features of Vulvovaginal Candidiasis among Reproductive-Age Women in India. <i>Infectious Diseases in Obstetrics and Gynecology</i> , 2012, 2012, 1-8.	1.5	43
44	Observational research where it is most needed. <i>Indian Journal of Medical Ethics</i> , 2012, 9, 57-9.	0.4	0
45	“If your husband calls, you have to go”: understanding sexual agency among young married women in urban South India. <i>Sexual Health</i> , 2011, 8, 102.	0.9	15
46	ACASI and Face-to-Face Interviews Yield Inconsistent Estimates of Domestic Violence Among Women in India: The Samata Health Study 2005-2009. <i>Journal of Interpersonal Violence</i> , 2011, 26, 2437-2456.	2.0	31
47	Bacterial Vaginosis and Risk for <i>Trichomonas vaginalis</i> Infection: A Longitudinal Analysis. <i>Sexually Transmitted Diseases</i> , 2011, 38, 882-886.	1.7	56
48	Commentary on HPV screening for cervical cancer in rural India. <i>Indian Journal of Medical Ethics</i> , 2011, 8, 180-2; discussion 182-3.	0.4	1
49	Combating plagiarism: a shared responsibility. <i>Indian Journal of Medical Ethics</i> , 2010, 7, 173-5.	0.4	9
50	Challenging assumptions about women's empowerment: social and economic resources and domestic violence among young married women in urban South India. <i>International Journal of Epidemiology</i> , 2009, 38, 577-585.	1.9	194
