#	ARTICLE	IF	CITATIONS
1	Traditional, complementary and alternative medicine use in Sub-Saharan Africa: a systematic review. <i>BMJ Global Health</i> , 2018, 3, e000895.	4.7	224
2	Complementary medicine use by the Australian population: a critical mixed studies systematic review of utilisation, perceptions and factors associated with use. <i>BMC Complementary and Alternative Medicine</i> , 2016, 16, 176.	3.7	180
3	Women's Use of Complementary and Alternative Medicine During Pregnancy: A Critical Review of the Literature. <i>Birth</i> , 2009, 36, 237-245.	2.2	170
4	Complementary medicine use in the Australian population: Results of a nationally-representative cross-sectional survey. <i>Scientific Reports</i> , 2018, 8, 17325.	3.3	101
5	Complementary and Alternative Medicine in Rural Communities: Current Research and Future Directions. <i>Journal of Rural Health</i> , 2012, 28, 101-112.	2.9	83
6	Indirect and non-health risks associated with complementary and alternative medicine use: An integrative review. <i>European Journal of Integrative Medicine</i> , 2014, 6, 409-422.	1.7	69
7	Distribution of complementary and alternative medicine (CAM) providers in rural New South Wales, Australia: A step towards explaining high CAM use in rural health?. <i>Australian Journal of Rural Health</i> , 2011, 19, 197-204.	1.5	65
8	Attitudes and referral practices of maternity care professionals with regard to complementary and alternative medicine: an integrative review. <i>Journal of Advanced Nursing</i> , 2011, 67, 472-483.	3.3	59
9	A Review of Tensions and Risks in Naturopathic Education and Training in Australia: A Need for Regulation. <i>Journal of Alternative and Complementary Medicine</i> , 2012, 18, 363-370.	2.1	50
10	The Intersecting Paradigms of Naturopathic Medicine and Public Health: Opportunities for Naturopathic Medicine. <i>Journal of Alternative and Complementary Medicine</i> , 2011, 17, 1079-1084.	2.1	47
11	An assessment of Ebola-related stigma and its association with informal healthcare utilisation among Ebola survivors in Sierra Leone: a cross-sectional study. <i>BMC Public Health</i> , 2020, 20, 182.	2.9	47
12	Osteopathic manipulative treatment: A systematic review and critical appraisal of comparative effectiveness and health economics research. <i>Musculoskeletal Science and Practice</i> , 2017, 27, 165-175.	1.3	46
13	Adverse effects of yoga: a national cross-sectional survey. <i>BMC Complementary and Alternative Medicine</i> , 2019, 19, 190.	3.7	46
14	Current challenges and future directions for naturopathic medicine in Australia: a qualitative examination of perceptions and experiences from grassroots practice. <i>BMC Complementary and Alternative Medicine</i> , 2013, 13, 15.	3.7	43
15	Complementary medicine and childhood immunisation: A critical review. <i>Vaccine</i> , 2016, 34, 4484-4500.	3.8	43
16	Who Uses Glucosamine and Why? A Study of 266,848 Australians Aged 45 Years and Older. <i>PLoS ONE</i> , 2012, 7, e41540.	2.5	37
17	Herbal medicines use during pregnancy in Sierra Leone: An exploratory cross-sectional study. <i>Women and Birth</i> , 2018, 31, e302-e309.	2.0	34
18	Medical student attitudes towards complementary and alternative medicine (CAM) in medical education: a critical review. <i>Journal of Complementary and Integrative Medicine</i> , 2016, 13, 333-345.	0.9	31

#	ARTICLE	IF	CITATIONS
19	An Overview of the Practitioner Research and Collaboration Initiative (PRACI): a practice-based research network for complementary medicine. <i>BMC Complementary and Alternative Medicine</i> , 2017, 17, 87.	3.7	31
20	Overview of international naturopathic practice and patient characteristics: results from a cross-sectional study in 14 countries. <i>BMC Complementary Medicine and Therapies</i> , 2020, 20, 59.	2.7	29
21	Complementary and Alternative Medicine Consultations in Urban and Nonurban Areas: A National Survey of 1427 Australian Women. <i>Journal of Manipulative and Physiological Therapeutics</i> , 2013, 36, 12-19.	0.9	26
22	Referrals to chiropractors and osteopaths: a survey of general practitioners in rural and regional New South Wales, Australia. <i>Chiropractic & Manual Therapies</i> , 2013, 21, 5.	1.5	25
23	Are the CAM professions engaging in high-level health and medical research? Trends in publicly funded complementary medicine research grants in Australia. <i>Complementary Therapies in Medicine</i> , 2013, 21, 746-749.	2.7	23
24	A qualitative study of naturopathy in rural practice: A focus upon naturopaths' experiences and perceptions of rural patients and demands for their services. <i>BMC Health Services Research</i> , 2010, 10, 185.	2.2	22
25	Nurses' communication regarding patients' use of complementary and alternative medicine. <i>Collegian</i> , 2018, 25, 285-291.	1.3	22
26	Herbal medicine use during breastfeeding: a cross-sectional study among mothers visiting public health facilities in the Western area of Sierra Leone. <i>BMC Complementary and Alternative Medicine</i> , 2019, 19, 66.	3.7	22
27	Î©-3 fatty acid supplement use in the 45 and Up Study Cohort. <i>BMJ Open</i> , 2013, 3, e002292.	1.9	20
28	Herbal medicine use among hypertensive patients attending public and private health facilities in Freetown Sierra Leone. <i>Complementary Therapies in Clinical Practice</i> , 2018, 31, 7-15.	1.7	20
29	Findings of Russian literature on the clinical application of <i>Eleutherococcus senticosus</i> (Rupr. & Tj) ETQq1 1 0.784314 rgBT /Overdo	4.1	19
30	Acupuncture in Australian General Practice: Trends in Reimbursed Acupuncture Services from 1995 to 2011. <i>Acupuncture in Medicine</i> , 2013, 31, 45-50.	1.0	18
31	Regulatory and legislative protections for consumers in complementary medicine: Lessons from Australian policy and legal developments. <i>European Journal of Integrative Medicine</i> , 2014, 6, 423-433.	1.7	18
32	The Australian Complementary Medicine Workforce: A Profile of 1,306 Practitioners from the PRACI Study. <i>Journal of Alternative and Complementary Medicine</i> , 2018, 24, 385-394.	2.1	18
33	Chinese herbal medicine (3 medicines and 3 formulations) for COVID-19: rapid systematic review and meta-analysis. <i>Journal of Evaluation in Clinical Practice</i> , 2022, 28, 13-32.	1.8	18
34	Time for a reassessment of the use of Kava in anxiety?. <i>Complementary Therapies in Medicine</i> , 2009, 17, 121-122.	2.7	17
35	Midwives' role in the provision of maternal and childhood immunisation information. <i>Women and Birth</i> , 2020, 33, 145-152.	2.0	17
36	Stakeholder attitudes to the regulation of traditional and complementary medicine professions: a systematic review. <i>Human Resources for Health</i> , 2021, 19, 42.	3.1	17

#	ARTICLE	IF	CITATIONS
37	Pattern of health care utilization and traditional and complementary medicine use among Ebola survivors in Sierra Leone. PLoS ONE, 2019, 14, e0223068.	2.5	16
38	The prevalence of self-reported diagnosed endometriosis in the Australian population: results from a nationally-representative survey. BMC Research Notes, 2019, 12, 88.	1.4	16
39	Women's use of herbal and alternative medicines for preconception care. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2015, 55, 222-226.	1.0	15
40	Systematic reviews in integrative medicine: A clinician's guide to publication. Advances in Integrative Medicine, 2015, 2, 103-109.	0.9	15
41	The Australian government review of natural therapies for private health insurance rebates: What does it say and what does it mean?. Advances in Integrative Medicine, 2016, 3, 3-10.	0.9	15
42	Endometriosis and the workplace: Lessons from Australia's response to COVID-19. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2022, 62, 164-167.	1.0	15
43	The interface with naturopathy in rural primary health care: a survey of referral practices of general practitioners in rural and regional New South Wales, Australia. BMC Complementary and Alternative Medicine, 2014, 14, 238.	3.7	14
44	Referral to Chinese medicine practitioners in Australian primary care: a survey of New South Wales rural and regional general practitioners. Chinese Medicine, 2013, 8, 8.	4.0	13
45	Acupuncture Referrals in Rural Primary Healthcare: A Survey of General Practitioners in Rural and Regional New South Wales, Australia. Acupuncture in Medicine, 2013, 31, 375-382.	1.0	13
46	Is lack of retail competition in the grocery sector a public health issue?. Australian and New Zealand Journal of Public Health, 2009, 33, 477-481.	1.8	12
47	Referral to Massage Therapy in Primary Health Care: A Survey of Medical General Practitioners in Rural and Regional New South Wales, Australia. Journal of Manipulative and Physiological Therapeutics, 2013, 36, 595-603.	0.9	11
48	Primary care practitioner perceptions and attitudes of complementary medicine: a content analysis of free-text responses from a survey of non-metropolitan Australian general practitioners. Primary Health Care Research and Development, 2018, 19, 246-255.	1.2	11
49	Educating for collaboration: The outcomes of an interprofessional education workshop for complementary and alternative maternity care providers. Advances in Integrative Medicine, 2014, 1, 17-24.	0.9	10
50	Integrative medicine case reports: A clinicians' guide to publication. Advances in Integrative Medicine, 2014, 1, 144-147.	0.9	10
51	Who teaches medical billing? A national cross-sectional survey of Australian medical education stakeholders. BMJ Open, 2018, 8, e020712.	1.9	10
52	Providing healthcare to Ebola survivors: A qualitative exploratory investigation of healthcare providers' views and experiences in Sierra Leone. Global Public Health, 2020, 15, 1380-1395.	2.0	10
53	Associations between complementary medicine utilization and influenza/pneumococcal vaccination: Results of a national cross-sectional survey of 9151 Australian women. Preventive Medicine, 2017, 105, 184-189.	3.4	9
54	Traditional Chinese Medicine Self-Care and Lifestyle Medicine Outside of Asia: A Systematic Literature Review. Journal of Alternative and Complementary Medicine, 2019, 25, 789-808.	2.1	9

#	ARTICLE	IF	CITATIONS
55	Naturopathic Medicine for the Management of Endometriosis, Dysmenorrhea, and Menorrhagia: A Content Analysis. <i>Journal of Alternative and Complementary Medicine</i> , 2019, 25, 202-226.	2.1	9
56	The potential contribution of traditional, complementary and integrative treatments in acute viral respiratory tract infections: Rapid Reviews in response to the COVID-19 pandemic. <i>Advances in Integrative Medicine</i> , 2020, 7, 181-182.	0.9	9
57	Providing maternity care from outside the system: perspectives of complementary medicine practitioners. <i>Journal of Interprofessional Care</i> , 2020, , 1-9.	1.7	9
58	Ebola survivorsâ€™ healthcare-seeking experiences and preferences of conventional, complementary and traditional medicine use: A qualitative exploratory study in Sierra Leone. <i>Complementary Therapies in Clinical Practice</i> , 2020, 39, 101127.	1.7	9
59	Student attitudes towards clinical teaching resources in complementary medicine: a focus group examination of Australian naturopathic medicine students. <i>Health Information and Libraries Journal</i> , 2014, 31, 123-132.	2.5	8
60	Integrative medicine case series: A clinician's guide to publication. <i>Advances in Integrative Medicine</i> , 2015, 2, 147-151.	0.9	8
61	Is there an association between the use of complementary medicine and vaccine uptake: results of a pilot study. <i>BMC Research Notes</i> , 2018, 11, 217.	1.4	8
62	An evidence based overview of naturopathic practice in Australia. <i>Australian Journal of Herbal and Naturopathic Medicine</i> , 2019, 31, 9-13.	0.4	8
63	Referral to yoga therapists in rural primary health care: A survey of general practitioners in rural and regional New South Wales, Australia. <i>International Journal of Yoga</i> , 2014, 7, 9.	1.0	8
64	Alternate hot and cold application in the management of heel pain: A pilot study. <i>Foot</i> , 2016, 29, 25-28.	1.1	7
65	How are complementary health professions regulated in Australia? An examination of complementary health professions in the national registration and accreditation scheme. <i>Complementary Therapies in Medicine</i> , 2018, 37, 6-12.	2.7	7
