

Niko A Kaciroti

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1841791/niko-a-kaciroti-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
199	Human CD206+ macrophages associate with diabetes and adipose tissue lymphoid clusters.. <i>JCI Insight</i> , 2022 ,	9.9	2
198	Children aged 3-4 years were more likely to be given mobile devices for calming purposes if they had weaker overall executive functioning.. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2022 ,	3.1	1
197	Infant Distress in a Food Delay Task Changes With Development and Predicts Amount Consumed.. <i>Frontiers in Nutrition</i> , 2022 , 9, 786022	6.2	
196	Supporting family meal frequency: Screening Phase results from the Simply Dinner Study.. <i>Appetite</i> , 2022 , 174, 106009	4.5	1
195	Video-Sharing Platform Viewing Among Preschool-Aged Children: Differences by Child Characteristics and Contextual Factors.. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2022 , 25, 230-236	4.4	1
194	Cardiovascular Benefits of Angiotensin-Converting Enzyme Inhibition Plus Calcium Channel Blockade in Patients Achieving Tight Blood Pressure Control and With Resistant Hypertension. <i>American Journal of Hypertension</i> , 2021 , 34, 531-539	2.3	
193	Cortisol in early childhood moderates the association between family routines and observed affective balance in children from low-income backgrounds. <i>Developmental Psychobiology</i> , 2021 , 63, e22204	2.2	0
192	Daily television exposure, parent conversation during shared television viewing and socioeconomic status: Associations with curiosity at kindergarten. <i>PLoS ONE</i> , 2021 , 16, e0258572	3.7	0
191	Association of Salary Differences Between Medical Specialties With Sex Distribution. <i>JAMA Pediatrics</i> , 2021 , 175, 524-525	8.3	7
190	Emerging Ideas Brief Report. How Do Low-Income Mothers Talk to Children About Weight and Body Shape?. <i>Family Relations</i> , 2021 , 70, 1477-1484	1.5	0
189	Bayesian sensitivity analyses for longitudinal data with dropouts that are potentially missing not at random: A high dimensional pattern-mixture model. <i>Statistics in Medicine</i> , 2021 , 40, 4609-4628	2.3	1
188	Tablets, toddlers and tantrums: The immediate effects of tablet device play. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2021 , 110, 255-256	3.1	1
187	Maternal Mindfulness Is Associated With Lower Child Body Mass Index Z Score. <i>Academic Pediatrics</i> , 2021 , 21, 70-75	2.7	
186	Contribution of iron status at birth to infant iron status at 9 months: data from a prospective maternal-infant birth cohort in China. <i>European Journal of Clinical Nutrition</i> , 2021 , 75, 364-372	5.2	4
185	Relationships between patterns of weight-related self-monitoring and eating disorder symptomology among undergraduate and graduate students. <i>International Journal of Eating Disorders</i> , 2021 , 54, 595-605	6.3	9
184	Brain Mechanisms of Virtual Reality Breathing Versus Traditional Mindful Breathing in Pain Modulation: Observational Functional Near-infrared Spectroscopy Study. <i>Journal of Medical Internet Research</i> , 2021 , 23, e27298	7.6	4
183	Targeted self-regulation interventions in low-income children: Clinical trial results and implications for health behavior change. <i>Journal of Experimental Child Psychology</i> , 2021 , 208, 105157	2.3	1

182	Relationships between patterns of technology-based weight-related self-monitoring and eating disorder behaviors among first year university students. <i>Eating Behaviors</i> , 2021 , 42, 101520	3	5
181	Introducing Dietary Self-Monitoring to Undergraduate Women via a Calorie Counting App Has No Effect on Mental Health or Health Behaviors: Results From a Randomized Controlled Trial. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2021 , 121, 2377-2388	3.9	2
180	The Length of Gomco Clamp Timing and Its Effect on Bleeding. <i>Hospital Pediatrics</i> , 2021 , 11, 1003-1010	2.5	1
179	Cardiovascular Benefits of Combination Angiotensin-Converting Enzyme Inhibition Plus Calcium Channel Blockade in Black Hypertensive Patients. <i>Hypertension</i> , 2021 , 78, 1150-1152	8.5	
178	Cross-lagged associations between behaviour problems and obesity in head start preschoolers. <i>Pediatric Obesity</i> , 2020 , 15, e12627	4.6	1
177	Behavioral Responses to Sucrose as an Indicator of Positive Hedonic Response Across the First Six Months of Infancy. <i>Physiology and Behavior</i> , 2020 , 223, 112914	3.5	1
176	Adolescent Interventions to Manage Self-Regulation in Type 1 Diabetes (AIMS-T1D): randomized control trial study protocol. <i>BMC Pediatrics</i> , 2020 , 20, 112	2.6	2
175	Sex Differences in the Association between Household Chaos and Body Mass Index z-Score in Low-Income Toddlers. <i>Childhood Obesity</i> , 2020 , 16, 265-273	2.5	2
174	Impact of Bilateral Infiltrates on Inflammatory Biomarker Levels and Clinical Outcomes of Children With Oxygenation Defect. <i>Critical Care Medicine</i> , 2020 , 48, e498-e504	1.4	0
173	Trajectories of Picky Eating in Low-Income US Children. <i>Pediatrics</i> , 2020 , 145,	7.4	13
172	Sensory-Discriminative Three-Dimensional Body Pain Mobile App Measures Versus Traditional Pain Measurement With a Visual Analog Scale: Validation Study. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e17754	5.5	7
171	Feeding styles among mothers of low-income children identified using a person-centered multi-method approach. <i>Appetite</i> , 2020 , 146, 104509	4.5	2
170	Greater analgesic effects of sucrose in the neonate predict greater weight gain to age 18 months. <i>Appetite</i> , 2020 , 146, 104508	4.5	1
169	Sucking behavior in typical and challenging feedings in association with weight gain from birth to 4 Months in full-term infants. <i>Appetite</i> , 2020 , 153, 104745	4.5	2
168	Data Collection Practices of Mobile Applications Played by Preschool-Aged Children. <i>JAMA Pediatrics</i> , 2020 , 174, e203345	8.3	9
167	A School- and Home-Based Intervention to Improve Adolescents' Physical Activity and Healthy Eating: A Pilot Study. <i>Journal of School Nursing</i> , 2020 , 36, 121-134	2.1	5
166	Longitudinal associations between overweight/obesity and stress biology in low-income children. <i>International Journal of Obesity</i> , 2020 , 44, 646-655	5.5	7
165	µ-Opioid Activity in Chronic TMD Pain Is Associated with COMT Polymorphism. <i>Journal of Dental Research</i> , 2019 , 98, 1324-1331	8.1	8

164	Parent-Toddler Social Reciprocity During Reading From Electronic Tablets vs Print Books. <i>JAMA Pediatrics</i> , 2019 , 173, 1076-1083	8.3	11
163	Parenting and toddler self-regulation in low-income families: What does sleep have to do with it?. <i>Infant Mental Health Journal</i> , 2019 , 40, 479-495	2.3	5
162	Associations between Sleep and Dietary Patterns among Low-Income Children Attending Preschool. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1176-1187	3.9	12
161	Differences in Parent-Toddler Interactions With Electronic Versus Print Books. <i>Pediatrics</i> , 2019 , 143,	7.4	33
160	Weight status moderates stress-eating in the absence of hunger associations in children. <i>Appetite</i> , 2019 , 136, 184-192	4.5	11
159	Intervention Effects of "Girls on the Move" on Increasing Physical Activity: A Group Randomized Trial. <i>Annals of Behavioral Medicine</i> , 2019 , 53, 493-500	4.5	11
158	Effects of the Girls on the Move randomized trial on adiposity and aerobic performance (secondary outcomes) in low-income adolescent girls. <i>Pediatric Obesity</i> , 2019 , 14, e12559	4.6	10
157	Interactive Effects of Infant Gestational Age and Infant Fussiness on the Risk of Maternal Depressive Symptoms in a Nationally Representative Sample. <i>Academic Pediatrics</i> , 2019 , 19, 917-924	2.7	7
156	Impact of chronic migraine attacks and their severity on the endogenous μ opioid neurotransmission in the limbic system. <i>NeuroImage: Clinical</i> , 2019 , 23, 101905	5.3	11
155	Feasibility of a Real-Time Clinical Augmented Reality and Artificial Intelligence Framework for Pain Detection and Localization From the Brain. <i>Journal of Medical Internet Research</i> , 2019 , 21, e13594	7.6	12
154	Lower Body Mass Index Z-Score Trajectory During Early Childhood After the Birth of a Younger Sibling. <i>Academic Pediatrics</i> , 2019 , 19, 51-57	2.7	2
153	A mixed methods analysis of maternal response to children's consumption of a palatable food: differences by child weight status. <i>Pediatric Obesity</i> , 2019 , 14, e12474	4.6	1
152	Do child gender and temperament moderate associations between Head Start classroom social-emotional climate and children's social-emotional competencies?. <i>Early Childhood Research Quarterly</i> , 2019 , 47, 518-530	3.3	2
151	Family conflict, chaos, and negative life events predict cortisol activity in low-income children. <i>Developmental Psychobiology</i> , 2018 , 60, 364-379	3	25
150	Impact of home spirometry on medication adherence among adolescents with cystic fibrosis. <i>Pediatric Pulmonology</i> , 2018 , 53, 431-436	3.5	17
149	Prenatal organophosphate insecticide exposure and infant sensory function. <i>International Journal of Hygiene and Environmental Health</i> , 2018 , 221, 469-478	6.9	12
148	Early Childhood Stress and Child Age Predict Longitudinal Increases in Obesogenic Eating Among Low-Income Children. <i>Academic Pediatrics</i> , 2018 , 18, 685-691	2.7	22
147	Picky eating, pressuring feeding, and growth in toddlers. <i>Appetite</i> , 2018 , 123, 299-305	4.5	15

146	Prior Medications and the Cardiovascular Benefits From Combination Angiotensin-Converting Enzyme Inhibition Plus Calcium Channel Blockade Among High-Risk Hypertensive Patients. <i>Journal of the American Heart Association</i> , 2018 , 7,	6	5
145	Characteristics Associated With Parent-Teacher Concordance on Child Behavior Problem Ratings in Low-Income Preschoolers. <i>Academic Pediatrics</i> , 2018 , 18, 452-459	2.7	8
144	Sleep-Disordered Breathing among Newborns with Myelomeningocele. <i>Journal of Pediatrics</i> , 2018 , 194, 244-247.e1	3.6	13
143	Familial psychosocial risk classes and preschooler body mass index: The moderating effect of caregiver feeding style. <i>Appetite</i> , 2018 , 123, 216-224	4.5	10
142	shapecoder: a new method for visual quantification of body mass index in young children. <i>Pediatric Obesity</i> , 2018 , 13, 88-93	4.6	3
141	Targeting self-regulation to promote health behaviors in children. <i>Behaviour Research and Therapy</i> , 2018 , 101, 71-81	5.2	24
140	Inadequate iron stores in early term neonates. <i>Journal of Perinatology</i> , 2018 , 38, 1017-1021	3.1	3
139	Early childhood curiosity and kindergarten reading and math academic achievement. <i>Pediatric Research</i> , 2018 , 84, 380-386	3.2	31
138	Longitudinal associations between maternal feeding and overweight in low-income toddlers. <i>Appetite</i> , 2017 , 113, 23-29	4.5	10
137	Associations between stress biology indicators and overweight across toddlerhood. <i>Psychoneuroendocrinology</i> , 2017 , 79, 98-106	5	6
136	Observed infant food cue responsivity: Associations with maternal report of infant eating behavior, breastfeeding, and infant weight gain. <i>Appetite</i> , 2017 , 112, 219-226	4.5	9
135	Improving Self-Regulation for Obesity Prevention in Head Start: A Randomized Controlled Trial. <i>Pediatrics</i> , 2017 , 139,	7.4	47
134	Effectiveness of differing levels of support for family meals on obesity prevention among head start preschoolers: the simply dinner study. <i>BMC Public Health</i> , 2017 , 17, 184	4.1	13
133	Prenatal naled and chlorpyrifos exposure is associated with deficits in infant motor function in a cohort of Chinese infants. <i>Environment International</i> , 2017 , 106, 248-256	12.9	50
132	Early Childhood Risk Factors for Mealtime TV Exposure and Engagement in Low-Income Families. <i>Academic Pediatrics</i> , 2017 , 17, 411-415	2.7	18
131	Behavioral Associations with Overweight in Low-Income Children. <i>Obesity</i> , 2017 , 25, 2123-2127	8	14
130	Externalizing behavior is prospectively associated with intake of added sugar and sodium among low socioeconomic status preschoolers in a sex-specific manner. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 135	8.4	5
129	Breastfeeding, Mixed, or Formula Feeding at 9 Months of Age and the Prevalence of Iron Deficiency and Iron Deficiency Anemia in Two Cohorts of Infants in China. <i>Journal of Pediatrics</i> , 2017 , 181, 56-61	3.6	19

128	Child cortisol moderates the association between family routines and emotion regulation in low-income children. <i>Developmental Psychobiology</i> , 2017 , 59, 99-110	3	16
127	Maternal restrictive feeding and eating in the absence of hunger among toddlers: a cohort study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 172	8.4	16
126	Chapter 5 Mealtime Behavior Among Siblings and Body Mass Index of 48 Year Olds: A Videotaped Observational Study 2017 , 99-108		
125	Permutation Testing for Treatment-Covariate Interactions and Subgroup Identification. <i>Statistics in Biosciences</i> , 2016 , 8, 77-98	1.5	11
124	Developmental Outcomes of Late Preterm Infants From Infancy to Kindergarten. <i>Pediatrics</i> , 2016 , 138,	7.4	38
123	Gestational Age and Kindergarten School Readiness in a National Sample of Preterm Infants. <i>Journal of Pediatrics</i> , 2016 , 178, 61-67	3.6	19
122	Low-income mothers' feeding goals predict observed home mealtime and child feeding practices. <i>Child: Care, Health and Development</i> , 2016 , 42, 934-940	2.8	8
121	Low-level prenatal lead exposure and infant sensory function. <i>Environmental Health</i> , 2016 , 15, 65	6	22
120	Maternal obesity during pregnancy is negatively associated with maternal and neonatal iron status. <i>European Journal of Clinical Nutrition</i> , 2016 , 70, 918-24	5.2	46
119	Timing of Puberty in Overweight Versus Obese Boys. <i>Pediatrics</i> , 2016 , 137, e20150164	7.4	69
118	Adipose tissue fibrosis, hypertrophy, and hyperplasia: Correlations with diabetes in human obesity. <i>Obesity</i> , 2016 , 24, 597-605	8	158
117	Low-Dose Iron Supplementation in Infancy Modestly Increases Infant Iron Status at 9 Mo without Decreasing Growth or Increasing Illness in a Randomized Clinical Trial in Rural China. <i>Journal of Nutrition</i> , 2016 , 146, 612-21	4.1	16
116	Effect of Sibling Birth on BMI Trajectory in the First 6 Years of Life. <i>Pediatrics</i> , 2016 , 137,	7.4	9
115	Iron Supplementation in Pregnancy or Infancy and Motor Development: A Randomized Controlled Trial. <i>Pediatrics</i> , 2016 , 137,	7.4	31
114	Low-income pre-schoolers with higher temperamental surgency enjoy and respond more to food, mediating the path to higher body mass index. <i>Pediatric Obesity</i> , 2016 , 11, 181-6	4.6	23
113	Iron deficiency (ID) at both birth and 9 months predicts right frontal EEG asymmetry in infancy. <i>Developmental Psychobiology</i> , 2016 , 58, 462-70	3	10
112	Maternal encouragement and discouragement: Differences by food type and child weight status. <i>Appetite</i> , 2016 , 101, 15-22	4.5	39
111	Eating in the Absence of Hunger and Weight Gain in Low-income Toddlers. <i>Pediatrics</i> , 2016 , 137,	7.4	28

110	Birth order and sibship composition as predictors of overweight or obesity among low-income 4- to 8-year-old children. <i>Pediatric Obesity</i> , 2016 , 11, 40-6	4.6	33
109	Maternal representations of their children in relation to feeding beliefs and practices among low-income mothers of young children. <i>Appetite</i> , 2015 , 95, 176-81	4.5	4
108	Validation of the Children's Eating Behaviour Questionnaire in a low-income preschool-aged sample in the United States. <i>Appetite</i> , 2015 , 95, 415-20	4.5	62
107	Rationale and design of the Feeding Dynamic Intervention (FDI) study for self-regulation of energy intake in preschoolers. <i>Contemporary Clinical Trials</i> , 2015 , 41, 325-34	2.3	10
106	Prenatal Iron Supplementation Reduces Maternal Anemia, Iron Deficiency, and Iron Deficiency Anemia in a Randomized Clinical Trial in Rural China, but Iron Deficiency Remains Widespread in Mothers and Neonates. <i>Journal of Nutrition</i> , 2015 , 145, 1916-23	4.1	39
105	Missing not at random models for masked clinical trials with dropouts. <i>Clinical Trials</i> , 2015 , 12, 139-48	2.2	8
104	Higher weight status of only and last-born children. Maternal feeding and child eating behaviors as underlying processes among 4-8 year olds. <i>Appetite</i> , 2015 , 92, 167-72	4.5	28
103	Mealtime behavior among siblings and body mass index of 4-8 year olds: a videotaped observational study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 94	8.4	9
102	Tracheal Aspirate Levels of the Matricellular Protein SPARC Predict Development of Bronchopulmonary Dysplasia. <i>PLoS ONE</i> , 2015 , 10, e0144122	3.7	4
101	Exploration of the composition and sources of urban fine particulate matter associated with same-day cardiovascular health effects in Dearborn, Michigan. <i>Journal of Exposure Science and Environmental Epidemiology</i> , 2015 , 25, 145-52	6.7	17
100	Surrogacy marker paradox measures in meta-analytic settings. <i>Biostatistics</i> , 2015 , 16, 400-12	3.7	11
99	Simple subgroup approximations to optimal treatment regimes from randomized clinical trial data. <i>Biostatistics</i> , 2015 , 16, 368-82	3.7	15
98	Maternal Feeding Goals Described by Low-Income Mothers. <i>Journal of Nutrition Education and Behavior</i> , 2015 , 47, 331-7.e1	2	11
97	The impact of culture on physiological processes of emotion regulation: a comparison of US and Chinese preschoolers. <i>Developmental Science</i> , 2015 , 18, 420-35	4.5	26
96	Sleep Hygiene Practices and Bedtime Resistance in Low-Income Preschoolers: Does Temperament Matter?. <i>Behavioral Sleep Medicine</i> , 2015 , 13, 412-23	4.2	26
95	Salivary alpha amylase diurnal pattern and stress response are associated with body mass index in low-income preschool-aged children. <i>Psychoneuroendocrinology</i> , 2015 , 53, 40-8	5	16
94	Maternal mobile device use during a structured parent-child interaction task. <i>Academic Pediatrics</i> , 2015 , 15, 238-44	2.7	148
93	Changes in body mass index associated with head start participation. <i>Pediatrics</i> , 2015 , 135, e449-56	7.4	49

92	Diurnal cortisol pattern, eating behaviors and overweight in low-income preschool-aged children. <i>Appetite</i> , 2014 , 73, 65-72	4.5	90
91	Sleep timing moderates the concurrent sleep duration-body mass index association in low-income preschool-age children. <i>Academic Pediatrics</i> , 2014 , 14, 207-13	2.7	42
90	Surgency and negative affectivity, but not effortful control, are uniquely associated with obesogenic eating behaviors among low-income preschoolers. <i>Appetite</i> , 2014 , 78, 139-46	4.5	36
89	Bayesian sensitivity analysis of incomplete data: bridging pattern-mixture and selection models. <i>Statistics in Medicine</i> , 2014 , 33, 4841-57	2.3	6
88	Impact of Physician Asthma Care Education on patient outcomes. <i>Health Education and Behavior</i> , 2014 , 41, 509-17	4.2	20
87	Associations between maternal depressive symptoms and child feeding practices in a cross-sectional study of low-income mothers and their young children. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2014 , 11, 75	8.4	56
86	In prehypertension leukocytosis is associated with body mass index but not with blood pressure or incident hypertension. <i>Journal of Hypertension</i> , 2014 , 32, 251-9	1.9	7
85	Heart disease management by women: does intervention format matter?. <i>Health Education and Behavior</i> , 2014 , 41, 518-27	4.2	2
84	A model of self-regulation for control of chronic disease. <i>Health Education and Behavior</i> , 2014 , 41, 499-508	4.2	31
83	Using chlorhexidine varnish to prevent early childhood caries in American Indian children. <i>Journal of Public Health Dentistry</i> , 2013 , 73, 24-31	1.6	13
82	Blunted cortisol response to stress is associated with higher body mass index in low-income preschool-aged children. <i>Psychoneuroendocrinology</i> , 2013 , 38, 2611-7	5	37
81	Reduced metabolic insulin sensitivity following sub-acute exposures to low levels of ambient fine particulate matter air pollution. <i>Science of the Total Environment</i> , 2013 , 448, 66-71	10.2	127
80	Overweight adolescents and life events in childhood. <i>Pediatrics</i> , 2013 , 132, e1506-12	7.4	35
79	Relationships between metrics of visit-to-visit variability of blood pressure. <i>Journal of Human Hypertension</i> , 2013 , 27, 589-93	2.6	61
78	Functional significance of early-life iron deficiency: outcomes at 25 years. <i>Journal of Pediatrics</i> , 2013 , 163, 1260-6	3.6	98
77	Motor activity and intra-individual variability according to sleep-wake states in preschool-aged children with iron-deficiency anemia in infancy. <i>Early Human Development</i> , 2013 , 89, 1025-31	2.2	11
76	Reply to Visit-to-visit blood pressure variation: time to reanalyze all the data from the TROPHY study. <i>Journal of Clinical Hypertension</i> , 2013 , 15, 301	2.3	1
75	Developmental trends in auditory processing can provide early predictions of language acquisition in young infants. <i>Developmental Science</i> , 2013 , 16, 159-172	4.5	21

74	Regulation of corticoid and serotonin receptor brain system following early life exposure of glucocorticoids: long term implications for the neurobiology of mood. <i>Psychoneuroendocrinology</i> , 2012 , 37, 421-37	5	29
73	Behavior and monoamine deficits in prenatal and perinatal iron deficiency are not corrected by early postnatal moderate-iron or high-iron diets in rats. <i>Journal of Nutrition</i> , 2012 , 142, 2040-9	4.1	55
72	Predictors of recovery from prenatal depressive symptoms from pregnancy through postpartum. <i>Journal of Women's Health</i> , 2012 , 21, 43-9	3	24
71	Reduced birth weight in relation to pesticide mixtures detected in cord blood of full-term infants. <i>Environment International</i> , 2012 , 47, 80-5	12.9	67
70	Enhancing self-regulation as a strategy for obesity prevention in Head Start preschoolers: the growing healthy study. <i>BMC Public Health</i> , 2012 , 12, 1040	4.1	34
69	Blood pressure measurement device, number and timing of visits, and intra-individual visit-to-visit variability of blood pressure. <i>Journal of Clinical Hypertension</i> , 2012 , 14, 744-50	2.3	55
68	I'll have what she's having: the impact of model characteristics on children's food choices. <i>Developmental Science</i> , 2012 , 15, 87-98	4.5	55
67	A Bayesian model for time-to-event data with informative censoring. <i>Biostatistics</i> , 2012 , 13, 341-54	3.7	18
66	Long-term neuroendocrine effects of iron-deficiency anemia in infancy. <i>Pediatric Research</i> , 2012 , 71, 707-12	3.2	17
65	Maternal serum ferritin concentration is positively associated with newborn iron stores in women with low ferritin status in late pregnancy. <i>Journal of Nutrition</i> , 2012 , 142, 2004-9	4.1	102
64	Observed assertive and intrusive maternal feeding behaviors increase child adiposity. <i>American Journal of Clinical Nutrition</i> , 2012 , 95, 640-7	7	50
63	Maternal styles of talking about child feeding across sociodemographic groups. <i>Journal of the American Dietetic Association</i> , 2011 , 111, 1861-7		31
62	Adolescent obesity and maternal and paternal sensitivity and monitoring. <i>Pediatric Obesity</i> , 2011 , 6, e457-63		13
61	Depressive symptoms during pregnancy: impact on neuroendocrine and neonatal outcomes. <i>Research in Social and Administrative Pharmacy</i> , 2011 , 34, 26-34	2.9	53
60	Motor development in 9-month-old infants in relation to cultural differences and iron status. <i>Developmental Psychobiology</i> , 2011 , 53, 196-210	3	25
59	Progression of symptoms and functioning among female cardiac patients with and without diabetes. <i>Journal of Women's Health</i> , 2011 , 20, 107-15	3	7
