

Richard Holt

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1874284/richard-holt-publications-by-year.pdf>

Version: 2024-04-20

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
193	Liraglutide and the management of overweight and obesity in people with severe mental illness: qualitative sub-study.. <i>BMC Psychiatry</i> , 2022 , 22, 21	4.2	2
192	User-driven Open-Source Artificial Pancreas Systems and Patient Reported Outcomes: A Missed Opportunity?. <i>Diabetic Medicine</i> , 2022 , e14797	3.5	0
191	Prevalence of Overweight and Obesity in People With Severe Mental Illness: Systematic Review and Meta-Analysis.. <i>Frontiers in Endocrinology</i> , 2021 , 12, 769309	5.7	0
190	Exploring the facilitators, barriers, and strategies for self-management in adults living with severe mental illness, with and without long-term conditions: A qualitative evidence synthesis. <i>PLoS ONE</i> , 2021 , 16, e0258937	3.7	1
189	COVID-19 and metabolic disease: mechanisms and clinical management. <i>Lancet Diabetes and Endocrinology</i> , 2021 , 9, 786-798	18.1	33
188	Impact of diabetes on COVID-19 and other infection: Report from the 22nd Hong Kong Diabetes and Cardiovascular Risk Factors-East Meets West Symposium. <i>Diabetic Medicine</i> , 2021 , 38, e14547	3.5	3
187	Living with diabetes alongside a severe mental illness: A qualitative exploration with people with severe mental illness, family members and healthcare staff. <i>Diabetic Medicine</i> , 2021 , 38, e14562	3.5	6
186	Exploring determinants of self-management in adults with severe mental illness: a qualitative evidence synthesis. <i>BJPsych Open</i> , 2021 , 7, S13-S13	5	1
185	The Optimising Cardiac Surgery ouTcomes in People with diabeteS (OCTOPuS) randomised controlled trial to evaluate an outpatient pre-cardiac surgery diabetes management intervention: a study protocol. <i>BMJ Open</i> , 2021 , 11, e050919	3	0
184	Comparison of normal distribution-based and nonparametric decision limits on the GH-2000 score for detecting growth hormone misuse (doping) in sport. <i>Biometrical Journal</i> , 2021 , 63, 187-200	1.5	1
183	Treatment for comorbid depressive disorder or subthreshold depression in diabetes mellitus: Systematic review and meta-analysis. <i>Brain and Behavior</i> , 2021 , 11, e01981	3.4	6
182	The effects of recombinant human insulin-like growth factor-1/insulin-like growth factor binding protein-3 administration on lipid and carbohydrate metabolism in recreational athletes. <i>Clinical Endocrinology</i> , 2021 , 94, 551-562	3.4	1
181	Diabetes management during cardiac surgery in the UK: A survey. <i>Diabetic Medicine</i> , 2021 , 38, e14388	3.5	1
180	Impact of severe mental illness on healthcare use and health outcomes for people with type 2 diabetes: a longitudinal observational study in England. <i>British Journal of General Practice</i> , 2021 , 71, e565-e573 ²	1.6	2
179	Consequences of the COVID-19 pandemic for patients with metabolic diseases. <i>Nature Metabolism</i> , 2021 , 3, 289-292	14.6	17
178	The use of liraglutide 3.0mg daily in the management of overweight and obesity in people with schizophrenia, schizoaffective disorder and first episode psychosis: Results of a pilot randomized, double-blind, placebo-controlled trial. <i>Diabetes, Obesity and Metabolism</i> , 2021 , 23, 1262-1271	6.7	7
177	Developing an intervention to optimise the outcome of cardiac surgery in people with diabetes: the OCTOPuS pilot study. <i>Pilot and Feasibility Studies</i> , 2021 , 7, 157	1.9	0

176	Determinants of Physical Health Self-Management Behaviours in Adults With Serious Mental Illness: A Systematic Review. <i>Frontiers in Psychiatry</i> , 2021 , 12, 723962	5	1
175	The Management of Type 1 Diabetes in Adults. A Consensus Report by the American Diabetes Association (ADA) and the European Association for the Study of Diabetes (EASD). <i>Diabetes Care</i> , 2021 , 44, 2589-2625	14.6	26
174	The management of type 1 diabetes in adults. A consensus report by the American Diabetes Association (ADA) and the European Association for the Study of Diabetes (EASD). <i>Diabetologia</i> , 2021 , 64, 2609-2652	10.3	21
173	Healthcare resource use and costs for people with type 2 diabetes mellitus with and without severe mental illness in England: longitudinal matched-cohort study using the Clinical Practice Research Datalink.. <i>British Journal of Psychiatry</i> , 2021 , 1-8	5.4	1
172	Completion of annual diabetes care processes and mortality: A cohort study using the National Diabetes Audit for England and Wales. <i>Diabetes, Obesity and Metabolism</i> , 2021 , 23, 2728-2740	6.7	0
171	The role of community pharmacists and their position in the delivery of diabetes care: an update for medical professionals. <i>Postgraduate Medical Journal</i> , 2020 , 96, 473-479	2	6
170	Some young adults with cystic fibrosis-related diabetes may safely stop insulin without any adverse clinical sequelae. <i>Diabetic Medicine</i> , 2020 , 37, 1205-1208	3.5	0
169	Non-attendance at diabetes outpatient appointments: a systematic review. <i>Diabetic Medicine</i> , 2020 , 37, 1427-1442	3.5	18
168	Clinical Considerations When Initiating and Titrating Insulin Degludec/Liraglutide (IDegLira) in People with Type 2 Diabetes. <i>Drugs</i> , 2020 , 80, 147-165	12.1	6
167	Diabetes, Depression, and Cognitive Disorders. <i>Endocrinology</i> , 2020 , 687-714	0.1	
166	Diabetes in the UK: 2019. <i>Diabetic Medicine</i> , 2020 , 37, 242-247	3.5	32
165	How 25 years of psychosocial research has contributed to a better understanding of the links between depression and diabetes. <i>Diabetic Medicine</i> , 2020 , 37, 383-392	3.5	17
164	The role of community pharmacists in the delivery of diabetes care. <i>Diabetic Medicine</i> , 2020 , 37, 1653-1654	3.4	2
163	Association Between Antipsychotic Medication Use and Diabetes. <i>Current Diabetes Reports</i> , 2019 , 19, 96	5.6	35
162	Transforming mental well-being for people with diabetes: research recommendations from Diabetes UK's 2019 Diabetes and Mental Well-Being Workshop. <i>Diabetic Medicine</i> , 2019 , 36, 1532-1538	3.5	13
161	The Use and Abuse of Growth Hormone in Sports. <i>Endocrine Reviews</i> , 2019 , 40, 1163-1185	27.2	14
160	Exploring Severe Mental Illness and Diabetes: Protocol for a Longitudinal, Observational, and Qualitative Mixed Methods Study. <i>JMIR Research Protocols</i> , 2019 , 8, 13407	2	3
159	Primary care management of cardiovascular risk for people with severe mental illnesses: the Primrose research programme including cluster RCT. <i>Programme Grants for Applied Research</i> , 2019 , 7, 1-98	1.5	2

158	Diabetes, Depression, and Cognitive Disorders. <i>Endocrinology</i> , 2019 , 1-28	0.1	
157	Structured lifestyle education for people With SchizophrEnia (STEPWISE): mixed methods process evaluation of a group-based lifestyle education programme to support weight loss in people with schizophrenia. <i>BMC Psychiatry</i> , 2019 , 19, 358	4.2	9
156	Liraglutide and the management of overweight and obesity in people with schizophrenia, schizoaffective disorder and first-episode psychosis: protocol for a pilot trial. <i>Trials</i> , 2019 , 20, 633	2.8	7
155	Provision of weight loss programmes and their influence on weight after 1 year: follow-up survey of usual care in the STEPWISE study. <i>BJPsych Bulletin</i> , 2019 , 43, 245-246	1.2	
154	Structured lifestyle education for people with schizophrenia, schizoaffective disorder and first-episode psychosis (STEPWISE): randomised controlled trial. <i>British Journal of Psychiatry</i> , 2019 , 214, 63-73	5.4	46
153	Unique challenges of cystic fibrosis-related diabetes. <i>Diabetic Medicine</i> , 2018 , 35, 1181	3.5	19
152	Clinical and cost-effectiveness of an intervention for reducing cholesterol and cardiovascular risk for people with severe mental illness in English primary care: a cluster randomised controlled trial. <i>Lancet Psychiatry</i> , 2018 , 5, 145-154	23.3	46
151	Incidence of filled antidepressant prescriptions among people with newly diagnosed diabetes and its interaction with occupational status within the working population of Denmark 1996-2010. <i>Primary Care Diabetes</i> , 2018 , 12, 305-311	2.4	2
150	Mechanisms in endocrinology: Antipsychotic medication and type 2 diabetes and impaired glucose regulation. <i>European Journal of Endocrinology</i> , 2018 , 178, R245-R258	6.5	19
149	Diabetes, Depression, and Cognitive Disorders. <i>Endocrinology</i> , 2018 , 1-27	0.1	
148	Joint British Diabetes Societies for Inpatient Care: clinical guidelines and improving inpatient diabetes care. <i>Diabetic Medicine</i> , 2018 , 35, 988-991	3.5	8
147	Language matters: a UK perspective. <i>Diabetic Medicine</i> , 2018 , 35, 1635-1641	3.5	13
146	Involving the right people in diabetes research. <i>Diabetic Medicine</i> , 2018 , 35, 831	3.5	
145	Language matters. Addressing the use of language in the care of people with diabetes: position statement of the English Advisory Group. <i>Diabetic Medicine</i> , 2018 , 35, 1630-1634	3.5	20
144	Diabetes, Depression, and Cognitive Disorders. <i>Endocrinology</i> , 2018 , 689-716	0.1	
143	Emerging adulthood and Type 1 diabetes: insights from the DAWN2 Study. <i>Diabetic Medicine</i> , 2018 , 35, 203-213	3.5	16
142	A correction to the age-adjustment of the GH-2000 score used in the detection of growth hormone misuse. <i>BMC Research Notes</i> , 2018 , 11, 650	2.3	2
141	Hypoglycaemia: under-reported and under-treated. <i>Diabetic Medicine</i> , 2018 , 35, 1143-1143	3.5	

140	Pumps or Multiple Daily Injections in Pregnancy Involving Type 1 Diabetes: A Prespecified Analysis of the CONCEPTT Randomized Trial. <i>Diabetes Care</i> , 2018 , 41, 2471-2479	14.6	45
139	Psychosocial impact of diabetes. <i>Diabetic Medicine</i> , 2018 , 35, 675-676	3.5	1
138	Novel markers to detect recombinant human insulin-like growth factor-I (rhIGF-I)/rhIGF binding protein-3 (rhIGFBP-3) misuse in athletes. <i>Drug Testing and Analysis</i> , 2017 , 9, 30-37	3.5	3
137	The Clonal Invariant NKT Cell Repertoire in People with Type 1 Diabetes Is Characterized by a Loss of Clones Expressing High-Affinity TCRs. <i>Journal of Immunology</i> , 2017 , 198, 1452-1459	5.3	6
136	Development of an acceptable and feasible self-management group for children, young people and families living with Type 1 diabetes. <i>Diabetic Medicine</i> , 2017 , 34, 813-820	3.5	8
135	Adherence to NICE guidance on lifestyle advice for people with schizophrenia: a survey. <i>BJPsych Bulletin</i> , 2017 , 41, 137-144	1.2	8
134	Deficiencies in postgraduate training for healthcare professionals who provide diabetes education and support: results from the Diabetes Attitudes, Wishes and Needs (DAWN2) study. <i>Diabetic Medicine</i> , 2017 , 34, 1074-1083	3.5	26
133	A crisis in diabetes research funding. <i>Diabetic Medicine</i> , 2017 , 34, 1331	3.5	
132	The Effectiveness of Pharmacological and Non-Pharmacological Interventions for Improving Glycaemic Control in Adults with Severe Mental Illness: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2017 , 12, e0168549	3.7	23
131	Relative changes in earned income five years after diagnosis with diabetes: A register based study 1996-2012. <i>Journal of Diabetes and Its Complications</i> , 2017 , 31, 1506-1514	3.2	2
130	Effectiveness and cost-effectiveness of a cardiovascular risk prediction algorithm for people with severe mental illness (PRIMROSE). <i>BMJ Open</i> , 2017 , 7, e018181	3	9
129	A core outcome set for evaluating self-management interventions in people with comorbid diabetes and severe mental illness: study protocol for a modified Delphi study and systematic review. <i>Trials</i> , 2017 , 18, 70	2.8	5
128	Gestational diabetes: paradigm lost?. <i>Diabetic Medicine</i> , 2017 , 34, 8-13	3.5	8
127	Diabetes and depression in Denmark 1996-2010: national data stratified by occupational status and annual income. <i>Diabetic Medicine</i> , 2017 , 34, 108-114	3.5	11
126	Household composition and psychological health: Results of the Second Diabetes Attitudes, Wishes and Needs (DAWN2) study. <i>Journal of Diabetes and Its Complications</i> , 2017 , 31, 340-346	3.2	6
125	Correlates of psychological outcomes in people with diabetes: results from the second Diabetes Attitudes, Wishes and Needs (DAWN2(II)) study. <i>Diabetic Medicine</i> , 2016 , 33, 1194-203	3.5	31
124	Statistical methodology for age-adjustment of the GH-2000 score detecting growth hormone misuse. <i>BMC Medical Research Methodology</i> , 2016 , 16, 147	4.7	5
123	STEPWISE - STRUCTURED lifestyle Education for People With Schizophrenia: a study protocol for a randomised controlled trial. <i>Trials</i> , 2016 , 17, 475	2.8	10

122	Evaluating the clinical and cost effectiveness of a behaviour change intervention for lowering cardiovascular disease risk for people with severe mental illnesses in primary care (PRIMROSE study): study protocol for a cluster randomised controlled trial. <i>Trials</i> , 2016 , 17, 80	2.8	9
121	Growth Hormone and Insulin-Like Growth Factor-1. <i>Frontiers of Hormone Research</i> , 2016 , 47, 101-14	3.5	17
120	Correlates of psychological care strategies for people with diabetes in the second Diabetes Attitudes, Wishes and Needs (DAWN2(II)) study. <i>Diabetic Medicine</i> , 2016 , 33, 1174-83	3.5	12
119	Correlates of psychological outcomes among family members of people with diabetes in the second Diabetes Attitudes, Wishes and Needs (DAWN2(II)) study. <i>Diabetic Medicine</i> , 2016 , 33, 1184-93	3.5	15
118	Could the Discrepancy in Perceived Emotional Care Received and Provided Be a Barrier to Active Diabetes Self-management? Insights From the Second Diabetes Attitudes, Wishes and Needs (DAWN2) Study. <i>Diabetes Care</i> , 2016 , 39, e20-1	14.6	1
117	Reflections on a year at Diabetic Medicine. <i>Diabetic Medicine</i> , 2016 , 33, 1611	3.5	
116	Correlates and outcomes of worries about hypoglycemia in family members of adults with diabetes: The second Diabetes Attitudes, Wishes and Needs (DAWN2) study. <i>Journal of Psychosomatic Research</i> , 2016 , 89, 69-77	4.1	12
115	Medical and ethical concerns regarding women with hyperandrogenism and elite sport. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2015 , 100, 825-7	5.6	16
114	The development of decision limits for the GH-2000 detection methodology using additional insulin-like growth factor-I and amino-terminal pro-peptide of type III collagen assays. <i>Drug Testing and Analysis</i> , 2015 , 7, 745-55	3.5	20
113	Poor monitoring of physical health in patients referred to a mood disorders service. <i>Therapeutic Advances in Psychopharmacology</i> , 2015 , 5, 22-5	4.9	8
112	The Effects of Recombinant Human Insulin-Like Growth Factor-I/Insulin-Like Growth Factor Binding Protein-3 Administration on Body Composition and Physical Fitness in Recreational Athletes. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2015 , 100, 3126-31	5.6	10
111	The Role of Mobile Applications in Improving Alcohol Health Literacy in Young Adults With Type 1 Diabetes: Help or Hindrance?. <i>Journal of Diabetes Science and Technology</i> , 2015 , 9, 1313-20	4.1	17
110	Diabetes mellitus and severe mental illness: mechanisms and clinical implications. <i>Nature Reviews Endocrinology</i> , 2015 , 11, 79-89	15.2	83
109	A new measure of multimorbid illness and treatment representations: the example of diabetes and depression. <i>Journal of Affective Disorders</i> , 2015 , 174, 192-200	6.6	6
108	A decade in diabetes specialist services, 2000 to 2011, in England: the views of consultant diabetologists and diabetes specialist nurses amidst persistent healthcare delivery change. <i>Diabetic Medicine</i> , 2015 , 32, 1662-6	3.5	2
107	The prevention of diabetes and cardiovascular disease in people with schizophrenia. <i>Acta Psychiatrica Scandinavica</i> , 2015 , 132, 86-96	6.5	19
106	Depression and diabetes: treatment and health-care delivery. <i>Lancet Diabetes and Endocrinology</i> , 2015 , 3, 472-485	18.1	106
105	Cardiovascular risk prediction models for people with severe mental illness: results from the prediction and management of cardiovascular risk in people with severe mental illnesses (PRIMROSE) research program. <i>JAMA Psychiatry</i> , 2015 , 72, 143-51	14.5	93

104	Diabetes and depression. <i>Current Diabetes Reports</i> , 2014 , 14, 491	5.6	220
103	Biochemical markers of insulin-like growth factor-I misuse in athletes: the response of serum IGF-I, procollagen type III amino-terminal propeptide, and the GH-2000 score to the administration of rhIGF-I/rhIGF binding protein-3 complex. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2014 , 99, 2259-68	5.6	13
102	The use of oral hypoglycaemic agents in pregnancy. <i>Diabetic Medicine</i> , 2014 , 31, 282-91	3.5	22
101	Kaleidoscope model of diabetes care: time for a rethink?. <i>Diabetic Medicine</i> , 2014 , 31, 522-30	3.5	21
100	NIDDK international conference report on diabetes and depression: current understanding and future directions. <i>Diabetes Care</i> , 2014 , 37, 2067-77	14.6	84
99	Alcohol health literacy in young adults with type 1 diabetes and its impact on diabetes management. <i>Diabetic Medicine</i> , 2014 , 31, 1625-30	3.5	27
98	Diabetes Attitudes, Wishes and Needs second study (DAWN2) cross-national benchmarking indicators for family members living with people with diabetes. <i>Diabetic Medicine</i> , 2013 , 30, 778-88	3.5	168
97	Diabetes Attitudes, Wishes and Needs second study (DAWN2) cross-national comparisons on barriers and resources for optimal care--healthcare professional perspective. <i>Diabetic Medicine</i> , 2013 , 30, 789-98	3.5	101
96	The effects of two weeks of recombinant growth hormone administration on the response of IGF-I and N-terminal pro-peptide of collagen type III (P-III-NP) during a single bout of high resistance exercise in resistance trained young men. <i>Growth Hormone and IGF Research</i> , 2013 , 23, 76-80	2	5
95	The use of insulin analogues in pregnancy. <i>Diabetes, Obesity and Metabolism</i> , 2013 , 15, 888-900	6.7	42
94	Insulin-like growth factor-I (IGF-I) misuse in athletes and potential methods for detection. <i>Analytical and Bioanalytical Chemistry</i> , 2013 , 405, 9669-83	4.4	15
93	Diabetes Attitudes Wishes and Needs 2 (DAWN2): a multinational, multi-stakeholder study of psychosocial issues in diabetes and person-centred diabetes care. <i>Diabetes Research and Clinical Practice</i> , 2013 , 99, 174-84	7.4	159
92	Antidepressant medication as a risk factor for type 2 diabetes and impaired glucose regulation: systematic review. <i>Diabetes Care</i> , 2013 , 36, 3337-45	14.6	107
91	The relationship between depression, anxiety and cardiovascular disease: findings from the Hertfordshire Cohort Study. <i>Journal of Affective Disorders</i> , 2013 , 150, 84-90	6.6	32
90	Identifying risk and preventing progression to Type 2 diabetes in vulnerable and disadvantaged adults: a pragmatic review. <i>Diabetic Medicine</i> , 2013 , 30, 16-25	3.5	18
89	Social networking and understanding alcohol-associated risk for people with type 1 diabetes: friend or foe?. <i>Diabetes Technology and Therapeutics</i> , 2013 , 15, 308-14	8.1	23
88	A new DAWN: Improving the psychosocial management of diabetes. <i>Indian Journal of Endocrinology and Metabolism</i> , 2013 , 17, S95-9	1.7	14
87	Detecting growth hormone misuse in athletes. <i>Indian Journal of Endocrinology and Metabolism</i> , 2013 , 17, S18-22	1.7	9

86	The association between diabetes and an episode of depressive symptoms in the 2002 World Health Survey: an analysis of 231,797 individuals from 47 countries. <i>Diabetic Medicine</i> , 2013 , 30, e208-14	3.5	50
85	Diabetes Attitudes, Wishes and Needs second study (DAWN2) cross-national benchmarking of diabetes-related psychosocial outcomes for people with diabetes. <i>Diabetic Medicine</i> , 2013 , 30, 767-77	3.5	405
84	Biochemical markers of recombinant human insulin-like growth factor-I (rhIGF-I)/rhIGF binding protein-3 (rhIGFBP-3) misuse in athletes. <i>Drug Testing and Analysis</i> , 2013 , 5, 843-9	3.5	11
83	Alcohol-associated risks for young adults with Type 1 diabetes: a narrative review. <i>Diabetic Medicine</i> , 2012 , 29, 434-40	3.5	28
82	Key concepts in screening for depression in people with diabetes. <i>Journal of Affective Disorders</i> , 2012 , 142 Suppl, S72-9	6.6	15
81	The development of decision limits for the implementation of the GH-2000 detection methodology using current commercial insulin-like growth factor-I and amino-terminal pro-peptide of type III collagen assays. <i>Growth Hormone and IGF Research</i> , 2012 , 22, 53-8	2	31
80	Psychosocial support for people with diabetes: past, present and future. <i>Diabetic Medicine</i> , 2012 , 29, 1358-60	3.5	30
79	Weight in infancy and adult calcium absorption as determinants of bone mineral density in adult men: the Hertfordshire cohort study. <i>Calcified Tissue International</i> , 2012 , 91, 416-22	3.9	2
78	The effects of a freeze-thaw cycle and pre-analytical storage temperature on the stability of insulin-like growth factor-I and pro-collagen type III N-terminal propeptide concentrations: Implications for the detection of growth hormone misuse in athletes. <i>Drug Testing and Analysis</i> , 2012 , 4, 455-9	3.5	11
77	Screening tools used for measuring depression among people with Type 1 and Type 2 diabetes: a systematic review. <i>Diabetic Medicine</i> , 2012 , 29, 164-75	3.5	92
76	Diabetes and Doping 2012 , 167-191		
75	Psychological Burden of Diabetes and What It Means to People with Diabetes 2012 , 1-22		3
74	Growth hormone doping: a review. <i>Open Access Journal of Sports Medicine</i> , 2011 , 2, 99-111	2.9	7
73	Weight gain and changes in metabolic variables following olanzapine treatment in schizophrenia and bipolar disorder. <i>Clinical Drug Investigation</i> , 2011 , 31, 455-82	3.2	74
72	Antipsychotics and hyperprolactinaemia: mechanisms, consequences and management. <i>Clinical Endocrinology</i> , 2011 , 74, 141-7	3.4	47
71	Beyond reasonable doubt: catching the drug cheats at the London Olympic. <i>Significance</i> , 2011 , 8, 5-9	0.5	
70	Screening for gestational diabetes mellitus: cost-utility of different screening strategies based on a woman's individual risk of disease. <i>Diabetologia</i> , 2011 , 54, 256-63	10.3	33
69	Detecting growth hormone abuse in athletes. <i>Analytical and Bioanalytical Chemistry</i> , 2011 , 401, 449-62	4.4	25

68	The use of growth hormone (GH)-dependent markers in the detection of GH abuse in sport: Physiological intra-individual variation of IGF-I, type 3 pro-collagen (P-III-P) and the GH-2000 detection score. <i>Clinical Endocrinology</i> , 2010 , 72, 520-6	3.4	39
67	The use of growth hormone (GH)-dependent markers in the detection of GH abuse in sport: physiological intra-individual variation of IGF-I, type 3 pro-collagen (P-III-P) and the GH- 2000 detection score: authors' response. <i>Clinical Endocrinology</i> , 2010 , 73, 274	3.4	3
66	Bromocriptine: old drug, new formulation and new indication. <i>Diabetes, Obesity and Metabolism</i> , 2010 , 12, 1048-57	6.7	65
65	The prevalence of undiagnosed metabolic abnormalities in people with serious mental illness. <i>Journal of Psychopharmacology</i> , 2010 , 24, 867-73	4.6	52
64	The fifth UK paediatric diabetes services survey: meeting guidelines and recommendations?. <i>Archives of Disease in Childhood</i> , 2010 , 95, 837-40	2.2	36
63	The GH-2004 project: the response of IGF1 and type III pro-collagen to the administration of exogenous GH in non-Caucasian amateur athletes. <i>European Journal of Endocrinology</i> , 2010 , 163, 45-54	6.5	23
62	Gestational diabetes mellitus: NICE for the U.S.? A comparison of the American Diabetes Association and the American College of Obstetricians and Gynecologists Guidelines With the U.K. National Institute for Health and clinical excellence guidelines: response to Simmons et al. <i>Diabetes Care</i> , 2010 , 33, e46-7; author reply e48	14.6	3
61	Insulin-like growth factor I and insulin and their abuse in sport. <i>Endocrinology and Metabolism Clinics of North America</i> , 2010 , 39, 33-43, viii	5.5	6
