

George Ellison

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1875737/george-ellison-publications-by-year.pdf>

Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

101 papers	2,144 citations	23 h-index	43 g-index
107 ext. papers	2,625 ext. citations	3.5 avg, IF	4.91 L-index

#	Paper	IF	Citations
101	Structural and Attitudinal Barriers to Bicycle Ownership and Cycle-Based Transport in Gauteng, South Africa. <i>Transportation in Developing Economies</i> , 2022 , 8, 1	1.2	1
100	Caste in Muslim Pakistan: a structural determinant of inequities in the uptake of maternal health services.. <i>Sexual and Reproductive Health Matters</i> , 2022 , 29, 2035516	2.4	
99	How might bicycle ownership/access and cycling expertise influence the design of cycling promotion interventions at the University of Johannesburg?. <i>Journal of American College Health</i> , 2021 , 69, 842-850	2.2	1
98	Latent class regression improves the predictive acuity and clinical utility of survival prognostication amongst chronic heart failure patients. <i>PLoS ONE</i> , 2021 , 16, e0243674	3.7	
97	Use of directed acyclic graphs (DAGs) to identify confounders in applied health research: review and recommendations. <i>International Journal of Epidemiology</i> , 2021 , 50, 620-632	7.8	45
96	COVID-19 and the epistemology of epidemiological models at the dawn of AI. <i>Annals of Human Biology</i> , 2020 , 47, 506-513	1.7	2
95	Introducing Johannesburg's new cycle lanes to potential student users: experiences, impact and recommendations. <i>Journal of American College Health</i> , 2020 , 1-12	2.2	1
94	Johannesburg's 'poor housing, good health' paradox: the role of health status assessment, statistical modelling, residential context and migrant status. <i>Public Health</i> , 2020 , 186, 257-264	4	0
93	The Classification of South Africa's Mixed-Heritage Peoples 1910-2011: A Century of Conflation, Contradiction, Containment, and Contention 2020 , 425-455		2
92	Intervention differential effects and regression to the mean in studies where sample selection is based on the initial value of the outcome variable: an evaluation of methods illustrated in weight-management studies. <i>Biostatistics and Epidemiology</i> , 2020 , 4, 172-188	0.8	2
91	Life expectancy and the Global Burden of Disease 1990-2016: little cause for complacency. <i>Annals of Human Biology</i> , 2019 , 46, 193-195	1.7	
90	The Authors Respond. <i>Epidemiology</i> , 2019 , 30, e26-e27	3.1	
89	The Association Between Childhood Leukemia and Population Mixing: An Artifact of Focusing on Clusters?. <i>Epidemiology</i> , 2019 , 30, 75-82	3.1	8
88	The ambiguities of "race" in UK science, social policy and political discourse. <i>Journal of Anthropological Sciences</i> , 2017 , 95, 299-306	0.6	1
87	Robust causal inference using directed acyclic graphs: the R package 'dagitty'. <i>International Journal of Epidemiology</i> , 2016 , 45, 1887-1894	7.8	467
86	Poverty, disability and self-reported health amongst residents and migrants in Gauteng, South Africa. <i>Annals of Human Biology</i> , 2016 , 43, 131-43	1.7	1
85	Obstacles to "race equality" in the English National Health Service: Insights from the healthcare commissioning arena. <i>Social Science and Medicine</i> , 2016 , 152, 102-10	5.1	30

84	A call for transparency in the evaluation of global maternal health projects. <i>Lancet, The</i> , 2016 , 388, 461	40	5
83	Analysis of Continuous Glucose Monitoring in Pregnant Women With Diabetes: Distinct Temporal Patterns of Glucose Associated With Large-for-Gestational-Age Infants. <i>Diabetes Care</i> , 2015 , 38, 1319-25	14.6	64
82	Improving maternal health in Pakistan: toward a deeper understanding of the social determinants of poor women's access to maternal health services. <i>American Journal of Public Health</i> , 2014 , 104 Suppl 1, S17-24	5.1	28
81	Prospects for progress on health inequalities in England in the post-primary care trust era: professional views on challenges, risks and opportunities. <i>BMC Public Health</i> , 2013 , 13, 274	4.1	11
80	Seasonal variation in blood pressure is modulated by gender and age but not by BMI in a large Taiwanese population, 1996-2006. <i>Journal of the American Society of Hypertension</i> , 2013 , 7, 216-28		15
79	Principles for research on ethnicity and health: the Leeds Consensus Statement. <i>European Journal of Public Health</i> , 2013 , 23, 504-10	2.1	36
78	Aligning JSNA and EDS: benefits for minority ethnic communities?. <i>Journal of Integrated Care</i> , 2013 , 21, 77-90	0.7	1
77	Altruism and participation in longitudinal health research? Insights from the Whitehall II Study. <i>Social Science and Medicine</i> , 2012 , 75, 2345-52	5.1	29
76	Confounding and Causal Path Diagrams 2012 , 1-13		4
75	Can the quality of social research on ethnicity be improved through the introduction of guidance? Findings from a research commissioning pilot exercise. <i>International Journal of Social Research Methodology: Theory and Practice</i> , 2012 , 15, 385-401	2.8	4
74	The burden of infertility among HIV-positive couples in South Africa: the available evidence. <i>South African Medical Journal</i> , 2010 , 100, 354-6	1.5	
73	Ratio index variables or ANCOVA? Fisher's cats revisited. <i>Pharmaceutical Statistics</i> , 2010 , 9, 77-83	1	2
72	Social research for a multiethnic population: do the research ethics and standards guidelines of UK Learned Societies address this challenge?. <i>Twenty - First Century Society</i> , 2009 , 4, 53-81		8
71	Cholesterol levels in later life amongst UK Channel Islanders exposed to the 1940-45 German occupation as children, adolescents and young adults. <i>Nutrition and Health</i> , 2009 , 20, 91-105	2.1	7
70	Conditions in the Channel Islands during the 1940-45 German Occupation and their impact on the health of islanders: A systematic review of published reports and first-hand accounts. <i>Hygiea Internationalis</i> , 2009 , 8, 51-80		1
69	Cardiovascular disease in a cohort exposed to the 1940-45 Channel Islands occupation. <i>BMC Public Health</i> , 2008 , 8, 303	4.1	19
68	Social Inclusivity VS Analytical Acuity? A Qualitative Study of UK Researchers Regarding the Inclusion of Minority Ethnic Groups in Biobanks. <i>Medical Law International</i> , 2008 , 9, 169-190	0.7	5
67	A qualitative exploration of the production of Hospital Episode Statistics in a Guernsey hospital: implications for regional comparisons of UK health data. <i>Health Services Management Research</i> , 2008 , 21, 178-84	1	8

66	The standardization of race and ethnicity in biomedical science editorials and UK biobanks. <i>Social Studies of Science</i> , 2008 , 38, 407-23	2.4	63
65	Flaws in the U.S. Food and Drug Administration's rationale for supporting the development and approval of BiDil as a treatment for heart failure only in black patients. <i>Journal of Law, Medicine and Ethics</i> , 2008 , 36, 449-57	1.2	13
64	Genotyping the future: scientists' expectations about race/ ethnicity after BiDil. <i>Journal of Law, Medicine and Ethics</i> , 2008 , 36, 464-70	1.2	17
63	What evidence is there that adjustment for adult height influences the relationship between birth weight and blood pressure?. <i>Annals of Human Biology</i> , 2007 , 34, 252-64	1.7	2
62	A patient survey of out-of-hours care provided by Emergency Care Practitioners. <i>BMC Emergency Medicine</i> , 2007 , 7, 4	2.4	13
61	The impact of the Occupation of Guernsey 1940-1945 on breast cancer risk factors and incidence. <i>International Journal of Clinical Practice</i> , 2007 , 61, 937-43	2.9	17
60	Health, wealth and IQ in sub-Saharan Africa: challenges facing the 'Savanna Principle' as an explanation for global inequalities in health. <i>British Journal of Health Psychology</i> , 2007 , 12, 191-227	8.3	4
59	Revisiting the interaction between birth weight and current body size in the foetal origins of adult disease. <i>European Journal of Epidemiology</i> , 2007 , 22, 565-75	12.1	7
58	Racial categories in medicine: a failure of evidence-based practice?. <i>PLoS Medicine</i> , 2007 , 4, e287	11.6	31
57	Home births and birth outcomes: midwifery in pre-war Guernsey. <i>British Journal of Midwifery</i> , 2007 , 15, 332-336	0.3	3
56	Integrating services for public health: challenges facing multidisciplinary partnership working. <i>Public Health</i> , 2007 , 121, 546-8	4	4
55	Can Science Alone Improve the Measurement and Communication of Race and Ethnicity in Genetic Research? Exploring the Strategies Proposed by Nature Genetics. <i>BioSocieties</i> , 2006 , 1, 313-324	1.5	11
54	Anthropological insights into the use of race/ethnicity to explore genetic contributions to disparities in health. <i>Journal of Biosocial Science</i> , 2006 , 38, 83-102	1.6	18
53	The impact of early retirement on perceptions of life at work and at home: qualitative analyses of British civil servants participating in the Whitehall II Retirement Study. <i>International Journal of Aging and Human Development</i> , 2006 , 63, 187-216	1.8	8
52	Patients' experiences of care provided by emergency care practitioners and traditional ambulance practitioners: a survey from the London Ambulance Service. <i>Emergency Medicine Journal</i> , 2006 , 23, 865-6	1.5	18
51	Growth, current size and the role of the 'reversal paradox' in the foetal origins of adult disease: an illustration using vector geometry. <i>Epidemiologic Perspectives and Innovations</i> , 2006 , 3, 9		13
50	Medicine in black and white: BiDil : race and the limits of evidence-based medicine. <i>Significance</i> , 2006 , 3, 118-121	0.5	3
49	What is the effect of adjusting for more than one measure of current body size on the relation between birthweight and blood pressure?. <i>Journal of Human Hypertension</i> , 2006 , 20, 646-57	2.6	13

48	The Truth Will Out. <i>Society for the Study of Human Biology</i> , 2006 , 157-179		3
47	Work, retirement and physical activity: cross-sectional analyses from the Whitehall II study. <i>European Journal of Public Health</i> , 2005 , 15, 317-22	2.1	61
46	Growth of Jersey schoolchildren during the 1940-1945 German occupation: comparison with schoolchildren on mainland Britain. <i>Human Biology</i> , 2005 , 77, 761-72	1.2	7
45	Exploring the evidence-practice gap: a workshop report on mixed and participatory training for HIV prevention in Southern Africa. <i>Education for Health: Change in Learning and Practice</i> , 2005 , 18, 224-35	0.4	6
44	Population profiling and public health risk: When and how should we use race/ethnicity?. <i>Critical Public Health</i> , 2005 , 15, 65-74	2.6	22
43	Why evidence for the fetal origins of adult disease might be a statistical artifact: the "reversal paradox" for the relation between birth weight and blood pressure in later life. <i>American Journal of Epidemiology</i> , 2005 , 161, 27-32	3.8	194
42	TU ET AL. REPLY. <i>American Journal of Epidemiology</i> , 2005 , 162, 293-293	3.8	
41	Palliative care stress in a UK community hospital: evaluation of a stress-reduction programme. <i>International Journal of Palliative Nursing</i> , 2004 , 10, 296-304	0.9	24
40	Postscript: reflections on HIV/AIDS and history 2003 , 268-292		1
39	Introduction. Learning from HIV and AIDS: from multidisciplinary to interdisciplinarity 2003 , 1-31		1
38	What have clinicians learnt from working with HIV/AIDS? A medical perspective from London 2003 , 111-147		1
37	Letting the Gini out of the bottle? Challenges facing the relative income hypothesis. <i>Social Science and Medicine</i> , 2002 , 54, 561-76	5.1	59
36	Why did they blame the respondents?. <i>Annals of Human Biology</i> , 2002 , 29, 219-20; author reply 221-2	1.7	1
35	Determinants of the availability and accuracy of self-reported birth weight in middle-aged and elderly women. <i>American Journal of Epidemiology</i> , 2002 , 155, 379-84	3.8	34
34	Social identities and the 'new genetics': Scientific and social consequences. <i>Critical Public Health</i> , 2002 , 12, 265-282	2.6	27
33	Gestational weight gain and maternal obesity. <i>Nutrition Bulletin</i> , 2000 , 25, 295-302	3.5	1
32	An inverse relation between blood pressure and birth weight among 5 year old children from Soweto, South Africa. <i>Journal of Epidemiology and Community Health</i> , 1999 , 53, 264-8	5.1	50
31	Relative importance of heritable characteristics and lifestyle in the development of maternal obesity. <i>Journal of Epidemiology and Community Health</i> , 1999 , 53, 66-74	5.1	30

30	Can audiovisual presentations be used to provide health education at primary health care facilities in South Africa?. <i>Health Education Journal</i> , 1999 , 58, 146-156	1.5	5
29	Income inequality, social trust, and self-reported health status in high-income countries. <i>Annals of the New York Academy of Sciences</i> , 1999 , 896, 325-8	6.5	4
28	Do the psychosocial and behavioral changes that accompany motherhood influence the impact of pregnancy on long-term weight gain?. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 1999 , 20, 65-79	3.6	63
27	Practical approaches for estimating prepregnant body weight. <i>Journal of Nurse-midwifery</i> , 1998 , 43, 97-101		40
26	How accurate are antenatal weight measurements? A survey of hospital and community clinics in a South Thames Region NHS Trust. <i>Paediatric and Perinatal Epidemiology</i> , 1998 , 12, 163-75	2.7	6
25	Caesarean section rates in South Africa: evidence of bias among different 'population groups'. <i>Ethnicity and Health</i> , 1998 , 3, 71-9	2.2	14
24	Are overweight women at increased risk of obesity following pregnancy?. <i>British Journal of Nutrition</i> , 1998 , 79, 489-94	3.6	15
23	Do the changes in energy balance that occur during pregnancy predispose parous women to obesity?. <i>Nutrition Research Reviews</i> , 1997 , 10, 57-81	7	36
22	Is there an independent association between parity and maternal weight gain?. <i>Annals of Human Biology</i> , 1997 , 24, 507-19	1.7	50
21	The impact of pregnancy on the long-term weight gain of primiparous women in England. <i>International Journal of Obesity</i> , 1997 , 21, 747-55	5.5	55
20	The use of maternal weight measurements during antenatal care. A national survey of midwifery practice throughout the United Kingdom. <i>Journal of Evaluation in Clinical Practice</i> , 1997 , 3, 303-17	2.5	23
19	Methodological Considerations in the Design of an Obstetric Database Abstracted from Medical Records. <i>Methods of Information in Medicine</i> , 1997 , 36, 191-200	1.5	7
18	Why do pouched mice (<i>Saccostomus campestris</i>) hoard food?. <i>Physiology and Behavior</i> , 1996 , 59, 375-81	3.5	5
17	Prenatal nutrition counseling: two caveats. <i>Journal of the American Dietetic Association</i> , 1996 , 96, 448-50		4
16	Is nest building an important component of thermoregulatory behaviour in the pouched mouse (<i>Saccostomus campestris</i>)?. <i>Physiology and Behavior</i> , 1995 , 57, 693-7	3.5	12
15	Inter- and Intraindividual Variation in Daily Energy Expenditure of the Pouched Mouse (<i>Saccostomus campestris</i>). <i>Functional Ecology</i> , 1994 , 8, 336	5.6	62
14	Interactive effects of temperature and photoperiod on the daily activity and energy metabolism of pouched mice (<i>Saccostomus campestris</i> : Cricetidae) from southern Africa. <i>Journal of Comparative Physiology B: Biochemical, Systemic, and Environmental Physiology</i> , 1994 , 164, 62-8	2.2	2
13	Climatic Adaptation of Body Size Among Pouched Mice (<i>Saccostomus campestris</i> : Cricetidae) in the Southern African Subregion. <i>Global Ecology and Biogeography Letters</i> , 1993 , 3, 41		22

12	Group size, burrow structure and hoarding activity of pouched mice (<i>Saccostomus campestris</i> : Cricetidae) in southern Africa. <i>African Journal of Ecology</i> , 1993 , 31, 135-155	0.8	22
11	Is the annual cycle in body weight of pouched mice (<i>Saccostomus campestris</i>) the result of seasonal changes in audit size or population structure?. <i>Journal of Zoology</i> , 1993 , 229, 545-551	2	10
10	Evidence of climatic adaptation in spontaneous torpor among Pouched mice <i>Saccostomus campestris</i> from southern Africa. <i>Acta Theriologica</i> , 1993 , 38, 49-59		3
9	The relative importance of photoperiod and temperature as cues for seasonal acclimation of thermoregulation in pouched mice (<i>Saccostomus campestris</i> : Cricetidae) from southern Africa. <i>Journal of Comparative Physiology B: Biochemical, Systemic, and Environmental Physiology</i> , 1992 , 162, 740-6	2.2	17
8	The influence of ambient temperature on spontaneous daily torpor in pouched mice (<i>Saccostomus campestris</i> : RodentiaCricetidae) from Southern Africa. <i>Journal of Thermal Biology</i> , 1992 , 17, 25-31	2.9	23
7	Seasonal energy requirements and thermoregulation of growing pouched mice, <i>Saccostomus campestris</i> (Cricetidae). <i>International Journal of Biometeorology</i> , 1991 , 35, 98-102	3.7	8
6	The effect of seasonal food restriction on activity, metabolism and torpor in the South African hedgehog (<i>Atelerix frontalis</i>). <i>Journal of Zoology</i> , 1991 , 223, 117-130	2	9
5	Ringtail in the pouched mouse (<i>Saccostomus campestris</i>). <i>Laboratory Animals</i> , 1990 , 24, 205-6	2.6	11
4	The effect of scavenger mutilation on insect succession at impala carcasses in southern Africa. <i>Journal of Zoology</i> , 1990 , 220, 679-688	2	12
3	Use of directed acyclic graphs (DAGs) in applied health research: review and recommendations		15
2	Introducing causal inference to the medical curriculum using temporal logic to draw directed acyclic graphs		1
1	Might Temporal Logic Improve the Specification of Directed Acyclic Graphs (DAGs)?. <i>Journal of Statistics and Data Science Education</i> , 1-12		0
