#	Paper	IF	Citations
86	Correlates of weight-related self-monitoring application use during emerging adulthood in a population-based sample.. <i>Eating and Weight Disorders</i> , <b>2022</b> , 1	3.6	1
85	Change that Matters: A Health Behavior Change and Behavioral Health Curriculum for Primary Care.. <i>Journal of Clinical Psychology in Medical Settings</i> , <b>2022</b> , 1	2	
84	Using apps to self-monitor diet and physical activity is linked to greater use of disordered eating behaviors among emerging adults.. <i>Preventive Medicine</i> , <b>2022</b> , 106967	4.3	1
83	Experiences with Public Health Recommendations for COVID-19: A Qualitative Study of Diverse Mothers with Young Children in the United States.. <i>Journal of Communication in Healthcare</i> , <b>2022</b> , 15, 64-73	0.9	
82	Participant characteristics and dietary correlates of SNAP and other assistance programs among families with children from racially and ethnically diverse households.. <i>Appetite</i> , <b>2022</b> , 174, 106015	4.5	0
81	Associations between severe food insecurity and disordered eating behaviors from adolescence to young adulthood: Findings from a 10-year longitudinal study. <i>Preventive Medicine</i> , <b>2021</b> , 154, 106895	4.3	2
80	Changes to the home food environment and parent feeding practices during the COVID-19 pandemic: A qualitative exploration. <i>Appetite</i> , <b>2021</b> , 169, 105806	4.5	1
79	CHAOS in the Home Environment and Child Weight-Related Outcomes. <i>Journal of the American Board of Family Medicine</i> , <b>2021</b> , 34, 1163-1173	1.6	
78	Primary care providers' perspectives on initiating childhood obesity conversations: a qualitative study. <i>Family Practice</i> , <b>2021</b> , 38, 460-467	1.9	1
77	Self-weighing among young adults: who weighs themselves and for whom does weighing affect mood? A cross-sectional study of a population-based sample. <i>Journal of Eating Disorders</i> , <b>2021</b> , 9, 37	4.1	1
76	Lipid Levels in Refugees from Burma. <i>Journal of Community Health</i> , <b>2021</b> , 46, 1083-1089	4	
75	Associations between parental perception of- and concern about-child weight and use of specific food-related parenting practices. <i>Appetite</i> , <b>2021</b> , 160, 105068	4.5	2
74	Understanding the impact of the COVID-19 pandemic on stress, mood, and substance use among young adults in the greater Minneapolis-St. Paul area: Findings from project EAT. <i>Social Science and Medicine</i> , <b>2021</b> , 276, 113826	5.1	8
73	Ecological Momentary Assessment of Weight-Related Behaviors in the Home Environment of Children From Low-Income and Racially and Ethnically Diverse Households: Development and Usability Study. <i>JMIR Research Protocols</i> , <b>2021</b> , 10, e30525	2	1
72	Concordance of children's intake of selected food groups as reported by parents via 24-h dietary recall and ecological momentary assessment. <i>Public Health Nutrition</i> , <b>2021</b> , 24, 22-33	3.3	1
71	Family meal characteristics in racially/ethnically diverse and immigrant/refugee households by household food security status: A mixed methods study. <i>Appetite</i> , <b>2021</b> , 157, 105000	4.5	4
70	The longitudinal relationship between family and peer teasing in young adulthood and later unhealthy weight control behaviors: The mediating role of body image. <i>International Journal of Eating Disorders</i> , <b>2021</b> , 54, 831-840	6.3	5

69	Kitchen Adequacy and Child Diet Quality in a Racially/Ethnically Diverse Sample. <i>Ecology of Food and Nutrition</i> , <b>2021</b> , 1-9	1.9	0
68	Body dissatisfaction and disordered eating are prevalent problems among U.S. young people from diverse socioeconomic backgrounds: Findings from the EAT 2010-2018 study. <i>Eating Behaviors</i> , <b>2021</b> , 42, 101535	3	3
67	Expanding Family Medicine Scholarship to All Faculty: The Minnesota Model for Harmonizing Clinical Care, Education, and Research Missions. <i>Journal of the American Board of Family Medicine</i> , <b>2021</b> , 34, 1055-1065	1.6	0
66	First, Do No Harm: Understanding Primary Care Providers' Perception of Risks Associated With Discussing Weight With Pediatric Patients. <i>Global Pediatric Health</i> , <b>2021</b> , 8, 2333794X211040979	1.2	1
65	Food Insecurity and Eating Disorders: a Review of Emerging Evidence. <i>Current Psychiatry Reports</i> , <b>2020</b> , 22, 74	9.1	27
64	Associations between parent and child physical activity and eating behaviours in a diverse sample: an ecological momentary assessment study. <i>Public Health Nutrition</i> , <b>2020</b> , 23, 2728-2736	3.3	2
63	Associations Between Parent Self-Reported and Accelerometer-Measured Physical Activity and Sedentary Time in Children: Ecological Momentary Assessment Study. <i>JMIR MHealth and UHealth</i> , <b>2020</b> , 8, e15458	5.5	4
62	Ecological momentary assessment of the snacking environments of children from racially/ethnically diverse households. <i>Appetite</i> , <b>2020</b> , 145, 104497	4.5	7
61	Acceptance of a meal kit programme in an outpatient paediatric weight management clinic: A qualitative pilot study. <i>Clinical Obesity</i> , <b>2020</b> , 10, e12371	3.6	4
60	Integration as a Tool for Interprofessional Work: A Synthesis of the Literature Regarding How to Use Integrative Strategies to Address Complex Public Health Problems. <i>Journal of Interprofessional Education and Practice</i> , <b>2020</b> , 21, 100383-100383	0.6	0
59	Associations between parental stress, parent feeding practices, and child eating behaviors within the context of food insecurity. <i>Preventive Medicine Reports</i> , <b>2020</b> , 19, 101146	2.6	11
58	Does exposure to controlling parental feeding practices during adolescence predict disordered eating behaviors 8 years later in emerging adulthood?. <i>Pediatric Obesity</i> , <b>2020</b> , 15, e12709	4.6	10
57	Staff Training Interests, Barriers, and Preferences in Rural and Urban Child Care Programs in Minnesota. <i>Journal of Nutrition Education and Behavior</i> , <b>2019</b> , 51, 335-341	2	4
56	Examining Predictors of Watching Television During Family Meals in a Diverse Sample. <i>Journal of Nutrition Education and Behavior</i> , <b>2019</b> , 51, 1113-1120	2	1
55	Ecological Momentary Assessment of the Breakfast, Lunch, and Dinner Family Meal Environment in Racially/Ethnically Diverse and Immigrant Households. <i>Journal of Nutrition Education and Behavior</i> , <b>2019</b> , 51, 658-676	2	11
54	Application of latent profile analysis to define subgroups of parenting styles and food parenting practices. <i>Appetite</i> , <b>2019</b> , 139, 8-18	4.5	9
53	Compared to Pre-prepared Meals, Fully and Partly Home-Cooked Meals in Diverse Families with Young Children Are More Likely to Include Nutritious Ingredients. <i>Journal of the Academy of Nutrition and Dietetics</i> , <b>2019</b> , 119, 818-830	3.9	20
52	The intergenerational transmission of family meal practices: a mixed-methods study of parents of young children. <i>Public Health Nutrition</i> , <b>2019</b> , 22, 1269-1280	3.3	3

51	The Mastery Matrix for Integration Praxis: The development of a rubric for integration practice in addressing weight-related public health problems. <i>Preventive Medicine</i> , <b>2018</b> , 111, 78-86	4.3	1
50	A Qualitative Exploration Into the Parent-Child Feeding Relationship: How Parents of Preschoolers Divide the Responsibilities of Feeding With Their Children. <i>Journal of Nutrition Education and Behavior</i> , <b>2018</b> , 50, 655-667	2	13
49	Nutrition Facts Use in Relation to Eating Behaviors and Healthy and Unhealthy Weight Control Behaviors. <i>Journal of Nutrition Education and Behavior</i> , <b>2018</b> , 50, 267-274.e1	2	8
48	Physical Activity and Sociodemographic Correlates of Adolescent Exergamers. <i>Journal of Adolescent Health</i> , <b>2018</b> , 62, 630-632	5.8	2
47	Change in the implementation of healthy nutrition and physical activity best practices in Minnesota early care settings: A longitudinal cohort study (2010-2016). <i>Preventive Medicine Reports</i> , <b>2018</b> , 10, 234-241	2.6	5
46	Parent-child health- and weight-focused conversations: Who is saying what and to whom?. <i>Appetite</i> , <b>2018</b> , 126, 114-120	4.5	10
45	The Transmission of Family Food and Mealtime Practices From Adolescence to Adulthood: Longitudinal Findings From Project EAT-IV. <i>Journal of Nutrition Education and Behavior</i> , <b>2018</b> , 50, 141-147.e1	2	19
44	A qualitative exploration into momentary impacts on food parenting practices among parents of pre-school aged children. <i>Appetite</i> , <b>2018</b> , 130, 35-44	4.5	18
43	Examining variability in parent feeding practices within a low-income, racially/ethnically diverse, and immigrant population using ecological momentary assessment. <i>Appetite</i> , <b>2018</b> , 127, 110-118	4.5	21
42	An Integrated Approach to Eating Disorders and Obesity Prevention: What Has the Research Taught Us? <b>2018</b> , 228-244		
41	Intergenerational transmission of family meal patterns from adolescence to parenthood: longitudinal associations with parents's dietary intake, weight-related behaviours and psychosocial well-being. <i>Public Health Nutrition</i> , <b>2018</b> , 21, 299-308	3.3	22
40	Patterns of weight control behavior persisting beyond young adulthood: Results from a 15-year longitudinal study. <i>International Journal of Eating Disorders</i> , <b>2018</b> , 51, 1090-1097	6.3	22
39	Stability and change in patterns of eating disorder symptoms from adolescence to young adulthood. <i>International Journal of Eating Disorders</i> , <b>2017</b> , 50, 748-757	6.3	36
38	An Exploration of How Family Dinners Are Served and How Service Style Is Associated With Dietary and Weight Outcomes in Children. <i>Journal of Nutrition Education and Behavior</i> , <b>2017</b> , 49, 513-518.e1	2	11
37	Healthy Eating and Activity Across the Lifespan (HEAL): A call to action to integrate research, clinical practice, policy, and community resources to address weight-related health disparities. <i>Preventive Medicine</i> , <b>2017</b> , 101, 199-203	4.3	6
36	Management of Childhood Obesity and Overweight in Primary Care Visits: Gaps Between Recommended Care and Typical Practice. <i>Current Nutrition Reports</i> , <b>2017</b> , 6, 307-314	6	2
35	Significant others' weight-related comments and their associations with weight-control behavior, muscle-enhancing behavior, and emotional well-being. <i>Families, Systems and Health</i> , <b>2017</b> , 35, 474-485	0.7	11
34	Family dinner frequency interacts with dinnertime context in associations with child and parent BMI outcomes. <i>Journal of Family Psychology</i> , <b>2017</b> , 31, 945-951	2.7	19

33	Could the resource depletion model of self-control help the field to better understand momentary processes that lead to binge eating?. <i>International Journal of Eating Disorders</i> , <b>2016</b> , 49, 998-1001	6.3	13
32	Associations Between Food Restriction and Pressure-to-Eat Parenting Practices and Dietary Intake in Children: a Selective Review of the Recent Literature. <i>Current Nutrition Reports</i> , <b>2016</b> , 5, 61-67	6	25
31	Characteristics of a Favorable Weight Status Change From Adolescence to Young Adulthood. <i>Journal of Adolescent Health</i> , <b>2016</b> , 58, 403-409	5.8	12
30	Socioeconomic differences in overweight and weight-related behaviors across adolescence and young adulthood: 10-year longitudinal findings from Project EAT. <i>Preventive Medicine</i> , <b>2016</b> , 87, 194-199	4.3	37
29	Do Parents Treat Siblings Similarly or Differently with Regard to Feeding Practices, Weight-Related Conversations, and Support for Physical Activity? An Exploratory Analysis. <i>Childhood Obesity</i> , <b>2016</b> , 12, 87-93	2.5	6
28	Food availability, modeling and restriction: How are these different aspects of the family eating environment related to adolescent dietary intake?. <i>Appetite</i> , <b>2016</b> , 96, 80-86	4.5	74
27	Overeating and binge eating in emerging adulthood: 10-year stability and risk factors. <i>Developmental Psychology</i> , <b>2016</b> , 52, 475-83	3.7	47
26	Factors Predicting an Escalation of Restrictive Eating During Adolescence. <i>Journal of Adolescent Health</i> , <b>2016</b> , 59, 391-6	5.8	36
25	Parent-adolescent conversations about eating, physical activity and weight: prevalence across sociodemographic characteristics and associations with adolescent weight and weight-related behaviors. <i>Journal of Behavioral Medicine</i> , <b>2015</b> , 38, 122-35	3.6	50
24	Disordered eating and psychological well-being in overweight and nonoverweight adolescents: secular trends from 1999 to 2010. <i>International Journal of Eating Disorders</i> , <b>2015</b> , 48, 323-7	6.3	39
23	Risk Factors for Disordered Eating in Overweight Adolescents and Young Adults. <i>Journal of Pediatric Psychology</i> , <b>2015</b> , 40, 1048-55	3.2	41
22	Does Body Satisfaction Help or Harm Overweight Teens? A 10-Year Longitudinal Study of the Relationship Between Body Satisfaction and Body Mass Index. <i>Journal of Adolescent Health</i> , <b>2015</b> , 57, 559-61	5.8	24
21	Parent/Adolescent Weight Status Concordance and Parent Feeding Practices. <i>Pediatrics</i> , <b>2015</b> , 136, e591-4	7.4	14
20	Self-Weighing Throughout Adolescence and Young Adulthood: Implications for Well-Being. <i>Journal of Nutrition Education and Behavior</i> , <b>2015</b> , 47, 506-515.e1	2	8
19	Overeating with and without loss of control: Associations with weight status, weight-related characteristics, and psychosocial health. <i>International Journal of Eating Disorders</i> , <b>2015</b> , 48, 1150-7	6.3	35
18	Family meals and disordered eating in adolescents: are the benefits the same for everyone?. <i>International Journal of Eating Disorders</i> , <b>2015</b> , 48, 100-10	6.3	21
17	Time 2 talk 2nite: use of electronic media by adolescents during family meals and associations with demographic characteristics, family characteristics, and foods served. <i>Journal of the Academy of Nutrition and Dietetics</i> , <b>2014</b> , 114, 1053-1058	3.9	37
16	Predictors of dieting and disordered eating behaviors from adolescence to young adulthood. <i>Journal of Adolescent Health</i> , <b>2014</b> , 55, 705-12	5.8	67

15	The course of binge eating from adolescence to young adulthood. <i>Health Psychology</i> , <b>2014</b> , 33, 457-60	5	47
14	Are food restriction and pressure-to-eat parenting practices associated with adolescent disordered eating behaviors?. <i>International Journal of Eating Disorders</i> , <b>2014</b> , 47, 310-4	6.3	56
13	What's for dinner? Types of food served at family dinner differ across parent and family characteristics. <i>Public Health Nutrition</i> , <b>2014</b> , 17, 145-55	3.3	86
12	Eat this, not that! Parental demographic correlates of food-related parenting practices. <i>Appetite</i> , <b>2013</b> , 60, 140-147	4.5	86
11	Intuitive eating in young adults. Who is doing it, and how is it related to disordered eating behaviors?. <i>Appetite</i> , <b>2013</b> , 60, 13-19	4.5	107
10	Parent conversations about healthful eating and weight: associations with adolescent disordered eating behaviors. <i>JAMA Pediatrics</i> , <b>2013</b> , 167, 746-53	8.3	89
9	Food-related parenting practices and adolescent weight status: a population-based study. <i>Pediatrics</i> , <b>2013</b> , 131, e1443-50	7.4	100
8	Family meals. Associations with weight and eating behaviors among mothers and fathers. <i>Appetite</i> , <b>2012</b> , 58, 1128-35	4.5	79
7	Body satisfaction during pregnancy. <i>Body Image</i> , <b>2011</b> , 8, 297-300	7.4	48
6	Dieting and disordered eating behaviors from adolescence to young adulthood: findings from a 10-year longitudinal study. <i>Journal of the American Dietetic Association</i> , <b>2011</b> , 111, 1004-11		445
5	Weight status and emotional well-being: longitudinal findings from Project EAT. <i>Journal of Pediatric Psychology</i> , <b>2011</b> , 36, 216-25	3.2	22
4	Informing family approaches to eating disorder prevention: perspectives of those who have been there. <i>International Journal of Eating Disorders</i> , <b>2009</b> , 42, 146-52	6.3	25
3	Stressful life events and disordered eating behaviors: findings from Project EAT. <i>Journal of Adolescent Health</i> , <b>2008</b> , 43, 514-6	5.8	53
2	Associations Between Parent Self-Reported and Accelerometer-Measured Physical Activity and Sedentary Time in Children: Ecological Momentary Assessment Study (Preprint)		1
1	Social Isolation in a Population-Based Sample of Emerging Adults: Who Is on Their Own?. <i>Emerging Adulthood</i> , 216769682110216	1.2	1
