#	ARTICLE	IF	CITATIONS
1	Building a Pan-Canadian Primary Care Sentinel Surveillance Network: Initial Development and Moving Forward. <i>Journal of the American Board of Family Medicine</i> , 2009, 22, 412-422.	0.8	109
2	Prevalence and Epidemiology of Diabetes in Canadian Primary Care Practices: A Report from the Canadian Primary Care Sentinel Surveillance Network. <i>Canadian Journal of Diabetes</i> , 2014, 38, 179-185.	0.4	51
3	Association between neighbourhood walkability and metabolic risk factors influenced by physical activity: a cross-sectional study of adults in Toronto, Canada. <i>BMJ Open</i> , 2017, 7, e013889.	0.8	43
4	Our data, our society, our health: A vision for inclusive and transparent health data science in the United Kingdom and beyond. <i>Learning Health Systems</i> , 2019, 3, e10191.	1.1	42
5	Measuring data reliability for preventive services in electronic medical records. <i>BMC Health Services Research</i> , 2012, 12, 116.	0.9	39
6	Impact of the Diabetes Canada Guideline Dissemination Strategy on the Prescription of Vascular Protective Medications: A Retrospective Cohort Study, 2010-2015. <i>Diabetes Care</i> , 2019, 42, 148-156.	4.3	29
7	Implementation of electronic medical records: theory-informed qualitative study. <i>Canadian Family Physician</i> , 2011, 57, e390-7.	0.1	25
8	Trends in diabetes medication use in Australia, Canada, England, and Scotland: a repeated cross-sectional analysis in primary care. <i>British Journal of General Practice</i> , 2021, 71, e209-e218.	0.7	24
9	Are We Asking Patients if They Smoke?. <i>American Journal of Preventive Medicine</i> , 2015, 49, 264-268.	1.6	23
10	Bedtime versus morning use of antihypertensives for cardiovascular risk reduction (BedMed): protocol for a prospective, randomised, open-label, blinded end-point pragmatic trial. <i>BMJ Open</i> , 2022, 12, e059711.	0.8	23
11	Where should automated blood pressure measurements be taken? Pilot RCT of BpTRU measurements taken in private or nonprivate areas of a primary care office. <i>Blood Pressure Monitoring</i> , 2012, 17, 137-138.	0.4	22
12	Ethics and privacy issues of a practice-based surveillance system: need for a national-level institutional research ethics board and consent standards. <i>Canadian Family Physician</i> , 2011, 57, 1165-73.	0.1	19
13	Trends in end digit preference for blood pressure and associations with cardiovascular outcomes in Canadian and UK primary care: a retrospective observational study. <i>BMJ Open</i> , 2019, 9, e024970.	0.8	17
14	Developing a method to estimate practice denominators for a national Canadian electronic medical record database. <i>Family Practice</i> , 2013, 30, 347-354.	0.8	16
15	Guideline harmonization and implementation plan for the BETTER trial: Building on Existing Tools to Improve Chronic Disease Prevention and Screening in Family Practice. <i>CMAJ Open</i> , 2014, 2, E1-E10.	1.1	16
16	Hypertension screening and follow-up in children and adolescents in a Canadian primary care population sample: a retrospective cohort study. <i>CMAJ Open</i> , 2016, 4, E230-E235.	1.1	16
17	Improving care for elderly patients living with polypharmacy: protocol for a pragmatic cluster randomized trial in community-based primary care practices in Canada. <i>Implementation Science</i> , 2019, 14, 55.	2.5	16
18	Participatory governance over research in an academic research network: the case of Diabetes Action Canada. <i>BMJ Open</i> , 2019, 9, e026828.	0.8	16

#	ARTICLE	IF	CITATIONS
19	Using cognitive behavioural therapy in practice: qualitative study of family physicians' experiences. <i>Canadian Family Physician</i> , 2005, 51, 992-3.	0.1	15
20	Using evidence for the care of practice team populations. <i>Canadian Family Physician</i> , 2014, 60, 223.	0.1	15
21	Using a data entry clerk to improve data quality in primary care electronic medical records: a pilot study. <i>Journal of Innovation in Health Informatics</i> , 2011, 19, 241-250.	0.9	14
22	Is glycemia control in Canadians with diabetes individualized? A cross-sectional observational study. <i>BMJ Open Diabetes Research and Care</i> , 2017, 5, e000316.	1.2	12
23	Implementation of electronic medical records: effect on the provision of preventive services in a pay-for-performance environment. <i>Canadian Family Physician</i> , 2011, 57, e381-9.	0.1	12
24	Quality of warfarin management in primary care: Determining the stability of international normalized ratios using a nationally representative prospective cohort. <i>Canadian Family Physician</i> , 2019, 65, 416-425.	0.1	11
25	Non-negative matrix factorization temporal topic models and clinical text data identify COVID-19 pandemic effects on primary healthcare and community health in Toronto, Canada. <i>Journal of Biomedical Informatics</i> , 2022, 128, 104034.	2.5	11
26	Diabetes screening with hemoglobin A1c prior to a change in guideline recommendations: prevalence and patient characteristics. <i>BMC Family Practice</i> , 2011, 12, 91.	2.9	10
27	Angina on the Palm: randomized controlled pilot trial of Palm PDA software for referrals for cardiac testing. <i>Canadian Family Physician</i> , 2005, 51, 382-3.	0.1	10
28	Hospital admission rates and emergency department use in relation to glycated hemoglobin in people with diabetes mellitus: a linkage study using electronic medical record and administrative data in Ontario. <i>CMAJ Open</i> , 2017, 5, E557-E564.	1.1	9
29	Agreement between primary care and hospital diagnosis of schizophrenia and bipolar disorder: A cross-sectional, observational study using record linkage. <i>PLoS ONE</i> , 2019, 14, e0210214.	1.1	9
30	Using EMRs to fuel quality improvement. <i>Canadian Family Physician</i> , 2015, 61, 92, e68-9.	0.1	9
31	Association between socio-economic status and hemoglobin A1c levels in a Canadian primary care adult population without diabetes. <i>BMC Family Practice</i> , 2014, 15, 7.	2.9	8
32	Pharmacist-led sedative-hypnotic deprescribing in team-based primary care practice. <i>Canadian Pharmacists Journal</i> , 2021, 154, 278-284.	0.4	8
33	Implementation of data management and effect on chronic disease coding in a primary care organisation: A parallel cohort observational study. <i>Journal of Innovation in Health Informatics</i> , 2016, 23, 580.	0.9	7
34	Effectiveness of an eHealth self-management tool for older adults with multimorbidity (KeepWell): protocol for a hybrid effectiveness-implementation randomised controlled trial. <i>BMJ Open</i> , 2021, 11, e048350.	0.8	7
35	Sentinel feedback: path to meaningful use of EMRs. <i>Canadian Family Physician</i> , 2012, 58, 1168, e611-2.	0.1	7
36	Do electronic medical records improve quality of care? No. <i>Canadian Family Physician</i> , 2015, 61, 847-9, 852-3.	0.1	7

#	ARTICLE	IF	CITATIONS
37	Overuse of thyroid testing in Canadian and UK primary care in frequent attenders: A cross-sectional study. <i>International Journal of Clinical Practice</i> , 2021, 75, e14144.	0.8	6
38	Who is asked about alcohol consumption? A retrospective cohort study using a national repository of Electronic Medical Records. <i>Preventive Medicine Reports</i> , 2021, 22, 101346.	0.8	6
39	Who are your patients with diabetes?: EMR case definitions in the Canadian primary care setting. <i>Canadian Family Physician</i> , 2012, 58, 804, e421-2.	0.1	6
40	Agreement between hospital and primary care on diagnostic labeling for COPD and heart failure in Toronto, Canada: a cross-sectional observational study. <i>Npj Primary Care Respiratory Medicine</i> , 2018, 28, 9.	1.1	5
41	Getting to usable EMR data. <i>Canadian Family Physician</i> , 2014, 60, 392.	0.1	5
42	Horses and buggies have some advantages over cars, but no one is turning back. <i>Canadian Family Physician</i> , 2015, 61, 416-9.	0.1	5
43	Choosing Wisely Canada campaign associated with less overuse of thyroid testing: Retrospective parallel cohort study. <i>Canadian Family Physician</i> , 2019, 65, e487-e496.	0.1	5
44	Recent trends in adult body mass index and prevalence of excess weight. <i>Canadian Family Physician</i> , 2022, 68, 128-138.	0.1	5
45	Would you like to add a weight after this blood pressure, doctor? <sc>D</sc>iscovery of potentially actionable associations between the provision of multiple screens in primary care. <i>Journal of Evaluation in Clinical Practice</i> , 2018, 24, 423-430.	0.9	4
46	Cardiovascular risk factor documentation and management in primary care electronic medical records among people with schizophrenia in Ontario, Canada: retrospective cohort study. <i>BMJ Open</i> , 2020, 10, e038013.	0.8	4
47	Impact of the diabetes Canada guideline dissemination strategy on dispensed vascular protective medications for older patients in Ontario, Canada: a linked EMR and administrative data study. <i>BMC Health Services Research</i> , 2020, 20, 370.	0.9	3
48	Implementation of targeted screening for poverty in a large primary care team in Toronto, Canada: a feasibility study. <i>BMC Family Practice</i> , 2021, 22, 194.	2.9	3
49	Caring for the whole practice: the future of primary care. <i>Canadian Family Physician</i> , 2013, 59, 800.	0.1	3
50	Bridging a divide: architecture for a joint hospital-primary care data warehouse. <i>Studies in Health Technology and Informatics</i> , 2015, 208, 45-9.	0.2	3
51	Effect of a Group Behavioural Management Program on Emotional Regulation of Food Choices: A Pilot Randomized Controlled Trial. <i>Canadian Journal of Dietetic Practice and Research</i> , 2017, 78, 137-140.	0.5	2
52	Canada's future health care system. <i>Cmaj</i> , 2018, 190, E476-E476.	0.9	2
53	The Impact of Treatment Adherence for Patients With Diabetes and Hypertension on Cardiovascular Disease Risk: Protocol for a Retrospective Cohort Study, 2008-2018. <i>JMIR Research Protocols</i> , 2019, 8, e13571.	0.5	2
54	Practice tips. Chart audits in my practice. <i>Canadian Family Physician</i> , 2006, 52, 451-2.	0.1	2

#	ARTICLE	IF	CITATIONS
55	Practice tips. Cognitive-behavioural therapy in a family practice. Canadian Family Physician, 2002, 48, 701-2.	0.1	2
56	Dangerous ideas: Top 4 proposals presented at Family Medicine Forum. Canadian Family Physician, 2016, 62, 120-1.	0.1	2
57	Association between new-onset anosmia and positive SARS-CoV-2 tests among people accessing outpatient testing in Toronto, Ontario: a retrospective cross-sectional study. CMAJ Open, 2021, 9, E1134-E1140.	1.1	2
58	Improving Health Equity by Screening for Poverty: A Survey of Family Physician Screening Behaviors and Perceptions in Toronto, Canada. Health Equity, 2022, 6, 124-131.	0.8	2
59	Sahaj Samadhi Meditation versus a Health Enhancement Program for depression in chronic pain: protocol for a randomized controlled trial and implementation evaluation. Trials, 2020, 21, 319.	0.7	1
60	2021 PBRN CONFERENCE: "EMBRACING DIVERSITY, EQUITY, AND INCLUSION". Annals of Family Medicine, 2021, 19, 470-471.	0.9	1
61	Practice tips. E-mailing patients. Canadian Family Physician, 2006, 52, 1074.	0.1	1
62	Practice tips. Putting the "Palm" into practice. Canadian Family Physician, 2002, 48, 43-4.	0.1	1
63	New conjugated pneumococcal vaccine. Does it decrease the incidence of acute otitis media? Efficacy of a pneumococcal conjugate vaccine against acute otitis media. Canadian Family Physician, 2002, 48, 1777-9.	0.1	1
64	Practice tips. Website for your family practice. Canadian Family Physician, 2004, 50, 1367-8.	0.1	1
65	Improving diabetes care in my practice. Canadian Family Physician, 2007, 53, 1897.	0.1	1
66	Practice tips. Improving hypertension management in my practice. Canadian Family Physician, 2008, 54, 358-9.	0.1	1
67	Improving the diagnosis of asthma in a primary care practice. Canadian Family Physician, 2012, 58, 773-4, e382-4.	0.1	1
68	Rebuttal: Do electronic medical records improve quality of care? No. Canadian Family Physician, 2015, 61, e436, e438.	0.1	1
69	Health system use among patients with mental health conditions in a community based sample in Toronto, Canada: A retrospective cohort study. PLoS ONE, 2022, 17, e0266377.	1.1	1
70	When should I stop anticoagulation for atrial fibrillation?. Cmaj, 2005, 172, 1437-1437.	0.9	0
71	Integrating research and clinical care must include primary care. Cmaj, 2021, 193, E697-E697.	0.9	0
72	Anticoagulation for atrial fibrillation. Canadian Family Physician, 2005, 51, 1629.	0.1	0

#	ARTICLE	IF	CITATIONS
73	Some positive steps for preventive health. Canadian Family Physician, 2006, 52, 436.	0.1	0
74	Practice tips. Preventing hip fractures in elderly patients. Canadian Family Physician, 2003, 49, 430-1.	0.1	0
75	Practice tips. Colorectal cancer screening in my practice. Canadian Family Physician, 2004, 50, 555.	0.1	0
76	Practice tips: kinder immunizations for babies. Canadian Family Physician, 2007, 53, 2116.	0.1	0
77	Practice tips. Screening and long-term follow-up of depression in my practice. Canadian Family Physician, 2007, 53, 1445.	0.1	0
78	The electronic "pregnancy wheel". Canadian Family Physician, 2009, 55, 169.	0.1	0
79	How tight is too tight?. Canadian Family Physician, 2009, 55, 1066-7.	0.1	0
80	Response. Canadian Family Physician, 2015, 61, 1048-9.	0.1	0
81	Cardiovascular risk factor documentation and management in primary care electronic medical records among people with schizophrenia in Ontario, Canada: retrospective cohort study. BMJ Open, 2020, 10, e038013.	0.8	0
82	Primary Care Severe Asthma Registry and Education Project (PCSAR-EDU): Phase 1 "an e-Delphi for registry definitions and indices of clinician behaviour. BMJ Open, 2022, 12, e055958.	0.8	0
