

Andrew Sherwood

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1948648/andrew-sherwood-publications-by-citations.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
63	Effects of the DASH diet alone and in combination with exercise and weight loss on blood pressure and cardiovascular biomarkers in men and women with high blood pressure: the ENCORE study. <i>Archives of Internal Medicine</i> , 2010 , 170, 126-35		373
62	Relationship of depression to death or hospitalization in patients with heart failure. <i>Archives of Internal Medicine</i> , 2007 , 167, 367-73		233
61	Effects of the dietary approaches to stop hypertension diet, exercise, and caloric restriction on neurocognition in overweight adults with high blood pressure. <i>Hypertension</i> , 2010 , 55, 1331-8	8.5	218
60	Nighttime blood pressure dipping: the role of the sympathetic nervous system. <i>American Journal of Hypertension</i> , 2002 , 15, 111-8	2.3	217
59	Impaired endothelial function in coronary heart disease patients with depressive symptomatology. <i>Journal of the American College of Cardiology</i> , 2005 , 46, 656-9	15.1	184
58	Enhancing Cardiac Rehabilitation With Stress Management Training: A Randomized, Clinical Efficacy Trial. <i>Circulation</i> , 2016 , 133, 1341-50	16.7	121
57	Carotid Intima-Media Thickness Progression as Surrogate Marker for Cardiovascular Risk: Meta-Analysis of 119 Clinical Trials Involving 100 667 Patients. <i>Circulation</i> , 2020 , 142, 621-642	16.7	88
56	Worsening depressive symptoms are associated with adverse clinical outcomes in patients with heart failure. <i>Journal of the American College of Cardiology</i> , 2011 , 57, 418-23	15.1	87
55	Age moderates the short-term effects of transdermal 17beta-estradiol on endothelium-dependent vascular function in postmenopausal women. <i>Arteriosclerosis, Thrombosis, and Vascular Biology</i> , 2007 , 27, 1782-7	9.4	71
54	Blood pressure dipping: ethnicity, sleep quality, and sympathetic nervous system activity. <i>American Journal of Hypertension</i> , 2011 , 24, 982-8	2.3	69
53	Responsiveness to alpha- and beta-adrenergic receptor agonists. Effects of race in borderline hypertensive compared to normotensive men. <i>American Journal of Hypertension</i> , 1993 , 6, 630-5	2.3	60
52	Comparison of impedance cardiographic measurements using band and spot electrodes. <i>Psychophysiology</i> , 1992 , 29, 734-41	4.1	45
51	Hemodynamic responses during psychological stress: implications for studying disease processes. <i>International Journal of Behavioral Medicine</i> , 1995 , 2, 193-218	2.6	42
50	Lifestyle and neurocognition in older adults with cognitive impairments: A randomized trial. <i>Neurology</i> , 2019 , 92, e212-e223	6.5	40
49	Ethnic differences in left ventricular structure: relations to hemodynamics and diurnal blood pressure variation. <i>American Journal of Hypertension</i> , 2004 , 17, 43-9	2.3	39
48	Reproducibility of blood pressure dipping: relation to day-to-day variability in sleep quality. <i>Journal of the American Society of Hypertension</i> , 2013 , 7, 432-9		34
47	Effects of Coping Skills Training on Quality of Life, Disease Biomarkers, and Clinical Outcomes in Patients With Heart Failure: A Randomized Clinical Trial. <i>Circulation: Heart Failure</i> , 2017 , 10,	7.6	26

46	Race and sex differences in cardiovascular βadrenergic and βadrenergic receptor responsiveness in men and women with high blood pressure. <i>Journal of Hypertension</i> , 2017 , 35, 975-981	1.9	24
45	Lifestyle modification for resistant hypertension: The TRIUMPH randomized clinical trial. <i>American Heart Journal</i> , 2015 , 170, 986-994.e5	4.9	23
44	Treatment of anxiety in patients with coronary heart disease: Rationale and design of the UNderstanding the benefits of exercise and escitalopram in anxious patients Wlth coroNary heart Disease (UNWIND) randomized clinical trial. <i>American Heart Journal</i> , 2016 , 176, 53-62	4.9	23
43	Reactive hyperemia is associated with adverse clinical outcomes in heart failure. <i>American Heart Journal</i> , 2016 , 178, 108-14	4.9	22
42	Behavioral health mediators of the link between posttraumatic stress disorder and dyslipidemia. <i>Journal of Psychosomatic Research</i> , 2014 , 77, 45-50	4.1	21
41	Exploring the relationship between posttraumatic stress disorder symptoms and momentary heart rate variability. <i>Journal of Psychosomatic Research</i> , 2016 , 82, 31-34	4.1	20
40	Cardiovascular hemodynamics during stress in premenopausal versus postmenopausal women. <i>Menopause</i> , 2010 , 17, 403-9	2.5	20
39	Comparison of cardiac versus vascular reactors and ethnic groups in plasma epinephrine and norepinephrine responses to stress. <i>International Journal of Behavioral Medicine</i> , 1994 , 1, 229-46	2.6	20
38	Nighttime blood pressure dipping in postmenopausal women with coronary heart disease. <i>American Journal of Hypertension</i> , 2012 , 25, 1077-82	2.3	19
37	Effects of Exercise and Sertraline on Measures of Coronary Heart Disease Risk in Patients With Major Depression: Results From the SMILE-II Randomized Clinical Trial. <i>Psychosomatic Medicine</i> , 2016 , 78, 602-9	3.7	17
36	Circadian hemodynamics in men and women with high blood pressure: dipper vs. nondipper and racial differences. <i>Journal of Hypertension</i> , 2018 , 36, 250-258	1.9	16
35	An investigation of vago-regulatory and health-behavior accounts for increased inflammation in posttraumatic stress disorder. <i>Journal of Psychosomatic Research</i> , 2016 , 83, 33-9	4.1	16
34	Coping effectively with heart failure (COPE-HF): design and rationale of a telephone-based coping skills intervention. <i>Journal of Cardiac Failure</i> , 2011 , 17, 201-7	3.3	14
33	Hostility is related to blunted beta-adrenergic receptor responsiveness among middle-aged women. <i>Psychosomatic Medicine</i> , 2004 , 66, 507-13	3.7	14
32	Blood pressure reactivity to psychological stress is associated with clinical outcomes in patients with heart failure. <i>American Heart Journal</i> , 2017 , 191, 82-90	4.9	13
31	Ethnic differences in the hemodynamic mechanisms of ambulatory blood pressure regulation. <i>American Journal of Hypertension</i> , 2003 , 16, 270-3	2.3	13
30	Relationship of clinic, ambulatory, and laboratory stress blood pressure to left ventricular mass in overweight men and women with high blood pressure. <i>Psychosomatic Medicine</i> , 2002 , 64, 247-57	3.7	13
29	Blood pressure responses to stress: Relation to left ventricular structure and function. <i>Annals of Behavioral Medicine</i> , 1996 , 18, 61-6	4.5	12

28	Impact of Racial Discrimination and Hostility on Adrenergic Receptor Responsiveness in African American Adults. <i>Psychosomatic Medicine</i> , 2018 , 80, 208-215	3.7	11
27	Effect of satisfaction with social support on blood pressure in normotensive and borderline hypertensive men and women. <i>International Journal of Behavioral Medicine</i> , 1998 , 5, 76-85	2.6	11
26	Effects of exercise and stress management training on nighttime blood pressure dipping in patients with coronary heart disease: A randomized, controlled trial. <i>American Heart Journal</i> , 2017 , 183, 85-90	4.9	10
25	Orthostatic hypotension in young adults with and without posttraumatic stress disorder. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2015 , 7, 229-33	7.8	10
24	Racial differences in the association between heart rate variability and left ventricular mass. <i>Experimental Physiology</i> , 2017 , 102, 764-772	2.4	8
23	Endothelial function in postmenopausal women with nighttime systolic hypertension. <i>Menopause</i> , 2015 , 22, 857-63	2.5	8
22	The ability of active versus passive coping tasks to predict future blood pressure levels in normotensive men and women. <i>International Journal of Behavioral Medicine</i> , 1996 , 3, 233-50	2.6	8
21	The Effects of Ambulatory Blood Pressure Monitoring on Sleep Quality in Men and Women With Hypertension: Dipper vs. Nondipper and Race Differences. <i>American Journal of Hypertension</i> , 2019 , 32, 54-60	2.3	8
20	Microvascular Endothelial Function and Neurocognition Among Adults With Major Depressive Disorder. <i>American Journal of Geriatric Psychiatry</i> , 2018 , 26, 1061-1069	6.5	7
19	Association between normal or mildly reduced kidney function, cardiovascular risk and biomarkers for atherosclerosis: results from the ENCORE trial. <i>CKJ: Clinical Kidney Journal</i> , 2017 , 10, 666-671	4.5	6
18	Association Between Insulin Resistance, Plasma Leptin, and Neurocognition in Vascular Cognitive Impairment. <i>Journal of Alzheimers Disease</i> , 2019 , 71, 921-929	4.3	6
17	Hemodynamics and Vascular Hypertrophy in African Americans and Caucasians With High Blood Pressure. <i>American Journal of Hypertension</i> , 2016 , 29, 1380-1385	2.3	6
16	Depression and prognosis in cardiac patients		87-108 6
15	Parental history of hypertension and cardiovascular response to stress in Black and White men. <i>International Journal of Behavioral Medicine</i> , 1995 , 2, 339-57	2.6	5
14	Longer Term Effects of Diet and Exercise on Neurocognition: 1-Year Follow-up of the ENLIGHTEN Trial. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 559-568	5.6	5
13	Effects of Lifestyle Modification on Patients With Resistant Hypertension: Results of the TRIUMPH Randomized Clinical Trial. <i>Circulation</i> , 2021 , 144, 1212-1226	16.7	5
12	Influence of Kidney Function on Blood Pressure Response to Lifestyle Modifications: Secondary Analysis From the Exercise and Nutritional Interventions for Cardiovascular Health (ENCORE) Trial. <i>Journal of Clinical Hypertension</i> , 2016 , 18, 1260-1267	2.3	4
11	Remote Therapy to Improve Outcomes in Lung Transplant Recipients: Design of the INSPIRE-III Randomized Clinical Trial. <i>Transplantation Direct</i> , 2020 , 6, e535	2.3	3

10	Waking up to the importance of sleeping well for cardiovascular health. <i>Journal of Clinical Hypertension</i> , 2018 , 20, 606-608	2.3	3
9	Actigraphy-Derived Sleep Efficiency Is Associated With Endothelial Function in Men and Women With Untreated Hypertension. <i>American Journal of Hypertension</i> , 2021 , 34, 207-211	2.3	3
8	Vascular β -Adrenergic Receptor Responsiveness in Masked Hypertension. <i>American Journal of Hypertension</i> , 2020 , 33, 713-717	2.3	2
7	The role of comorbid anxiety in exercise and depression trials: Secondary analysis of the SMILE-II randomized clinical trial. <i>Depression and Anxiety</i> , 2021 , 38, 124-133	8.4	2
6	Effect of Exercise, Escitalopram, or Placebo on Anxiety in Patients With Coronary Heart Disease: The Understanding the Benefits of Exercise and Escitalopram in Anxious Patients With Coronary Heart Disease (UNWIND) Randomized Clinical Trial. <i>JAMA Psychiatry</i> , 2021 , 78, 1270-1278	14.5	2
5	Effects of aerobic exercise on white matter hyperintensities: An exploratory analysis. <i>General Hospital Psychiatry</i> , 2018 , 53, 84-85	5.6	1
4	The effect of reducing posttraumatic stress disorder symptoms on cardiovascular risk: Design and methodology of a randomized clinical trial. <i>Contemporary Clinical Trials</i> , 2021 , 102, 106269	2.3	1
3	Lifestyle Interventions Reduce the Need for Guideline-Directed Antihypertensive Medication. <i>American Journal of Hypertension</i> , 2021 , 34, 1100-1107	2.3	1
2	Neurocognition in treatment-resistant hypertension: profile and associations with cardiovascular biomarkers. <i>Journal of Hypertension</i> , 2019 , 37, 1040-1047	1.9	1
1	Metabolic and Neurocognitive Changes Following Lifestyle Modification: Examination of Biomarkers from the ENLIGHTEN Randomized Clinical Trial. <i>Journal of Alzheimers Disease</i> , 2020 , 77, 1793-1803 ^o	4.3	1
