#	ARTICLE	IF	CITATIONS
1	Variations by ethnicity in referral and treatment pathways for IAPT service users in South London. <i>Psychological Medicine</i> , 2023, 53, 1084-1095.	2.7	24
2	Physical multimorbidity, depressive symptoms, and social participation in adults over 50 years of age: findings from the English Longitudinal Study of Ageing. <i>Aging and Mental Health</i> , 2023, 27, 43-53.	1.5	9
3	Developing and testing a case-management intervention to support the return to work of health care workers with common mental health disorders. <i>Journal of Public Health</i> , 2023, 45, e285-e295.	1.0	1
4	Prospective associations between vitamin D and depression in middle-aged adults: findings from the UK Biobank cohort. <i>Psychological Medicine</i> , 2022, 52, 1866-1874.	2.7	24
5	Race, ethnicity and COVID-19 vaccination: a qualitative study of UK healthcare staff. <i>Ethnicity and Health</i> , 2022, 27, 1555-1574.	1.5	42
6	Explaining ethnic variations in adolescent mental health: a secondary analysis of the Millennium Cohort Study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2022, 57, 817-828.	1.6	3
7	Protocol for black student well-being study: a multi-site qualitative study on the mental health and well-being experiences of black UK university students. <i>BMJ Open</i> , 2022, 12, e051818.	0.8	2
8	Mental health and mental well-being of Black students at UK universities: a review and thematic synthesis. <i>BMJ Open</i> , 2022, 12, e050720.	0.8	11
9	Covid-19, social restrictions, and mental distress among young people: a UK longitudinal, population-based study. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 1392-1404.	3.1	21
10	A comparison of single and intersectional social identities associated with discrimination and mental health service use: data from the 2014 Adult Psychiatric Morbidity Survey in England. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2022, 57, 2049-2063.	1.6	6
11	Prevalence of common mental disorders and treatment receipt for people from ethnic minority backgrounds in England: repeated cross-sectional surveys of the general population in 2007 and 2014. <i>British Journal of Psychiatry</i> , 2022, 221, 520-527.	1.7	7
12	They created a team of almost entirely the people who work and are like them: A qualitative study of organisational culture and racialised inequalities among healthcare staff. <i>Sociology of Health and Illness</i> , 2022, 44, 267-289.	1.1	7
13	Interventions to improve social circumstances of people with mental health conditions: a rapid evidence synthesis. <i>BMC Psychiatry</i> , 2022, 22, 302.	1.1	10
14	Ethnic inequalities in mental and physical multimorbidity in women of reproductive age: a data linkage cohort study. <i>BMJ Open</i> , 2022, 12, e059257.	0.8	4
15	Inequalities in referral pathways for young people accessing secondary mental health services in south east London. <i>European Child and Adolescent Psychiatry</i> , 2021, 30, 1113-1128.	2.8	21
16	Mental health consequences of urban air pollution: prospective population-based longitudinal survey. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 1587-1599.	1.6	66
17	How do ethnicity and deprivation impact on life expectancy at birth in people with serious mental illness? Observational study in the UK. <i>Psychological Medicine</i> , 2021, 51, 2581-2589.	2.7	18
18	Prevalence and age patterns of depression in the United Kingdom. A population-based study. <i>Journal of Affective Disorders</i> , 2021, 279, 164-172.	2.0	34

#	ARTICLE	IF	CITATIONS
19	“There Is So Much More for Us to Lose If We Were to Kill Ourselves” Understanding Paradoxically Low Rates of Self-Harm in a Socioeconomically Disadvantaged Community in London. <i>Qualitative Health Research</i> , 2021, 31, 122-136.	1.0	12
20	Psychotic experiences, psychiatric comorbidity and mental health need in the general population: a cross-sectional and cohort study in Southeast London. <i>Psychological Medicine</i> , 2021, 51, 147-157.	2.7	17
21	Diagnostic promiscuity: the use of real-world data to study multimorbidity in mental health. <i>British Journal of Psychiatry</i> , 2021, 218, 237-239.	1.7	5
22	Genetic risk for severe COVID-19 correlates with lower inflammatory marker levels in a SARS-CoV-2 negative cohort. <i>Clinical and Translational Immunology</i> , 2021, 10, e1292.	1.7	4
23	The association of migration and ethnicity with use of the Improving Access to Psychological Treatment (IAPT) programme: a general population cohort study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 1943-1956.	1.6	7
24	A case management occupational health model to facilitate earlier return to work of NHS staff with common mental health disorders: a feasibility study. <i>Health Technology Assessment</i> , 2021, 25, 1-94.	1.3	7
25	Health condition at first fit note and number of fit notes: a longitudinal study of primary care records in south London. <i>BMJ Open</i> , 2021, 11, e043889.	0.8	1
26	Reconsidering the reasons for heightened inflammation in major depressive disorder. <i>Journal of Affective Disorders</i> , 2021, 282, 434-441.	2.0	10
27	Variation in rates of self-harm hospital admission and re-admission by ethnicity in London: a population cohort study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 1967-1977.	1.6	2
28	Sex differences in experiences of multiple traumas and mental health problems in the UK Biobank cohort. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, , 1.	1.6	8
29	Psychosocial impact of the COVID-19 pandemic on 4378 UK healthcare workers and ancillary staff: initial baseline data from a cohort study collected during the first wave of the pandemic. <i>Occupational and Environmental Medicine</i> , 2021, 78, 801-808.	1.3	95
30	Mental health responses to the COVID-19 pandemic: a latent class trajectory analysis using longitudinal UK data. <i>Lancet Psychiatry</i> , 2021, 8, 610-619.	3.7	268
31	Association between air pollution exposure and mental health service use among individuals with first presentations of psychotic and mood disorders: retrospective cohort study. <i>British Journal of Psychiatry</i> , 2021, 219, 678-685.	1.7	40
32	Associations between physical multimorbidity patterns and common mental health disorders in middle-aged adults: A prospective analysis using data from the UK Biobank. <i>Lancet Regional Health - Europe</i> , 2021, 8, 100149.	3.0	34
33	Impact of workplace discrimination and harassment among National Health Service staff working in London trusts: results from the TIDES study. <i>BJPsych Open</i> , 2021, 7, e10.	0.3	38
34	Text mining occupations from the mental health electronic health record: a natural language processing approach using records from the Clinical Record Interactive Search (CRIS) platform in south London, UK. <i>BMJ Open</i> , 2021, 11, e042274.	0.8	1
35	Racial and ethnic disparities in multimorbidity in non-pregnant women of reproductive age in Lambeth, UK: a data linkage study. <i>Lancet, The</i> , 2021, 398, S31.	6.3	1
36	Access to mental healthcare in the year after first fit note: a longitudinal study of linked clinical records. <i>BMJ Open</i> , 2021, 11, e044725.	0.8	0

#	ARTICLE	IF	CITATIONS
37	Depressive symptoms during early adulthood and the development of physical multimorbidity in the UK: an observational cohort study. <i>The Lancet Healthy Longevity</i> , 2021, 2, e801-e810.	2.0	15
38	The relationship between independent and dependent life events and depression symptoms in Sri Lanka: a twin and singleton study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2020, 55, 237-249.	1.6	4
39	Mental health before and during the COVID-19 pandemic: a longitudinal probability sample survey of the UK population. <i>Lancet Psychiatry</i> , 2020, 7, 883-892.	3.7	1,921
40	Says who? The significance of sampling in mental health surveys during COVID-19. <i>Lancet Psychiatry</i> , 2020, 7, 567-568.	3.7	317
41	Seeking sanctuary: rethinking asylum and mental health. <i>Epidemiology and Psychiatric Sciences</i> , 2020, 29, e154.	1.8	11
42	Multimorbidity and fit note receipt in working-age adults with long-term health conditions. <i>Psychological Medicine</i> , 2020, , 1-10.	2.7	7
43	Association of prior depressive symptoms and suicide attempts with subsequent victimization: analysis of population-based data from the Adult Psychiatric Morbidity Survey. <i>European Psychiatry</i> , 2020, 63, e51.	0.1	5
44	Post-migration Social and Environmental Factors Associated with Mental Health Problems Among Asylum Seekers: A Systematic Review. <i>Journal of Immigrant and Minority Health</i> , 2020, 22, 1055-1064.	0.8	51
45	Multidisciplinary research priorities for the COVID-19 pandemic. <i>Lancet Psychiatry</i> , 2020, 7, e40.	3.7	11
46	Associations between interrelated dimensions of socio-economic status, higher risk drinking and mental health in South East London: A cross-sectional study. <i>PLoS ONE</i> , 2020, 15, e0229093.	1.1	4
47	The behavioral, cellular and immune mediators of HIV-1 acquisition: New insights from population genetics. <i>Scientific Reports</i> , 2020, 10, 3304.	1.6	8
48	Associations Between Depression, Arterial Stiffness, and Metabolic Syndrome Among Adults in the UK Biobank Population Study. <i>JAMA Psychiatry</i> , 2020, 77, 598.	6.0	61
49	Demographic variation in fit note receipt and long-term conditions in south London. <i>Occupational and Environmental Medicine</i> , 2020, 77, 418-426.	1.3	10
50	Online mood monitoring in treatment-resistant depression: qualitative study of patients' perspectives in the NHS. <i>BJPsych Bulletin</i> , 2020, 44, 47-52.	0.7	2
51	Young Muslim Pakistani Women's Lived Experiences of Izzat, Mental Health, and Well-Being. <i>Qualitative Health Research</i> , 2019, 29, 747-757.	1.0	13
52	The roles of non-cognitive and cognitive skills in the life course development of adult health inequalities. <i>Social Science and Medicine</i> , 2019, 232, 190-198.	1.8	9
53	Recurrence of Depression in Relation to History of Childhood Trauma and Hair Cortisol Concentration in a Community-Based Sample. <i>Neuropsychobiology</i> , 2019, 78, 48-57.	0.9	20
54	Common mental disorders within chronic inflammatory disorders: a primary care database prospective investigation. <i>Annals of the Rheumatic Diseases</i> , 2019, 78, 688-695.	0.5	47

#	ARTICLE	IF	CITATIONS
55	Associations between childhood maltreatment and inflammatory markers. <i>BJPsych Open</i> , 2019, 5, e3.	0.3	14
56	Mental health among UK inner city non-heterosexuals: the role of risk factors, protective factors and place – CORRIGENDUM. <i>Epidemiology and Psychiatric Sciences</i> , 2019, 28, 131-135.	1.8	1
57	Differences in hospital admissions practices following self-harm and their influence on population-level comparisons of self-harm rates in South London: an observational study. <i>BMJ Open</i> , 2019, 9, e032906.	0.8	7
58	Inflammatory profiles of severe treatment-resistant depression. <i>Journal of Affective Disorders</i> , 2019, 246, 42-51.	2.0	79
59	Maternal diabetes in early pregnancy, and psychotic experiences and depressive symptoms in 10-year-old offspring: A population-based birth cohort study. <i>Schizophrenia Research</i> , 2019, 206, 52-57.	1.1	21
60	Family functioning, trauma exposure and PTSD: A cross sectional study. <i>Journal of Affective Disorders</i> , 2019, 245, 645-652.	2.0	10
61	Longitudinal patterns of mental health service utilisation by those with mental-physical comorbidity in the community. <i>Journal of Psychosomatic Research</i> , 2019, 117, 10-19.	1.2	8
62	Psychiatric symptoms and risk of victimisation: a population-based study from Southeast London. <i>Epidemiology and Psychiatric Sciences</i> , 2019, 28, 168-178.	1.8	24
63	Spatial patterning of self-harm rates within urban areas. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2019, 54, 69-79.	1.6	12
64	Childhood abuse and psychotic experiences – evidence for mediation by adulthood adverse life events. <i>Epidemiology and Psychiatric Sciences</i> , 2019, 28, 300-309.	1.8	20
65	Impact of Insecure Immigration Status and Ethnicity on Antenatal Mental Health Among Migrant Women. <i>Journal of Clinical Psychiatry</i> , 2019, 80, .	1.1	4
66	Taking an intersectional approach to define latent classes of socioeconomic status, ethnicity and migration status for psychiatric epidemiological research. <i>Epidemiology and Psychiatric Sciences</i> , 2018, 27, 589-600.	1.8	38
67	Tobacco smoking is associated with psychotic experiences in the general population of South London. <i>Psychological Medicine</i> , 2018, 48, 123-131.	2.7	23
68	Exercise and the Prevention of Depression: Results of the HUNT Cohort Study. <i>American Journal of Psychiatry</i> , 2018, 175, 28-36.	4.0	285
69	Comparison of Treatment Outcomes Between Lesbian, Gay, Bisexual and Heterosexual Individuals Receiving a Primary Care Psychological Intervention. <i>Behavioural and Cognitive Psychotherapy</i> , 2018, 46, 332-349.	0.9	24
70	NIPSA: a new scale for measuring non-illness predictors of sickness absence. <i>Occupational and Environmental Medicine</i> , 2018, 75, 98-104.	1.3	5
71	Barrier or stressor? The role of discrimination experiences in health service use. <i>BMC Public Health</i> , 2018, 18, 1354.	1.2	15
72	Genetic Risk for Psychiatric Disorders and Telomere Length. <i>Frontiers in Genetics</i> , 2018, 9, 468.	1.1	20

#	ARTICLE	IF	CITATIONS
73	Debt, common mental disorders and mental health service use. <i>Journal of Mental Health</i> , 2018, 27, 520-528.	1.0	15
74	Purpose in life and tobacco use among community-dwelling mothers of early adolescents. <i>BMJ Open</i> , 2018, 8, e020586.	0.8	16
75	The role of job strain in understanding midlife common mental disorder: a national birth cohort study. <i>Lancet Psychiatry</i> , 2018, 5, 498-506.	3.7	33
76	Growth Factor Proteins and Treatment-Resistant Depression: A Place on the Path to Precision. <i>Frontiers in Psychiatry</i> , 2018, 9, 386.	1.3	19
77	Systematic review of fit note use for workers in the UK. <i>Occupational and Environmental Medicine</i> , 2018, 75, 530-539.	1.3	20
78	Assessing the contributions of childhood maltreatment subtypes and depression case-control status on telomere length reveals a specific role of physical neglect. <i>Journal of Affective Disorders</i> , 2017, 213, 16-22.	2.0	45
79	Genetic predisposition to advanced biological ageing increases risk for childhood-onset recurrent major depressive disorder in a large UK sample. <i>Journal of Affective Disorders</i> , 2017, 213, 207-213.	2.0	19
80	Prevalence and risk of mental disorders in the perinatal period among migrant women: a systematic review and meta-analysis. <i>Archives of Women's Mental Health</i> , 2017, 20, 449-462.	1.2	106
81	Subclinical psychotic experiences and subsequent contact with mental health services. <i>BJPsych Open</i> , 2017, 3, 64-70.	0.3	24
82	Preference for Solitude, Social Isolation, Suicidal Ideation, and Self-Harm in Adolescents. <i>Journal of Adolescent Health</i> , 2017, 61, 187-191.	1.2	42
83	Stigma-related barriers and facilitators to help seeking for mental health issues in the armed forces: a systematic review and thematic synthesis of qualitative literature. <i>Psychological Medicine</i> , 2017, 47, 1880-1892.	2.7	102
84	Sociodemographic, lifestyle, and psychosocial determinants of hair cortisol in a South London community sample. <i>Psychoneuroendocrinology</i> , 2017, 76, 144-153.	1.3	47
85	Mental health among UK inner city non-heterosexuals: the role of risk factors, protective factors and place. <i>Epidemiology and Psychiatric Sciences</i> , 2016, 25, 450-461.	1.8	16
86	Minority status and mental distress: a comparison of group density effects. <i>Psychological Medicine</i> , 2016, 46, 3051-3059.	2.7	25
87	Illness perception, help-seeking attitudes, and knowledge related to obsessive-compulsive disorder across different ethnic groups: a community survey. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2016, 51, 455-464.	1.6	18
88	Challenges in the retrospective assessment of trauma: comparing a checklist approach to a single item trauma experience screening question. <i>BMC Psychiatry</i> , 2016, 16, 20.	1.1	43
89	Discrimination and common mental disorder among migrant and ethnic groups: findings from a South East London Community sample. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2016, 51, 689-701.	1.6	57
90	Psychotic Experiences and Neuropsychological Functioning in a Population-based Sample. <i>JAMA Psychiatry</i> , 2016, 73, 129.	6.0	40

#	ARTICLE	IF	CITATIONS
91	Eating disorders in a multi-ethnic inner-city UK sample: prevalence, comorbidity and service use. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2016, 51, 369-381.	1.6	65
92	Exploring Professional Help-Seeking for Mental Disorders. <i>Qualitative Health Research</i> , 2016, 26, 1662-1673.	1.0	37
93	Validation of the standardised assessment of personality - abbreviated scale in a general population sample. <i>Personality and Mental Health</i> , 2015, 9, 250-257.	0.6	19
