#	ARTICLE	IF	CITATIONS
1	Contribution of Primary Care to Health Systems and Health. <i>Milbank Quarterly</i> , 2005, 83, 457-502.	2.1	3,431
2	Health equity and COVID-19: global perspectives. <i>International Journal for Equity in Health</i> , 2020, 19, 104.	1.5	442
3	The Impact of Primary Care: A Focused Review. <i>Scientifica</i> , 2012, 2012, 1-22.	0.6	277
4	The Relationship Between Primary Care, Income Inequality, and Mortality in US States, 1980-1995. <i>Journal of the American Board of Family Medicine</i> , 2003, 16, 412-422.	0.8	174
5	The influence of English proficiency on access to care. <i>Ethnicity and Health</i> , 2009, 14, 625-642.	1.5	155
6	The Effect of Primary Care Physician Supply and Income Inequality on Mortality Among Blacks and Whites in US Metropolitan Areas. <i>American Journal of Public Health</i> , 2001, 91, 1246-1250.	1.5	143
7	Primary Care, Specialty Care, and Life Chances. <i>International Journal of Health Services</i> , 1994, 24, 431-458.	1.2	142
8	Primary Care, Income Inequality, and Self-Rated Health in the United States: A Mixed-Level Analysis. <i>International Journal of Health Services</i> , 2000, 30, 541-555.	1.2	130
9	The Digital Divide and Health Disparities in China: Evidence From a National Survey and Policy Implications. <i>Journal of Medical Internet Research</i> , 2017, 19, e317.	2.1	123
10	Urban-rural disparities in health care utilization among Chinese adults from 1993 to 2011. <i>BMC Health Services Research</i> , 2018, 18, 102.	0.9	122
11	Primary Care, Social Inequalities, and All-Cause, Heart Disease, and Cancer Mortality in US Counties, 1990. <i>American Journal of Public Health</i> , 2005, 95, 674-680.	1.5	92
12	The Relationship Between Primary Care and Life Chances. <i>Journal of Health Care for the Poor and Underserved</i> , 1992, 3, 321-335.	0.4	88
13	Primary Care Quality: Community Health Center and Health Maintenance Organization. <i>Southern Medical Journal</i> , 2003, 96, 787-795.	0.3	80
14	Primary Care, Income Inequality, and Stroke Mortality in the United States. <i>Stroke</i> , 2003, 34, 1958-1964.	1.0	75
15	Cancer Screening among Racial/Ethnic and Insurance Groups in the United States: A Comparison of Disparities in 2000 and 2008. <i>Journal of Health Care for the Poor and Underserved</i> , 2011, 22, 945-961.	0.4	69
16	America's Health Centers: Reducing Racial and Ethnic Disparities in Perinatal Care and Birth Outcomes. <i>Health Services Research</i> , 2004, 39, 1881-1902.	1.0	68
17	Development of the Chinese primary care assessment tool: data quality and measurement properties. <i>International Journal for Quality in Health Care</i> , 2013, 25, 92-105.	0.9	65
18	The Frequency of Patient-Initiated Violence and Its Psychological Impact on Physicians in China: A Cross-Sectional Study. <i>PLoS ONE</i> , 2015, 10, e0128394.	1.1	62

#	ARTICLE	IF	CITATIONS
19	Types of health care facilities and the quality of primary care: a study of characteristics and experiences of Chinese patients in Guangdong Province, China. <i>BMC Health Services Research</i> , 2016, 16, 335.	0.9	61
20	Urban-rural disparities in hypertension prevalence, detection, and medication use among Chinese Adults from 1993 to 2011. <i>International Journal for Equity in Health</i> , 2017, 16, 50.	1.5	60
21	Access to Medical Care, Dental Care, and Prescription Drugs: The Roles of Race/Ethnicity, Health Insurance, and Income. <i>Southern Medical Journal</i> , 2010, 103, 509-516.	0.3	53
22	A cross-country core strategy comparison in China, Japan, Singapore and South Korea during the early COVID-19 pandemic. <i>Globalization and Health</i> , 2021, 17, 22.	2.4	52
23	Aspirin as a potential modality for the chemoprevention of breast cancer: A dose-response meta-analysis of cohort studies from 857,831 participants. <i>Oncotarget</i> , 2017, 8, 40389-40401.	0.8	46
24	Characteristics of Ambulatory Care Patients and Services: A Comparison of Community Health Centers and Physicians' Offices. <i>Journal of Health Care for the Poor and Underserved</i> , 2010, 21, 1169-1183.	0.4	46
25	Vulnerability and the Patient-Practitioner Relationship: The Roles of Gatekeeping and Primary Care Performance. <i>American Journal of Public Health</i> , 2003, 93, 138-144.	1.5	41
26	Clinical Quality Performance in U.S. Health Centers. <i>Health Services Research</i> , 2012, 47, 2225-2249.	1.0	41
27	Racial/Ethnic and Socioeconomic Disparities in Access to Care and Quality of Care for US Health Center Patients Compared With Non-Health Center Patients. <i>Journal of Ambulatory Care Management</i> , 2009, 32, 342-350.	0.5	40
28	Family practice and the quality of primary care: a study of Chinese patients in Guangdong Province. <i>Family Practice</i> , 2015, 32, 557-563.	0.8	40
29	Educational video-assisted versus conventional informed consent for trauma-related debridement surgery: a parallel group randomized controlled trial. <i>BMC Medical Ethics</i> , 2018, 19, 23.	1.0	39
30	Reducing Disparities in Access to Primary Care and Patient Satisfaction with Care: The Role of Health Centers. <i>Journal of Health Care for the Poor and Underserved</i> , 2013, 24, 56-66.	0.4	37
31	Changes in the perceived quality of primary care in Shanghai and Shenzhen, China: a difference-in-difference analysis. <i>Bulletin of the World Health Organization</i> , 2015, 93, 407-416.	1.5	36
32	Integrated care delivery and health care seeking by chronically-ill patients – a case-control study of rural Henan province, China. <i>International Journal for Equity in Health</i> , 2015, 14, 98.	1.5	34
33	Patient-centered Medical Home Capability and Clinical Performance in HRSA-supported Health Centers. <i>Medical Care</i> , 2015, 53, 389-395.	1.1	32
34	Rural-to-Urban Migrants' Experiences with Primary Care under Different Types of Medical Institutions in Guangzhou, China. <i>PLoS ONE</i> , 2015, 10, e0140922.	1.1	32
35	Primary Care Experience and Racial Disparities in Self-Reported Health Status. <i>Journal of the American Board of Family Medicine</i> , 2004, 17, 443-452.	0.8	28
36	Enhancing the Measurement of Health Disparities for Vulnerable Populations. <i>Journal of Public Health Management and Practice</i> , 2008, 14, S45-S52.	0.7	28

#	ARTICLE	IF	CITATIONS
37	US Primary Care Delivery After the Health Center Growth Initiative. <i>Journal of Ambulatory Care Management</i> , 2012, 35, 60-74.	0.5	28
38	General practitioners versus other physicians in the quality of primary care: a cross-sectional study in Guangdong Province, China. <i>BMC Family Practice</i> , 2015, 16, 134.	2.9	28
39	Community health centers and primary care access and quality for chronically-ill patients – a case-comparison study of urban Guangdong Province, China. <i>International Journal for Equity in Health</i> , 2015, 14, 90.	1.5	27
40	How to effectively obtain informed consent in trauma patients: a systematic review. <i>BMC Medical Ethics</i> , 2019, 20, 8.	1.0	26
41	Racial and ethnic differences in mental healthcare utilization consistent with potentially effective care: The role of patient preferences. <i>General Hospital Psychiatry</i> , 2017, 46, 14-19.	1.2	25
42	The Quality of Primary Care Experienced by Health Center Patients. <i>Journal of the American Board of Family Medicine</i> , 2013, 26, 768-777.	0.8	23
43	Development and Validation of the Tibetan Primary Care Assessment Tool. <i>BioMed Research International</i> , 2014, 2014, 1-7.	0.9	23
44	Policy disparities in fighting COVID-19 among Japan, Italy, Singapore and China. <i>International Journal for Equity in Health</i> , 2021, 20, 33.	1.5	23
