78	Policy disparities in response to COVID-19 between Singapore and China. <i>International Journal for Equity in Health</i> , 2021 , 20, 185	4.6	0
77	Effect of healthcare system reforms on public hospitals' revenue structures: Evidence from Beijing, China. <i>Social Science and Medicine</i> , 2021 , 283, 114210	5.1	2
76	Comparison of Public Health Containment Measures of COVID-19 in China and India. <i>Risk Management and Healthcare Policy</i> , 2021 , 14, 3323-3332	2.8	2
75	The institutional primary healthcare service quality and patients' experiences in Chinese community health centres: results from the Greater Bay Area study, China. <i>International Journal for Equity in Health</i> , 2021 , 20, 198	4.6	0

74	The re-emergence from the COVID-19 epidemic of Beijing Xinfadi Market. <i>Medicine (United States)</i> , 2021 , 100, e26718	1.8	1
73	Epidemiological Characteristics and Core Containment Measures of Imported COVID-19 Cases from Abroad in Early Phase in Guangdong, China. <i>Risk Management and Healthcare Policy</i> , 2021 , 14, 3955-3963	2.8	0
72	Response to the COVID-19 Pandemic: Comparison of Strategies in Six Countries. <i>Frontiers in Public Health</i> , 2021 , 9, 708496	6	4
71	Policy disparities in fighting COVID-19 among Japan, Italy, Singapore and China. <i>International Journal for Equity in Health</i> , 2021 , 20, 33	4.6	7
70	Prediction of medical expenditures of diagnosed diabetics and the assessment of its related factors using a random forest model, MEPS 2000-2015. <i>International Journal for Quality in Health Care</i> , 2020 , 32, 99-112	1.9	4
69	Health equity and COVID-19: global perspectives. <i>International Journal for Equity in Health</i> , 2020 , 19, 104	4.6	229
68	Comparison of Patients' Perceived Quality of Primary Care Between Urban and Rural Community Health Centers in Guangdong, China. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	3
67	Cancer screening among racial/ethnic groups in health centers. <i>International Journal for Equity in Health</i> , 2020 , 19, 43	4.6	9
66	The quality of primary care in community health centers: comparison among urban, suburban and rural users in Shanghai, China. <i>BMC Family Practice</i> , 2020 , 21, 178	2.6	3
65	Results of a Cluster Randomized Controlled Trial to Promote the Use of Respiratory Protective Equipment among Migrant Workers Exposed to Organic Solvents in Small and Medium-Sized Enterprises. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	3
64	How to effectively obtain informed consent in trauma patients: a systematic review. <i>BMC Medical Ethics</i> , 2019 , 20, 8	2.9	8
63	Health care utilization and affordability among older people following China's 2009 health reform -- evidence from CHARLS pilot study. <i>International Journal for Equity in Health</i> , 2019 , 18, 62	4.6	9
62	Status of evidence-based chronic diseases prevention implementation in Shanghai, China: A qualitative study. <i>International Journal of Health Planning and Management</i> , 2019 , 34, 912-925	2.2	4
61	Primary care utilization and clinical quality performance: a comparison between health centres in Medicaid expansion states and non-expansion states. <i>Journal of Health Services Research and Policy</i> , 2019 , 24, 19-28	2.4	3
60	Moving towards a better path? A mixed-method examination of China's reforms to remedy medical corruption from pharmaceutical firms. <i>BMJ Open</i> , 2018 , 8, e018513	3	3
59	Educational video-assisted versus conventional informed consent for trauma-related debridement surgery: a parallel group randomized controlled trial. <i>BMC Medical Ethics</i> , 2018 , 19, 23	2.9	19
58	Urban-rural disparities in health care utilization among Chinese adults from 1993 to 2011. <i>BMC Health Services Research</i> , 2018 , 18, 102	2.9	74
57	Racial and ethnic differences in mental healthcare utilization consistent with potentially effective care: The role of patient preferences. <i>General Hospital Psychiatry</i> , 2017 , 46, 14-19	5.6	13

56	Urban-rural disparities in hypertension prevalence, detection, and medication use among Chinese Adults from 1993 to 2011. <i>International Journal for Equity in Health</i> , 2017 , 16, 50	4.6	44
55	Development and pilot testing of an informed consent video for patients with limb trauma prior to debridement surgery using a modified Delphi technique. <i>BMC Medical Ethics</i> , 2017 , 18, 67	2.9	11
54	Access to Care and Satisfaction Among Health Center Patients With Chronic Conditions. <i>Journal of Ambulatory Care Management</i> , 2017 , 40, 69-76	0.8	8
53	Aspirin as a potential modality for the chemoprevention of breast cancer: A dose-response meta-analysis of cohort studies from 857,831 participants. <i>Oncotarget</i> , 2017 , 8, 40389-40401	3.3	39
52	The Digital Divide and Health Disparities in China: Evidence From a National Survey and Policy Implications. <i>Journal of Medical Internet Research</i> , 2017 , 19, e317	7.6	59
51	Types of health care facilities and the quality of primary care: a study of characteristics and experiences of Chinese patients in Guangdong Province, China. <i>BMC Health Services Research</i> , 2016 , 16, 335	2.9	43
50	Patient-health care professional gender or race/ethnicity concordance and its association with weight-related advice in the United States. <i>Patient Education and Counseling</i> , 2016 , 99, 271-8	3.1	7
49	Racial/Ethnic Disparities in Primary Care Quality Among Type 2 Diabetes Patients, Medical Expenditure Panel Survey, 2012. <i>Preventing Chronic Disease</i> , 2016 , 13, E100	3.7	6
48	The Development and Validation of a Rapid Assessment Tool of Primary Care in China. <i>BioMed Research International</i> , 2016 , 2016, 6019603	3	11
47	Comparing the Cost of Caring for Medicare Beneficiaries in Federally Funded Health Centers to Other Care Settings. <i>Health Services Research</i> , 2016 , 51, 625-44	3.4	12
46	Diabetes and medical expenditures among non-institutionalized U.S. adults. <i>Diabetes Research and Clinical Practice</i> , 2015 , 108, 223-34	7.4	5
45	Changes in the perceived quality of primary care in Shanghai and Shenzhen, China: a difference-in-difference analysis. <i>Bulletin of the World Health Organization</i> , 2015 , 93, 407-16	8.2	29
44	Patient Experience in Health Center Medical Homes. <i>Journal of Community Health</i> , 2015 , 40, 1155-64	4	12
43	Family practice and the quality of primary care: a study of Chinese patients in Guangdong Province. <i>Family Practice</i> , 2015 , 32, 557-63	1.9	30
42	Integrated care delivery and health care seeking by chronically-ill patients - a case-control study of rural Henan province, China. <i>International Journal for Equity in Health</i> , 2015 , 14, 98	4.6	27
41	General practitioners versus other physicians in the quality of primary care: a cross-sectional study in Guangdong Province, China. <i>BMC Family Practice</i> , 2015 , 16, 134	2.6	21
40	Primary care quality between Traditional Tibetan Medicine and Western Medicine Hospitals: a pilot assessment in Tibet. <i>International Journal for Equity in Health</i> , 2015 , 14, 45	4.6	5
39	Community health centers and primary care access and quality for chronically-ill patients - a case-comparison study of urban Guangdong Province, China. <i>International Journal for Equity in Health</i> , 2015 , 14, 90	4.6	20

38	Contribution of primary care to health: an individual level analysis from Tibet, China. <i>International Journal for Equity in Health</i> , 2015 , 14, 107	4.6	10
37	Interventions in Primary Care and their contributions to improving equity in health. <i>International Journal for Equity in Health</i> , 2015 , 14, 153	4.6	5
36	Patient-centered Medical Home capability and clinical performance in HRSA-supported health centers. <i>Medical Care</i> , 2015 , 53, 389-95	3.1	29
35	Rural-to-Urban Migrants' Experiences with Primary Care under Different Types of Medical Institutions in Guangzhou, China. <i>PLoS ONE</i> , 2015 , 10, e0140922	3.7	26
34	Primary care quality among different health care structures in Tibet, China. <i>BioMed Research International</i> , 2015 , 2015, 206709	3	12
33	Differences in Access to Care Among Students Using School-Based Health Centers. <i>Journal of School Nursing</i> , 2015 , 31, 291-9	2.1	10
32	The frequency of patient-initiated violence and its psychological impact on physicians in china: a cross-sectional study. <i>PLoS ONE</i> , 2015 , 10, e0128394	3.7	50
31	Development and validation of the Tibetan primary care assessment tool. <i>BioMed Research International</i> , 2014 , 2014, 308739	3	20
30	Chronic conditions and medical expenditures among non-institutionalized adults in the United States. <i>International Journal for Equity in Health</i> , 2014 , 13, 105	4.6	7
29	Do experiences consistent with a medical-home model improve diabetes care measures reported by adult Medicaid patients?. <i>Diabetes Care</i> , 2014 , 37, 2565-71	14.6	15
28	The quality of primary care experienced by health center patients. <i>Journal of the American Board of Family Medicine</i> , 2013 , 26, 768-77	1.6	15
27	Development of the Chinese primary care assessment tool: data quality and measurement properties. <i>International Journal for Quality in Health Care</i> , 2013 , 25, 92-105	1.9	51
26	Reducing disparities in access to primary care and patient satisfaction with care: the role of health centers. <i>Journal of Health Care for the Poor and Underserved</i> , 2013 , 24, 56-66	1.4	24
25	Clinical quality performance in U.S. health centers. <i>Health Services Research</i> , 2012 , 47, 2225-49	3.4	32
24	US primary care delivery after the Health Center Growth Initiative: comparison of health centers, hospital outpatient departments, and physicians' offices. <i>Journal of Ambulatory Care Management</i> , 2012 , 35, 60-74	0.8	24
23	The impact of primary care: a focused review. <i>Scientifica</i> , 2012 , 2012, 432892	2.6	155
22	Cancer screening among racial/ethnic and insurance groups in the United States: a comparison of disparities in 2000 and 2008. <i>Journal of Health Care for the Poor and Underserved</i> , 2011 , 22, 945-61	1.4	61
21	Had Americans diagnosed with diet-related chronic diseases improved their diet, and what psychosocial factors might affect the association?. <i>FASEB Journal</i> , 2011 , 25, 227.1	0.9	

20	Assessing the impact of the Health Center Growth Initiative on health center patients. <i>Public Health Reports</i> , 2010 , 125, 258-66	2.5	16
19	Access to medical care, dental care, and prescription drugs: the roles of race/ethnicity, health insurance, and income. <i>Southern Medical Journal</i> , 2010 , 103, 509-16	0.6	42
18	Characteristics of ambulatory care patients and services: a comparison of community health centers and physicians' offices. <i>Journal of Health Care for the Poor and Underserved</i> , 2010 , 21, 1169-83	1.4	33
17	The influence of English proficiency on access to care. <i>Ethnicity and Health</i> , 2009 , 14, 625-42	2.2	96
16	Racial/ethnic and socioeconomic disparities in access to care and quality of care for US health center patients compared with non-health center patients. <i>Journal of Ambulatory Care Management</i> , 2009 , 32, 342-50	0.8	32
15	Enhancing the measurement of health disparities for vulnerable populations. <i>Journal of Public Health Management and Practice</i> , 2008 , 14 Suppl, S45-52	1.9	19
14	Changes in medical care experiences of racial and ethnic groups in the United States, 1996-2002. <i>International Journal of Health Services</i> , 2008 , 38, 653-70	2	13
13	Public-private partnerships in community health centers: addressing the needs of underserved populations 2007 , 4, 35-42		4
12	Primary care, social inequalities, and all-cause, heart disease, and cancer mortality in US counties, 1990. <i>American Journal of Public Health</i> , 2005 , 95, 674-80	5.1	72
11	Contribution of primary care to health systems and health. <i>Milbank Quarterly</i> , 2005 , 83, 457-502	3.9	2457
10	Primary care experience and racial disparities in self-reported health status. <i>Journal of the American Board of Family Medicine</i> , 2004 , 17, 443-52	1.6	24
9	America's Health Centers: reducing racial and ethnic disparities in perinatal care and birth outcomes. <i>Health Services Research</i> , 2004 , 39, 1881-901	3.4	62
8	Primary care, income inequality, and stroke mortality in the United States: a longitudinal analysis, 1985-1995. <i>Stroke</i> , 2003 , 34, 1958-64	6.7	63
7	Vulnerability and the patient-practitioner relationship: the roles of gatekeeping and primary care performance. <i>American Journal of Public Health</i> , 2003 , 93, 138-44	5.1	31
6	Primary care quality: community health center and health maintenance organization. <i>Southern Medical Journal</i> , 2003 , 96, 787-95	0.6	60
5	The relationship between primary care, income inequality, and mortality in US States, 1980-1995. <i>Journal of the American Board of Family Medicine</i> , 2003 , 16, 412-22	1.6	135
4	The effect of primary care physician supply and income inequality on mortality among blacks and whites in US metropolitan areas. <i>American Journal of Public Health</i> , 2001 , 91, 1246-50	5.1	116
3	Primary care, income inequality, and self-rated health in the United States: a mixed-level analysis. <i>International Journal of Health Services</i> , 2000 , 30, 541-55	2	105

2	Primary care, specialty care, and life chances. <i>International Journal of Health Services</i> , 1994 , 24, 431-58	2	117
1	The relationship between primary care and life chances. <i>Journal of Health Care for the Poor and Underserved</i> , 1992 , 3, 321-35	1.4	65
