#	ARTICLE	IF	CITATIONS
1	Supporting families managing childhood eczema: developing and optimising eczema care online using qualitative research. British Journal of General Practice, 2022, 72, e378-e389.	1.4	7
2	Strategies for using topical corticosteroids in children and adults with eczema. The Cochrane Library, 2022, 2022, CD013356.	2.8	18
3	Assessing changes in knowledge, attitudes, and intentions to use family planning after watching documentary and drama health education films: a qualitative study. Reproductive Health, 2022, 19, 65.	3.1	2
4	Eczema Care Online: development and qualitative optimisation of an online behavioural intervention to support self-management in young people with eczema. BMJ Open, 2022, 12, e056867.	1.9	6
5	Antenatal couplesâ€™ counselling in Uganda (ACCU): study protocol for a randomised controlled feasibility trial. Pilot and Feasibility Studies, 2022, 8, 97.	1.2	2
6	Psychosocial needs of adolescents and young adults with eczema: A secondary analysis of qualitative data to inform a behaviour change intervention. British Journal of Health Psychology, 2021, 26, 214-231.	3.5	18
7	Testâ€™guided dietary management of eczema in children: A randomized controlled feasibility trial (TEST). Clinical and Experimental Allergy, 2021, 51, 452-462.	2.9	9
8	Views and experiences of people with acne vulgaris and healthcare professionals about treatments: systematic review and thematic synthesis of qualitative research. BMJ Open, 2021, 11, e041794.	1.9	18
9	Supporting self-care for eczema: protocol for two randomised controlled trials of ECO (Eczema Care) Tj ETQq1 1 0.784314 rgBT /Ove	1.9	12
10	Childrenâ€™s Views and Experiences of Treatment Adherence and Parent/Child Co-Management in Eczema: A Qualitative Study. Children, 2021, 8, 158.	1.5	8
11	Patient-reported outcome measures for acne: a mixed-methods validation study (acne PROMs). BMJ Open, 2021, 11, e034047.	1.9	4
12	Couplesâ€™ decision-making on post-partum family planning and antenatal counselling in Uganda: A qualitative study. PLoS ONE, 2021, 16, e0251190.	2.5	6
13	Safety of topical corticosteroids in atopic eczema: an umbrella review. BMJ Open, 2021, 11, e046476.	1.9	32
14	Spironolactone for adult female acne (SAFA): protocol for a double-blind, placebo-controlled, phase III randomised study of spironolactone as systemic therapy for acne in adult women. BMJ Open, 2021, 11, e053876.	1.9	10
15	Taking charge of eczema self-management: a qualitative interview study with young people with eczema. BMJ Open, 2021, 11, e044005.	1.9	11
16	Supporting Self-management Among Young People With Acne Vulgaris Through a Web-Based Behavioral Intervention: Development and Feasibility Randomized Controlled Trial. JMIR Dermatology, 2021, 4, e25918.	0.7	0
17	Maximizing User Engagement with Behavior Change Interventions. , 2020, , 361-371.		3
18	Parents and GPsâ€™ understandings and beliefs about food allergy testing in children with eczema: qualitative interview study within the Trial of Eczema allergy Screening Tests (TEST) feasibility trial. BMJ Open, 2020, 10, e041229.	1.9	5

#	ARTICLE	IF	CITATIONS
19	Parents and carers's experiences of seeking health information and support online for long-term physical childhood conditions: a systematic review and thematic synthesis of qualitative research. <i>BMJ Open</i> , 2020, 10, e042139.	1.9	9
20	Patients's understanding of cellulitis and their information needs: a mixed-methods study in primary and secondary care. <i>British Journal of General Practice</i> , 2019, 69, e279-e286.	1.4	5
21	Combining qualitative research with PPI: reflections on using the person-based approach for developing behavioural interventions. <i>Research Involvement and Engagement</i> , 2019, 5, 34.	2.9	40
22	Views and experiences of seeking information and help for vitiligo: a qualitative study of written accounts. <i>BMJ Open</i> , 2018, 8, e018652.	1.9	11
23	"Hope you find your 'eureka' moment soon": a qualitative study of parents/carers's online discussions around allergy, allergy tests and eczema. <i>BMJ Open</i> , 2018, 8, e022861.	1.9	17
24	State of Diabetes Self-Management Education in the European Union Member States and Non-EU Countries: The Diabetes Literacy Project. <i>Journal of Diabetes Research</i> , 2018, 2018, 1-10.	2.3	8
25	Patient level cost of diabetes self-management education programmes: an international evaluation. <i>BMJ Open</i> , 2017, 7, e013805.	1.9	2
26	Effects on Engagement and Health Literacy Outcomes of Web-Based Materials Promoting Physical Activity in People With Diabetes: An International Randomized Trial. <i>Journal of Medical Internet Research</i> , 2017, 19, e21.	4.3	33
27	The person-based approach to enhancing the acceptability and feasibility of interventions. <i>Pilot and Feasibility Studies</i> , 2015, 1, 37.	1.2	217
28	'You don't know which bits to believe': qualitative study exploring carers' experiences of seeking information on the internet about childhood eczema. <i>BMJ Open</i> , 2015, 5, e006339-e006339.	1.9	26
29	Understanding patient experiences of self-managing chronic dizziness: a qualitative study of booklet-based vestibular rehabilitation, with or without remote support. <i>BMJ Open</i> , 2015, 5, e007680-e007680.	1.9	16
30	The therapeutic relationship in telephone-delivered support for people undertaking rehabilitation: a mixed-methods interaction analysis. <i>Disability and Rehabilitation</i> , 2015, 37, 1060-1065.	1.8	14
31	The Person-Based Approach to Intervention Development: Application to Digital Health-Related Behavior Change Interventions. <i>Journal of Medical Internet Research</i> , 2015, 17, e30.	4.3	897
32	Views of People With High and Low Levels of Health Literacy About a Digital Intervention to Promote Physical Activity for Diabetes: A Qualitative Study in Five Countries. <i>Journal of Medical Internet Research</i> , 2015, 17, e230.	4.3	93
33	Protein energy malnutrition increases arginase activity in monocytes and macrophages. <i>Nutrition and Metabolism</i> , 2014, 11, 51.	3.0	20
34	Characterization of Neutrophil Subsets in Healthy Human Pregnancies. <i>PLoS ONE</i> , 2014, 9, e85696.	2.5	67
35	Supporting Self-Care for Families of Children With Eczema With a Web-Based Intervention Plus Health Care Professional Support: Pilot Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2014, 16, e70.	4.3	44
36	Two Women Presenting Worsening Cutaneous Ulcers during Pregnancy: Diagnosis, Immune Response, and Follow-up. <i>PLoS Neglected Tropical Diseases</i> , 2013, 7, e2472.	3.0	8

#	ARTICLE	IF	CITATIONS
37	Managing childhood eczema: qualitative study exploring carers' experiences of barriers and facilitators to treatment adherence. <i>Journal of Advanced Nursing</i> , 2013, 69, 2493-2501.	3.3	81
38	Clinical and cost effectiveness of booklet based vestibular rehabilitation for chronic dizziness in primary care: single blind, parallel group, pragmatic, randomised controlled trial. <i>BMJ</i> , The, 2012, 344, e2237-e2237.	6.0	94
39	Experiences of carers managing childhood eczema and their views on its treatment: a qualitative study. <i>British Journal of General Practice</i> , 2012, 62, e261-e267.	1.4	59
40	Telephone-delivered cognitive behavioural therapy: a systematic review and meta-analysis. <i>Journal of Telemedicine and Telecare</i> , 2011, 17, 177-184.	2.7	51
41	Polymorphonuclear neutrophils and T lymphocytes: strange bedfellows or brothers in arms?. <i>Trends in Immunology</i> , 2009, 30, 522-530.	6.8	237
42	Age-Related Alteration of Arginase Activity Impacts on Severity of Leishmaniasis. <i>PLoS Neglected Tropical Diseases</i> , 2008, 2, e235.	3.0	35
43	Different strategies for using topical corticosteroids in people with eczema. <i>The Cochrane Library</i> , 0, , .	2.8	6
