#	ARTICLE	IF	CITATIONS
1	Clinical definition of pelvic organ prolapse “if it ain’t broke”. Neurourology and Urodynamics, 2022, 41, 506-507.	1.5	0
2	International Continence Society (ICS) report on the terminology for sexual health in men with lower urinary tract (LUT) and pelvic floor (PF) dysfunction. Neurourology and Urodynamics, 2022, 41, 140-165.	1.5	5
3	The retroverted uterus: Again ignored but still core to prolapse. Neurourology and Urodynamics, 2022, 41, 1187-1188.	1.5	1
4	RE: Joint terminology documents: Quality and a justifiable need, not quantity. Neurourology and Urodynamics, 2022, 41, 1185-1186.	1.5	0
5	Reference values for urine flow parameters in normal female populations: Liverpool nomograms universally applicable after population-specific comparisons. Neurourology and Urodynamics, 2022, 41, 523-524.	1.5	0
6	Stress urinary incontinence: Bladder neck closure (BNC) “The real bottom line rather than urethral support or function failure. Neurourology and Urodynamics, 2022, 41, 1189-1191.	1.5	1
7	Surgical anatomy of the vaginal introitus. Neurourology and Urodynamics, 2022, 41, 1240-1247.	1.5	4
8	Surgical anatomy of the vaginal vault. Neurourology and Urodynamics, 2022, 41, 1316-1322.	1.5	2
9	Surgical anatomy of the mid-vagina. Neurourology and Urodynamics, 2022, 41, 1293-1304.	1.5	3
10	Tradução para a Língua portuguesa do artigo original em inglês “The International Continence Society (ICS) report on the terminology for adult male lower urinary tract and pelvic floor symptoms and dysfunction”. Einstein (Sao Paulo, Brazil), 2021, 19, .	0.7	2
11	An International Continence Society (ICS) report on the terminology for female pelvic floor fistulas. Neurourology and Urodynamics, 2020, 39, 2040-2071.	1.5	18
12	The International Continence Society (ICS) report on the terminology for male lower urinary tract surgery. Neurourology and Urodynamics, 2020, 39, 2072-2088.	1.5	6
13	An International Continence Society (ICS) report on the terminology for single-body worn absorbent incontinence products. Neurourology and Urodynamics, 2020, 39, 2031-2039.	1.5	6
14	The International Continence Society (ICS) report on the terminology for adult male lower urinary tract and pelvic floor symptoms and dysfunction. Neurourology and Urodynamics, 2019, 38, 433-477.	1.5	446
15	Total tape ban: Not the answer!. Neurourology and Urodynamics, 2018, 37, 2035-2037.	1.5	0
16	Posterior vaginal compartment repairs: Does vaginal vault (level I) fixation significantly improve the vaginal introital (level III) repair?. Neurourology and Urodynamics, 2018, 37, 2740-2744.	1.5	0
17	What if there were no tapes?. Neurourology and Urodynamics, 2018, 37, 2026-2034.	1.5	11
18	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for the conservative and nonpharmacological management of female pelvic floor dysfunction. International Urogynecology Journal, 2017, 28, 191-213.	1.4	233

#	ARTICLE	IF	CITATIONS
19	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for the conservative and nonpharmacological management of female pelvic floor dysfunction. <i>Neurourology and Urodynamics</i> , 2017, 36, 221-244.	1.5	190
20	IUGA terminology and standardization: creating and using this expanding resource. <i>International Urogynecology Journal</i> , 2017, 28, 1613-1616.	1.4	0
21	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female anorectal dysfunction. <i>Neurourology and Urodynamics</i> , 2017, 36, 10-34.	1.5	71
22	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female anorectal dysfunction. <i>International Urogynecology Journal</i> , 2017, 28, 5-31.	1.4	86
23	The vaginal vestibule: assessing the case for an anterior and posterior division. <i>Neurourology and Urodynamics</i> , 2017, 36, 979-983.	1.5	5
24	An International Urogynecological Association (IUGA) / International Continence Society (ICS) Joint Report on the Terminology for Female Pelvic Organ Prolapse (POP). <i>Neurourology and Urodynamics</i> , 2016, 35, 137-168.	1.5	173
25	An International Urogynecological Association (IUGA) / International Continence Society (ICS) joint report on the terminology for female pelvic organ prolapse (POP). <i>International Urogynecology Journal</i> , 2016, 27, 165-194.	1.4	245
26	Posterior vaginal compartment repairs: Where are the main anatomical defects?. <i>International Urogynecology Journal</i> , 2016, 27, 741-745.	1.4	17
27	Perineorrhaphy quantitative assessment (Pe-QA). <i>International Urogynecology Journal</i> , 2015, 26, 539-544.	1.4	16
28	Optimizing study design for interobserver reliability: IUGAâ€“ICS classification of complications of prostheses and graft insertion. <i>International Urogynecology Journal</i> , 2014, 25, 751-754.	1.4	5
29	Severe adolescent female stress urinary incontinence (SAFSUI): case report and literature review. <i>International Urogynecology Journal</i> , 2014, 25, 393-396.	1.4	2
30	Cardinal ligament surgical anatomy: cardinal points at hysterectomy. <i>International Urogynecology Journal</i> , 2014, 25, 189-195.	1.4	9
31	Improving the clinical prediction of detrusor overactivity by utilizing additional symptoms and signs to overactive bladder symptoms alone. <i>International Urogynecology Journal</i> , 2014, 25, 1115-1120.	1.4	8
32	Posterior repair quantification (PR-Q) using key anatomical indicators (KAI): preliminary report. <i>International Urogynecology Journal</i> , 2014, 25, 1665-1672.	1.4	11
33	International Urogynecological Association (IUGA)/International Continence Society (ICS) joint terminology and classification of the complications related to native tissue female pelvic floor surgery. <i>Neurourology and Urodynamics</i> , 2012, 31, 406-414.	1.5	22
34	An international urogynecological association (IUGA)/international continence society (ICS) joint report on the terminology for reporting outcomes of surgical procedures for pelvic organ prolapse. <i>Neurourology and Urodynamics</i> , 2012, 31, 415-421.	1.5	55
35	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint terminology and classification of the complications related to native tissue female pelvic floor surgery. <i>International Urogynecology Journal</i> , 2012, 23, 515-526.	1.4	52
36	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for reporting outcomes of surgical procedures for pelvic organ prolapse. <i>International Urogynecology Journal</i> , 2012, 23, 527-535.	1.4	107

#	ARTICLE	IF	CITATIONS
37	An International Urogynecological Association (IUGA) / International Continence Society (ICS) joint terminology and classification of the complications related directly to the insertion of prostheses (meshes, implants, tapes) & grafts in female pelvic floor surgery. International Urogynecology Journal, 2011, 22, 3-15.	1.4	252
38	An international urogynecological association (IUGA)/international continence society (ICS) joint terminology and classification of the complications related directly to the insertion of prostheses (meshes, implants, tapes) and grafts in female pelvic floor surgery. Neurourology and Urodynamics, 2011, 30, 2-12.	1.5	281
39	Uroflowmetry in asymptomatic and symptomatic women. Neurourology and Urodynamics, 2011, 30, 783-4; author reply 784-5.	1.5	2
40	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female pelvic floor dysfunction. International Urogynecology Journal, 2010, 21, 5-26.	1.4	1,718
41	An international urogynecological association (IUGA)/international continence society (ICS) joint report on the terminology for female pelvic floor dysfunction. Neurourology and Urodynamics, 2010, 29, 4-20.	1.5	2,027
42	The accuracy of post-void residual measurement in women. International Urogynecology Journal, 2008, 19, 603-606.	1.4	25
43	Immediate Postvoid Residual Volumes in Women With Symptoms of Pelvic Floor Dysfunction. Obstetrics and Gynecology, 2008, 111, 1305-1312.	2.4	52
44	The retroverted uterus: ignored to date but core to prolapse. International Urogynecology Journal, 2006, 17, 555-558.	1.4	15
45	Injectable collagen for type 3 female stress incontinence: the first 50 Australian patients. Medical Journal of Australia, 1993, 158, 89-91.	1.7	57
