#	Paper	IF	Citations
40	International Continence Society (ICS) report on the terminology for sexual health in men with lower urinary tract (LUT) and pelvic floor (PF) dysfunction.. <i>Neurourology and Urodynamics</i> , <b>2022</b> , 41, 140-165	2.3	1
39	The retroverted uterus: Again ignored but still core to prolapse.. <i>Neurourology and Urodynamics</i> , <b>2022</b> ,	2.3	1
38	RE: Joint terminology documents: Quality and a justifiable need, not quantity.. <i>Neurourology and Urodynamics</i> , <b>2022</b> ,	2.3	
37	Stress urinary incontinence: Bladder neck closure (BNC)-The real bottom line rather than urethral support or function failure.. <i>Neurourology and Urodynamics</i> , <b>2022</b> ,	2.3	0
36	Clinical definition of pelvic organ prolapse - if it ain't broke□ <i>Neurourology and Urodynamics</i> , <b>2021</b> ,	2.3	
35	Reference values for urine flow parameters in normal female populations: Liverpool nomograms universally applicable after population-specific comparisons. <i>Neurourology and Urodynamics</i> , <b>2021</b> ,	2.3	
34	An International Continence Society (ICS) report on the terminology for female pelvic floor fistulas. <i>Neurourology and Urodynamics</i> , <b>2020</b> , 39, 2040-2071	2.3	8
33	The International Continence Society (ICS) report on the terminology for male lower urinary tract surgery. <i>Neurourology and Urodynamics</i> , <b>2020</b> , 39, 2072-2088	2.3	1
32	An International Continence Society (ICS) report on the terminology for single-use/body worn absorbent incontinence products. <i>Neurourology and Urodynamics</i> , <b>2020</b> , 39, 2031-2039	2.3	0
31	The International Continence Society (ICS) report on the terminology for adult male lower urinary tract and pelvic floor symptoms and dysfunction. <i>Neurourology and Urodynamics</i> , <b>2019</b> , 38, 433-477	2.3	195
30	Posterior vaginal compartment repairs: Does vaginal vault (level I) fixation significantly improve the vaginal introital (level III) repair?. <i>Neurourology and Urodynamics</i> , <b>2018</b> , 37, 2740-2744	2.3	
29	What if there were no tapes?.. <i>Neurourology and Urodynamics</i> , <b>2018</b> , 37, 2026-2034	2.3	8
28	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for the conservative and nonpharmacological management of female pelvic floor dysfunction. <i>International Urogynecology Journal</i> , <b>2017</b> , 28, 191-213	2	144
27	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for the conservative and nonpharmacological management of female pelvic floor dysfunction. <i>Neurourology and Urodynamics</i> , <b>2017</b> , 36, 221-244	2.3	109
26	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female anorectal dysfunction. <i>Neurourology and Urodynamics</i> , <b>2017</b> , 36, 10-34	2.3	39
25	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female anorectal dysfunction. <i>International Urogynecology Journal</i> , <b>2017</b> , 28, 5-31	2	52
24	The vaginal vestibule: assessing the case for an anterior and posterior division. <i>Neurourology and Urodynamics</i> , <b>2017</b> , 36, 979-983	2.3	2

23	An International Urogynecological Association (IUGA) / International Continence Society (ICS) Joint Report on the Terminology for Female Pelvic Organ Prolapse (POP). <i>Neurourology and Urodynamics</i> , <b>2016</b> , 35, 137-68	2.3	109
22	An International Urogynecological Association (IUGA) / International Continence Society (ICS) joint report on the terminology for female pelvic organ prolapse (POP). <i>International Urogynecology Journal</i> , <b>2016</b> , 27, 165-94	2	138
21	Posterior vaginal compartment repairs: Where are the main anatomical defects?. <i>International Urogynecology Journal</i> , <b>2016</b> , 27, 741-5	2	15
20	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female pelvic organ prolapse (POP). <i>International Urogynecology Journal</i> , <b>2016</b> , 27, 655-84	2	126
19	Perineorrhaphy quantitative assessment (Pe-QA). <i>International Urogynecology Journal</i> , <b>2015</b> , 26, 539-44	2	13
18	Severe adolescent female stress urinary incontinence (SAFSUI): case report and literature review. <i>International Urogynecology Journal</i> , <b>2014</b> , 25, 393-6	2	1
17	Cardinal ligament surgical anatomy: cardinal points at hysterectomy. <i>International Urogynecology Journal</i> , <b>2014</b> , 25, 189-95	2	9
16	Improving the clinical prediction of detrusor overactivity by utilizing additional symptoms and signs to overactive bladder symptoms alone. <i>International Urogynecology Journal</i> , <b>2014</b> , 25, 1115-20	2	7
15	Posterior repair quantification (PR-Q) using key anatomical indicators (KAI): preliminary report. <i>International Urogynecology Journal</i> , <b>2014</b> , 25, 1665-72	2	8
14	Optimizing study design for interobserver reliability: IUGA-ICS classification of complications of prostheses and graft insertion. <i>International Urogynecology Journal</i> , <b>2014</b> , 25, 751-4	2	5
13	International Urogynecological Association (IUGA)/International Continence Society (ICS) joint terminology and classification of the complications related to native tissue female pelvic floor surgery. <i>Neurourology and Urodynamics</i> , <b>2012</b> , 31, 406-14	2.3	17
12	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for reporting outcomes of surgical procedures for pelvic organ prolapse. <i>Neurourology and Urodynamics</i> , <b>2012</b> , 31, 415-21	2.3	47
11	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint terminology and classification of the complications related to native tissue female pelvic floor surgery. <i>International Urogynecology Journal</i> , <b>2012</b> , 23, 515-26	2	43
10	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for reporting outcomes of surgical procedures for pelvic organ prolapse. <i>International Urogynecology Journal</i> , <b>2012</b> , 23, 527-35	2	84
9	An International Urogynecological Association (IUGA) / International Continence Society (ICS) joint terminology and classification of the complications related directly to the insertion of prostheses (meshes, implants, tapes) & grafts in female pelvic floor surgery. <i>International Urogynecology Journal</i> , <b>2011</b> , 22, 3-15	2	219
8	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint terminology and classification of the complications related directly to the insertion of prostheses (meshes, implants, tapes) and grafts in female pelvic floor surgery. <i>Neurourology and Urodynamics</i> , <b>2011</b> , 30, 2-12	2.3	214
7	Uroflowmetry in asymptomatic and symptomatic women. <i>Neurourology and Urodynamics</i> , <b>2011</b> , 30, 783-4; author reply 784-5	2.3	2
6	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female pelvic floor dysfunction. <i>International Urogynecology Journal</i> , <b>2010</b> , 21, 5-26	2	1323

5	An International Urogynecological Association (IUGA)/International Continence Society (ICS) joint report on the terminology for female pelvic floor dysfunction. <i>Neurourology and Urodynamics</i> , <b>2010</b> , 29, 4-20	2.3	1491
4	Immediate postvoid residual volumes in women with symptoms of pelvic floor dysfunction. <i>Obstetrics and Gynecology</i> , <b>2008</b> , 111, 1305-12	4.9	38
3	The retroverted uterus: ignored to date but core to prolapse. <i>International Urogynecology Journal</i> , <b>2006</b> , 17, 555-8	2	13
2	Injectable collagen for type 3 female stress incontinence: the first 50 Australian patients. <i>Medical Journal of Australia</i> , <b>1993</b> , 158, 89-91	4	52
1	Surgical anatomy of the vaginal vault. <i>Neurourology and Urodynamics</i> ,	2.3	0
