

John Brandt Brodersen

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/2092865/john-brandt-brodersen-publications-by-year.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
138	Sarcopenia: early prevention or overdiagnosis?. <i>BMJ, The</i> , 2022 , 376, e052592	5.9	0
137	Use and diagnostic outcomes of cancer patient pathways in Denmark - is the place of initial diagnostic work-up an important factor?. <i>BMC Health Services Research</i> , 2022 , 22, 130	2.9	1
136	Learning strategies of general practitioners striving to achieve point-of-care ultrasound competence: a qualitative study.. <i>Scandinavian Journal of Primary Health Care</i> , 2022 , 1-11	2.7	
135	People say it is dangerous□ <i>Revista Brasileira De Medicina De Família E Comunidade</i> , 2022 , 17, 3052	0.3	
134	Luckily-I am not the worrying kind: Experiences of patients in the Danish cancer patient pathway for non-specific symptoms and signs of cancer.. <i>Health (United Kingdom)</i> , 2022 , 13634593221096244	1.9	
133	Potential problems in the use of patient reported outcome measures (PROMs) and reporting of PROM data in sports science. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 1249-1258	4.6	4
132	'You should see a doctor', said the robot: Reflections on a digital diagnostic device in a pandemic age. <i>Scandinavian Journal of Public Health</i> , 2021 , 49, 33-36	3	7
131	Psychosocial consequences of screening-detected abdominal aortic aneurisms: a cross-sectional study. <i>Scandinavian Journal of Primary Health Care</i> , 2021 , 1-7	2.7	0
130	Four of five frequently used orthopedic PROMs possess inadequate content validity: a COSMIN evaluation of the mHHS, HAGOS, IKDC-SKF, KOOS and KNEES-ACL. <i>Knee Surgery, Sports Traumatology, Arthroscopy</i> , 2021 , 1	5.5	2
129	Using a Deliberative Poll on breast cancer screening to assess and improve the decision quality of laypeople. <i>PLoS ONE</i> , 2021 , 16, e0258869	3.7	0
128	Categories of systematic influences applied to increase cancer screening participation: a literature review and analysis. <i>European Journal of Public Health</i> , 2021 , 31, 200-206	2.1	1
127	A catalogue of PROMs in sports science: Quality assessment of PROM development and validation. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 991-998	4.6	12
126	Psychosocial consequences of a three-month follow-up after receiving an abnormal lung cancer CT-screening result: A longitudinal survey. <i>Lung Cancer</i> , 2021 , 155, 46-52	5.9	2
125	Breaking potentially bad news of cancer workup to well-informed patients by telephone versus in-person: A randomised controlled trial on psychosocial consequences. <i>European Journal of Cancer Care</i> , 2021 , 30, e13435	2.4	1
124	Patients' experiences of the use of point-of-care ultrasound in general practice - a cross-sectional study. <i>BMC Family Practice</i> , 2021 , 22, 116	2.6	4
123	Re: Hofmann et al. Overdiagnosis, one concept, three perspectives, and a model. <i>European Journal of Epidemiology</i> , 2021 , 36, 655-656	12.1	1
122	Z-Inspection□ : A Process to Assess Trustworthy AI. <i>IEEE Transactions on Technology and Society</i> , 2021 , 2, 83-97	5.2	13

121	Validity of Current Assessment Tools Aiming to Measure the Affective Component of Pain: A Systematic Review. <i>Patient Related Outcome Measures</i> , 2021 , 12, 213-226	2.9	2
120	How to develop a condition-specific PROM. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 1216-1224	4.6	10
119	How to translate and locally adapt a PROM. Assessment of cross-cultural differential item functioning. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 999-1008	4.6	6
118	Responsiveness, minimal important difference, minimal relevant difference, and optimal number of patients for a study. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 1239-1248	4.6	5
117	What is a PROM and why do we need it?. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 967-971	4.6	9
116	Are adequate PROMs used as outcomes in randomized controlled trials? an analysis of 54 trials. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 972-981	4.6	6
115	Are PROMs used adequately in sports research? An analysis of 54 randomized controlled trials with PROMs as endpoint. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 982-990	4.6	4
114	Choosing the most appropriate PROM for clinical studies in sports medicine. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 1209-1215	4.6	1
113	Psychometric validation of PROM instruments. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2021 , 31, 1225-1238	4.6	7
112	Consequences of screening in colorectal cancer (COS-CRC): development and dimensionality of a questionnaire. <i>BMC Psychology</i> , 2021 , 9, 7	2.8	1
111	Non-specific symptoms and signs of cancer: different organisations of a cancer patient pathway in Denmark. <i>Scandinavian Journal of Primary Health Care</i> , 2021 , 39, 23-30	2.7	4
110	Factors associated with a clinically relevant reduction in menopausal symptoms of a standardized acupuncture approach for women with bothersome menopausal symptoms. <i>BMC Complementary Medicine and Therapies</i> , 2021 , 21, 29	2.9	0
109	Psychometric properties of a condition-specific PROM for the psychosocial consequences of Labelling hypertension by using Rasch analysis. <i>Journal of Patient-Reported Outcomes</i> , 2021 , 5, 19	2.6	
108	Psychosocial consequences of invitation to colorectal cancer screening: a matched cohort study. <i>Journal of Epidemiology and Community Health</i> , 2021 , 75, 867-873	5.1	1
107	Co-Design of a Trustworthy AI System in Healthcare: Deep Learning Based Skin Lesion Classifier. <i>Frontiers in Human Dynamics</i> , 2021 , 3,	0.7	7
106	Psychosocial consequences of potential overdiagnosis in prostate cancer a qualitative interview study. <i>Scandinavian Journal of Primary Health Care</i> , 2020 , 38, 439-446	2.7	4
105	Direct and indirect healthcare costs of lung cancer CT screening in Denmark: a registry study. <i>BMJ Open</i> , 2020 , 10, e031768	3	4
104	Letter to the editor. <i>Medicine, Health Care and Philosophy</i> , 2020 , 23, 541-542	2	

103	Overdiagnosis of lung cancer with low-dose computed tomography screening: meta-analysis of the randomised clinical trials. <i>Breathe</i> , 2020 , 16, 200013	1.8	18
102	Sustained effects of a brief and standardised acupuncture approach on menopausal symptoms: post hoc analysis of the ACOM randomised controlled trial. <i>Acupuncture in Medicine</i> , 2020 , 38, 396-406	1.9	1
101	The perception gap: how the benefits and harms of cervical cancer screening are understood in information material focusing on informed choice. <i>Health, Risk and Society</i> , 2020 , 22, 177-196	2	6
100	Psychosocial consequences of false positives in the Danish Lung Cancer CT Screening Trial: a nested matched cohort study. <i>BMJ Open</i> , 2020 , 10, e034682	3	10
99	Did psychosocial status, sociodemographics and smoking status affect non-attendance in control participants in the Danish Lung Cancer Screening Trial? A nested observational study. <i>BMJ Open</i> , 2020 , 10, e030871	3	2
98	Specific Measures of Quality of Life in Patients with Multimorbidity in Primary Healthcare: A Systematic Review on Patient-Reported Outcome Measures' Adequacy of Measurement. <i>Patient Related Outcome Measures</i> , 2020 , 11, 1-10	2.9	6
97	User experiences on implementation of patient reported outcome measures (PROMs) in a Haematological outpatient clinic. <i>Journal of Patient-Reported Outcomes</i> , 2020 , 4, 87	2.6	2
96	Use and impact of point-of-care ultrasonography in general practice: a prospective observational study. <i>BMJ Open</i> , 2020 , 10, e037664	3	7
95	Psychometric Validation of the Danish Version of the Oswestry Disability Index in Patients With Chronic Low Back Pain. <i>Spine</i> , 2020 , 45, 1143-1150	3.3	2
94	Lolland-Falster Health Study: Study protocol for a household-based prospective cohort study. <i>Scandinavian Journal of Public Health</i> , 2020 , 48, 382-390	3	21
93	Validation of a health screening questionnaire for primary care using Rasch models. <i>Journal of Patient-Reported Outcomes</i> , 2019 , 3, 12	2.6	3
92	How precision medicine and screening with big data could increase overdiagnosis. <i>BMJ, The</i> , 2019 , 366, l5270	5.9	14
91	Psychosocial consequences of receiving false-positive colorectal cancer screening results: a qualitative study. <i>Scandinavian Journal of Primary Health Care</i> , 2019 , 37, 145-154	2.7	9
90	Efficacy of a standardised acupuncture approach for women with bothersome menopausal symptoms: a pragmatic randomised study in primary care (the ACOM study). <i>BMJ Open</i> , 2019 , 9, e023637		8
89	Reforming disease definitions: a new primary care led, people-centred approach. <i>BMJ Evidence-Based Medicine</i> , 2019 , 24, 170-173	2.7	17
88	Why do Danish junior doctors choose general practice as their future specialty? Results of a mixed-methods survey. <i>European Journal of General Practice</i> , 2019 , 25, 149-156	2.8	3
87	Danish general practitioners have found their own way of using point-of-care ultrasonography in primary care: a qualitative study. <i>BMC Family Practice</i> , 2019 , 20, 89	2.6	8
86	Haematologists' experiences implementing patient reported outcome measures (PROMs) in an outpatient clinic: a qualitative study for applied practice. <i>Journal of Patient-Reported Outcomes</i> , 2019 , 3, 74	2.6	8

85	Development of an item pool for a questionnaire on the psychosocial consequences of hypertension labelling. <i>Journal of Patient-Reported Outcomes</i> , 2019 , 4, 2	2.6	1
84	Screening for reducing morbidity and mortality in malignant melanoma. <i>The Cochrane Library</i> , 2019 , 6, CD012352	5.2	16
83	Quaternary prevention: an evidence-based concept aiming to protect patients from medical harm. <i>British Journal of General Practice</i> , 2019 , 69, 614-615	1.6	6
82	Screening for abdominal aortic aneurysm - Authors' reply. <i>Lancet, The</i> , 2019 , 393, 28	4.0	1
81	Clinical and pathophysiological aspects of bicuspid aortic valve disease. <i>Cardiology in the Young</i> , 2019 , 29, 1-10	1	11
80	Cognitive screening instruments: How much overdiagnosis do they create?. <i>International Journal of Clinical Practice</i> , 2019 , 73, e13291	2.9	0
79	High incidence of cervical cancer in women over 60 is likely due to less intensive cervical screening in this generation of women. <i>BMJ Evidence-Based Medicine</i> , 2018 , 23, 37	2.7	2
78	Quaternary prevention: reviewing the concept. <i>European Journal of General Practice</i> , 2018 , 24, 106-111	2.8	50
77	Do men with lower urinary tract symptoms have an increased risk of advanced prostate cancer?. <i>BMJ, The</i> , 2018 , 361, k1202	5.9	8
76	Adaptation of the Activity Measure Post-Acute Care (AM-PAC) from English to Mandarin using the dual-panel translation approach. <i>Disability and Rehabilitation</i> , 2018 , 40, 2571-2576	2.4	3
75	Precision medicine in the clouds. <i>Nature Biotechnology</i> , 2018 , 36, 678-680	44.5	13
74	Estimation of Overdiagnosis of Lung Cancer in Low-Dose Computed Tomography Screening: A Secondary Analysis of the Danish Lung Cancer Screening Trial. <i>JAMA Internal Medicine</i> , 2018 , 178, 1420-1422	11.5	44
73	Consequences of screening in cervical cancer: development and dimensionality of a questionnaire. <i>BMC Psychology</i> , 2018 , 6, 39	2.8	7
72	Benefits and harms of screening men for abdominal aortic aneurysm in Sweden: a registry-based cohort study. <i>Lancet, The</i> , 2018 , 391, 2441-2447	4.0	37
71	A Study of Anti-Fat Bias among Danish General Practitioners and Whether This Bias and General Practitioners' Lifestyle Can Affect Treatment of Tension Headache in Patients with Obesity. <i>Obesity Facts</i> , 2018 , 11, 501-513	5.1	5
70	Psychosocial consequences among women with false-positive results after mammography screening in Norway. <i>Scandinavian Journal of Primary Health Care</i> , 2018 , 36, 380-389	2.7	3
69	Measuring bothersome menopausal symptoms: development and validation of the MenoScores questionnaire. <i>Health and Quality of Life Outcomes</i> , 2018 , 16, 97	3	10
68	Why do some participants in colorectal cancer screening choose not to undergo colonoscopy following a positive test result? A qualitative study. <i>Scandinavian Journal of Primary Health Care</i> , 2018 , 36, 262-271	2.7	8

67	Informed or misinformed choice? Framing effects in a national information pamphlet on colorectal cancer screening. <i>Health, Risk and Society</i> , 2018 , 20, 241-258	2	8
66	Experiences of the screening process and the diagnosis abdominal aortic aneurysm among 65-year-old men from invitation to a 1-year surveillance. <i>Journal of Vascular Nursing</i> , 2017 , 35, 70-77	1	3
65	How to conduct research on overdiagnosis. A keynote paper from the EGPRN May 2016, Tel Aviv. <i>European Journal of General Practice</i> , 2017 , 23, 78-82	2.8	6
64	Development and validation of a condition-specific diary to measure severity, bothersomeness and impact on daily activities for patients with acute urinary tract infection in primary care. <i>Health and Quality of Life Outcomes</i> , 2017 , 15, 57	3	5
63	Overview of guidelines on breast screening: Why recommendations differ and what to do about it. <i>Breast</i> , 2017 , 31, 261-269	3.6	23
62	Consequences of screening in abdominal aortic aneurysm: development and dimensionality of a questionnaire. <i>Journal of Patient-Reported Outcomes</i> , 2017 , 2, 37	2.6	8
61	The efficacy of acupuncture on menopausal symptoms (ACOM study): protocol for a randomised study. <i>Danish Medical Journal</i> , 2017 , 64,	3.8	3
60	Results of the Randomized Danish Lung Cancer Screening Trial with Focus on High-Risk Profiling. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2016 , 193, 542-51	10.2	172
59	Screening for reducing morbidity and mortality in malignant melanoma. <i>The Cochrane Library</i> , 2016 ,	5.2	2
58	Effects of numerical information on intention to participate in cervical screening among women offered HPV vaccination: a randomised study. <i>Scandinavian Journal of Primary Health Care</i> , 2016 , 34, 401-419	2.7	8
57	How does HPV vaccination status relate to risk perceptions and intention to participate in cervical screening? a survey study. <i>BMC Public Health</i> , 2016 , 15, 708	4.1	4
56	Do invitations for cervical screening provide sufficient information to enable informed choice? A cross-sectional study of invitations for publicly funded cervical screening. <i>Journal of the Royal Society of Medicine</i> , 2016 , 109, 274-81	2.3	13
55	Walking the tightrope: communicating overdiagnosis in modern healthcare. <i>BMJ, The</i> , 2016 , 352, i348	5.9	54
54	Harms of screening for abdominal aortic aneurysm: is there more to life than a 0.46% disease-specific mortality reduction?. <i>Lancet, The</i> , 2016 , 387, 308-10	4.0	23
53	The benefits of screening--and its harms. <i>Lancet, The</i> , 2016 , 388, 563-4	4.0	3
52	How does information reduce psychological impact?. <i>Maturitas</i> , 2015 , 80, 441	5	
51	Informed choice in screening needs more than information. <i>Lancet, The</i> , 2015 , 385, 1597-9	4.0	19
50	Estimating overdiagnosis in screening for abdominal aortic aneurysm: could a change in smoking habits and lowered aortic diameter tip the balance of screening towards harm?. <i>BMJ, The</i> , 2015 , 350, h825	5.9	28

49	The impact of HPV vaccination on future cervical screening: a simulation study of two birth cohorts in Denmark. <i>BMJ Open</i> , 2015 , 5, e007921	3	13
48	Preconceptions influence women's perceptions of information on breast cancer screening: a qualitative study. <i>BMC Research Notes</i> , 2015 , 8, 404	2.3	22
47	Waiting time and the psychosocial consequences of false-positive mammography: cohort study. <i>Journal of Negative Results in BioMedicine</i> , 2015 , 14, 8		6
46	Diagnostic invasiveness and psychosocial consequences of false-positive mammography. <i>Annals of Family Medicine</i> , 2015 , 13, 242-9	2.9	10
45	Breast cancer screening implementation and reassurance. <i>European Journal of Public Health</i> , 2014 , 24, 258-63	2.1	8
44	Scientific second-order 'nudging' or lobbying by interest groups: the battle over abdominal aortic aneurysm screening programmes. <i>Medicine, Health Care and Philosophy</i> , 2014 , 17, 641-50	2	6
43	The effectiveness of structured personal care of type 2 diabetes on recurrent outcomes: a 19 year follow-up of the study Diabetes Care in General Practice (DCGP). <i>Diabetologia</i> , 2014 , 57, 1119-23	10.3	6
42	Overdiagnosis: how cancer screening can turn indolent pathology into illness. <i>Apms</i> , 2014 , 122, 683-9	3.4	32
41	Screening for lung cancer with low-dose computed tomography. <i>Annals of Internal Medicine</i> , 2014 , 160, 212	8	
40	Psychometric properties of a Swedish version of the Consequences of Screening--Breast Cancer questionnaire. <i>Journal of Advanced Nursing</i> , 2014 , 70, 2373-88	3.1	2
39	Screening for lung cancer with low-dose computed tomography. <i>Annals of Internal Medicine</i> , 2014 , 160, 211	8	0
38	Healthcare costs in the Danish randomised controlled lung cancer CT-screening trial: a registry study. <i>Lung Cancer</i> , 2014 , 83, 347-55	5.9	22
37	Potential biases in colorectal cancer screening using faecal occult blood test. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 311-6	2.5	3
36	Marginal public health gain of screening for colorectal cancer: modelling study, based on WHO and national databases in the Nordic countries. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 400-7	2.5	10
35	Relationship between chronic obstructive pulmonary disease and subclinical coronary artery disease in long-term smokers. <i>European Heart Journal Cardiovascular Imaging</i> , 2013 , 14, 1159-66	4.1	26
34	Ensuring face validity in patient-related outcome scores--a matter of content. <i>Knee</i> , 2013 , 20, 72-8	2.6	11
33	The development and validation of a multidimensional sum-scaling questionnaire to measure patient-reported outcomes in acute respiratory tract infections in primary care: the acute respiratory tract infection questionnaire. <i>Value in Health</i> , 2013 , 16, 987-92	3.3	11
32	Adaptation to Swedish and further development of the 'Consequences of Screening - Breast Cancer' questionnaire: a multimethod study. <i>Scandinavian Journal of Caring Sciences</i> , 2013 , 27, 475-86	2.3	8

31	Quantification of harms in cancer screening trials: literature review. <i>BMJ, The</i> , 2013 , 347, f5334	5.9	62
30	Better safe than sorry: a long-term perspective on experiences with a false-positive screening mammography in Denmark. <i>Health, Risk and Society</i> , 2013 , 15, 699-716	2	12
29	Dimensionality of the Knee Numeric-Entity Evaluation Score (KNEES-ACL): a condition-specific questionnaire. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2013 , 23, e302-12	4.6	8
28	Development of the Knee Numeric-Entity Evaluation Score (KNEES-ACL): a condition-specific questionnaire. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2013 , 23, e293-301	4.6	16
27	Long-term psychosocial consequences of false-positive screening mammography. <i>Annals of Family Medicine</i> , 2013 , 11, 106-15	2.9	209
26	The structure of medical decisions: uncertainty, probability and risk in five common choice situations. <i>Health, Risk and Society</i> , 2013 , 15, 27-50	2	8
25	Writing Health-Related Items for Rasch Models [Patient-Reported Outcome Scales for Health Sciences: From Medical Paternalism to Patient Autonomy 2013 , 281-302		10
24	Adapting Patient-Reported Outcome Measures for Use in New Languages and Cultures 2013 , 303-316		8
23	CT screening for lung cancer brings forward early disease. The randomised Danish Lung Cancer Screening Trial: status after five annual screening rounds with low-dose CT. <i>Thorax</i> , 2012 , 67, 296-301	7.3	297
22	To nudge or not to nudge: cancer screening programmes and the limits of libertarian paternalism. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, 1193-6	5.1	49
21	Opening Pandora's box: The experiences of having an asymptomatic aortic aneurysm under surveillance. <i>Health, Risk and Society</i> , 2012 , 14, 341-359	2	25
20	Psychosocial consequences of allocation to lung cancer screening: a randomised controlled trial. <i>BMJ Open</i> , 2012 , 2, e000663	3	30
19	Contamination during 4 years of annual CT screening in the Danish Lung Cancer Screening Trial (DLCST). <i>Lung Cancer</i> , 2011 , 71, 323-7	5.9	15
18	Participation bias in a randomised trial of screening for lung cancer. <i>Lung Cancer</i> , 2011 , 73, 325-31	5.9	66
17	Reading screening mammograms--attitudes among radiologists and radiographers about skill mix. <i>European Journal of Radiology</i> , 2011 , 80, e325-30	4.7	8
16	No evidence of a clinically important effect of adding local infusion analgesia administered through a catheter in pain treatment after total hip arthroplasty. <i>Monthly Notices of the Royal Astronomical Society: Letters</i> , 2011 , 82, 315-20	4.3	37
15	Breast cancer screening: "reassuring" the worried well?. <i>Scandinavian Journal of Public Health</i> , 2011 , 39, 326-32	3	9
14	Consequences of screening in lung cancer: development and dimensionality of a questionnaire. <i>Value in Health</i> , 2010 , 13, 601-12	3.3	40

13	The benefits and harms of screening for cancer with a focus on breast screening. <i>Polish Archives of Internal Medicine</i> , 2010 , 120, 89-94	1.9	5
12	The benefits and harms of screening for cancer with a focus on breast screening 2010 , 120, 89-94		20
11	Informed choice requires information about both benefits and harms. <i>Journal of Medical Ethics</i> , 2009 , 35, 268-9	2.5	31
10	The Danish randomized lung cancer CT screening trial--overall design and results of the prevalence round. <i>Journal of Thoracic Oncology</i> , 2009 , 4, 608-14	8.9	305
9	Breast screening: the facts--or maybe not. <i>BMJ, The</i> , 2009 , 338, b86	5.9	97
8	Consequences of Screening in Breast Cancer (COS-BC): development of a questionnaire. <i>Scandinavian Journal of Primary Health Care</i> , 2008 , 26, 251-6	2.7	37
7	Rasch analysis of the Knee injury and Osteoarthritis Outcome Score (KOOS): a statistical re-evaluation. <i>Scandinavian Journal of Medicine and Science in Sports</i> , 2008 , 18, 336-45	4.6	52
6	Measuring the psychosocial consequences of screening. <i>Health and Quality of Life Outcomes</i> , 2007 , 5, 3	3	36
5	Validation of a condition-specific measure for women having an abnormal screening mammography. <i>Value in Health</i> , 2007 , 10, 294-304	3.3	40
4	Methodological aspects of differential item functioning in the Rasch model. <i>Journal of Medical Economics</i> , 2007 , 10, 309-324	2.4	51
3	Validity of short-term consequences of cancer prevention and screening activities?. <i>Journal of Clinical Oncology</i> , 2005 , 23, 244; author reply 244-5	2.2	4
2	The adequacy of measurement of short and long-term consequences of false-positive screening mammography. <i>Journal of Medical Screening</i> , 2004 , 11, 39-44	1.4	23
1	The adequacy of measurement of short and long-term consequences of false-positive screening mammography. <i>Journal of Medical Screening</i> , 2004 , 11, 39-44	1.4	48
