#	Paper	IF	Citations
298	Excess mortality of unemployed men and women during a period of rapidly increasing unemployment. <i>Lancet, The</i> , 1996 , 348, 909-12	4.0	262
297	Do risk factors and health behaviours contribute to self-ratings of health?. <i>Social Science and Medicine</i> , 1999 , 48, 1713-20	5.1	201
296	Dietary patterns and 15-y risks of major coronary events, diabetes, and mortality. <i>American Journal of Clinical Nutrition</i> , 2008 , 87, 1414-21	7	200
295	Predictors of early retirement in British civil servants. <i>Age and Ageing</i> , 2000 , 29, 529-36	3	155
294	Trends in inequalities in premature mortality: a study of 3.2 million deaths in 13 European countries. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 207-17; discussion 205-6	5.1	147
293	Changes in mortality inequalities over two decades: register based study of European countries. <i>BMJ, The</i> , 2016 , 353, i1732	5.9	138
292	Changes in alcohol-related mortality and its socioeconomic differences after a large reduction in alcohol prices: a natural experiment based on register data. <i>American Journal of Epidemiology</i> , 2008 , 168, 1110-8; discussion 1126-31	3.8	134
291	The association between self-rated health and mortality in different socioeconomic groups in the GAZEL cohort study. <i>International Journal of Epidemiology</i> , 2007 , 36, 1222-8	7.8	133
290	Socioeconomic position and self-rated health: the contribution of childhood socioeconomic circumstances, adult socioeconomic status, and material resources. <i>American Journal of Public Health</i> , 2005 , 95, 1403-9	5.1	126
289	Reliability of perceived health by sex and age. <i>Social Science and Medicine</i> , 1999 , 48, 1117-22	5.1	125
288	Variations in the relation between education and cause-specific mortality in 19 European populations: a test of the "fundamental causes" theory of social inequalities in health. <i>Social Science and Medicine</i> , 2015 , 127, 51-62	5.1	123
287	Does conflict between home and work explain the effect of multiple roles on mental health? A comparative study of Finland, Japan, and the UK. <i>International Journal of Epidemiology</i> , 2004 , 33, 884-93	7.8	121
286	Occupational class inequalities across key domains of health: results from the Helsinki Health Study. <i>European Journal of Public Health</i> , 2005 , 15, 504-10	2.1	114
285	Work and family characteristics as determinants of socioeconomic and sex inequalities in sleep: The Japanese Civil Servants Study. <i>Sleep</i> , 2006 , 29, 206-16	1.1	112
284	Does survey non-response bias the association between occupational social class and health?. <i>Scandinavian Journal of Public Health</i> , 2007 , 35, 212-5	3	111
283	Cohort profile: the Helsinki Health Study. <i>International Journal of Epidemiology</i> , 2013 , 42, 722-30	7.8	110
282	Socioeconomic differences in dietary patterns among middle-aged men and women. <i>Social Science and Medicine</i> , 2003 , 56, 1397-410	5.1	110

281	Income differences in mortality: a register-based follow-up study of three million men and women. <i>International Journal of Epidemiology</i> , 2001 , 30, 1397-405	7.8	108
280	The shape of the relationship between income and self-assessed health: an international study. <i>International Journal of Epidemiology</i> , 2005 , 34, 286-93	7.8	107
279	Mortality differences according to living arrangements. <i>International Journal of Epidemiology</i> , 2007 , 36, 1255-64	7.8	106
278	Self-rated health and mortality: short- and long-term associations in the Whitehall II study. <i>Psychosomatic Medicine</i> , 2007 , 69, 138-43	3.7	105
277	Women's employment, marriage, motherhood and mortality: a test of the multiple role and role accumulation hypotheses. <i>Social Science and Medicine</i> , 1995 , 40, 199-212	5.1	105
276	Inequalities in Alcohol-Related Mortality in 17 European Countries: A Retrospective Analysis of Mortality Registers. <i>PLoS Medicine</i> , 2015 , 12, e1001909	11.6	105
275	Trends in life expectancy by income from 1988 to 2007: decomposition by age and cause of death. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, 573-8	5.1	99
274	Contacts between elderly parents and their children in four European countries: current patterns and future prospects. <i>European Journal of Ageing</i> , 2004 , 1, 54-63	3.6	94
273	Gender differences in illhealth in Finland: patterns, magnitude and change. <i>Social Science and Medicine</i> , 1999 , 48, 7-19	5.1	92
272	Determinants of socioeconomic differences in change in physical and mental functioning. <i>Social Science and Medicine</i> , 1999 , 49, 499-507	5.1	92
271	Trends in health inequalities in 27 European countries. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2018 , 115, 6440-6445	11.5	89
270	Working conditions as risk factors for disability retirement: a longitudinal register linkage study. <i>BMC Public Health</i> , 2012 , 12, 309	4.1	88
269	Multiple measures of socioeconomic circumstances and common mental disorders. <i>Social Science and Medicine</i> , 2006 , 63, 1383-99	5.1	88
268	The effects of regional characteristics on alcohol-related mortality—a register-based multilevel analysis of 1.1 million men. <i>Social Science and Medicine</i> , 2004 , 58, 2523-35	5.1	87
267	Socioeconomic circumstances and common mental disorders among Finnish and British public sector employees: evidence from the Helsinki Health Study and the Whitehall II Study. <i>International Journal of Epidemiology</i> , 2007 , 36, 776-86	7.8	86
266	Differences in mortality by marital status in Finland from 1976 to 2000: analyses of changes in marital-status distributions, socio-demographic and household composition, and cause of death. <i>Population Studies</i> , 2005 , 59, 99-115	2.5	86
265	The effects of unemployment on mortality following workplace downsizing and workplace closure: a register-based follow-up study of Finnish men and women during economic boom and recession. <i>American Journal of Epidemiology</i> , 2007 , 165, 1070-5	3.8	85
264	Gender differences in sickness absence—the contribution of occupation and workplace. <i>Scandinavian Journal of Work, Environment and Health</i> , 2010 , 36, 394-403	4.3	77

263	Living arrangements and mental health in Finland. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 468-75	5.1	76
262	A comparison of socioeconomic differences in physical functioning and perceived health among male and female employees in Britain, Finland and Japan. <i>Social Science and Medicine</i> , 2004 , 59, 1287-95	5.1	76
261	Gender, living arrangements, and social circumstances as determinants of entry into and exit from long-term institutional care at older ages: a 6-year follow-up study of older Finns. <i>Gerontologist, The</i> , 2009 , 49, 34-45	5	74
260	Educational differences in disability-free life expectancy: a comparative study of long-standing activity limitation in eight European countries. <i>Social Science and Medicine</i> , 2013 , 94, 1-8	5.1	70
259	Occupational social class and disability retirement among municipal employees--the contribution of health behaviors and working conditions. <i>Scandinavian Journal of Work, Environment and Health</i> , 2011 , 37, 464-72	4.3	69
258	Advanced Maternal Age and the Risk of Low Birth Weight and Preterm Delivery: a Within-Family Analysis Using Finnish Population Registers. <i>American Journal of Epidemiology</i> , 2017 , 186, 1219-1226	3.8	67
257	Chronic conditions and the risk of long-term institutionalization among older people. <i>European Journal of Public Health</i> , 2008 , 18, 77-84	2.1	67
256	Socioeconomic inequalities in physical and mental functioning of British, Finnish, and Japanese civil servants: role of job demand, control, and work hours. <i>Social Science and Medicine</i> , 2009 , 69, 1417-25	5.1	65
255	Neighbourhood inequalities in health and health-related behaviour: results of selective migration?. <i>Health and Place</i> , 2007 , 13, 123-37	4.6	65
254	Understanding income inequalities in health among men and women in Britain and Finland. <i>International Journal of Health Services</i> , 2000 , 30, 27-47	2	65
253	More variation in lifespan in lower educated groups: evidence from 10 European countries. <i>International Journal of Epidemiology</i> , 2011 , 40, 1703-14	7.8	64
252	The effect of point of reference on the association between self-rated health and mortality. <i>Social Science and Medicine</i> , 2003 , 56, 1447-52	5.1	64
251	Interrelationships between education, occupational class, income and sickness absence. <i>European Journal of Public Health</i> , 2010 , 20, 276-80	2.1	61
250	The case for monitoring life-span inequality. <i>Science</i> , 2018 , 362, 1002-1004	33.3	61
249	Educational inequalities in avoidable mortality in Europe. <i>Journal of Epidemiology and Community Health</i> , 2010 , 64, 913-20	5.1	60
248	Socioeconomic inequalities in physical and mental functioning of Japanese civil servants: explanations from work and family characteristics. <i>Social Science and Medicine</i> , 2006 , 63, 430-45	5.1	60
247	Job control, job demands, or social class? The impact of working conditions on the relation between social class and health. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 50-4	5.1	60
246	Employment status and health after privatisation in white collar civil servants: prospective cohort study. <i>BMJ: British Medical Journal</i> , 2001 , 322, 647-51		60

245	Determinants of the magnitude of socioeconomic inequalities in mortality: A study of 17 European countries. <i>Health and Place</i> , 2017 , 47, 44-53	4.6	58
244	Income differences in life expectancy: the changing contribution of harmful consumption of alcohol and smoking. <i>Epidemiology</i> , 2014 , 25, 182-90	3.1	57
243	Socioeconomic inequalities in cause-specific mortality in 15 European cities. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 432-41	5.1	55
242	Differential trends in alcohol-related mortality: a register-based follow-up study in Finland in 1987-2003. <i>Alcohol and Alcoholism</i> , 2007 , 42, 456-64	3.5	55
241	Associations of psychosocial working conditions with self-rated general health and mental health among municipal employees. <i>International Archives of Occupational and Environmental Health</i> , 2006 , 79, 205-12	3.2	55
240	Non-response to baseline, non-response to follow-up and mortality in the Whitehall II cohort. <i>International Journal of Epidemiology</i> , 2009 , 38, 831-7	7.8	54
239	Socioeconomic differences in behavioural and biological risk factors: a comparison of a Japanese and an English cohort of employed men. <i>International Journal of Epidemiology</i> , 2001 , 30, 833-8	7.8	53
238	Gender differences in the association between morbidity and mortality among middle-aged men and women. <i>American Journal of Public Health</i> , 2008 , 98, 2251-7	5.1	51
237	A register-based study on excess suicide mortality among unemployed men and women during different levels of unemployment in Finland. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, 302-7	5.1	49
236	Why older people living with a spouse are less likely to be institutionalized: the role of socioeconomic factors and health characteristics. <i>Scandinavian Journal of Public Health</i> , 2008 , 36, 35-43	3	48
235	Neighbourhoods and self rated health: a comparison of public sector employees in London and Helsinki. <i>Journal of Epidemiology and Community Health</i> , 2004 , 58, 772-8	5.1	48
234	The Effects of Area and Individual Social Characteristics on Suicide Risk: A Multilevel Study of Relative Contribution and Effect Modification. <i>European Journal of Population</i> , 2004 , 20, 323-350	2.3	48
233	Aging, health expenditure, proximity to death, and income in Finland. <i>Health Economics, Policy and Law</i> , 2008 , 3, 165-95	2.3	47
232	How can inequalities in mortality be reduced? A quantitative analysis of 6 risk factors in 21 European populations. <i>PLoS ONE</i> , 2014 , 9, e110952	3.7	46
231	Welfare state regimes and health inequalities 2006 , 193-222		45
230	Socioeconomic differences in disability retirement in Finland: the contribution of ill-health, health behaviours and working conditions. <i>Scandinavian Journal of Public Health</i> , 2013 , 41, 470-8	3	44
229	Socioeconomic differentials in mortality in Finland and the United States: the role of education and income. <i>European Journal of Population</i> , 2006 , 22, 179-203	2.3	44
228	Life-course experiences and mortality by adult social class among young men. <i>Social Science and Medicine</i> , 2004 , 58, 2149-70	5.1	43

227	Interrelationships between education, occupational social class, and income as determinants of disability retirement. <i>Scandinavian Journal of Public Health</i> , 2012 , 40, 157-66	3	42
226	Living arrangements, heavy drinking and alcohol dependence. <i>Alcohol and Alcoholism</i> , 2007 , 42, 480-91	3.5	42
225	Social differences in avoidable mortality between small areas of 15 European cities: an ecological study. <i>International Journal of Health Geographics</i> , 2014 , 13, 8	3.5	41
224	Work-family conflicts and self-rated health among middle-aged municipal employees in Finland. <i>International Journal of Behavioral Medicine</i> , 2006 , 13, 276-85	2.6	41
223	Determinants of inequalities in life expectancy: an international comparative study of eight risk factors. <i>Lancet Public Health</i> , 2019 , 4, e529-e537	22.4	40
222	An evaluation of the impact of a large reduction in alcohol prices on alcohol-related and all-cause mortality: time series analysis of a population-based natural experiment. <i>International Journal of Epidemiology</i> , 2011 , 40, 441-54	7.8	40
221	Living arrangements as determinants of myocardial infarction incidence and survival: A prospective register study of over 300,000 Finnish men and women. <i>Social Science and Medicine</i> , 2015 , 133, 93-100	5.1	39
220	The changing contribution of smoking to educational differences in life expectancy: indirect estimates for Finnish men and women from 1971 to 2010. <i>Journal of Epidemiology and Community Health</i> , 2013 , 67, 219-24	5.1	39
219	Change in the total and independent effects of education and occupational social class on mortality: analyses of all Finnish men and women in the period 1971-2000. <i>Journal of Epidemiology and Community Health</i> , 2007 , 61, 499-505	5.1	39
218	Lifespan variation by occupational class: compression or stagnation over time?. <i>Demography</i> , 2014 , 51, 73-95	3.5	38
217	Socioeconomic status across the life course and all-cause and cause-specific mortality in Finland. <i>Social Science and Medicine</i> , 2014 , 119, 198-206	5.1	38
216	Demographic change and the supply of potential family supporters in Britain, Finland and France in the period 1911-2050/Changements démographiques et disponibilité des soutiens familiaux en Grande-Bretagne, en Finlande et en France entre 1911 et 2050. <i>European Journal of Population</i> , 2006 , 22, 219-240	2.3	38
215	The arithmetic of reducing relative and absolute inequalities in health: a theoretical analysis illustrated with European mortality data. <i>Journal of Epidemiology and Community Health</i> , 2016 , 70, 730-6	5.1	38
214	Determinants of home-based formal help in community-dwelling older people in Finland. <i>European Journal of Ageing</i> , 2008 , 5, 335-347	3.6	37
213	Socioeconomic mortality differentials in men and women according to own and spouse's characteristics in Finland. <i>Sociology of Health and Illness</i> , 1995 , 17, 353-375	3	37
212	The associations of household wealth and income with self-rated health--a study on economic advantage in middle-aged Finnish men and women. <i>Social Science and Medicine</i> , 2010 , 71, 1018-26	5.1	36
211	Influence of material and behavioural factors on occupational class differences in health. <i>Journal of Epidemiology and Community Health</i> , 2005 , 59, 163-9	5.1	36
210	Occupational class inequalities in all-cause and cause-specific mortality among middle-aged men in 14 European populations during the early 2000s. <i>PLoS ONE</i> , 2014 , 9, e108072	3.7	36

209	Trends In Inequalities In Mortality Amenable To Health Care In 17 European Countries. <i>Health Affairs</i> , 2017 , 36, 1110-1118	7	36
208	Educational differences in completed fertility: a behavioral genetic study of Finnish male and female twins. <i>Demography</i> , 2013 , 50, 1399-420	3.5	35
207	Smoking and the potential for reduction of inequalities in mortality in Europe. <i>European Journal of Epidemiology</i> , 2013 , 28, 959-71	12.1	35
206	Household economic resources, labour-market advantage and health problems - a study on causal relationships using prospective register data. <i>Social Science and Medicine</i> , 2012 , 75, 1303-10	5.1	35
205	Marital history 1971-91 and mortality 1991-2004 in England & Wales and Finland. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, 30-6	5.1	35
204	The effect of socioeconomic factors on voter turnout in Finland: A register-based study of 2.9 million voters. <i>European Journal of Political Research</i> , 2005 , 44, 645-669	3.2	35
203	Institutionalization of older adults after the death of a spouse. <i>American Journal of Public Health</i> , 2008 , 98, 1228-34	5.1	34
202	The effects of socioeconomic status and health on transitions in living arrangements and mortality: a longitudinal analysis of elderly Finnish men and women from 1997 to 2002. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2008 , 63, S99-109	4.6	33
201	Long-term trends of inequalities in mortality in 6 European countries. <i>International Journal of Public Health</i> , 2017 , 62, 127-141	4	32
200	Socio-economic and occupational determinants of work injury absence. <i>European Journal of Public Health</i> , 2013 , 23, 693-8	2.1	32
199	The contribution of musculoskeletal disorders and physical workload to socioeconomic inequalities in health. <i>European Journal of Public Health</i> , 2007 , 17, 145-50	2.1	32
198	Do Education and Income Buffer the Effects of Death of Spouse on Mortality?. <i>Epidemiology</i> , 1998 , 9, 530-534	3.1	32
197	Educational inequalities in three smoking-related causes of death in 18 European populations. <i>Nicotine and Tobacco Research</i> , 2014 , 16, 507-18	4.9	31
196	EXAMINING THE GENERALITY OF THE UNEMPLOYMENT&CRIME ASSOCIATION. <i>Criminology</i> , 2013 , 51, 561-594	4.1	31
195	Employee, Partner, and Mother: Woman's Three Roles and Their Implications for Health. <i>Journal of Family Issues</i> , 2009 , 30, 1122-1150	1.6	30
194	Social class differences in health behaviours among employees from Britain, Finland and Japan: the influence of psychosocial factors. <i>Health and Place</i> , 2010 , 16, 61-70	4.6	30
193	Official marital status, cohabiting, and self-rated health-time trends in Finland, 1978-2001. <i>European Journal of Public Health</i> , 2006 , 16, 476-83	2.1	30
192	Living alone and alcohol-related mortality: a population-based cohort study from Finland. <i>PLoS Medicine</i> , 2011 , 8, e1001094	11.6	30

191	Socioeconomic inequalities in suicide in Europe: the widening gap. <i>British Journal of Psychiatry</i> , 2018 , 212, 356-361	5.4	30
190	Socioeconomic inequalities in mortality from conditions amenable to medical interventions: do they reflect inequalities in access or quality of health care?. <i>BMC Public Health</i> , 2012 , 12, 346	4.1	29
189	Increasing excess mortality among non-married elderly people in developed countries. <i>Demographic Research</i> , Special 2, 305-330	1	29
188	Household income and other socio-economic determinants of long-term institutional care among older adults in Finland. <i>Population Studies</i> , 2007 , 61, 299-314	2.5	28
187	Effects of Individual, Spousal, and Offspring Socioeconomic Status on Mortality Among Elderly People in China. <i>Journal of Epidemiology</i> , 2016 , 26, 602-609	3.4	27
186	The contribution of major diagnostic causes to socioeconomic differences in disability retirement. <i>Scandinavian Journal of Work, Environment and Health</i> , 2014 , 40, 353-60	4.3	27
185	Progress against inequalities in mortality: register-based study of 15 European countries between 1990 and 2015. <i>European Journal of Epidemiology</i> , 2019 , 34, 1131-1142	12.1	26
184	Psychiatric comorbidity in couples: a longitudinal study of 202,959 married and cohabiting individuals. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2011 , 46, 623-33	4.5	26
183	Housing wealth and mortality: A register linkage study of the Finnish population. <i>Social Science and Medicine</i> , 2009 , 69, 754-60	5.1	26
182	Contribution of smoking and alcohol consumption to income differences in life expectancy: evidence using Danish, Finnish, Norwegian and Swedish register data. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 334-339	5.1	26
181	How voter turnout varies between different chronic conditions? A population-based register study. <i>Journal of Epidemiology and Community Health</i> , 2017 , 71, 475-479	5.1	25
180	'Fundamental causes' of inequalities in mortality: an empirical test of the theory in 20 European populations. <i>Sociology of Health and Illness</i> , 2017 , 39, 1117-1133	3	25
179	Obesity and the potential reduction of social inequalities in mortality: evidence from 21 European populations. <i>European Journal of Public Health</i> , 2015 , 25, 849-56	2.1	25
178	The effects of individual taxable income, household taxable income, and household disposable income on mortality in Finland, 1998-2004. <i>Population Studies</i> , 2009 , 63, 147-62	2.5	25
177	The effects of childhood circumstances, adult socioeconomic status, and material circumstances on physical and mental functioning: a structural equation modelling approach. <i>Annals of Epidemiology</i> , 2007 , 17, 431-9	6.4	25
176	Mortality inequalities by occupational class among men in Japan, South Korea and eight European countries: a national register-based study, 1990-2015. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 750-758	5.1	24
175	The Socioeconomic Differences in Alcohol-Related Harm and the Effects of Alcohol Prices on Them: A Summary of Evidence from Finland. <i>Alcohol and Alcoholism</i> , 2015 , 50, 661-9	3.5	24
174	Shape of the association between income and mortality: a cohort study of Denmark, Finland, Norway and Sweden in 1995 and 2003. <i>BMJ Open</i> , 2016 , 6, e010974	3	24

173	Economic difficulties and physical functioning in Finnish and British employees: contribution of social and behavioural factors. <i>European Journal of Public Health</i> , 2011 , 21, 456-62	2.1	24
172	Age-specific fertility by educational level in the Finnish male cohort born 1940-1950. <i>Demographic Research</i> , 31 , 119-136	1	24
171	The effects of migration on the relationship between area socioeconomic structure and mortality. <i>Health and Place</i> , 2008 , 14, 361-6	4.6	23
170	Socioeconomic differences in suicide mortality by sex in Finland in 1971-2000: a register-based study of trends, levels, and life expectancy differences. <i>Scandinavian Journal of Public Health</i> , 2007 , 35, 387-95	3	23
169	The changing relationship between income and mortality in Finland, 1988-2007. <i>Journal of Epidemiology and Community Health</i> , 2013 , 67, 21-7	5.1	22
168	Intentions to retire, life dissatisfaction and the subsequent risk of disability retirement. <i>Scandinavian Journal of Public Health</i> , 2009 , 37, 252-9	3	22
