#	Paper	IF	Citations
298	Socioeconomic differences in psychiatric treatment before and after self-harm: an observational study of 4,280 adolescents and young adults.. <i>BMC Psychiatry</i> , 2022 , 22, 14	4.2	0
297	Association between a history of clinical depression and dementia, and the role of sociodemographic factors: population-based cohort study.. <i>British Journal of Psychiatry</i> , 2022 , 1-7	5.4	0
296	Why we should monitor disparities in old-age mortality with the modal age at death.. <i>PLoS ONE</i> , 2022 , 17, e0263626	3.7	1
295	Changing associations of coronary heart disease incidence with current partnership status and marital history over three decades.. <i>SSM - Population Health</i> , 2022 , 18, 101080	3.8	1
294	A distributional approach to measuring lifespan stratification.. <i>Population Studies</i> , 2022 , 1-19	2.5	0
293	Within-sibship genome-wide association analyses decrease bias in estimates of direct genetic effects.. <i>Nature Genetics</i> , 2022 , 54, 581-592	36.3	6
292	Heavy metal toxicity and mortality-association between density of heavy metal bands and cause specific hospital admissions and mortality: population based cohort study.. <i>BMJ, The</i> , 2021 , 375, e067633	5.9	4
291	Does the suddenness matter? Antidepressant use before and after a spouse dies suddenly or expectedly of stroke. <i>Scandinavian Journal of Public Health</i> , 2021 , 14034948211042501	3	
290	Long-term Health and Social Outcomes in Children and Adolescents Placed in Out-of-Home Care. <i>JAMA Pediatrics</i> , 2021 , e214324	8.3	3
289	Determinants of inequalities in years with disability: an international-comparative study. <i>European Journal of Public Health</i> , 2021 , 31, 527-533	2.1	2
288	The effect of low childhood income on self-harm in young adulthood: Mediation by adolescent mental health, behavioural factors and school performance. <i>SSM - Population Health</i> , 2021 , 13, 100756	3.8	0
287	The implications of changing education distributions for life expectancy gradients. <i>Social Science and Medicine</i> , 2021 , 272, 113712	5.1	5
286	Determinants of educational inequalities in disability-free life expectancy between ages 35 and 80 in Europe. <i>SSM - Population Health</i> , 2021 , 13, 100740	3.8	5
285	Associations of neighborhood disadvantage and offender concentration with criminal behavior: Between-within analysis in Finnish registry data. <i>Journal of Criminal Justice</i> , 2021 , 74, 101813	3.6	2
284	No causal associations between childhood family income and subsequent psychiatric disorders, substance misuse and violent crime arrests: a nationwide Finnish study of >650'000 individuals and their siblings. <i>International Journal of Epidemiology</i> , 2021 , 50, 1628-1638	7.8	3
283	Economic cycles and inequalities in alcohol-related mortality in the Baltic countries and Finland in 2000-2015: a register-based study. <i>Addiction</i> , 2021 , 116, 3357-3368	4.6	0
282	Changes in life expectancy and lifespan variability by income quartiles in four Nordic countries: a study based on nationwide register data. <i>BMJ Open</i> , 2021 , 11, e048192	3	3

281	Unemployment from stable, downsized and closed workplaces and alcohol-related mortality. <i>Addiction</i> , 2021 , 116, 74-82	4.6	2
280	Home and away: mortality among Finnish-born migrants in Sweden compared to native Swedes and Finns residing in Finland. <i>European Journal of Public Health</i> , 2021 , 31, 321-325	2.1	0
279	Exploring the longevity advantage of doctorates in Finland and Sweden: The role of smoking- and alcohol-related causes of death. <i>Scandinavian Journal of Public Health</i> , 2021 , 49, 419-422	3	
278	Association between neighbourhood characteristics and antidepressant use at older ages: a register-based study of urban areas in three European countries. <i>Journal of Epidemiology and Community Health</i> , 2021 , 75, 426-432	5.1	4
277	Parental socioeconomic resources and adverse childhood experiences as predictors of not in education, employment, or training: a Finnish register-based longitudinal study. <i>Journal of Youth Studies</i> , 2021 , 24, 1-18	1.5	10
276	Joint association between education and polygenic risk score for incident coronary heart disease events: a longitudinal population-based study of 26 203 men and women. <i>Journal of Epidemiology and Community Health</i> , 2021 ,	5.1	2
275	Smoking and inequalities in mortality in 11 European countries: a birth cohort analysis. <i>Population Health Metrics</i> , 2021 , 19, 3	3	0
274	Four-year trajectories of episodic memory decline in mid-late life by living arrangements: a cross-national comparison between China and England. <i>Journal of Epidemiology and Community Health</i> , 2021 , 75, 881-889	5.1	
273	Adjustment for survey non-participation using record linkage and multiple imputation: A validity assessment exercise using the Health 2000 survey. <i>Scandinavian Journal of Public Health</i> , 2021 , 14034948211031383	3	
272	Health of Immigrant Children: The Role of Immigrant Generation, Exogamous Family Setting, and Family Material and Social Resources. <i>Demography</i> , 2021 , 58, 1655-1685	3.5	1
271	The impact of income definitions on mortality inequalities. <i>SSM - Population Health</i> , 2021 , 15, 100915	3.8	2
270	Changes in regional variation in mortality over five decades - The contribution of age and socioeconomic population composition. <i>SSM - Population Health</i> , 2021 , 15, 100850	3.8	0
269	Contributions of specific causes of death by age to the shorter life expectancy in depression: a register-based observational study from Denmark, Finland, Sweden and Italy. <i>Journal of Affective Disorders</i> , 2021 , 295, 831-838	6.6	0
268	Using age difference and sex similarity to detect evidence of sibling influence on criminal offending. <i>Psychological Medicine</i> , 2020 , 1-9	6.9	1
267	Rethinking morbidity compression. <i>European Journal of Epidemiology</i> , 2020 , 35, 381-388	12.1	2
266	Alcohol-related Outcomes and All-cause Mortality in the Health 2000 Survey by Participation Status and Compared with the Finnish Population. <i>Epidemiology</i> , 2020 , 31, 534-541	3.1	3
265	The Association Between Unemployment and Mortality: A Cohort Study of Workplace Downsizing and Closure. <i>American Journal of Epidemiology</i> , 2020 , 189, 698-707	3.8	5
264	Time patterns of external and alcohol-related mortality after marital and non-marital separation: the contribution of psychiatric morbidity. <i>Journal of Epidemiology and Community Health</i> , 2020 , 74, 510-518	5.1	1

263	Is impending or actual death of a spouse with dementia bad for mental health? Antidepressant use surrounding widowhood. <i>European Journal of Public Health</i> , 2020 , 30, 953-957	2.1	2
262	Changing social inequalities in smoking, obesity and cause-specific mortality: Cross-national comparisons using compass typology. <i>PLoS ONE</i> , 2020 , 15, e0232971	3.7	2
261	A closer look at labour market status and crime among a general population sample of young men and women. <i>Advances in Life Course Research</i> , 2020 , 43, 100322	3.1	2
260	The changing contribution of childhood social characteristics to mortality: a comparison of Finnish cohorts born in 1936-50 and 1961-75. <i>International Journal of Epidemiology</i> , 2020 , 49, 896-907	7.8	7
259	Mortality by education, occupational class and income in Finland in the 1990s and 2000s. <i>Longitudinal and Life Course Studies</i> , 2020 , 11, 551-585	1	0
258	Trauma and violent offending among adolescents: a birth cohort study. <i>Journal of Epidemiology and Community Health</i> , 2020 , 74, 845-850	5.1	5
257	Men's age at first birth and alcohol-related morbidity and mortality among siblings. <i>Drug and Alcohol Dependence</i> , 2020 , 209, 107942	4.9	
256	Evaluating the Role of Parental Education and Adolescent Health Problems in Educational Attainment. <i>Demography</i> , 2020 , 57, 2245-2267	3.5	3
255	Midlife socioeconomic position and old-age dementia mortality: a large prospective register-based study from Finland. <i>BMJ Open</i> , 2020 , 10, e033234	3	6
254	Do multigenerational living arrangements influence depressive symptoms in mid-late life? Cross-national findings from China and England. <i>Journal of Affective Disorders</i> , 2020 , 277, 584-591	6.6	4
253	Macroeconomic fluctuations and educational inequalities in suicide mortality among working-age men in the Baltic countries and Finland in 2000-2015: A register-based study. <i>Journal of Psychiatric Research</i> , 2020 , 131, 138-143	5.2	1
252	The contribution of smoking-related deaths to the gender gap in life expectancy in Sweden between 1997 and 2016. <i>Scandinavian Journal of Public Health</i> , 2020 , 48, 346-349	3	4
251	Childhood adversity and trajectories of multimorbidity in mid-late life: China health and longitudinal retirement study. <i>Journal of Epidemiology and Community Health</i> , 2020 ,	5.1	1
250	Changing social inequalities in smoking, obesity and cause-specific mortality: Cross-national comparisons using compass typology 2020 , 15, e0232971		
249	Changing social inequalities in smoking, obesity and cause-specific mortality: Cross-national comparisons using compass typology 2020 , 15, e0232971		
248	Changing social inequalities in smoking, obesity and cause-specific mortality: Cross-national comparisons using compass typology 2020 , 15, e0232971		
247	Changing social inequalities in smoking, obesity and cause-specific mortality: Cross-national comparisons using compass typology 2020 , 15, e0232971		
246	Experience of maternal and paternal adversities in childhood as determinants of self-harm in adolescence and young adulthood. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 1040-1046	5.1	3

245	A gold mine, but still no Klondike: Nordic register data in health inequalities research. <i>Scandinavian Journal of Public Health</i> , 2019 , 47, 618-630	3	11
244	Determinants of inequalities in life expectancy: an international comparative study of eight risk factors. <i>Lancet Public Health</i> , 2019 , 4, e529-e537	22.4	40
243	Parental education and adolescent health problems due to violence, self-harm and substance use: what is the role of parental health problems?. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 225-231	5.1	4
242	Income security in Nordic welfare states for men and women who died when aged 55-99 years old. <i>Journal of International and Comparative Social Policy</i> , 2019 , 35, 157-176	0.8	4
241	Mortality inequalities by occupational class among men in Japan, South Korea and eight European countries: a national register-based study, 1990-2015. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 750-758	5.1	24
240	Fruit and vegetable consumption and its contribution to inequalities in life expectancy and disability-free life expectancy in ten European countries. <i>International Journal of Public Health</i> , 2019 , 64, 861-872	4	13
239	Do Surveys Overestimate or Underestimate Socioeconomic Differences in Voter Turnout? Evidence from Administrative Registers. <i>Public Opinion Quarterly</i> , 2019 , 83, 363-385	2.5	9
238	Living arrangements of older persons in 1987-2035 in Finland: trends by age, sex and educational attainment. <i>Ageing and Society</i> , 2019 , 39, 358-380	1.7	4
237	Age at Immigration, Generational Status, and Death Among Children of Immigrant Mothers: A Longitudinal Analysis of Siblings. <i>American Journal of Epidemiology</i> , 2019 , 188, 1237-1244	3.8	1
236	Dimensions of Social Stratification and Their Relation to Mortality: A Comparison Across Gender and Life Course Periods in Finland. <i>Social Indicators Research</i> , 2019 , 145, 349-365	2.7	5
235	Risk of Hospitalization for Cancer, Musculoskeletal Disorders, Injuries, or Poisonings Surrounding Widowhood. <i>American Journal of Epidemiology</i> , 2019 , 188, 110-118	3.8	6
234	The relationship between living arrangements and higher use of hospital care at middle and older ages: to what extent do observed and unobserved individual characteristics explain this association?. <i>BMC Public Health</i> , 2019 , 19, 1011	4.1	6
233	Progress against inequalities in mortality: register-based study of 15 European countries between 1990 and 2015. <i>European Journal of Epidemiology</i> , 2019 , 34, 1131-1142	12.1	26
232	Contribution of smoking and alcohol consumption to income differences in life expectancy: evidence using Danish, Finnish, Norwegian and Swedish register data. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 334-339	5.1	26
231	Life Expectancy Among Finnish Men and Women with Doctorate Degrees Over the Period 1971-2015. <i>Epidemiology</i> , 2019 , 30, e32-e33	3.1	1
230	The Impact of Unemployment on Antidepressant Purchasing: Adjusting for Unobserved Time-constant Confounding in the g-Formula. <i>Epidemiology</i> , 2019 , 30, 388-395	3.1	6
229	The Association Between Income and Psychotropic Drug Purchases: Individual Fixed Effects Analysis of Annual Longitudinal Data in 2003-2013. <i>Epidemiology</i> , 2019 , 30, 221-229	3.1	5
228	Income trajectories prior to alcohol-attributable death in Finland and Sweden. <i>Addiction</i> , 2019 , 114, 807-814	3.1	5

227	Pre-existing depression predicts survival in cardiovascular disease and cancer. <i>Journal of Epidemiology and Community Health</i> , 2018 , 72, 617-622	5.1	9
226	Parental Unemployment and Offspring Psychotropic Medication Purchases: A Longitudinal Fixed-Effects Analysis of 138,644 Adolescents. <i>American Journal of Epidemiology</i> , 2018 , 187, 1880-1888	3.8	1
225	Cohabitation and mental health: Is psychotropic medication use more common in cohabitation than marriage?. <i>SSM - Population Health</i> , 2018 , 4, 244-253	3.8	12
224	Comparing Observed and Unobserved Components of Childhood: Evidence From Finnish Register Data on Midlife Mortality From Siblings and Their Parents. <i>Demography</i> , 2018 , 55, 295-318	3.5	4
223	Partner resources and incidence and survival in two major causes of death. <i>SSM - Population Health</i> , 2018 , 4, 271-279	3.8	1
222	The Population Impact of Childhood Health Conditions on Dropout from Upper-Secondary Education. <i>Journal of Pediatrics</i> , 2018 , 196, 283-290.e4	3.6	10
221	Sick leave from work and the voting booth? A register-based study on health and turnout. <i>Acta Politica</i> , 2018 , 53, 429-447	1.3	3
220	Children's educational attainment, occupation, and income and their parents' mortality. <i>Population Studies</i> , 2018 , 72, 53-73	2.5	12
219	Time-varying effects of socio-demographic and economic factors on the use of institutional long-term care before dementia-related death: A Finnish register-based study. <i>PLoS ONE</i> , 2018 , 13, e0199551	3.7	6
218	The contribution of alcohol consumption and smoking to educational inequalities in life expectancy among Swedish men and women during 1991-2008. <i>International Journal of Public Health</i> , 2018 , 63, 41-48	4	17
217	Psychiatric morbidity and subsequent divorce: a couple-level register-based study in Finland. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2018 , 53, 823-831	4.5	1
216	Trends in health inequalities in 27 European countries. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2018 , 115, 6440-6445	11.5	89
215	Comparison of different approaches for estimating age-specific alcohol-attributable mortality: The cases of France and Finland. <i>PLoS ONE</i> , 2018 , 13, e0194478	3.7	10
214	Implementation Research to Address the United States Health Disadvantage: Report of a National Heart, Lung, and Blood Institute Workshop. <i>Global Heart</i> , 2018 , 13, 65-72	2.9	6
213	Changes in Socioeconomic Differences in Hospital Days With Age: Cumulative Disadvantage, Age-as-Leveler, or Both?. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2018 ,	4.6	3
212	The Spillover Influence of Partner's Education on Myocardial Infarction Incidence and Survival. <i>Epidemiology</i> , 2018 , 29, 237-245	3.1	4
211	Education, Other Socioeconomic Characteristics Across the Life Course, and Fertility Among Finnish Men. <i>European Journal of Population</i> , 2018 , 34, 337-366	2.3	21
210	The case for monitoring life-span inequality. <i>Science</i> , 2018 , 362, 1002-1004	33.3	61

209	Does the death of a child influence parental use of psychotropic medication? A follow-up register study from Finland. <i>PLoS ONE</i> , 2018 , 13, e0195500	3.7	8
208	Substance abuse in parents and subsequent risk of offspring psychiatric morbidity in late adolescence and early adulthood: A longitudinal analysis of siblings and their parents. <i>Social Science and Medicine</i> , 2018 , 217, 106-111	5.1	2
207	Socioeconomic inequalities in suicide in Europe: the widening gap. <i>British Journal of Psychiatry</i> , 2018 , 212, 356-361	5.4	30
206	Early-life and adult socioeconomic determinants of myocardial infarction incidence and fatality. <i>Social Science and Medicine</i> , 2017 , 177, 100-109	5.1	18
205	Does the risk of hospitalisation for ischaemic heart disease rise already widowhood?. <i>Journal of Epidemiology and Community Health</i> , 2017 , 71, 599-605	5.1	9
204	How voter turnout varies between different chronic conditions? A population-based register study. <i>Journal of Epidemiology and Community Health</i> , 2017 , 71, 475-479	5.1	25
203	Explaining Social Class Inequality in Voter Turnout: The Contribution of Income and Health. <i>Scandinavian Political Studies</i> , 2017 , 40, 388-410	0.7	10
202	Advanced Maternal Age and the Risk of Low Birth Weight and Preterm Delivery: a Within-Family Analysis Using Finnish Population Registers. <i>American Journal of Epidemiology</i> , 2017 , 186, 1219-1226	3.8	67
201	'Fundamental causes' of inequalities in mortality: an empirical test of the theory in 20 European populations. <i>Sociology of Health and Illness</i> , 2017 , 39, 1117-1133	3	25
200	Influence of affordability of alcohol on educational disparities in alcohol-related mortality in Finland and Sweden: a time series analysis. <i>Journal of Epidemiology and Community Health</i> , 2017 , 71, 1168-1176	5.1	8
199	Trajectories of Antidepressant Medication before and after the Onset of Unemployment by Subsequent Employment Experience. <i>PLoS ONE</i> , 2017 , 12, e0169652	3.7	4
198	Educational expansion and inequalities in mortality-A fixed-effects analysis using longitudinal data from 18 European populations. <i>PLoS ONE</i> , 2017 , 12, e0182526	3.7	17
197	Determinants of the magnitude of socioeconomic inequalities in mortality: A study of 17 European countries. <i>Health and Place</i> , 2017 , 47, 44-53	4.6	58
196	Unemployment and subsequent depression: A mediation analysis using the parametric G-formula. <i>Social Science and Medicine</i> , 2017 , 194, 142-150	5.1	19
195	The Impact of Forced Migration on Mortality: A Cohort Study of 242,075 Finns from 1939-2010. <i>Epidemiology</i> , 2017 , 28, 587-593	3.1	10
194	Long-term trends of inequalities in mortality in 6 European countries. <i>International Journal of Public Health</i> , 2017 , 62, 127-141	4	32
193	Cohort differences in intergenerational income transmission in Finland. <i>Acta Sociologica</i> , 2017 , 60, 21-39	1.7	6
192	Are some populations resilient to recessions? Economic fluctuations and mortality during a period of economic decline and recovery in Finland. <i>European Journal of Epidemiology</i> , 2017 , 32, 77-85	12.1	9

191	Trends In Inequalities In Mortality Amenable To Health Care In 17 European Countries. <i>Health Affairs</i> , 2017 , 36, 1110-1118	7	36
190	Contribution of smoking-attributable mortality to life expectancy differences by marital status among Finnish men and women, 1971-2010. <i>Demographic Research</i> , 2017 , 36, 255-280	1	2
189	Premature mortality after suicide attempt in relation to living arrangements. A register-based study in Finland in 1988-2007. <i>European Journal of Public Health</i> , 2017 , 27, 73-79	2.1	
188	Effects of Individual, Spousal, and Offspring Socioeconomic Status on Mortality Among Elderly People in China. <i>Journal of Epidemiology</i> , 2016 , 26, 602-609	3.4	27
187	Shape of the association between income and mortality: a cohort study of Denmark, Finland, Norway and Sweden in 1995 and 2003. <i>BMJ Open</i> , 2016 , 6, e010974	3	24
186	Changes in mortality inequalities over two decades: register based study of European countries. <i>BMJ, The</i> , 2016 , 353, i1732	5.9	138
185	Socioeconomic Differences in Cause-Specific Disability Retirement in Finland, 1988 to 2009. <i>Journal of Occupational and Environmental Medicine</i> , 2016 , 58, 840-5	2	14
184	Income trajectories after graduation: An intergenerational approach. <i>Advances in Life Course Research</i> , 2016 , 30, 72-83	3.1	1
183	Disentangling the relative importance of different socioeconomic resources for myocardial infarction incidence and survival: a longitudinal study of over 300,000 Finnish adults. <i>European Journal of Public Health</i> , 2016 , 26, 260-6	2.1	8
182	Childhood Family Income and Violent Victimization During Youth and Young Adulthood: Trends in Hospital Care During 1988-2007 in Finland. <i>Journal of Interpersonal Violence</i> , 2016 , 31, 2338-59	2.2	0
181	Entering the highest and the lowest incomes: Intergenerational determinants and early-adulthood transitions. <i>Research in Social Stratification and Mobility</i> , 2016 , 44, 77-90	2.9	6
180	Socioeconomic Position and Antidepressant Use as Predictors of Coronary Heart Disease Mortality: A Population-Based Registry Study of 362,271 Finns. <i>Psychosomatic Medicine</i> , 2016 , 78, 144-52	3.7	4
179	The contribution of education, social class and economic activity to the income-mortality association in alcohol-related and other mortality in Finland in 1988-2012. <i>Addiction</i> , 2016 , 111, 456-64	4.6	13
178	The arithmetic of reducing relative and absolute inequalities in health: a theoretical analysis illustrated with European mortality data. <i>Journal of Epidemiology and Community Health</i> , 2016 , 70, 730-6 ^{5.1}		38
177	Number of children and later-life mortality among Finns born 1938-50. <i>Population Studies</i> , 2016 , 70, 217-38		16
176	Is young fatherhood causally related to midlife mortality? A sibling fixed-effect study in Finland. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 1077-82	5.1	11
175	Living arrangements as determinants of myocardial infarction incidence and survival: A prospective register study of over 300,000 Finnish men and women. <i>Social Science and Medicine</i> , 2015 , 133, 93-100	5.1	39
174	Work-Family Context and the Longevity Disadvantage of US Women. <i>Social Forces</i> , 2015 , 93, 1567-1597	1.8	7

173	Divorce and subsequent increase in uptake of antidepressant medication: a Finnish registry-based study on couple versus individual effects. <i>BMC Public Health</i> , 2015 , 15, 158	4.1	7
172	The contribution of national disparities to international differences in mortality between the United States and 7 European countries. <i>American Journal of Public Health</i> , 2015 , 105, e112-9	5.1	11
171	Socioeconomic inequalities in cause-specific mortality in 15 European cities. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 432-41	5.1	55
170	Trends in inequalities in premature mortality: a study of 3.2 million deaths in 13 European countries. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 207-17; discussion 205-6	5.1	147
169	Young adult's own and parental social characteristics predict injury morbidity: a register-based follow-up of 135,000 men and women. <i>BMC Public Health</i> , 2015 , 15, 429	4.1	7
