#	Paper	IF	Citations
563	Individual and environmental influences on adolescent eating behaviors. <i>Journal of the American Dietetic Association</i> , 2002 , 102, S40-51		873
562	Emerging adulthood and college-aged youth: an overlooked age for weight-related behavior change. <i>Obesity</i> , 2008 , 16, 2205-11	7.7	695
561	Does body satisfaction matter? Five-year longitudinal associations between body satisfaction and health behaviors in adolescent females and males. <i>Journal of Adolescent Health</i> , 2006 , 39, 244-51	3	653
560	Obesity, disordered eating, and eating disorders in a longitudinal study of adolescents: how do dieters fare 5 years later?. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 559-68		621
559	Associations of weight-based teasing and emotional well-being among adolescents. <i>JAMA Pediatrics</i> , 2003 , 157, 733-8		538
558	Factors influencing food choices of adolescents: findings from focus-group discussions with adolescents. <i>Journal of the American Dietetic Association</i> , 1999 , 99, 929-37		531
557	Family meal patterns: associations with sociodemographic characteristics and improved dietary intake among adolescents. <i>Journal of the American Dietetic Association</i> , 2003 , 103, 317-22		508
556	Weight-teasing among adolescents: correlations with weight status and disordered eating behaviors. <i>International Journal of Obesity</i> , 2002 , 26, 123-31	5.2	475
555	Fast food restaurant use among adolescents: associations with nutrient intake, food choices and behavioral and psychosocial variables. <i>International Journal of Obesity</i> , 2001 , 25, 1823-33	5.2	453
554	Dieting and disordered eating behaviors from adolescence to young adulthood: findings from a 10-year longitudinal study. <i>Journal of the American Dietetic Association</i> , 2011 , 111, 1004-11		445
553	Weight-related concerns and behaviors among overweight and nonoverweight adolescents: implications for preventing weight-related disorders. <i>JAMA Pediatrics</i> , 2002 , 156, 171-8		428
552	Body dissatisfaction prospectively predicts depressive mood and low self-esteem in adolescent girls and boys. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2006 , 35, 539-49	5.2	409
551	Ethnic/racial differences in weight-related concerns and behaviors among adolescent girls and boys: findings from Project EAT. <i>Journal of Psychosomatic Research</i> , 2002 , 53, 963-74	3.9	407
550	Prevalence and risk and protective factors related to disordered eating behaviors among adolescents: relationship to gender and ethnicity. <i>Journal of Adolescent Health</i> , 2002 , 31, 166-75	3	400
549	Shared risk and protective factors for overweight and disordered eating in adolescents. <i>American Journal of Preventive Medicine</i> , 2007 , 33, 359-369	5.9	388
548	Correlates of fruit and vegetable intake among adolescents. Findings from Project EAT. <i>Preventive Medicine</i> , 2003 , 37, 198-208	4.1	385
547	Overweight status and eating patterns among adolescents: where do youths stand in comparison with the healthy people 2010 objectives?. <i>American Journal of Public Health</i> , 2002 , 92, 844-51	4.8	344

546	Food preparation by young adults is associated with better diet quality. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 2001-7		319
545	Weight-related behaviors among adolescent girls and boys: results from a national survey. <i>JAMA Pediatrics</i> , 2000 , 154, 569-77		312
544	Social, educational, and psychological correlates of weight status in adolescents. <i>Obesity</i> , 2001 , 9, 32-42		303
543	Correlations between family meals and psychosocial well-being among adolescents. <i>JAMA Pediatrics</i> , 2004 , 158, 792-6		295
542	Parent-child connectedness and behavioral and emotional health among adolescents. <i>American Journal of Preventive Medicine</i> , 2006 , 30, 59-66	5.9	291
541	Breakfast eating and weight change in a 5-year prospective analysis of adolescents: Project EAT (Eating Among Teens). <i>Pediatrics</i> , 2008 , 121, e638-45	7.1	287
540	Family meals during adolescence are associated with higher diet quality and healthful meal patterns during young adulthood. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 1502-10		274
539	Dieting and unhealthy weight control behaviors during adolescence: associations with 10-year changes in body mass index. <i>Journal of Adolescent Health</i> , 2012 , 50, 80-6	3	272
538	Prospective predictors of body dissatisfaction in adolescent girls and boys: a five-year longitudinal study. <i>Developmental Psychology</i> , 2006 , 42, 888-99	3.7	267
537	Date violence and date rape among adolescents: associations with disordered eating behaviors and psychological health. <i>Child Abuse and Neglect</i> , 2002 , 26, 455-73	4.1	267
536	Family weight talk and dieting: how much do they matter for body dissatisfaction and disordered eating behaviors in adolescent girls?. <i>Journal of Adolescent Health</i> , 2010 , 47, 270-6	3	262
535	New Moves: a school-based obesity prevention program for adolescent girls. <i>Preventive Medicine</i> , 2003 , 37, 41-51	4.1	261
534	Body dissatisfaction from adolescence to young adulthood: findings from a 10-year longitudinal study. <i>Body Image</i> , 2013 , 10, 1-7	7.4	256
533	Family dinner meal frequency and adolescent development: relationships with developmental assets and high-risk behaviors. <i>Journal of Adolescent Health</i> , 2006 , 39, 337-45	3	254
532	Weight teasing and disordered eating behaviors in adolescents: longitudinal findings from Project EAT (Eating Among Teens). <i>Pediatrics</i> , 2006 , 117, e209-15	7.1	246
531	Healthy eating: what does it mean to adolescents?. <i>Journal of Nutrition Education and Behavior</i> , 2001 , 33, 193-8		237
530	Prevention of obesity and eating disorders: a consideration of shared risk factors. <i>Health Education Research</i> , 2006 , 21, 770-82	1.7	233
529	The link between body dissatisfaction and self-esteem in adolescents: similarities across gender, age, weight status, race/ethnicity, and socioeconomic status. <i>Journal of Adolescent Health</i> , 2010 , 47, 290-6	3	213

528	Associations between parental report of the home food environment and adolescent intakes of fruits, vegetables and dairy foods. <i>Public Health Nutrition</i> , 2005 , 8, 77-85	3.1	208
527	Long-term impact of adolescent dating violence on the behavioral and psychological health of male and female youth. <i>Journal of Pediatrics</i> , 2007 , 151, 476-81	3.5	206
526	Overeating among adolescents: prevalence and associations with weight-related characteristics and psychological health. <i>Pediatrics</i> , 2003 , 111, 67-74	7.1	203
525	Associations between parental report of the home food environment and adolescent intakes of fruits, vegetables and dairy foods. <i>Public Health Nutrition</i> , 2005 , 8, 77-85	3.1	199
524	Couch potatoes or french fries: are sedentary behaviors associated with body mass index, physical activity, and dietary behaviors among adolescents?. <i>Journal of the American Dietetic Association</i> , 2003 , 103, 1298-305		198
523	Are family meal patterns associated with disordered eating behaviors among adolescents?. <i>Journal of Adolescent Health</i> , 2004 , 35, 350-9	3	197
522	Fast food for family meals: relationships with parent and adolescent food intake, home food availability and weight status. <i>Public Health Nutrition</i> , 2007 , 10, 16-23	3.1	195
521	Weight control behaviors among obese, overweight, and nonoverweight adolescents. <i>Journal of Pediatric Psychology</i> , 2002 , 27, 531-40	3.1	195
520	Food preparation and purchasing roles among adolescents: associations with sociodemographic characteristics and diet quality. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 211-8		183
519	Correlates of inadequate fruit and vegetable consumption among adolescents. <i>Preventive Medicine</i> , 1996 , 25, 497-505	4.1	182
518	Weight-teasing and emotional well-being in adolescents: longitudinal findings from Project EAT. <i>Journal of Adolescent Health</i> , 2006 , 38, 675-83	3	177
517	The role of social norms and friends' influences on unhealthy weight-control behaviors among adolescent girls. <i>Social Science and Medicine</i> , 2005 , 60, 1165-73	5	173
516	Trends in adolescent fruit and vegetable consumption, 1999-2004: project EAT. <i>American Journal of Preventive Medicine</i> , 2007 , 32, 147-50	5.9	171
515	Factors associated with errors in self-reports of stature, weight, and body mass index in Minnesota adolescents. <i>Annals of Epidemiology</i> , 2005 , 15, 272-8	6.1	169
514	Weight control practices and disordered eating behaviors among adolescent females and males with type 1 diabetes: associations with sociodemographics, weight concerns, familial factors, and metabolic outcomes. <i>Diabetes Care</i> , 2002 , 25, 1289-96	14.1	169
513	Body dissatisfaction and body comparison with media images in males and females. <i>Body Image</i> , 2007 , 4, 257-68	7.4	167
512	Depressive symptoms and adolescent eating and health behaviors: a multifaceted view in a population-based sample. <i>Preventive Medicine</i> , 2004 , 38, 865-75	4.1	163
511	Factors associated with changes in physical activity: a cohort study of inactive adolescent girls. <i>JAMA Pediatrics</i> , 2003 , 157, 803-10		160

510	New moves-preventing weight-related problems in adolescent girls a group-randomized study. <i>American Journal of Preventive Medicine</i> , 2010 , 39, 421-32	5.9	158
509	Family meals and adolescents: what have we learned from Project EAT (Eating Among Teens)? <i>Public Health Nutrition</i> , 2010 , 13, 1113-21	3.1	156
508	Family meals and disordered eating in adolescents: longitudinal findings from project EAT. <i>JAMA Pediatrics</i> , 2008 , 162, 17-22		154
507	Why does dieting predict weight gain in adolescents? Findings from project EAT-II: a 5-year longitudinal study. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 448-55		152
506	Sociodemographic and personal characteristics of adolescents engaged in weight loss and weight/muscle gain behaviors: who is doing what?. <i>Preventive Medicine</i> , 1999 , 28, 40-50	4.1	152
505	Perceived stigmatization among overweight African-American and Caucasian adolescent girls. <i>Journal of Adolescent Health</i> , 1998 , 23, 264-70	3	151
504	Health care information sources for adolescents: age and gender differences on use, concerns, and needs. <i>Journal of Adolescent Health</i> , 2001 , 29, 170-6	3	151
503	Correlates of unhealthy weight-control behaviors among adolescents: Implications for prevention programs.. <i>Health Psychology</i> , 2003 , 22, 88-98	4.8	150
502	Parental employment and work-family stress: associations with family food environments. <i>Social Science and Medicine</i> , 2012 , 75, 496-504	5	148
501	Peer harassment, school connectedness, and academic achievement. <i>Journal of School Health</i> , 2003 , 73, 311-6	2	148
500	Adolescent and parent views of family meals. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 526-32		146
499	Unhealthy behaviors and psychosocial difficulties among overweight adolescents: the potential impact of familial factors. <i>Journal of Adolescent Health</i> , 2002 , 31, 145-53	3	146
498	Steroid use among adolescents: findings from Project EAT. <i>Journal of Adolescent Health</i> , 2002 , 30, 243-53		145
497	Motivational interviewing as a component of a school-based obesity prevention program for adolescent girls. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 91-4		144
496	Obesity, body dissatisfaction, and emotional well-being in early and late adolescence: findings from the project EAT study. <i>Journal of Adolescent Health</i> , 2011 , 48, 373-8	3	142
495	School lunch and snacking patterns among high school students: associations with school food environment and policies. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2005 , 2, 14	8	142
494	A review of associations between family or shared meal frequency and dietary and weight status outcomes across the lifespan. <i>Journal of Nutrition Education and Behavior</i> , 2014 , 46, 2-19	0.9	139
493	Family meals: perceptions of benefits and challenges among parents of 8- to 10-year-old children. <i>Journal of the American Dietetic Association</i> , 2008 , 108, 706-9		139

492	Muscle-enhancing behaviors among adolescent girls and boys. <i>Pediatrics</i> , 2012 , 130, 1019-26	7.1	136
491	Parenting style as a predictor of adolescent weight and weight-related behaviors. <i>Journal of Adolescent Health</i> , 2010 , 46, 331-8	3	135
490	Are family meal patterns associated with overall diet quality during the transition from early to middle adolescence?. <i>Journal of Nutrition Education and Behavior</i> , 2009 , 41, 79-86	0.9	135
489	Associations between watching TV during family meals and dietary intake among adolescents. <i>Journal of Nutrition Education and Behavior</i> , 2007 , 39, 257-63	0.9	134
488	Young adults and eating away from home: associations with dietary intake patterns and weight status differ by choice of restaurant. <i>Journal of the American Dietetic Association</i> , 2011 , 111, 1696-703		132
487	Lessons learned about adolescent nutrition from the Minnesota Adolescent Health Survey. <i>Journal of the American Dietetic Association</i> , 1998 , 98, 1449-56		132
486	Parental correlates of physical activity in a racially/ethnically diverse adolescent sample. <i>Journal of Adolescent Health</i> , 2002 , 30, 253-61	3	130
485	Experiences of weight teasing in adolescence and weight-related outcomes in adulthood: A 15-year longitudinal study. <i>Preventive Medicine</i> , 2017 , 100, 173-179	4.1	128
484	Primary prevention of disordered eating among preadolescent girls: feasibility and short-term effect of a community-based intervention. <i>Journal of the American Dietetic Association</i> , 2000 , 100, 1466-73		126
483	Serum concentrations of retinol, alpha-tocopherol and the carotenoids are influenced by diet, race and obesity in a sample of healthy adolescents. <i>Journal of Nutrition</i> , 2001 , 131, 2184-91	3.9	125
482	Physical activity and sports team participation: associations with academic outcomes in middle school and high school students. <i>Journal of School Health</i> , 2010 , 80, 31-7	2	124
481	Does involvement in food preparation track from adolescence to young adulthood and is it associated with better dietary quality? Findings from a 10-year longitudinal study. <i>Public Health Nutrition</i> , 2012 , 15, 1150-8	3.1	121
480	Family functioning: associations with weight status, eating behaviors, and physical activity in adolescents. <i>Journal of Adolescent Health</i> , 2013 , 52, 351-7	3	120
479	Multiple types of harassment: associations with emotional well-being and unhealthy behaviors in adolescents. <i>Journal of Adolescent Health</i> , 2014 , 54, 724-9	3	116
478	Multiple sociodemographic and socioenvironmental characteristics are correlated with major patterns of dietary intake in adolescents. <i>Journal of the American Dietetic Association</i> , 2011 , 111, 230-40		114
477	Parental eating behaviours, home food environment and adolescent intakes of fruits, vegetables and dairy foods: longitudinal findings from Project EAT. <i>Public Health Nutrition</i> , 2007 , 10, 1257-65	3.1	114
476	Overweight status and weight control behaviors in adolescents: longitudinal and secular trends from 1999 to 2004. <i>Preventive Medicine</i> , 2006 , 43, 52-9	4.1	114
475	Five-year change in body satisfaction among adolescents. <i>Journal of Psychosomatic Research</i> , 2006 , 61, 521-7	3.9	113

474	Integrating the prevention of eating disorders and obesity: feasible or futile?. <i>Preventive Medicine</i> , 2002 , 34, 299-309	4.1	113
473	Eating disturbances among adolescent girls: Evaluation of a school-based primary prevention program. <i>Journal of Nutrition Education and Behavior</i> , 1995 , 27, 24-31		113
472	Feeding a family in a recession: food insecurity among Minnesota parents. <i>American Journal of Public Health</i> , 2012 , 102, 520-6	4.8	111
471	Fast food intake: longitudinal trends during the transition to young adulthood and correlates of intake. <i>Journal of Adolescent Health</i> , 2008 , 43, 79-86	3	110
470	Personal, behavioral, and environmental risk and protective factors for adolescent overweight. <i>Obesity</i> , 2007 , 15, 2748-60	7.7	110
469	Suicidal behavior in adolescents: relationship to weight status, weight control behaviors, and body dissatisfaction. <i>International Journal of Eating Disorders</i> , 2008 , 41, 82-7	6.1	110
468	Psychosocial and behavioral correlates of dieting among overweight and non-overweight adolescents. <i>Journal of Adolescent Health</i> , 2006 , 38, 569-74	3	109
467	Personal, behavioral and socio-environmental predictors of overweight incidence in young adults: 10-yr longitudinal findings. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013 , 10, 37	8	108
466	Intuitive eating in young adults. Who is doing it, and how is it related to disordered eating behaviors?. <i>Appetite</i> , 2013 , 60, 13-19	4.3	107
465	Psychosocial correlates of health compromising behaviors among adolescents. <i>Health Education Research</i> , 1997 , 12, 37-52	1.7	105
464	Family meal frequency and weight status among adolescents: cross-sectional and 5-year longitudinal associations. <i>Obesity</i> , 2008 , 16, 2529-34	7.7	104
463	Focus groups with working parents of school-aged children: what's needed to improve family meals?. <i>Journal of Nutrition Education and Behavior</i> , 2011 , 43, 189-93	0.9	103
462	Correlates of psychosocial well-being among overweight adolescents: the role of the family. <i>Journal of Consulting and Clinical Psychology</i> , 2007 , 75, 181-6	6.4	103
461	Secular trends in weight status and weight-related attitudes and behaviors in adolescents from 1999 to 2010. <i>Preventive Medicine</i> , 2012 , 54, 77-81	4.1	102
460	Weight control behaviors among adult men and women: cause for concern?. <i>Obesity</i> , 1999 , 7, 179-88		102
459	Prevalence and utility of DSM-IV eating disorder diagnostic criteria among youth. <i>International Journal of Eating Disorders</i> , 2007 , 40, 409-17	6.1	101
458	The protective role of family meals for youth obesity: 10-year longitudinal associations. <i>Journal of Pediatrics</i> , 2015 , 166, 296-301	3.5	100
457	Food-related parenting practices and adolescent weight status: a population-based study. <i>Pediatrics</i> , 2013 , 131, e1443-50	7.1	100

456	Ethnic differences in psychosocial and health behavior correlates of dieting, purging, and binge eating in a population-based sample of adolescent females. <i>International Journal of Eating Disorders</i> , 1997 , 22, 315-22	6.1	99
455	Patterns of obesogenic neighborhood features and adolescent weight: a comparison of statistical approaches. <i>American Journal of Preventive Medicine</i> , 2012 , 42, e65-75	5.9	98
454	Parenting characteristics in the home environment and adolescent overweight: a latent class analysis. <i>Obesity</i> , 2010 , 18, 818-25	7.7	98
453	Positive attitudes toward organic, local, and sustainable foods are associated with higher dietary quality among young adults. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2013 , 113, 127-32	1.4	97
452	Preventing obesity and eating disorders in adolescents: what can health care providers do?. <i>Journal of Adolescent Health</i> , 2009 , 44, 206-13	3	96
451	Calcium and dairy intakes of adolescents are associated with their home environment, taste preferences, personal health beliefs, and meal patterns. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 1816-24		95
450	Adolescent consumption of sports and energy drinks: linkages to higher physical activity, unhealthy beverage patterns, cigarette smoking, and screen media use. <i>Journal of Nutrition Education and Behavior</i> , 2014 , 46, 181-187	0.9	94
