| #  | ARTICLE                                                                                                                                                                                                                                               | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Clinical efficacy and predictors of outcomes of repeat hepatectomy for recurrent hepatocellular carcinoma – A systematic review. <i>Surgical Oncology</i> , 2013, 22, e23-e30.                                                                        | 0.8 | 61        |
| 2  | Systematic review of efficacy and outcomes of salvage liver transplantation after primary hepatic resection for hepatocellular carcinoma. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2014, 29, 31-41.                            | 1.4 | 53        |
| 3  | Comprehensive Stroke Units: A Review of Comparative Evidence and Experience. <i>International Journal of Stroke</i> , 2013, 8, 260-264.                                                                                                               | 2.9 | 51        |
| 4  | EUS-guided gallbladder drainage versus laparoscopic cholecystectomy for acute cholecystitis: a propensity score analysis with 1-year follow-up data. <i>Gastrointestinal Endoscopy</i> , 2021, 93, 577-583.                                           | 0.5 | 46        |
| 5  | Intraperitoneal chemotherapy in ovarian cancer: a review of tolerance and efficacy. <i>Cancer Management and Research</i> , 2012, 4, 413.                                                                                                             | 0.9 | 39        |
| 6  | A Proof of Concept Study: Esophagogastroduodenoscopy Is an Aerosol-Generating Procedure and Continuous Oral Suction During the Procedure Reduces the Amount of Aerosol Generated. <i>Gastroenterology</i> , 2020, 159, 1949-1951.e4.                  | 0.6 | 38        |
| 7  | Simultaneous ventral hernia repair in bariatric surgery. <i>ANZ Journal of Surgery</i> , 2014, 84, 581-583.                                                                                                                                           | 0.3 | 33        |
| 8  | Barrett's Oesophagus and Bariatric/Metabolic Surgery – IFSO 2020 Position Statement. <i>Obesity Surgery</i> , 2021, 31, 915-934.                                                                                                                      | 1.1 | 33        |
| 9  | Systematic review and meta-analysis of hepatic arterial infusion chemotherapy as bridging therapy for colorectal liver metastases. <i>Surgical Oncology</i> , 2015, 24, 162-171.                                                                      | 0.8 | 21        |
| 10 | Pancreatitis from intra-gastric balloon insertion: Case report and literature review. <i>International Journal of Surgery Case Reports</i> , 2018, 45, 79-82.                                                                                         | 0.2 | 19        |
| 11 | Repeat cytoreductive surgery (CRS) for recurrent colorectal peritoneal metastases: Yes or no?. <i>European Journal of Surgical Oncology</i> , 2014, 40, 943-949.                                                                                      | 0.5 | 17        |
| 12 | High-resolution impedance manometry and 24-hour multichannel intraluminal impedance with pH testing before and after sleeve gastrectomy: de novo reflux in a prospective series. <i>Surgery for Obesity and Related Diseases</i> , 2021, 17, 329-337. | 1.0 | 17        |
| 13 | High-dose versus low-dose botulinum toxin in anal fissure disease. <i>Techniques in Coloproctology</i> , 2017, 21, 803-808.                                                                                                                           | 0.8 | 16        |
| 14 | Developing a Self-Reported Tool on Fall Risk Based on Toileting Responses on In-Hospital Falls. <i>Geriatric Nursing</i> , 2012, 33, 9-16.                                                                                                            | 0.9 | 14        |
| 15 | Minimally invasive Venetian blinds ventral hernia repair with botulinum toxin chemical component separation. <i>ANZ Journal of Surgery</i> , 2020, 90, 67-71.                                                                                         | 0.3 | 14        |
| 16 | Outcomes with Intra-gastric Balloon Therapy in BMI <math>\geq 35</math> Non-morbid Obesity: 10-Year Follow-Up Study of an RCT. <i>Obesity Surgery</i> , 2021, 31, 781-786.                                                                            | 1.1 | 14        |
| 17 | Clinical significance of appendiceal diverticulum: a significant marker for appendiceal neoplasia in Australian patients. <i>International Journal of Colorectal Disease</i> , 2018, 33, 1569-1574.                                                   | 1.0 | 10        |
| 18 | The injury profile and acute treatment costs of major trauma in older people in New South Wales. <i>Australasian Journal on Ageing</i> , 2014, 33, 264-270.                                                                                           | 0.4 | 9         |

| #  | ARTICLE                                                                                                                                                                                                                                                       | IF  | CITATIONS |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Laparoscopic totally extra-peritoneal groin hernia repair with self-gripping polyester mesh: a series of 780 repairs. ANZ Journal of Surgery, 2019, 89, 1261-1264.                                                                                            | 0.3 | 9         |
| 20 | Gastric outlet obstruction secondary to parastomal hernia: case report and literature review. ANZ Journal of Surgery, 2019, 89, E96-E97.                                                                                                                      | 0.3 | 9         |
| 21 | Surgical ultrasonography at the bedside: a comparison of surgical trainees with trained sonographers for symptomatic cholelithiasis – a first Australian experience. ANZ Journal of Surgery, 2019, 89, 492-496.                                               | 0.3 | 8         |
| 22 | Fast-track ambulatory abscess pathway: an Australian streamlined emergency surgery pathway. ANZ Journal of Surgery, 2020, 90, 268-271.                                                                                                                        | 0.3 | 8         |
| 23 | Systematic review and meta-analysis of the association between diverticulosis of the appendix and neoplasia. ANZ Journal of Surgery, 2020, 90, 1871-1877.                                                                                                     | 0.3 | 8         |
| 24 | Synchronous Ventral Hernia Repair in Bariatric Patients. Obesity Surgery, 2014, 24, 944-944.                                                                                                                                                                  | 1.1 | 7         |
| 25 | Management of Zenker's diverticulum using flexible endoscopy. VideoGIE, 2019, 4, 87-90.                                                                                                                                                                       | 0.3 | 6         |
| 26 | Accuracy of hiatal hernia diagnosis in bariatric patients: Preoperative endoscopy versus intraoperative reference. JGH Open, 2020, 4, 1074-1078.                                                                                                              | 0.7 | 6         |
| 27 | Preferences, barriers and facilitators for establishing comprehensive stroke units: a multidisciplinary survey. Australian Health Review, 2013, 37, 318.                                                                                                      | 0.5 | 4         |
| 28 | A case report of endometriosis presenting as an acute small bowel obstruction. International Journal of Surgery Case Reports, 2017, 41, 17-19.                                                                                                                | 0.2 | 4         |
| 29 | Subspecialty approach for the management of acute cholecystitis: an alternative to acute surgical unit model of care. ANZ Journal of Surgery, 2017, 87, 560-564.                                                                                              | 0.3 | 3         |
| 30 | Rare presentation of a Bochdalek hernia in adulthood with incarcerated splenic flexure of the colon mimicking diverticulitis: a report and review. ANZ Journal of Surgery, 2019, 89, 1518-1520.                                                               | 0.3 | 3         |
| 31 | Simultaneous laparoscopic Venetian blinds closure and mesh-reinforced ventral hernia repair with revision of gastric band to bypass. Surgery for Obesity and Related Diseases, 2018, 14, 245-246.                                                             | 1.0 | 2         |
| 32 | Impact of Cytoreductive Surgery and HIPEC on Intraoperative Gastrointestinal Wall Thickness and Patient Outcomes. Anticancer Research, 2020, 40, 2865-2869.                                                                                                   | 0.5 | 2         |
| 33 | Accuracy of High-Resolution Manometry in Hiatal Hernia Diagnosis in Primary and Revision Bariatric Surgery. Obesity Surgery, 2021, 31, 2906-2912.                                                                                                             | 1.1 | 2         |
| 34 | EUS-guided fiducial marker insertion for radiotherapy in advanced esophageal carcinoma: submucosal insertion may lead to less migration when compared to intratumoral insertion. Surgical Endoscopy and Other Interventional Techniques, 2022, 36, 1666-1674. | 1.3 | 2         |
| 35 | Bariatric Surgery in Vegetarians: Asia-Pacific Metabolic and Bariatric Surgery Society (APMBSS) survey of Asian surgeon experience. Asian Journal of Surgery, 2021, 44, 303-306.                                                                              | 0.2 | 1         |
| 36 | A case report of gastric lymphocytic phlebitis, a rare mimic for malignancy. International Journal of Surgery Case Reports, 2017, 41, 269-271.                                                                                                                | 0.2 | 0         |

| #  | ARTICLE                                                                                                                                                   | IF  | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 37 | Anal tone may predict recurrence after botulinum toxin for chronic anal fissure. ANZ Journal of Surgery, 2018, 88, 385-386.                               | 0.3 | 0         |
| 38 | Repair of a paraumbilical hernia containing an incarcerated urachal remnant. ANZ Journal of Surgery, 2020, 90, E114-E115.                                 | 0.3 | 0         |
| 39 | Long-term outcomes and satisfaction of laparoscopic non-absorbable mesh-reinforced hiatal hernia repair. Surgery Open Digestive Advance, 2022, 6, 100042. | 0.1 | 0         |
