

List of Publications by Citations

Source: <https://exaly.com/author-pdf/2153909/ian-colditz-publications-by-citations.pdf>
Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

126 papers	2,635 citations	27 h-index	45 g-index
143 ext. papers	3,066 ext. citations	3.1 avg, IF	5.15 L-index

#	Paper	IF	Citations
126	In vivo inflammatory activity of neutrophil-activating factor, a novel chemotactic peptide derived from human monocytes. <i>American Journal of Pathology</i> , 1989 , 134, 755-60	5.8	144
125	Associations between temperament, performance and immune function in cattle entering a commercial feedlot. <i>Australian Journal of Experimental Agriculture</i> , 1999 , 39, 795		113
124	The effect of dexamethasone on some immunological parameters in cattle. <i>Veterinary Research Communications</i> , 1999 , 23, 399-413	2.9	98
123	Resilience in farm animals: biology, management, breeding and implications for animal welfare. <i>Animal Production Science</i> , 2016 , 56, 1961	1.4	93
122	Effects of the immune system on metabolism: implications for production and disease resistance in livestock. <i>Livestock Science</i> , 2002 , 75, 257-268		90
121	The effect of a topical anaesthetic formulation, systemic flunixin and carprofen, singly or in combination, on cortisol and behavioural responses of Merino lambs to mulesing. <i>Australian Veterinary Journal</i> , 2007 , 85, 98-106	1.2	79
120	Six costs of immunity to gastrointestinal nematode infections. <i>Parasite Immunology</i> , 2008 , 30, 63-70	2.2	79
119	Cytokines in mammary lymph and milk during endotoxin-induced bovine mastitis. <i>Research in Veterinary Science</i> , 2003 , 74, 31-6	2.5	78
118	Neutrophil accumulation and plasma leakage induced in vivo by neutrophil-activating peptide-1. <i>Journal of Leukocyte Biology</i> , 1990 , 48, 129-37	6.5	76
117	Some relationships between age, immune responsiveness and resistance to parasites in ruminants. <i>International Journal for Parasitology</i> , 1996 , 26, 869-77	4.3	69
116	Transcutaneous immunization of domestic animals: opportunities and challenges. <i>Advanced Drug Delivery Reviews</i> , 2000 , 43, 45-55	18.5	68
115	Chemokines at large: In-vivo mechanisms of their transport, presentation and clearance. <i>Thrombosis and Haemostasis</i> , 2007 , 97, 688-693	7	53
114	A comparison of methods for preparing enriched populations of bovine spermatogonia. <i>Reproduction, Fertility and Development</i> , 2009 , 21, 393-9	1.8	50
113	Feasibility and Implications of Breeding Sheep for Resilience to Nematode Challenge. <i>International Journal for Parasitology</i> , 1996 , 26, 869-877	4.3	47
112	Immunosuppressive effects of Marek's disease virus (MDV) and herpesvirus of turkeys (HVT) in broiler chickens and the protective effect of HVT vaccination against MDV challenge. <i>Avian Pathology</i> , 2002 , 31, 449-61	2.4	44
111	Age-dependent immune response in Merino sheep. <i>Research in Veterinary Science</i> , 1994 , 57, 152-8	2.5	40
110	The influence of land transport on animal welfare in extensive farming systems. <i>Journal of Veterinary Behavior: Clinical Applications and Research</i> , 2009 , 4, 157-162	1.9	38

109	Adjusting worm egg counts for faecal moisture in sheep. <i>Veterinary Parasitology</i> , 2007 , 145, 108-15	2.8	38
108	Blood cell profiles of steer progeny from parents selected for and against residual feed intake. <i>Australian Journal of Experimental Agriculture</i> , 2002 , 42, 901		37
107	Anxiety influences attention bias but not flight speed and crush score in beef cattle. <i>Applied Animal Behaviour Science</i> , 2018 , 205, 210-215	2.2	36
106	The immunophysiological basis for vaccinating ruminants against mastitis. <i>Australian Veterinary Journal</i> , 1985 , 62, 145-53	1.2	32
105	Effects of a topical anaesthetic formulation and systemic carprofen, given singly or in combination, on the cortisol and behavioural responses of Merino lambs to castration. <i>Australian Veterinary Journal</i> , 2009 , 87, 230-7	1.2	31
104	Accumulation of leucocytes and cytokines in the lactating ovine udder during mastitis due to <i>Staphylococcus aureus</i> and <i>Escherichia coli</i> . <i>Research in Veterinary Science</i> , 1997 , 62, 63-6	2.5	30
103	A Framework to Assess the Impact of New Animal Management Technologies on Welfare: A Case Study of Virtual Fencing. <i>Frontiers in Veterinary Science</i> , 2018 , 5, 187	3.1	30
102	Development of a method of measuring cellular stress in cattle and sheep. <i>Veterinary Immunology and Immunopathology</i> , 2008 , 123, 197-204	2	29
101	Cloning, sequencing, expression and inflammatory activity in skin of ovine interleukin-8. <i>Immunology and Cell Biology</i> , 1994 , 72, 398-405	5	29
100	Efficacy of a buccal meloxicam formulation for pain relief in Merino lambs undergoing knife castration and tail docking in a randomised field trial. <i>Australian Veterinary Journal</i> , 2014 , 92, 381-8	1.2	27
99	Inhibition of PAF-induced eosinophil accumulation in pulmonary airways of guinea pigs by anti-asthma drugs. <i>The Japanese Journal of Pharmacology</i> , 1989 , 51, 167-72		27
98	Chemotactic factor-specific desensitization of skin to infiltration by polymorphonuclear leukocytes. <i>Immunology Letters</i> , 1984 , 8, 83-7	4.1	26
97	Chemokines at large: in-vivo mechanisms of their transport, presentation and clearance. <i>Thrombosis and Haemostasis</i> , 2007 , 97, 688-93	7	26
96	Some physiological responses associated with reduced wool growth during blowfly strike in Merino sheep. <i>Australian Veterinary Journal</i> , 2005 , 83, 695-9	1.2	24
95	Growth of <i>Lucilia cuprina</i> larvae following treatment of sheep divergently selected for fleece rot and fly strike with monoclonal antibodies to T lymphocyte subsets and interferon gamma. <i>International Journal for Parasitology</i> , 1996 , 26, 775-82	4.3	24
94	Towards a more practical attention bias test to assess affective state in sheep. <i>PLoS ONE</i> , 2018 , 13, e0190404	3.7	22
93	Effect of the non-steroidal anti-inflammatory drug, carprofen, on weaned sheep following non-surgical mulesing by intradermal injection of cetrimide. <i>Australian Veterinary Journal</i> , 2009 , 87, 19-26	1.2	22
92	Immunological responses of the lactating ovine udder following experimental challenge with <i>Staphylococcus epidermidis</i> . <i>Veterinary Immunology and Immunopathology</i> , 2002 , 89, 57-65	2	22

91	Use of lectin binding characteristics to identify gastrointestinal parasite eggs in faeces. <i>Veterinary Parasitology</i> , 2002 , 105, 219-27	2.8	21
90	Effects of dietary protein types on immune responses and levels of infection with <i>Eimeria veriformis</i> in mice. <i>Immunology and Cell Biology</i> , 2001 , 79, 23-8	5	21
89	Margination and emigration of leucocytes. <i>Pathology and Immunopathology Research</i> , 1985 , 4, 44-68		21
88	Cytokine-induced inflammation in the ovine teat and udder. <i>Veterinary Immunology and Immunopathology</i> , 1996 , 53, 73-85	2	20
87	Cellular inflammatory responses in skin of sheep selected for resistance or susceptibility to fleece rot and fly strike. <i>Parasite Immunology</i> , 1994 , 16, 289-96	2.2	20
86	Effect of immunisation on the early influx of neutrophils during staphylococcal mastitis in ewes. <i>Research in Veterinary Science</i> , 1982 , 33, 146-151	2.5	20
85	Dynamics of experimentally induced <i>Staphylococcus epidermidis</i> mastitis in East Friesian milk ewes. <i>Journal of Dairy Research</i> , 2003 , 70, 157-64	1.6	19
84	Migratory responses of ovine neutrophils to inflammatory mediators in vitro and in vivo. <i>Journal of Leukocyte Biology</i> , 1993 , 53, 273-8	6.5	19
83	Leukocyte and cytokine accumulation in the ovine teat and udder during endotoxin-induced inflammation. <i>Veterinary Research Communications</i> , 1997 , 21, 101-15	2.9	18
82	Expression of surface antigens on blood and mammary leukocytes in lactating and dry ewes. <i>Veterinary Immunology and Immunopathology</i> , 1998 , 62, 273-8	2	18
81	Development of a faecal occult blood test to determine the severity of <i>Haemonchus contortus</i> infections in sheep. <i>Veterinary Parasitology</i> , 2008 , 153, 93-9	2.8	18
80	Effects of dietary fibre and feeding frequency on wool biting and aggressive behaviours in housed Merino sheep. <i>Australian Journal of Experimental Agriculture</i> , 2006 , 46, 777		18
79	Serum amyloid A in the serum and milk of ewes with mastitis induced experimentally with <i>Staphylococcus epidermidis</i> . <i>Veterinary Record</i> , 2003 , 152, 558-62	0.9	18
78	Attention Bias Test Differentiates Anxiety and Depression in Sheep. <i>Frontiers in Behavioral Neuroscience</i> , 2018 , 12, 246	3.5	18
77	Fleece rot and dermatophilosis in sheep. <i>Veterinary Microbiology</i> , 2008 , 128, 217-30	3.3	17
76	Potential for recombinant <i>Babesia bovis</i> antigens to protect against a highly virulent isolate. <i>Parasite Immunology</i> , 2005 , 27, 439-45	2.2	17
75	Two patterns of early neutrophil accumulation in acute inflammatory lesions. <i>Inflammation</i> , 1988 , 12, 251-63	5.1	17
74	A comparison of welfare outcomes for weaner and mature <i>Bos indicus</i> bulls surgically or tension band castrated with or without analgesia: 2. Responses related to stress, health and productivity. <i>Applied Animal Behaviour Science</i> , 2014 , 157, 35-47	2.2	16

73	Development of a lameness model in sheep for assessing efficacy of analgesics. <i>Australian Veterinary Journal</i> , 2011 , 89, 297-304	1.2	16
72	Assessment of welfare of suckling lambs following intradermal injection of cetrimide as a non-surgical alternative to conventional mulesing. <i>Australian Veterinary Journal</i> , 2009 , 87, 12-8	1.2	16
71	Production of antibodies to recombinant antigens from <i>Lucilia cuprina</i> following cutaneous immunisation of sheep. <i>Veterinary Parasitology</i> , 2002 , 104, 345-50	2.8	16
70	Some mechanisms regulating nutrient utilisation in livestock during immune activation: an overview. <i>Australian Journal of Experimental Agriculture</i> , 2004 , 44, 453		16
69	A comparison of welfare outcomes for weaner and mature <i>Bos indicus</i> bulls surgically or tension band castrated with or without analgesia: 1. Behavioural responses. <i>Applied Animal Behaviour Science</i> , 2014 , 157, 23-34	2.2	15
68	Evaluating a novel analgesic strategy for ring castration of ram lambs. <i>Veterinary Anaesthesia and Analgesia</i> , 2012 , 39, 539-49	1.3	15
67	A Prototype Tool to Enable Farmers to Measure and Improve the Welfare Performance of the Farm Animal Enterprise: The Unified Field Index. <i>Animals</i> , 2014 , 4, 446-62	3.1	15
66	Variation in the immune status of two Australian pig breeds. <i>Australian Veterinary Journal</i> , 1998 , 76, 613-17	1.2	15
65	Immunity to <i>Haemonchus contortus</i> and the cellular response to helminth antigens in the mammary gland of non-lactating sheep. <i>International Journal for Parasitology</i> , 1991 , 21, 631-9	4.3	15
64	Preference of beef cattle for feedlot or pasture environments. <i>Applied Animal Behaviour Science</i> , 2013 , 145, 53-59	2.2	14
63	Social transmission of physiological and behavioural responses to castration in suckling Merino lambs. <i>Applied Animal Behaviour Science</i> , 2012 , 136, 136-145	2.2	14
62	Efficacy of meloxicam in a pain model in sheep. <i>Australian Veterinary Journal</i> , 2019 , 97, 23-32	1.2	13
61	Chronic stress influences attentional and judgement bias and the activity of the HPA axis in sheep. <i>PLoS ONE</i> , 2019 , 14, e0211363	3.7	12
60	Welfare outcomes for 3- and 6-month-old beef calves in a tropical environment castrated surgically or by applying rubber rings. <i>Applied Animal Behaviour Science</i> , 2015 , 171, 47-57	2.2	12
59	Effectiveness of non-steroidal anti-inflammatory drugs and epidural anaesthesia in reducing the pain and stress responses to a surgical husbandry procedure (mulesing) in sheep. <i>Australian Journal of Experimental Agriculture</i> , 2008 , 48, 1034		12
58	Plasma leakage in skin of sheep selected for resistance or susceptibility to fleece rot and fly strike. <i>Parasite Immunology</i> , 1992 , 14, 587-94	2.2	12
57	The role of humoral and cellular mediators in enhanced mammary inflammatory reactions to staphylococcal infection in systemically immunized ewes. <i>Microbiology and Immunology</i> , 1982 , 26, 1171-80	2.7	12
56	Relationship between Rectal Temperature and Vaginal Temperature in Grazing Heifers. <i>Animals</i> , 2018 , 8,	3.1	12

55	The Influence of Temperament on Body Temperature Response to Handling in Angus Cattle. <i>Animals</i> , 2020 , 10,	3.1	11
54	Metabolic effects of host defence responses during gastrointestinal parasitism in sheep. <i>Australian Journal of Experimental Agriculture</i> , 2003 , 43, 1437		11
53	Regrouping unfamiliar animals in the weeks prior to slaughter has few effects on physiology and meat quality in Bos taurus feedlot steers. <i>Australian Journal of Experimental Agriculture</i> , 2007 , 47, 763		10
52	Immune responsiveness of lambs selected for resistance to haemonchosis. <i>Research in Veterinary Science</i> , 1993 , 54, 361-5	2.5	10
51	Mastitis in dairy production 2005 ,		10
50	The influence of pharmacologically-induced affective states on attention bias in sheep. <i>PeerJ</i> , 2019 , 7, e7033	3.1	10
49	Effect of transcutaneous immunization with co-administered antigen and cholera toxin on systemic and mucosal antibody responses in sheep. <i>Veterinary Immunology and Immunopathology</i> , 2002 , 86, 177-82	2	9
48	Some characteristics of inflammation induced by muramyl dipeptide, endotoxin, and concanavalin A. <i>Inflammation</i> , 1987 , 11, 1-11	5.1	9
47	Kinetics of endotoxin-induced inflammation in ovine mammary gland. <i>Inflammation</i> , 1988 , 12, 491-501	5.1	9
46	Studies on the inflammatory response during involution of the ovine mammary gland. <i>Quarterly Journal of Experimental Physiology (Cambridge, England)</i> , 1988 , 73, 363-8		9
45	Physiological and behavioural effects of intradermal injection of sodium lauryl sulfate as an alternative to mulesing in lambs. <i>Australian Veterinary Journal</i> , 2010 , 88, 483-9	1.2	8
44	Effect on systemic antibody concentrations of topical application of cholera toxin to skin of sheep. <i>Australian Veterinary Journal</i> , 2000 , 78, 121-3	1.2	8
43	The inflammatory activity of activated complement in ovine and bovine mammary glands. <i>Immunology and Cell Biology</i> , 1987 , 65 (Pt 6), 433-6	5	8
42	Self-administration by consumption of flunixin in feed alleviates the pain and inflammation associated with castration and tail docking of lambs. <i>Applied Animal Behaviour Science</i> , 2017 , 188, 26-33	2.2	7
41	Genetic resistance to growth of <i>Lucilia cuprina</i> larvae in Merino sheep. <i>Australian Journal of Experimental Agriculture</i> , 2008 , 48, 1210		7
40	In vivo depletion of T-cells and cytokines during primary exposure of sheep to parasites. <i>Veterinary Immunology and Immunopathology</i> , 1996 , 54, 83-90	2	7
39	Impact of animal health and welfare research within the CRC for Cattle and Beef Quality on Australian beef production. <i>Australian Journal of Experimental Agriculture</i> , 2006 , 46, 233		6
38	Induction of systemic immune responses in sheep by topical application of cholera toxin to skin. <i>Veterinary Immunology and Immunopathology</i> , 2000 , 77, 191-9	2	6

37	The effect of immune and inflammatory mediators on growth of <i>Lucilia cuprina</i> larvae in vitro. <i>International Journal for Parasitology</i> , 1994 , 24, 401-3	4.3	6
36	Novel immunofluorescent technique for identification of ovine immunoglobulins and other potential opsonins binding to live <i>Staphylococcus aureus</i> . <i>Journal of Dairy Science</i> , 1983 , 66, 1384-9	4	6
35	Vaccines for the Skin and Mammary Gland of Ruminants. <i>Progress in Vaccinology</i> , 1993 , 288-317		6
34	Immune competence traits assessed during the stress of weaning are heritable and favorably genetically correlated with temperament traits in Angus cattle ¹ . <i>Journal of Animal Science</i> , 2019 , 97, 4053-4065	0.7	5
33	Welfare of beef cattle in Australian feedlots: a review of the risks and measures. <i>Animal Production Science</i> , 2020 , 60, 1569	1.4	5
32	A method for determining the concentration of haptoglobin in cattle blood following haemolysis caused at collection. <i>Research in Veterinary Science</i> , 2012 , 93, 190-4	2.5	5
31	Selective transport of IgE into ovine mammary secretions. <i>Research in Veterinary Science</i> , 2010 , 89, 184-90	5	
30	Humoral and cellular factors affecting the neutrophil response of the locally immunised mammary gland to staphylococcal infection. <i>Veterinary Immunology and Immunopathology</i> , 1985 , 8, 107-18	2	5
29	Objecthood, Agency and Mutualism in Valenced Farm Animal Environments. <i>Animals</i> , 2018 , 8,	3.1	4
28	Future challenges and opportunities in sheep welfare 2017 , 285-293		4
27	Effect of local infusion of NSAID analgesics administered alone or in combination on the pain associated with band castration in calves. <i>Australian Veterinary Journal</i> , 2015 , 93, 271-7	1.2	4
26	Randomised trial of the bioavailability and efficacy of orally administered flunixin, carprofen and ketoprofen in a pain model in sheep. <i>Australian Veterinary Journal</i> , 2015 , 93, 265-70	1.2	4
25	Expression of cell surface adhesion molecules by peripheral blood eosinophils during <i>Trichostrongylus colubriformis</i> infection in sheep. <i>Immunology and Cell Biology</i> , 2001 , 79, 240-4	5	4
24	The effect of experimental infectious mastitis on leukocyte subpopulations and cytokine production in non-lactating ewes. <i>Zoonoses and Public Health</i> , 1999 , 46, 289-99		4
23	The effect of systemic treatment with platelet-activating factor on the migration of eosinophils to lung, pleural and peritoneal cavities in the guinea pig. <i>International Archives of Allergy and Immunology</i> , 1991 , 95, 94-6	3.7	4
22	Inflammatory and immunological responses in skin and peripheral lymph of sheep following intracutaneous injection of <i>Staphylococcus aureus</i> . <i>Inflammation</i> , 1987 , 11, 175-88	5.1	4
21	Induction of inflammatory responses by endotoxin in the non-lactating ovine mammary gland. <i>Immunology and Cell Biology</i> , 1987 , 65 (Pt 6), 437-41	5	4
20	Palatability and pharmacokinetics of flunixin when administered to sheep through feed. <i>PeerJ</i> , 2016 , 4, e1800	3.1	4

19	Associations between immune system, growth and carcass variables in cattle. <i>Australian Journal of Experimental Agriculture</i> , 2001 , 41, 1051		4
18	A Novel Protocol to Assess Acclimation Rate in Bos taurus Heifers during Yard Weaning. <i>Animals</i> , 2018 , 8,	3.1	3
17	A rapid colorimetric assay for measuring low concentrations of haemoglobin in large numbers of bovine plasma samples. <i>Food and Agricultural Immunology</i> , 2011 , 22, 135-143	2.9	3
16	Simulated solar UVB exposure inhibits transcutaneous immunization to cholera toxin via an irradiated skin site in cattle. <i>Veterinary Immunology and Immunopathology</i> , 2001 , 83, 107-14	2	3
15	Properties of neutrophils recruited into inflammatory foci with homologous or heterologous antigen in immunized ewes. <i>Inflammation</i> , 1983 , 7, 269-76	5.1	3
14	Efficacy of precisely injected single local bolus of lignocaine for alleviation of behavioural responses to pain during tail docking and castration of lambs with rubber rings. <i>Research in Veterinary Science</i> , 2020 , 133, 210-218	2.5	3
13	Challenges to the development of new tests for diagnosis of infection and prediction of resistance of sheep to gastrointestinal nematodes. <i>Tropical Biomedicine</i> , 2008 , 25, 41-9	0.5	3
12	What are we BIF-fing about?: science needs impact metrics. <i>Epidemiology</i> , 2009 , 20, 462	3.1	2
11	Induction of tissue eosinophilia by platelet-activating factor in Merino sheep. <i>Veterinary Immunology and Immunopathology</i> , 1992 , 32, 65-75	2	2
10	Production and active transport of immunoglobulins within the ruminant mammary gland. <i>Veterinary Immunology and Immunopathology</i> , 2019 , 211, 75-84	2	1
9	Needle-free vaccination in sheep. <i>Australian Veterinary Journal</i> , 2010 , 88, 368	1.2	1
8	A consideration of physiological regulation from the perspective of Bayesian enactivism. <i>Physiology and Behavior</i> , 2020 , 214, 112758	3.5	1
7	Trial of human laser epilation technology for permanent wool removal in Merino sheep. <i>Australian Veterinary Journal</i> , 2015 , 93, 31-5	1.2	0
6	Welfare benefits to farm animals from their use in research. <i>ATLA Alternatives To Laboratory Animals</i> , 2004 , 32 Suppl 1A, 235-40	2.1	0
5	Call for openness about farm-animal experiments. <i>Nature</i> , 2005 , 436, 24	50.4	0
4	Dermatophilosis (lumpy wool) in sheep: a review of pathogenesis, aetiology, resistance and vaccines. <i>Animal Production Science</i> , 2022 , 62, 101	1.4	0
3	Proposal of Terminology for the Description of Leukocyte Events during Acute Inflammation 1987 , 181-182		
2	Novel Neutrophil-Activating Peptides and Their Role in Inflammation 1989 , 765-771		

- 1 Methods for detection and assay of ovine cytokines **1996**, 2139-2155
