

Jacky Boivin

List of Publications by Citations

Source: <https://exaly.com/author-pdf/2154221/jacky-boivin-publications-by-citations.pdf>
Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

176 papers	9,948 citations	53 h-index	98 g-index
198 ext. papers	11,502 ext. citations	4.3 avg, IF	6.39 L-index

#	Paper	IF	Citations
176	International estimates of infertility prevalence and treatment-seeking: potential need and demand for infertility medical care. <i>Human Reproduction</i> , 2007 , 22, 1506-12	5.7	1357
175	Consensus on women's health aspects of polycystic ovary syndrome (PCOS): the Amsterdam ESHRE/ASRM-Sponsored 3rd PCOS Consensus Workshop Group. <i>Fertility and Sterility</i> , 2012 , 97, 28-38.e23	4.8	1195
174	The links between prenatal stress and offspring development and psychopathology: disentangling environmental and inherited influences. <i>Psychological Medicine</i> , 2010 , 40, 335-45	6.9	271
173	A review of psychosocial interventions in infertility. <i>Social Science and Medicine</i> , 2003 , 57, 2325-41	5.1	250
172	Why do patients discontinue fertility treatment? A systematic review of reasons and predictors of discontinuation in fertility treatment. <i>Human Reproduction Update</i> , 2012 , 18, 652-69	15.8	242
171	Consensus on women's health aspects of polycystic ovary syndrome (PCOS). <i>Human Reproduction</i> , 2012 , 27, 14-24	5.7	223
170	Emotional distress in infertile women and failure of assisted reproductive technologies: meta-analysis of prospective psychosocial studies. <i>BMJ, The</i> , 2011 , 342, d223	5.9	222
169	Prenatal smoking might not cause attention-deficit/hyperactivity disorder: evidence from a novel design. <i>Biological Psychiatry</i> , 2009 , 66, 722-7	7.9	222
168	The association between exaggeration in health related science news and academic press releases: retrospective observational study. <i>BMJ, The</i> , 2014 , 349, g7015	5.9	185
167	The fertility quality of life (FertiQoL) tool: development and general psychometric properties. <i>Human Reproduction</i> , 2011 , 26, 2084-91	5.7	174
166	Stress level across stages of in vitro fertilization in subsequently pregnant and nonpregnant women. <i>Fertility and Sterility</i> , 1995 , 64, 802-10	4.8	171
165	ESHRE guideline: routine psychosocial care in infertility and medically assisted reproduction-a guide for fertility staff. <i>Human Reproduction</i> , 2015 , 30, 2476-85	5.7	143
164	Agreement between maternal report and antenatal records for a range of pre and peri-natal factors: the influence of maternal and child characteristics. <i>Early Human Development</i> , 2007 , 83, 497-504 ^{2.2}	2.2	135
163	Infertility-related stress in men and women predicts treatment outcome 1 year later. <i>Fertility and Sterility</i> , 2005 , 83, 1745-52	4.8	134
162	Communication and coping as predictors of fertility problem stress: cohort study of 816 participants who did not achieve a delivery after 12 months of fertility treatment. <i>Human Reproduction</i> , 2005 , 20, 3248-56	5.7	131
161	Fertility knowledge and beliefs about fertility treatment: findings from the International Fertility Decision-making Study. <i>Human Reproduction</i> , 2013 , 28, 385-97	5.7	130
160	Why are infertile patients not using psychosocial counselling?. <i>Human Reproduction</i> , 1999 , 14, 1384-91	5.7	125

159	Emotional distress is a common risk in women with polycystic ovary syndrome: a systematic review and meta-analysis of 28 studies. <i>Human Reproduction Update</i> , 2012 , 18, 638-51	15.8	124
158	Does infertility cause marital benefit? An epidemiological study of 2250 women and men in fertility treatment. <i>Patient Education and Counseling</i> , 2005 , 59, 244-51	3.1	116
157	Disentangling prenatal and inherited influences in humans with an experimental design. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2009 , 106, 2464-7	11.5	105
156	Relationship between quality of life and distress in infertility: a validation study of the Dutch FertiQoL. <i>Human Reproduction</i> , 2011 , 26, 1112-8	5.7	105
155	Influence of female bodyweight on IVF outcome: a longitudinal multicentre cohort study of 487 infertile couples. <i>Reproductive BioMedicine Online</i> , 2011 , 23, 490-9	4	102
154	Mild ovarian stimulation for IVF: 10 years later. <i>Human Reproduction</i> , 2010 , 25, 2678-84	5.7	102
153	The Fertility Quality of Life (FertiQoL) tool: development and general psychometric properties. <i>Fertility and Sterility</i> , 2011 , 96, 409-415.e3	4.8	101
152	Tackling burden in ART: an integrated approach for medical staff. <i>Human Reproduction</i> , 2012 , 27, 941-50	5.7	100
151	Knowledge about infertility risk factors, fertility myths and illusory benefits of healthy habits in young people. <i>Human Reproduction</i> , 2008 , 23, 1858-64	5.7	98
150	Familial transmission of depression and antisocial behavior symptoms: disentangling the contribution of inherited and environmental factors and testing the mediating role of parenting. <i>Psychological Medicine</i> , 2011 , 41, 1175-85	6.9	94
149	Patterns of suffering and social interactions in infertile men: 12 months after unsuccessful treatment. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2007 , 28, 105-14	3.6	93
148	Patients' attitudes to medical and psychosocial aspects of care in fertility clinics: findings from the Copenhagen Multi-centre Psychosocial Infertility (COMPI) Research Programme. <i>Human Reproduction</i> , 2003 , 18, 628-37	5.7	91
147	Gender differences in psychological reactions to infertility among couples seeking IVF- and ICSI-treatment. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1999 , 78, 42-49	3.8	88
146	Where is the theory? Evaluating the theoretical frameworks described in decision support technologies. <i>Patient Education and Counseling</i> , 2008 , 71, 125-35	3.1	86
145	Guidelines for counselling in infertility: outline version. <i>Human Reproduction</i> , 2001 , 16, 1301-4	5.7	86
144	Decision-making about seeking medical advice in an internet sample of women trying to get pregnant. <i>Human Reproduction</i> , 2007 , 22, 1662-8	5.7	79
143	Response to: Testing the Association Between Smoking in Pregnancy and Attention-Deficit/Hyperactivity Disorder in a Novel Design. <i>Biological Psychiatry</i> , 2010 , 68, e13-e14	7.9	78
142	High ratings of satisfaction with fertility treatment are common: findings from the Copenhagen Multi-centre Psychosocial Infertility (COMPI) Research Programme. <i>Human Reproduction</i> , 2003 , 18, 2638-46	5.7	78

141	Psychological reactions during in-vitro fertilization: similar response pattern in husbands and wives. <i>Human Reproduction</i> , 1998 , 13, 3262-7	5.7	78
140	O-194 Insights from smartphone app based emotional tracking data on the impact of the Covid-19 pandemic on IVF patients. <i>Human Reproduction</i> , 2021 , 36,	5.7	78
139	Impact of the in-vitro fertilization process on emotional, physical and relational variables. <i>Human Reproduction</i> , 1996 , 11, 903-7	5.7	75
138	Medical waiting periods: imminence, emotions and coping. <i>Women's Health</i> , 2010 , 6, 59-69	3	73
137	Social nesting: changes in social network and support across the transition to parenthood in couples that conceived spontaneously or through assisted reproductive technologies. <i>Journal of Family Psychology</i> , 2010 , 24, 175-87	2.7	72
136	Exploratory randomized trial on the effect of a brief psychological intervention on emotions, quality of life, discontinuation, and pregnancy rates in in vitro fertilization patients. <i>Fertility and Sterility</i> , 2015 , 104, 440-51.e7	4.8	71
135	Exaggerations and Caveats in Press Releases and Health-Related Science News. <i>PLoS ONE</i> , 2016 , 11, e0168217	3.7	71
134	How patient-centred care relates to patients' quality of life and distress: a study in 427 women experiencing infertility. <i>Human Reproduction</i> , 2012 , 27, 488-95	5.7	70
133	Reactions to infertility based on extent of treatment failure**Supported by a Fellowship from Social Sciences and Humanities Research Council of Canada, Ottawa, Canada.***Supported by a grant from Conseil Québécois de la Recherche Sociale (RS-1181089), Québec, Québec, Canada. Presented at the Conjoint Annual Meeting of The American Fertility Society and Canadian Society of Reproductive Medicine, 2015, Montréal, Québec, Canada.	4.8	69
132	The longitudinal impact of partner coping in couples following 5 years of unsuccessful fertility treatments. <i>Human Reproduction</i> , 2009 , 24, 1656-64	5.7	68
131	Dispositional optimism, trait anxiety, and coping: unique or shared effects on biological response to fertility treatment?. <i>Health Psychology</i> , 2005 , 24, 171-8	5	68
130	A feasibility study of a brief coping intervention (PRCI) for the waiting period before a pregnancy test during fertility treatment. <i>Human Reproduction</i> , 2008 , 23, 2299-307	5.7	65
129	Development and preliminary validation of the fertility status awareness tool: FertiSTAT. <i>Human Reproduction</i> , 2010 , 25, 1722-33	5.7	64
128	The design of patient decision support interventions: addressing the theory-practice gap. <i>Journal of Evaluation in Clinical Practice</i> , 2011 , 17, 565-74	2.5	59
127	Age at first birth, mode of conception and psychological wellbeing in pregnancy: findings from the parental age and transition to parenthood Australia (PATPA) study. <i>Human Reproduction</i> , 2011 , 26, 1389-98	5.7	58
126	Do intrauterine or genetic influences explain the foetal origins of chronic disease? A novel experimental method for disentangling effects. <i>BMC Medical Research Methodology</i> , 2007 , 7, 25	4.7	55
125	Patient centred care in infertility health care: direct and indirect associations with wellbeing during treatment. <i>Patient Education and Counseling</i> , 2013 , 93, 646-54	3.1	53
124	Optimal in vitro fertilization in 2020 should reduce treatment burden and enhance care delivery for patients and staff. <i>Fertility and Sterility</i> , 2013 , 100, 302-9	4.8	51

123	Why we should talk about compliance with assisted reproductive technologies (ART): a systematic review and meta-analysis of ART compliance rates. <i>Human Reproduction Update</i> , 2013 , 19, 124-35	15.8	50
122	Patient experiences of fertility clinic closure during the COVID-19 pandemic: appraisals, coping and emotions. <i>Human Reproduction</i> , 2020 , 35, 2556-2566	5.7	50
121	Use of complementary and alternative medicines associated with a 30% lower ongoing pregnancy/live birth rate during 12 months of fertility treatment. <i>Human Reproduction</i> , 2009 , 24, 1626-31	5.7	45
120	Associations between maternal older age, family environment and parent and child wellbeing in families using assisted reproductive techniques to conceive. <i>Social Science and Medicine</i> , 2009 , 68, 1948-55	5.1	45
119	Sexual and emotional adjustment of couples undergoing infertility investigation and the effectiveness of preparatory information. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 1990 , 11, 275-290	3.6	43
118	The need to improve fertility awareness. <i>Reproductive Biomedicine and Society Online</i> , 2017 , 4, 18-20	1.2	42
117	Evaluation of a communication and stress management training programme for infertile couples. <i>Patient Education and Counseling</i> , 2005 , 59, 252-62	3.1	42
116	Factors influencing the decision to use or discard cryopreserved embryos. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2001 , 80, 849-55	3.8	40
115	Evolution of psychology and counseling in infertility. <i>Fertility and Sterility</i> , 2015 , 104, 251-9	4.8	38
114	Pregnancy-specific anxiety, ART conception and infant temperament at 4 months post-partum. <i>Human Reproduction</i> , 2013 , 28, 997-1005	5.7	38
113	Correlates of fertility issues in an internet survey of cancer survivors. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2010 , 31, 150-7	3.6	38
112	Examining differences in psychological adjustment problems among children conceived by assisted reproductive technologies. <i>International Journal of Behavioral Development</i> , 2009 , 33, 385-392	2.6	38
111	Effects of fertility education on knowledge, desires and anxiety among the reproductive-aged population: findings from a randomized controlled trial. <i>Human Reproduction</i> , 2016 , 31, 2051-60	5.7	35
110	The impact of a self-administered coping intervention on emotional well-being in women awaiting the outcome of IVF treatment: a randomized controlled trial. <i>Human Reproduction</i> , 2014 , 29, 1459-70	5.7	35
109	Female subfertility. <i>Nature Reviews Disease Primers</i> , 2019 , 5, 7	51.1	34
108	A cross sectional study on fertility knowledge in Japan, measured with the Japanese version of Cardiff Fertility Knowledge Scale (CFKS-J). <i>Reproductive Health</i> , 2015 , 12, 10	3.5	34
107	The role of knowledge and perceived susceptibility in intentions to optimize fertility: findings from the International Fertility Decision-Making Study (IFDMS). <i>Human Reproduction</i> , 2013 , 28, 3253-62	5.7	34
106	Is there too much emphasis on psychosocial counseling for infertile patients?. <i>Journal of Assisted Reproduction and Genetics</i> , 1997 , 14, 184-6	3.4	32

105	Information and decision support needs of parents considering amniocentesis: interviews with pregnant women and health professionals. <i>Health Expectations</i> , 2010 , 13, 125-38	3.7	31
104	Women's intentions to use fertility preservation to prevent age-related fertility decline. <i>Reproductive BioMedicine Online</i> , 2016 , 32, 121-31	4	30
103	Older first-time mothers and early postpartum depression: a prospective cohort study of women conceiving spontaneously or with assisted reproductive technologies. <i>Fertility and Sterility</i> , 2011 , 96, 1218-24	4.8	30
102	Gender differences in psychological reactions to infertility among couples seeking IVF- and ICSI-treatment. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1999 , 78, 42-8	3.8	30
101	Distress level in men undergoing intracytoplasmic sperm injection versus in-vitro fertilization. <i>Human Reproduction</i> , 1998 , 13, 1403-6	5.7	28
100	An experimental evaluation of the benefits and costs of providing fertility information to adolescents and emerging adults. <i>Human Reproduction</i> , 2018 , 33, 1247-1253	5.7	27
99	Assisted conception, maternal age and breastfeeding: an Australian cohort study. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2013 , 102, 970-6	3.1	26
98	Claims of causality in health news: a randomised trial. <i>BMC Medicine</i> , 2019 , 17, 91	11.4	25
97	Reply: International estimates on infertility prevalence and treatment seeking: potential need and demand for medical care. <i>Human Reproduction</i> , 2009 , 24, 2380-2383	5.7	25
96	Older maternal age and major depressive episodes in the first two years after birth: findings from the Parental Age and Transition to Parenthood Australia (PATPA) study. <i>Journal of Affective Disorders</i> , 2015 , 175, 454-62	6.6	24
95	Positive experiences of patient-centred care are associated with intentions to comply with fertility treatment: findings from the validation of the Portuguese version of the PCQ-Infertility tool. <i>Human Reproduction</i> , 2013 , 28, 2462-72	5.7	23
94	The impact of social relations among men and women in fertility treatment on the decision to terminate treatment. <i>Human Reproduction</i> , 2012 , 27, 3502-12	5.7	23
93	Clarifying the benefits of the positive reappraisal coping intervention for women waiting for the outcome of IVF. <i>Human Reproduction</i> , 2014 , 29, 2712-8	5.7	22
92	How readers understand causal and correlational expressions used in news headlines. <i>Journal of Experimental Psychology: Applied</i> , 2017 , 23, 1-14	1.8	21
91	Perceived challenges of working in a fertility clinic: a qualitative analysis of work stressors and difficulties working with patients. <i>Human Reproduction</i> , 2017 , 32, 403-408	5.7	19
90	Are patients at risk for psychological maladjustment during fertility treatment less willing to comply with treatment? Results from the Portuguese validation of the SCREENIVF. <i>Human Reproduction</i> , 2014 , 29, 293-302	5.7	19
89	Coping after recurrent miscarriage: uncertainty and bracing for the worst. <i>Journal of Family Planning and Reproductive Health Care</i> , 2013 , 39, 250-6		19
88	Beliefs, attitudes and funding of assisted reproductive technology: Public perception of over 6,000 respondents from 6 European countries. <i>PLoS ONE</i> , 2019 , 14, e0211150	3.7	18

87	Cassandra's prophecy: a psychological perspective. Why we need to do more than just tell women. <i>Reproductive BioMedicine Online</i> , 2013 , 27, 11-4	4	17
86	Pre-birth characteristics and 5-year follow-up of women with cryopreserved embryos after successful in vitro fertilisation treatment. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2010 , 31, 32-9	3.6	17
85	The effects of female sexual response in coitus on early reproductive processes. <i>Journal of Behavioral Medicine</i> , 1992 , 15, 509-18	3.6	17
84	Age and social position moderate the effect of stress on fertility. <i>Evolution and Human Behavior</i> , 2006 , 27, 345-356	4	16
83	Gender differences in psychological reactions to infertility among couples seeking IVF- and ICSI-treatment. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1999 , 78, 42-49	3.8	16
82	Age, mode of conception, health service use and pregnancy health: a prospective cohort study of Australian women. <i>BMC Pregnancy and Childbirth</i> , 2013 , 13, 88	3.2	15
81	Two-year follow-up of a randomized controlled trial: knowledge and reproductive outcome after online fertility education. <i>Human Reproduction</i> , 2018 , 33, 2035-2042	5.7	14
80	A feasibility study for a randomised controlled trial of the Positive Reappraisal Coping Intervention, a novel supportive technique for recurrent miscarriage. <i>BMJ Open</i> , 2015 , 5, e007322	3	13
79	Age, psychological maturity, and the transition to motherhood among English-speaking Australian women in a metropolitan area. <i>Developmental Psychology</i> , 2014 , 50, 2154-64	3.7	13
78	The PRCI study: design of a randomized clinical trial to evaluate a coping intervention for medical waiting periods used by women undergoing a fertility treatment. <i>BMC Women's Health</i> , 2013 , 13, 35	2.9	13
77	Pregnancy after miscarriage: balancing between loss of control and searching for control. <i>Research in Nursing and Health</i> , 2014 , 37, 267-75	2	13
76	International estimates of infertility prevalence and treatment-seeking: potential need and demand for infertility medical care. <i>Human Reproduction</i> , 2007 , 22, 2800-2800	5.7	13
75	Parenthood should be regarded as a right. <i>Archives of Disease in Childhood</i> , 2005 , 90, 784-5	2.2	13
74	Reactions to infertility based on extent of treatment failure. <i>Fertility and Sterility</i> , 1995 , 63, 801-7	4.8	12
73	Design and usability of heuristic-based deliberation tools for women facing amniocentesis. <i>Health Expectations</i> , 2012 , 15, 32-48	3.7	11
72	Self-Regulation and Wellbeing When Facing a Blocked Parenthood Goal: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2016 , 11, e0157649	3.7	11
71	What makes people ready to conceive? Findings from the International Fertility Decision-Making Study. <i>Reproductive Biomedicine and Society Online</i> , 2018 , 6, 90-101	1.2	11
70	Fertility-related knowledge and perceptions of fertility education among adolescents and emerging adults: a qualitative study. <i>Human Fertility</i> , 2019 , 22, 291-299	1.9	10

69	A rapid scoping review of fear of infertility in Africa. <i>Reproductive Health</i> , 2020 , 17, 142	3.5	10
