#	Paper	IF	Citations
176	Effect of fertility health awareness strategies on fertility knowledge and childbearing in young married couples (FertStart): study protocol for an effectiveness-implementation hybrid type I multicentre three-arm parallel group open-label randomised clinical trial <i>BMJ Open</i> , 2022 , 12, e051710	3	
175	Fertility quality of life tool: update on research and practice considerations. <i>Human Fertility</i> , 2021 , 24, 236-248	1.9	8
174	Quality of life of Sudanese patients attending a fertility clinic: a mixed methods study. <i>Health Psychology and Behavioral Medicine</i> , 2021 , 9, 1006-1030	2.2	O
173	Patient willingness, preferences and decision-making about planning for three complete cycles of IVF/ICSI treatment. <i>Human Reproduction</i> , 2021 , 36, 1339-1352	5.7	2
172	O-194 Insights from smartphone app based emotional tracking data on the impact of the Covid-19 pandemic on IVF patients. <i>Human Reproduction</i> , 2021 , 36,	5.7	78
171	Feasibility and acceptability of theatrical and visual art to deliver fertility education to young adults. <i>Human Fertility</i> , 2021 , 24, 129-135	1.9	4
170	The International Fertility Education Initiative: research and action to improve fertility awareness. <i>Human Reproduction Open</i> , 2021 , 2021, hoab031	6.1	3
169	Third-Party Reproduction 2021 , 123-135		
168	The importance of the family clock? women? lived experience of fertility decision-making 6 years after attending the Fertility Assessment and Counselling Clinic. <i>Human Fertility</i> , 2021 , 1-13	1.9	
167	Determining the need for fertility care and the acceptability and feasibility of administering a fertility awareness tool from the user perspective in a sample of Sudanese infertility patients. <i>Reproductive Biomedicine and Society Online</i> , 2021 , 13, 85-97	1.2	
166	Barriers and factors associated with significant delays to initial consultation and treatment for infertile patients and partners of infertile patients. <i>Reproductive BioMedicine Online</i> , 2021 , 43, 1126-113	đ	O
165	Effective support following recurrent pregnancy loss: a randomized controlled feasibility and acceptability study. <i>Reproductive BioMedicine Online</i> , 2020 , 40, 729-742	4	2
164	Causal claims about correlations reduced in press releases following academic study of health news. <i>Wellcome Open Research</i> , 2020 , 5, 6	4.8	1
163	The health benefits and cost-effectiveness of complete healthy vending. <i>PLoS ONE</i> , 2020 , 15, e0239483	3.7	1
162	The social and cultural meanings of infertility for men and women in Zambia: legacy, family and divine intervention. <i>Facts, Views & Vision in ObGyn</i> , 2020 , 12, 185-193	1.4	
161	Causal overstatements reduced in press releases following academic study of health news. Wellcome Open Research, 2020 , 5, 6	4.8	1
160	Promoting fertility awareness and preconception health using a chatbot: a randomized controlled trial. <i>Reproductive BioMedicine Online</i> , 2020 , 41, 1133-1143	4	6

(2019-2020)

159	Women® perceptions of fertility assessment and counselling 6 years after attending a Fertility Assessment and Counselling clinic in Denmark. <i>Human Reproduction Open</i> , 2020 , 2020, hoaa036	6.1	3
158	Time as an outcome measure in fertility-related clinical studies: long-awaited. <i>Human Reproduction</i> , 2020 , 35, 1732-1739	5.7	7
157	Top 10 priorities for future infertility research: an international consensus development study□□ <i>Human Reproduction</i> , 2020 , 35, 2715-2724	5.7	7
156	Patient experiences of fertility clinic closure during the COVID-19 pandemic: appraisals, coping and emotions. <i>Human Reproduction</i> , 2020 , 35, 2556-2566	5.7	50
155	A rapid scoping review of fear of infertility in Africa. Reproductive Health, 2020, 17, 142	3.5	10
154	Failure after fertility treatment: regulation strategies when facing a blocked parenthood goal. <i>Human Fertility</i> , 2020 , 23, 179-185	1.9	5
153	The health benefits and cost-effectiveness of complete healthy vending 2020 , 15, e0239483		
152	The health benefits and cost-effectiveness of complete healthy vending 2020 , 15, e0239483		
151	The health benefits and cost-effectiveness of complete healthy vending 2020 , 15, e0239483		
150	The health benefits and cost-effectiveness of complete healthy vending 2020 , 15, e0239483		
150 149	The health benefits and cost-effectiveness of complete healthy vending 2020 , 15, e0239483 Beliefs, attitudes and funding of assisted reproductive technology: Public perception of over 6,000 respondents from 6 European countries. <i>PLoS ONE</i> , 2019 , 14, e0211150	3.7	18
	Beliefs, attitudes and funding of assisted reproductive technology: Public perception of over 6,000		18

141	Cross-Cultural Adaptation of the Cardiff Fertility Knowledge Scale and the Fertility Status Awareness Tool for the French-Canadian Population. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2019 , 41, 204-209	1.3	0
140	How does stress, depression and anxiety affect patients undergoing treatment?. <i>Current Opinion in Obstetrics and Gynecology</i> , 2019 , 31, 195-199	2.4	7
139	Knowledge about and attitude towards fertility preservation in young female cancer patients: a cross-sectional online survey. <i>Human Fertility</i> , 2018 , 21, 45-51	1.9	8
138	Addressing decisional conflict about fertility preservation: helping young female cancer survivorsP family planning decisions. <i>BMJ Sexual and Reproductive Health</i> , 2018 , 44, 175-180	1.9	10
137	Fertility awareness and quality of life: assessment and impact of fertility problems and infertility. <i>Global Reproductive Health</i> , 2018 , 3, e21-e21	1	4
136	Causal explanations for lack of pregnancy applying the common sense model of illness representation to the fertility context. <i>Psychology and Health</i> , 2018 , 33, 1284-1301	2.9	5
135	What makes people ready to conceive? Findings from the International Fertility Decision-Making Study. <i>Reproductive Biomedicine and Society Online</i> , 2018 , 6, 90-101	1.2	11
134	Two-year follow-up of a randomized controlled trial: knowledge and reproductive outcome after online fertility education. <i>Human Reproduction</i> , 2018 , 33, 2035-2042	5.7	14
133	An evaluation of comprehensiveness, feasibility and acceptability of a fertility awareness educational tool. <i>Reproductive Biomedicine and Society Online</i> , 2018 , 6, 10-21	1.2	8
132	An experimental evaluation of the benefits and costs of providing fertility information to adolescents and emerging adults. <i>Human Reproduction</i> , 2018 , 33, 1247-1253	5.7	27
131	Validation study of the SCREENIVF: an instrument to screen women or men on risk for emotional maladjustment before the start of a fertility treatment. <i>Fertility and Sterility</i> , 2017 , 107, 1370-1379.e5	4.8	9
130	The need to improve fertility awareness. Reproductive Biomedicine and Society Online, 2017, 4, 18-20	1.2	42
129	How readers understand causal and correlational expressions used in news headlines. <i>Journal of Experimental Psychology: Applied</i> , 2017 , 23, 1-14	1.8	21
128	Perceived challenges of working in a fertility clinic: a qualitative analysis of work stressors and difficulties working with patients. <i>Human Reproduction</i> , 2017 , 32, 403-408	5.7	19
127	Influences on anticipated time to ovarian cancer symptom presentation in women at increased risk compared to population risk of ovarian cancer. <i>BMC Cancer</i> , 2017 , 17, 814	4.8	3
126	The Psychology of Infertility in Reproductive Medicine and Healthcare, c. 1940s 2000s 2017, 393-413		О
125	Effects of fertility education on knowledge, desires and anxiety among the reproductive-aged population: findings from a randomized controlled trial. <i>Human Reproduction</i> , 2016 , 31, 2051-60	5.7	35
124	Womenß intentions to use fertility preservation to prevent age-related fertility decline. <i>Reproductive BioMedicine Online</i> , 2016 , 32, 121-31	4	30

123	Self-Regulation and Wellbeing When Facing a Blocked Parenthood Goal: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2016 , 11, e0157649	3.7	11
122	Exaggerations and Caveats in Press Releases and Health-Related Science News. <i>PLoS ONE</i> , 2016 , 11, e0168217	3.7	71
121	The double-edged sword of ovarian cancer information for women at increased risk who have previously taken part in screening. <i>Ecancermedicalscience</i> , 2016 , 10, 650	2.7	
120	Qualitative research in the ESHRE Guideline Routine psychosocial care in infertility and medically assisted reproduction - a guide for staffP. <i>Human Reproduction</i> , 2016 , 31, 1928-9	5.7	7
119	Maternal Age, Psychological Maturity, Parenting Cognitions, and MotherInfant Interaction. <i>Infancy</i> , 2016 , 21, 396-422	2.4	10
118	Fertility knowledge and the timing of first childbearing: a cross-sectional study in Japan. <i>Human Fertility</i> , 2016 , 19, 275-281	1.9	5
117	Exploring a self-help coping intervention for pregnant women with a miscarriage history. <i>Applied Nursing Research</i> , 2015 , 28, 285-92	1.8	4
116	Exploratory randomized trial on the effect of a brief psychological intervention on emotions, quality of life, discontinuation, and pregnancy rates in in vitro fertilization patients. <i>Fertility and Sterility</i> , 2015 , 104, 440-51.e7	4.8	71
115	Evolution of psychology and counseling in infertility. Fertility and Sterility, 2015, 104, 251-9	4.8	38
114	A feasibility study for a randomised controlled trial of the Positive Reappraisal Coping Intervention, a novel supportive technique for recurrent miscarriage. <i>BMJ Open</i> , 2015 , 5, e007322	3	13
113	Older maternal age and major depressive episodes in the first two years after birth: findings from the Parental Age and Transition to Parenthood Australia (PATPA) study. <i>Journal of Affective Disorders</i> , 2015 , 175, 454-62	6.6	24
112	A cross sectional study on fertility knowledge in Japan, measured with the Japanese version of Cardiff Fertility Knowledge Scale (CFKS-J). <i>Reproductive Health</i> , 2015 , 12, 10	3.5	34
111	ESHRE guideline: routine psychosocial care in infertility and medically assisted reproduction-a guide for fertility staff. <i>Human Reproduction</i> , 2015 , 30, 2476-85	5.7	143
110	Mental models of pregnancy may explain low adherence to folic acid supplementation guidelines: a cross-sectional international survey. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2014 , 176, 99-103	2.4	9
109	Age, psychological maturity, and the transition to motherhood among English-speaking Australian women in a metropolitan area. <i>Developmental Psychology</i> , 2014 , 50, 2154-64	3.7	13
108	The impact of a self-administered coping intervention on emotional well-being in women awaiting the outcome of IVF treatment: a randomized controlled trial. <i>Human Reproduction</i> , 2014 , 29, 1459-70	5.7	35
107	Are patients at risk for psychological maladjustment during fertility treatment less willing to comply with treatment? Results from the Portuguese validation of the SCREENIVF. <i>Human Reproduction</i> , 2014 , 29, 293-302	5.7	19
106	The association between exaggeration in health related science news and academic press releases: retrospective observational study. <i>BMJ, The</i> , 2014 , 349, g7015	5.9	185

105	Clarifying the benefits of the positive reappraisal coping intervention for women waiting for the outcome of IVF. <i>Human Reproduction</i> , 2014 , 29, 2712-8	5.7	22
104	Costs of medically assisted reproduction treatment at specialized fertility clinics in the Danish public health care system: results from a 5-year follow-up cohort study. <i>Acta Obstetricia Et Gynecologica Scandinavica</i> , 2014 , 93, 64-72	3.8	8
103	Pregnancy after miscarriage: balancing between loss of control and searching for control. <i>Research in Nursing and Health</i> , 2014 , 37, 267-75	2	13
102	Age, mode of conception, health service use and pregnancy health: a prospective cohort study of Australian women. <i>BMC Pregnancy and Childbirth</i> , 2013 , 13, 88	3.2	15
101	Optimal in vitro fertilization in 2020 should reduce treatment burden and enhance care delivery for patients and staff. <i>Fertility and Sterility</i> , 2013 , 100, 302-9	4.8	51
100	The PRCI study: design of a randomized clinical trial to evaluate a coping intervention for medical waiting periods used by women undergoing a fertility treatment. <i>BMC Womenls Health</i> , 2013 , 13, 35	2.9	13
99	The experience of pregnancy: does age or mode of conception matter?. <i>Journal of Reproductive and Infant Psychology</i> , 2013 , 31, 109-120	2.9	6
98	Patient centred care in infertility health care: direct and indirect associations with wellbeing during treatment. <i>Patient Education and Counseling</i> , 2013 , 93, 646-54	3.1	53
97	Cassandraß prophecy: a psychological perspective. Why we need to do more than just tell women. <i>Reproductive BioMedicine Online</i> , 2013 , 27, 11-4	4	17
96	Assisted conception, maternal age and breastfeeding: an Australian cohort study. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2013 , 102, 970-6	3.1	26
95	Fertility knowledge and beliefs about fertility treatment: findings from the International Fertility Decision-making Study. <i>Human Reproduction</i> , 2013 , 28, 385-97	5.7	130
94	Pregnancy-specific anxiety, ART conception and infant temperament at 4 months post-partum. <i>Human Reproduction</i> , 2013 , 28, 997-1005	5.7	38
93	The role of knowledge and perceived susceptibility in intentions to optimize fertility: findings from the International Fertility Decision-Making Study (IFDMS). <i>Human Reproduction</i> , 2013 , 28, 3253-62	5.7	34
92	Positive experiences of patient-centred care are associated with intentions to comply with fertility treatment: findings from the validation of the Portuguese version of the PCQ-Infertility tool. <i>Human Reproduction</i> , 2013 , 28, 2462-72	5.7	23
91	Spontaneous conceptions within two years of having a first infant with assisted conception. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2013 , 53, 471-6	1.7	5
90	Coping after recurrent miscarriage: uncertainty and bracing for the worst. <i>Journal of Family Planning and Reproductive Health Care</i> , 2013 , 39, 250-6		19
89	Why we should talk about compliance with assisted reproductive technologies (ART): a systematic review and meta-analysis of ART compliance rates. <i>Human Reproduction Update</i> , 2013 , 19, 124-35	15.8	50
88	IUI and Psychological Aspects 2013 , 123-128		

(2011-2012)

87	Design and usability of heuristic-based deliberation tools for women facing amniocentesis. <i>Health Expectations</i> , 2012 , 15, 32-48	3.7	11
86	Consensus on women® health aspects of polycystic ovary syndrome (PCOS). <i>Human Reproduction</i> , 2012 , 27, 14-24	5.7	223
85	Consensus on women® health aspects of polycystic ovary syndrome (PCOS): the Amsterdam ESHRE/ASRM-Sponsored 3rd PCOS Consensus Workshop Group. <i>Fertility and Sterility</i> , 2012 , 97, 28-38.e3	2 4 .8	1195
84	Why do patients discontinue fertility treatment? A systematic review of reasons and predictors of discontinuation in fertility treatment. <i>Human Reproduction Update</i> , 2012 , 18, 652-69	15.8	242
83	Tackling burden in ART: an integrated approach for medical staff. <i>Human Reproduction</i> , 2012 , 27, 941-50	05.7	100
82	Emotional distress is a common risk in women with polycystic ovary syndrome: a systematic review and meta-analysis of 28 studies. <i>Human Reproduction Update</i> , 2012 , 18, 638-51	15.8	124
81	How patient-centred care relates to patientsPquality of life and distress: a study in 427 women experiencing infertility. <i>Human Reproduction</i> , 2012 , 27, 488-95	5.7	70
80	The impact of social relations among men and women in fertility treatment on the decision to terminate treatment. <i>Human Reproduction</i> , 2012 , 27, 3502-12	5.7	23
79	The Fertility Quality of Life (FertiQoL) tool: development and general psychometric properties. <i>Fertility and Sterility</i> , 2011 , 96, 409-415.e3	4.8	101
78	Older first-time mothers and early postpartum depression: a prospective cohort study of women conceiving spontaneously or with assisted reproductive technologies. <i>Fertility and Sterility</i> , 2011 , 96, 1218-24	4.8	30
77	Influence of female bodyweight on IVF outcome: a longitudinal multicentre cohort study of 487 infertile couples. <i>Reproductive BioMedicine Online</i> , 2011 , 23, 490-9	4	102
76	The design of patient decision support interventions: addressing the theory-practice gap. <i>Journal of Evaluation in Clinical Practice</i> , 2011 , 17, 565-74	2.5	59
75	Age at first birth, mode of conception and psychological wellbeing in pregnancy: findings from the parental age and transition to parenthood Australia (PATPA) study. <i>Human Reproduction</i> , 2011 , 26, 1389	95978	58
74	Familial transmission of depression and antisocial behavior symptoms: disentangling the contribution of inherited and environmental factors and testing the mediating role of parenting. <i>Psychological Medicine</i> , 2011 , 41, 1175-85	6.9	94
73	Emotional distress in infertile women and failure of assisted reproductive technologies: meta-analysis of prospective psychosocial studies. <i>BMJ, The</i> , 2011 , 342, d223	5.9	222
72	Parental investment in couples who conceived spontaneously or with assisted reproductive techniques. <i>Human Reproduction</i> , 2011 , 26, 1128-37	5.7	9
71	Relationship between quality of life and distress in infertility: a validation study of the Dutch FertiQoL. <i>Human Reproduction</i> , 2011 , 26, 1112-8	5.7	105
70	The fertility quality of life (FertiQoL) tool: development and general psychometric properties. Human Reproduction, 2011 , 26, 2084-91	5.7	174

69	Information and decision support needs of parents considering amniocentesis: interviews with pregnant women and health professionals. <i>Health Expectations</i> , 2010 , 13, 125-38	3.7	31
68	Correlates of fertility issues in an internet survey of cancer survivors. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2010 , 31, 150-7	3.6	38
