Marco Sarchiapone

List of Publications by Year in Descending Order

Source: https://exaly.com/author-pdf/2195068/marco-sarchiapone-publications-by-year.pdf

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
131	A Naturalistic, European Multi-Center Clinical Study of Electrodermal Reactivity and Suicide Risk Among Patients With Depression <i>Frontiers in Psychiatry</i> , 2021 , 12, 765128	5	1
130	Risk and protective factors for psychotic experiences in adolescence: a population-based study. <i>Psychological Medicine</i> , 2021 , 51, 1220-1228	6.9	3
129	Self-perceived workplace discrimination and mental health among immigrant workers in Italy: a cross-sectional study. <i>BMC Psychiatry</i> , 2021 , 21, 85	4.2	5
128	Longitudinal predictors of problematic alcohol use in adolescence: A 2-year follow-up study. <i>Addictive Behaviors</i> , 2021 , 120, 106952	4.2	0
127	Clinical Correlates of Deliberate Self-Harm Among Migrant Trauma-Affected Subgroups. <i>Frontiers in Psychiatry</i> , 2021 , 12, 529361	5	O
126	Excessive and pathological Internet use - Risk-behavior or psychopathology?. <i>Addictive Behaviors</i> , 2021 , 123, 107045	4.2	0
125	Resilience, trauma, and hopelessness: protective or triggering factor for the development of psychopathology among migrants?. <i>BMC Psychiatry</i> , 2020 , 20, 358	4.2	10
124	Influence of coping strategies on the efficacy of YAM (Youth Aware of Mental Health): a universal school-based suicide preventive program. <i>European Child and Adolescent Psychiatry</i> , 2020 , 29, 1671-168	1 ^{5.5}	8
123	Doing Nothing is Sometimes Worse: Comparing Avoidant versus Approach Coping Strategies with Peer Victimization and Their Association to Depression and Suicide Ideation. <i>Journal of School Violence</i> , 2020 , 19, 456-469	2.5	7
122	Life Events Predicting the First Onset of Adolescent Direct Self-Injurious Behavior-A Prospective Multicenter Study. <i>Journal of Adolescent Health</i> , 2020 , 66, 195-201	5.8	15
121	Serious and persistent suicidality among European sexual minority youth. <i>PLoS ONE</i> , 2020 , 15, e0240840	03.7	3
120	A longitudinal examination of the interpersonal theory of suicide and effects of school-based suicide prevention interventions in a multinational study of adolescents. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019 , 60, 1104-1111	7.9	12
119	Intimate Partner Homicide Suicide: a Mini-Review of the Literature (2012-2018). <i>Current Psychiatry Reports</i> , 2019 , 21, 13	9.1	16
118	Bi-directional longitudinal associations between different types of bullying victimization, suicide ideation/attempts, and depression among a large sample of European adolescents. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019 , 60, 209-215	7.9	58
117	Orthorexia nervosa, eating patterns and personality traits: a cross-cultural comparison of Italian, Polish and Spanish university students. <i>BMC Psychiatry</i> , 2019 , 19, 235	4.2	37
116	Prevention of suicidal behaviour: Results of a controlled community-based intervention study in four European countries. <i>PLoS ONE</i> , 2019 , 14, e0224602	3.7	12
115	No correlation among expressed emotion, anxiety, stress and weight loss in patients with overweight and obesity. <i>Food and Nutrition Research</i> , 2019 , 63,	3.1	1

114	Longitudinal development of risk-taking and self-injurious behavior in association with late adolescent borderline personality disorder symptoms. <i>Psychiatry Research</i> , 2019 , 273, 127-133	9.9	17
113	5-HTTLPR-brain-derived neurotrophic factor (BDNF) gene interactions and early adverse life events effect on impulsivity in suicide attempters. <i>World Journal of Biological Psychiatry</i> , 2019 , 20, 137-149	3.8	12
112	Psychosocial Suicide Prevention Interventions in the Elderly: A Mini-Review of the Literature. <i>Frontiers in Psychology</i> , 2018 , 9, 2713	3.4	10
111	A cost-effectiveness analysis of school-based suicide prevention programmes. <i>European Child and Adolescent Psychiatry</i> , 2018 , 27, 1295-1304	5.5	19
110	Collaborative meta-analysis finds no evidence of a strong interaction between stress and 5-HTTLPR genotype contributing to the development of depression. <i>Molecular Psychiatry</i> , 2018 , 23, 133-142	15.1	188
109	Decision-Making in Suicidal Behavior: The Protective Role of Loss Aversion. <i>Frontiers in Psychiatry</i> , 2018 , 9, 116	5	23
108	Direct Self-Injurious Behavior (D-SIB) and Life Events among Vocational School and High School Students. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	6
107	The association between electrodermal activity (EDA), depression and suicidal behaviour: A systematic review and narrative synthesis. <i>BMC Psychiatry</i> , 2018 , 18, 22	4.2	62
106	Comorbidity of Physical and Anxiety Symptoms in Adolescent: Functional Impairment, Self-Rated Health and Subjective Well-Being. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	12
105	Correlates of sexual initiation among European adolescents. <i>PLoS ONE</i> , 2018 , 13, e0191451	3.7	23
104	Explicit Motives, Antecedents, and Consequences of Direct Self-Injurious Behaviors. <i>Crisis</i> , 2018 , 39, 25	5 -28 6	3
103	Psychopathology is associated with reproductive health risk in European adolescents. <i>Reproductive Health</i> , 2018 , 15, 186	3.5	10
102	Physical activity in European adolescents and associations with anxiety, depression and well-being. <i>European Child and Adolescent Psychiatry</i> , 2017 , 26, 111-122	5.5	208
101	Psychometric Properties of a German Version of the Young Diagnostic Questionnaire (YDQ) in two Independent Samples of Adolescents. <i>International Journal of Mental Health and Addiction</i> , 2017 , 15, 182-190	8.8	5
100	Evidence-based national suicide prevention taskforce in Europe: A consensus position paper. <i>European Neuropsychopharmacology</i> , 2017 , 27, 418-421	1.2	27
99	Factors associated with different smoking status in European adolescents: results of the SEYLE study. <i>European Child and Adolescent Psychiatry</i> , 2017 , 26, 1319-1329	5.5	20
98	EUDOR-A multi-centre research program: A naturalistic, European Multi-centre Clinical study of EDOR Test in adult patients with primary depression. <i>BMC Psychiatry</i> , 2017 , 17, 108	4.2	7
97	Bullying Victimization and Suicide Ideation and Behavior Among Adolescents in Europe: A 10-Country Study. <i>Journal of Adolescent Health</i> , 2017 , 61, 179-186	5.8	106

96	The EPA guidance on suicide treatment and prevention needs to be adjusted to fight the epidemics of suicide at the North Pole area and other autochthonous communities. <i>European Psychiatry</i> , 2017 , 41, 129-131	6	6
95	Prospective risk for suicidal thoughts and behaviour in adolescents with onset, maintenance or cessation of direct self-injurious behaviour. <i>European Child and Adolescent Psychiatry</i> , 2017 , 26, 345-354	1 ^{5.5}	22
94	Mental health difficulties and suicidal behaviours among young migrants: multicentre study of European adolescents. <i>BJPsych Open</i> , 2017 , 3, 291-299	5	14
93	Substance use or abuse, internet use, psychopathology and suicidal ideation in adolescents. <i>Revista De Psicologia De La Salud</i> , 2017 , 29, 97-104	1	33
92	Suicide prevention strategies revisited: 10-year systematic review. <i>Lancet Psychiatry,the</i> , 2016 , 3, 646-5	923.3	773
91	Pathological Internet Use Is on the Rise Among European Adolescents. <i>Journal of Adolescent Health</i> , 2016 , 59, 236-9	5.8	43
90	A 2-year longitudinal study of prospective predictors of pathological Internet use in adolescents. <i>European Child and Adolescent Psychiatry</i> , 2016 , 25, 725-34	5.5	53
89	Association between victimization by bullying and direct self injurious behavior among adolescence in Europe: a ten-country study. <i>European Child and Adolescent Psychiatry</i> , 2016 , 25, 1183-1193	5.5	34
88	Reasons for Attempted Suicide in Europe: Prevalence, Associated Factors, and Risk of Repetition. <i>Archives of Suicide Research</i> , 2016 , 20, 45-58	2.3	27
87	Are Mental Health Effects of Internet Use Attributable to the Web-Based Content or Perceived Consequences of Usage? A Longitudinal Study of European Adolescents. <i>JMIR Mental Health</i> , 2016 , 3, e31	6	31
86	Pathological Internet Use and Risk-Behaviors among European Adolescents. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13,	4.6	64
85	Predictors for self-directed aggression in Italian prisoners include externalizing behaviors, childhood trauma and the serotonin transporter gene polymorphism 5-HTTLPR. <i>Genes, Brain and Behavior</i> , 2016 , 15, 465-73	3.6	10
84	The Challenge to Survive in Jail 2016 , 239-245		1
83	Psychopathological factors associated with problematic alcohol and problematic Internet use in a sample of adolescents in Germany. <i>Psychiatry Research</i> , 2016 , 240, 272-277	9.9	38
82	Developmental trajectories of self-injurious behavior, suicidal behavior and substance misuse and their association with adolescent borderline personality pathology. <i>Journal of Affective Disorders</i> , 2016 , 197, 231-8	6.6	40
81	Help-seeking behaviour following school-based screening for current suicidality among European adolescents. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2015 , 50, 973-82	4.5	18
80	School-based suicide prevention programmes: the SEYLE cluster-randomised, controlled trial. <i>Lancet, The</i> , 2015 , 385, 1536-44	40	299
79	Methodology of the SEYLE trial on suicide prevention in schools - AuthorsRreply. <i>Lancet, The</i> , 2015 , 386, 854	40	1

(2014-2015)

Two novel genomic rearrangements identified in suicide subjects using a-CGH array. <i>Clinical Chemistry and Laboratory Medicine</i> , 2015 , 53, e245-8	5.9	2
Low-activity alleles of the MAOA gene are associated with measures of hostility. <i>Psychiatric Genetics</i> , 2015 , 25, 215	2.9	1
Reading Books and Watching Films as a Protective Factor against Suicidal Ideation. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 15937-42	4.6	6
What Are Reasons for the Large Gender Differences in the Lethality of Suicidal Acts? An Epidemiological Analysis in Four European Countries. <i>PLoS ONE</i> , 2015 , 10, e0129062	3.7	94
Important Variables When Screening for Students at Suicidal Risk: Findings from the French Cohort of the SEYLE Study. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 12277-9	9 d .6	5
The interpersonal theory of suicide and adolescent suicidal behavior. <i>Journal of Affective Disorders</i> , 2015 , 183, 68-74	6.6	48
Pathological Internet use among adolescents: Comparing gamers and non-gamers. <i>Psychiatry Research</i> , 2015 , 228, 128-35	9.9	89
A Cross-National Tool for Assessing and Studying Suicidal Behaviors. <i>Archives of Suicide Research</i> , 2015 , 19, 335-49	2.3	5
Hours of sleep in adolescents and its association with anxiety, emotional concerns, and suicidal ideation. <i>Sleep Medicine</i> , 2014 , 15, 248-54	4.6	107
The interactive effect of MAOA-LPR genotype and childhood physical neglect on aggressive behaviors in Italian male prisoners. <i>Genes, Brain and Behavior</i> , 2014 , 13, 543-9	3.6	26
Comparisons of prisoners who make or do not make suicide attempts and further who make one or multiple attempts. <i>Archives of Suicide Research</i> , 2014 , 18, 28-38	2.3	13
Tropomyosin-related kinase B receptor polymorphisms and isoforms expression in suicide victims. <i>Psychiatry Research</i> , 2014 , 220, 725-6	9.9	3
Life-time prevalence and psychosocial correlates of adolescent direct self-injurious behavior: a comparative study of findings in 11 European countries. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2014 , 55, 337-48	7.9	208
Pathological Internet use among European adolescents: psychopathology and self-destructive behaviours. <i>European Child and Adolescent Psychiatry</i> , 2014 , 23, 1093-102	5.5	121
Alcohol consumption patterns among adolescents are related to family structure and exposure to drunkenness within the family: results from the SEYLE project. <i>International Journal of Environmental Research and Public Health</i> , 2014 , 11, 12700-15	4.6	20
Trait-aggressiveness and impulsivity: role of psychological resilience and childhood trauma in a sample of male prisoners. <i>Nordic Journal of Psychiatry</i> , 2014 , 68, 8-17	2.3	17
Serious suicidal behaviors: socio-demographic and clinical features in a multinational, multicenter sample. <i>Nordic Journal of Psychiatry</i> , 2014 , 68, 44-52	2.3	14
A newly identified group of adolescents at "invisible" risk for psychopathology and suicidal behavior: findings from the SEYLE study. <i>World Psychiatry</i> , 2014 , 13, 78-86	14.4	97
	Chemistry and Laboratory Medicine, 2015, 53, e245-8 Low-activity alleles of the MAOA gene are associated with measures of hostility. Psychiatric Genetics, 2015, 25, 215 Reading Books and Watching Films as a Protective Factor against Suicidal Ideation. International Journal of Environmental Research and Public Health, 2015, 12, 15937-42 What Are Reasons for the Large Gender Differences in the Lethality of Suicidal Acts? An Epidemiological Analysis in Four European Countries. PLoS ONE, 2015, 10, e0129062 Important Variables When Screening for Students at Suicidal Risk: Findings from the French Cohort of the SEYLE Study. International Journal of Environmental Research and Public Health, 2015, 12, 12277-5 The interpersonal theory of suicide and adolescent suicidal behavior. Journal of Affective Disorders, 2015, 183, 68-74 Pathological Internet use among adolescents: Comparing gamers and non-gamers. Psychiatry Research, 2015, 228, 128-35 A Cross-National Tool for Assessing and Studying Suicidal Behaviors. Archives of Suicide Research, 2015, 19, 335-49 Hours of sleep in adolescents and its association with anxiety, emotional concerns, and suicidal ideation. Sleep Medicine, 2014, 15, 248-54 The interactive effect of MAOA-LPR genotype and childhood physical neglect on aggressive behaviors in Italian male prisoners. Genes, Brain and Behavior, 2014, 13, 543-9 Comparisons of prisoners who make or do not make suicide attempts and further who make one or multiple attempts. Archives of Suicide Research, 2014, 18, 28-38 Tropomyosin-related kinase B receptor polymorphisms and isoforms expression in suicide victims. Psychiatry Research, 2014, 20, 725-6 Life-time prevalence and psychosocial correlates of adolescent direct self-injurious behavior: a comparative study of findings in 11 European countries. Journal of Child Psychology and Psychiatry and Allied Disciplines, 2014, 55, 337-48 Pathological Internet use among European adolescents: psychopathology and self-destructive behaviorus. European Child and Adolescent	Chemistry and Laboratory Medicine, 2015, 53, e245-8 Low-activity alleles of the MAOA gene are associated with measures of hostility. Psychiatric Genetics, 2015, 25, 215 Reading Books and Watching Films as a Protective Factor against Suicidal Ideation. International Journal of Environmental Research and Public Health, 2015, 12, 15937-42 What Are Reasons for the Large Gender Differences in the Lethality of Suicidal Acts? An Epidemiological Analysis in Four European Countries. PLoS ONE, 2015, 10, e0129062 Important Variables When Screening for Students at Suicidal Risk: Findings from the French Cohort of the SEYLE Study. International Journal of Environmental Research and Public Health, 2015, 12, 12277-96 The interpersonal theory of suicide and adolescent suicidal behavior. Journal of Affective Disorders, 2015, 183, 68-74 Pathological Internet use among adolescents: Comparing gamers and non-gamers. Psychiatry Research, 2015, 228, 128-35 A Cross-National Tool for Assessing and Studying Suicidal Behaviors. Archives of Suicide Research, 2015, 19, 335-49 Hours of sleep in adolescents and its association with anxiety, emotional concerns, and suicidal ideation. Sleep Medicine, 2014, 15, 248-54 The interactive effect of MAOA-LPR genotype and childhood physical neglect on aggressive behaviors in Italian male prisoners. Genes, Brain and Behavior, 2014, 13, 543-9 Comparisons of prisoners who make or do not make suicide attempts and further who make one or multiple attempts. Archives of Suicide Research, 2014, 18, 28-38 Tropomyosin-related kinase B receptor polymorphisms and isoforms expression in suicide victims. Psychiatry Research, 2014, 20, 725-6 Life-time prevalence and psychosocial correlates of adolescent direct self-injurious behavior: a comparative study of findings in 11 European countries. Journal of Child Psychology and Psychiatry and Allied Disciplines, 2014, 55, 337-48 Pathological Internet use among European adolescents: psychopathology and self-destructive behaviours. European Child and Adolescen

60	Teacher satisfaction with school and psychological well-being affects their readiness to help children with mental health problems. <i>Health Education Journal</i> , 2014 , 73, 382-393	1.5	45
59	Risk-behaviour screening for identifying adolescents with mental health problems in Europe. <i>European Child and Adolescent Psychiatry</i> , 2014 , 23, 611-20	5.5	42
58	Genetic Risk Factors for Suicidal Behavior 2014 , 125-140		
57	The saving and empowering young lives in Europe (SEYLE) randomized controlled trial (RCT): methodological issues and participant characteristics. <i>BMC Public Health</i> , 2013 , 13, 479	4.1	49
56	The association between pathological internet use and comorbid psychopathology: a systematic review. <i>Psychopathology</i> , 2013 , 46, 1-13	3.4	380
55	Public attitudes toward depression and help-seeking in four European countries baseline survey prior to the OSPI-Europe intervention. <i>Journal of Affective Disorders</i> , 2013 , 150, 320-9	6.6	99
54	Psychotic symptoms and population risk for suicide attempt: a prospective cohort study. <i>JAMA Psychiatry</i> , 2013 , 70, 940-8	14.5	154
53	Childhood trauma and psychosis in a prospective cohort study: cause, effect, and directionality. <i>American Journal of Psychiatry</i> , 2013 , 170, 734-41	11.9	242
52	Adolescent subthreshold-depression and anxiety: psychopathology, functional impairment and increased suicide risk. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2013 , 54, 670-7	7.9	278
51	Prevalence of pathological internet use among adolescents in Europe: demographic and social factors. <i>Addiction</i> , 2012 , 107, 2210-22	4.6	376
50	The European Psychiatric Association (EPA) guidance on suicide treatment and prevention. <i>European Psychiatry</i> , 2012 , 27, 129-41	6	187
49	Star-crossed? The association of the 5-HTTLPR s allele with season of birth in a healthy female population, and possible consequences for temperament, depression and suicide. <i>Journal of Affective Disorders</i> , 2012 , 143, 75-83	6.6	6
48	Clinicopathological significance of psychotic experiences in non-psychotic young people: evidence from four population-based studies. <i>British Journal of Psychiatry</i> , 2012 , 201, 26-32	5.4	310
47	Suicide prevention for youtha mental health awareness program: lessons learned from the Saving and Empowering Young Lives in Europe (SEYLE) intervention study. <i>BMC Public Health</i> , 2012 , 12, 776	4.1	33
46	Interaction between FKBP5 and childhood trauma and risk of aggressive behavior. <i>Archives of General Psychiatry</i> , 2012 , 69, 62-70		105
45	Insomnia and suicidal behaviour in prisoners. <i>Psychiatry Research</i> , 2011 , 185, 141-4	9.9	40
44	A protective genetic variant for adverse environments? The role of childhood traumas and serotonin transporter gene on resilience and depressive severity in a high-risk population. <i>European Psychiatry</i> , 2011 , 26, 471-8	6	36
43	Controlling access to suicide means. <i>International Journal of Environmental Research and Public Health</i> , 2011 , 8, 4550-62	4.6	123
