#	Paper	IF	Citations
47	Indicators of life success from the perspective of individuals with traumatic brain injury: a scoping review.. <i>Disability and Rehabilitation</i> , 2022 , 1-14	2.4	0
46	Perceptions of Digital Technology Experiences and Development Among Family Caregivers and Technology Researchers: Qualitative Study.. <i>JMIR Formative Research</i> , 2022 , 6, e19967	2.5	0
45	Tele-Active Rehabilitation for adolescents with concussion: a feasibility study.. <i>BMJ Open Sport and Exercise Medicine</i> , 2022 , 8, e001277	3.4	0
44	Tele-Active Rehabilitation for Youth With Concussion: Evidence-Based and Theory-Informed Intervention Development.. <i>JMIR Pediatrics and Parenting</i> , 2022 , 5, e34822	4.2	0
43	Investigating the adaptation of caregivers of people with traumatic brain injury: a journey told in evolving research traditions. <i>Disability and Rehabilitation</i> , 2021 , 43, 3102-3116	2.4	2
42	Implementation of an assistive technology for meal preparation within a supported residence for adults with acquired brain injury: a mixed-methods single case study.. <i>Disability and Rehabilitation: Assistive Technology</i> , 2021 , 1-17	1.8	1
41	Expectations for therapy in pediatric rehabilitation: reframing meaning through metaphor. <i>Disability and Rehabilitation</i> , 2021 , 1-11	2.4	0
40	Occupational Outcomes of a Physical Activity Intervention for Post-Secondary Student Mental Health. <i>Canadian Journal of Occupational Therapy</i> , 2021 , 88, 254-265	1.4	0
39	Potential of using an assistive technology to address meal preparation difficulties following acquired brain injury: clients' and caregivers' perspectives. <i>Disability and Rehabilitation: Assistive Technology</i> , 2021 , 1-9	1.8	3
38	Self-reported strategy generation and implementation in the multiple errands test: A qualitative description. <i>Neuropsychological Rehabilitation</i> , 2021 , 1-20	3.1	
37	Determining the Need for Client 24-Hour Supervision: A Cross-Sectional Survey of Occupational Therapists. <i>Occupational Therapy in Health Care</i> , 2021 , 35, 75-92	1.3	
36	Sex and gender differences in technology needs and preferences among informal caregivers of persons with dementia. <i>BMC Geriatrics</i> , 2020 , 20, 176	4.1	6
35	A scoping review to characterize bridging tasks in the literature on aging with disability. <i>BMC Health Services Research</i> , 2020 , 20, 170	2.9	2
34	Occupational therapist-led mindfulness-based stress reduction for older adults living with subjective cognitive decline or mild cognitive impairment in primary care: a feasibility randomised control trial protocol. <i>BMJ Open</i> , 2020 , 10, e035299	3	3
33	Assessing resiliency in paediatric rehabilitation: A critical review of assessment tools and applications. <i>Child: Care, Health and Development</i> , 2020 , 46, 249-267	2.8	1
32	Potential advantages, barriers, and facilitators of implementing a cognitive orthosis for cooking for individuals with traumatic brain injury: the healthcare providers' perspective. <i>Disability and Rehabilitation: Assistive Technology</i> , 2020 , 1-10	1.8	2
31	Research to Integrate Services for Individuals with Traumatic Brain Injury, Mental Health, and Addictions: Proceedings of a MultiDisciplinary Workshop. <i>Canadian Journal of Community Mental Health</i> , 2020 , 39, 133-150	0.5	

30	The development of intimate relationships in adolescent girls and women with traumatic brain injury: a framework to guide gender specific rehabilitation and enhance positive social outcomes. <i>Disability and Rehabilitation</i> , 2020 , 42, 3559-3565	2.4	4
29	Therapists' experience of the cognitive orientation to daily occupational performance (CO-OP) approach: Shifting from conventional practice. <i>Scandinavian Journal of Occupational Therapy</i> , 2020 , 27, 133-141	2.1	2
28	Sex and gender differences in caregiving burden experienced by family caregivers of persons with dementia: A systematic review. <i>PLoS ONE</i> , 2020 , 15, e0231848	3.7	47
27	Mobile Health Interventions for Traumatic Brain Injuries. <i>Current Physical Medicine and Rehabilitation Reports</i> , 2019 , 7, 341-356	0.7	5
26	Traumatic brain injury resiliency model: a conceptual model to guide rehabilitation research and practice. <i>Disability and Rehabilitation</i> , 2019 , 41, 2708-2717	2.4	11
25	Developing and Validating a Big-Store Multiple Errands Test. <i>Frontiers in Psychology</i> , 2019 , 10, 2575	3.4	6
24	Interventions to address burden among family caregivers of persons aging with TBI: A scoping review. <i>Brain Injury</i> , 2019 , 33, 255-265	2.1	6
23	Generating Expectations: What Pediatric Rehabilitation Can Learn From Mental Health Literature. <i>Physical and Occupational Therapy in Pediatrics</i> , 2019 , 39, 217-235	2.1	6
22	Delivering cognitive behavioural interventions in an internet-based healthcare delivery environment. <i>British Journal of Occupational Therapy</i> , 2018 , 81, 591-600	1	3
21	Sex and gender differences in caregiving burden experienced by family caregivers of persons with dementia: a systematic review protocol. <i>BMJ Open</i> , 2018 , 8, e022779	3	10
20	Research Priorities for Optimizing Long-term Community Integration after Brain Injury. <i>Canadian Journal of Neurological Sciences</i> , 2018 , 45, 643-651	1	
19	Reliability and construct validity of a revised Baycrest Multiple Errands Test. <i>Neuropsychological Rehabilitation</i> , 2017 , 27, 667-684	3.1	13
18	Clinicians' perceptions of the clinical utility of the Multiple Errands Test for adults with neurological conditions. <i>Neuropsychological Rehabilitation</i> , 2017 , 27, 685-706	3.1	5
17	Environmental control systems - the experiences of people with spinal cord injury and the implications for prescribers. <i>Disability and Rehabilitation: Assistive Technology</i> , 2017 , 12, 128-136	1.8	10
16	Bridging knowledge, policies and practices across the ageing and disability fields: a protocol for a scoping review to inform the development of a taxonomy. <i>BMJ Open</i> , 2017 , 7, e016741	3	1
15	Assessing Sensory Processing Dysfunction in Adults and Adolescents with Autism Spectrum Disorder: A Scoping Review. <i>Brain Sciences</i> , 2017 , 7,	3.4	27
14	Sentinel Events During the Transition From Hospital to Home: A Longitudinal Study of Women With Traumatic Brain Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, S46-53	2.8	8
13	Loss of Financial Management Independence After Brain Injury: Survivors' Experiences. <i>American Journal of Occupational Therapy</i> , 2016 , 70, 7003180070p1-8	0.4	5

12	Return to driving in the first 6 months of community integration after acquired brain injury. <i>NeuroRehabilitation</i> , 2014 , 34, 157-66	2	8
11	Implementation of an advanced occupational therapy assistant-led groups programme in aged care rehabilitation. <i>Australian Occupational Therapy Journal</i> , 2014 , 61, 187-93	1.7	3
10	The effect of environmental barriers on community integration for individuals with moderate to severe traumatic brain injury. <i>Journal of Head Trauma Rehabilitation</i> , 2014 , 29, 125-35	3	19
9	Physiotherapists have accurate expectations of their patients' future health-related quality of life after first assessment in a subacute rehabilitation setting. <i>BioMed Research International</i> , 2013 , 2013, 340371	3	6
8	Reflections on life: experiences of individuals with brain injury during the transition from hospital to home. <i>Brain Injury</i> , 2013 , 27, 1294-303	2.1	28
7	Factors associated with the occurrence of sentinel events during transition from hospital to home for individuals with traumatic brain injury. <i>Journal of Rehabilitation Medicine</i> , 2012 , 44, 837-44	3.4	7
6	Linked Lives: The Experiences of Family Caregivers During the Transition from Hospital to Home Following Traumatic Brain Injury. <i>Brain Impairment</i> , 2012 , 13, 108-122	1	31
5	Identifying factors associated with perceived success in the transition from hospital to home after brain injury. <i>Journal of Head Trauma Rehabilitation</i> , 2012 , 27, 143-53	3	35
4	Recording sentinel events in the life course of individuals with acquired brain injury: a preliminary study. <i>Brain Injury</i> , 2012 , 26, 1381-96	2.1	16
3	A Mixed Methods Study of the Experience of Transition to the Community of Working-Aged People with Non-Traumatic Brain Injury. <i>Brain Impairment</i> , 2012 , 13, 85-98	1	18
2	Development of depressive symptoms during early community reintegration after traumatic brain injury. <i>Journal of the International Neuropsychological Society</i> , 2011 , 17, 112-9	3.1	24
1	Age-friendly buses? A comparison of reported barriers and facilitators to bus use for younger and older adults. <i>Australasian Journal on Ageing</i> , 2010 , 29, 33-8	1.5	44
