#	Paper	IF	Citations
103	Dialling and driving: factors influencing intentions to use a mobile phone while driving. <i>Accident Analysis and Prevention</i> , 2008 , 40, 1893-900	6.1	162
102	The psychology of blood donation: current research and future directions. <i>Transfusion Medicine Reviews</i> , 2008 , 22, 215-33	7.4	139
101	Predicting blood donation intentions and behavior among Australian blood donors: testing an extended theory of planned behavior model. <i>Transfusion</i> , 2009 , 49, 320-9	2.9	103
100	Mobile phone use while driving: An investigation of the beliefs influencing drivers' hands-free and hand-held mobile phone use. <i>Transportation Research Part F: Traffic Psychology and Behaviour</i> , 2010 , 13, 9-20	4.5	99
99	Attitude-behavior consistency, the principle of compatibility, and organ donation: A classic innovation. <i>Health Psychology</i> , 2014 , 33, 1084-91	5	75
98	Predictors of Young People's Charitable Intentions to Donate Money: An Extended Theory of Planned Behavior Perspective. <i>Journal of Applied Social Psychology</i> , 2012 , 42, 2096-2110	2.1	68
97	To Be a Donor or Not to Be? Applying an Extended Theory of Planned Behavior to Predict Posthumous Organ Donation Intentions. <i>Journal of Applied Social Psychology</i> , 2009 , 39, 880-900	2.1	65
96	A further exploration of sensation seeking propensity, reward sensitivity, depression, anxiety, and the risky behaviour of young novice drivers in a structural equation model. <i>Accident Analysis and Prevention</i> , 2013 , 50, 465-71	6.1	64
95	Trajectories of quality of life, life satisfaction, and psychological adjustment after prostate cancer. <i>Psycho-Oncology</i> , 2017 , 26, 1576-1585	3.9	62
94	Speeding by young novice drivers: What can personal characteristics and psychosocial theory add to our understanding?. <i>Accident Analysis and Prevention</i> , 2013 , 50, 242-50	6.1	59
93	Predicting intentions to donate blood among nondonors in Australia: an extended theory of planned behavior. <i>Transfusion</i> , 2008 , 48, 2559-67	2.9	59
92	The impact of changes to the graduated driver licensing program in Queensland, Australia on the experiences of Learner drivers. <i>Accident Analysis and Prevention</i> , 2011 , 43, 1301-8	6.1	57
91	The Role of Self-Perceptions in the Prediction of Household Recycling Behavior in Australia. <i>Environment and Behavior</i> , 2012 , 44, 785-799	5.6	53
90	Episodic Volunteering and Retention: An Integrated Theoretical Approach. <i>Nonprofit and Voluntary Sector Quarterly</i> , 2016 , 45, 45-63	1.9	48
89	"I drove after drinking alcohol" and other "risky driving behaviours reported by young novice drivers. <i>Accident Analysis and Prevention</i> , 2014 , 70, 65-73	6.1	47
88	"They're lunatics on the road" Exploring the normative influences of parents, friends, and police on young novices' risky driving decisions. <i>Safety Science</i> , 2012 , 50, 1917-1928	5.8	45
87	Erectile dysfunction, masculinity, and psychosocial outcomes: a review of the experiences of men after prostate cancer treatment. <i>Translational Andrology and Urology</i> , 2017 , 6, 60-68	2.3	42

86	Young, Inexperienced, and on the Road: Do Novice Drivers Comply with Road Rules?. <i>Transportation Research Record</i> , 2012 , 2318, 98-106	1.7	42
85	Use of online health information to manage children's health care: a prospective study investigating parental decisions. <i>BMC Health Services Research</i> , 2015 , 15, 131	2.9	39
84	The influence of sensitivity to reward and punishment, propensity for sensation seeking, depression, and anxiety on the risky behaviour of novice drivers: a path model. <i>British Journal of Psychology</i> , 2012 , 103, 248-67	4	38
83	Systematic Review of Motives for Episodic Volunteering. <i>Voluntas</i> , 2016 , 27, 425-464	1.8	37
82	Understanding the factors influencing safe and unsafe motorcycle rider intentions. <i>Accident Analysis and Prevention</i> , 2012 , 49, 133-41	6.1	35
81	Mileage, car ownership, experience of punishment avoidance, and the risky driving of young drivers. <i>Traffic Injury Prevention</i> , 2011 , 12, 559-67	1.8	35
80	Men's help-seeking in the first year after diagnosis of localised prostate cancer. <i>European Journal of Cancer Care</i> , 2017 , 26, e12497	2.4	34
79	Confirmatory factor analysis of the Behaviour of Young Novice Drivers Scale (BYNDS). <i>Accident Analysis and Prevention</i> , 2012 , 49, 385-91	6.1	33
78	Swimming between the flags: a preliminary exploration of the influences on Australians' intentions to swim between the flags at patrolled beaches. <i>Accident Analysis and Prevention</i> , 2010 , 42, 1831-8	6.1	30
77	Revisiting the concept of the 'problem young driver' within the context of the 'young driver problem': who are they?. <i>Accident Analysis and Prevention</i> , 2013 , 59, 144-52	6.1	29
76	Communication prompts donation: exploring the beliefs underlying registration and discussion of the organ donation decision. <i>British Journal of Health Psychology</i> , 2009 , 14, 423-35	8.3	29
75	Experiences of Australian men diagnosed with advanced prostate cancer: a qualitative study. <i>BMJ Open</i> , 2018 , 8, e019917	3	28
74	Systematic review of psychosocial outcomes for patients with advanced melanoma. <i>Psycho-Oncology</i> , 2017 , 26, 1722-1731	3.9	28
73	A systematic review of episodic volunteering in public health and other contexts. <i>BMC Public Health</i> , 2014 , 14, 992	4.1	28
72	Predicting attendance at peer-assisted study sessions for statistics: role identity and the theory of planned behavior. <i>Journal of Social Psychology</i> , 2008 , 148, 473-91	2.3	28
71	Testing an extended theory of planned behaviour to predict young people's sun safety in a high risk area. <i>British Journal of Health Psychology</i> , 2008 , 13, 435-48	8.3	28
70	What predicts Australian university students' intentions to volunteer their time for community service?. <i>Australian Journal of Psychology</i> , 2013 , 65, 135-145	2.3	27
69	Are organ donation communication decisions reasoned or reactive? A test of the utility of an augmented theory of planned behaviour with the prototype/willingness model. <i>British Journal of Health Psychology</i> , 2010 , 15, 435-52	8.3	27

68	Predictive modelling: parents' decision making to use online child health information to increase their understanding and/or diagnose or treat their child's health. <i>BMC Medical Informatics and Decision Making</i> , 2012 , 12, 144	3.6	26
67	Donating blood and organs: using an extended theory of planned behavior perspective to identify similarities and differences in individual motivations to donate. <i>Health Education Research</i> , 2013 , 28, 1092-104	1.8	26
66	Testing a belief-based intervention encouraging sun-safety among adolescents in a high risk area. <i>Preventive Medicine</i> , 2010 , 51, 325-8	4.3	26
65	Health-Related Quality of Life After the Diagnosis of Locally Advanced or Advanced Prostate Cancer: A Longitudinal Study. <i>Cancer Nursing</i> , 2017 , 40, 412-419	2.6	25
64	Young Australian Adults' Knowledge and Beliefs about Organ Donation. <i>Progress in Transplantation</i> , 2007 , 17, 220-227	1.1	23
63	Measuring masculinity in the context of chronic disease.. <i>Psychology of Men and Masculinity</i> , 2016 , 17, 228-242	3.1	23
62	The psychological distress of the young driver: a brief report. <i>Injury Prevention</i> , 2011 , 17, 275-7	3.2	21
61	Medical Help-Seeking for Sexual Concerns in Prostate Cancer Survivors. <i>Sexual Medicine</i> , 2016 , 4, e7-e17	2.7	21
60	A systematic review of geographical differences in management and outcomes for colorectal cancer in Australia. <i>BMC Cancer</i> , 2017 , 17, 95	4.8	20
59	Identity and Personality Influences on Donating Money, Time, and Blood. <i>Nonprofit and Voluntary Sector Quarterly</i> , 2017 , 46, 372-394	1.9	19
58	Defining young in the context of prostate cancer. <i>American Journal of Men's Health</i> , 2015 , 9, 103-14	2.2	18
57	Disclosing donation decisions: the role of organ donor prototypes in an extended theory of planned behaviour. <i>Health Education Research</i> , 2009 , 24, 1080-92	1.8	18
56	The impact of the context and recruitment materials on nondonors' willingness to donate blood. <i>Transfusion</i> , 2016 , 56, 2995-3003	2.9	18
55	Similarity not favorability: the role of donor prototypes in predicting willingness to donate organs while living. <i>Journal of Health Psychology</i> , 2009 , 14, 888-98	3.1	17
54	Walking when intoxicated: An investigation of the factors which influence individuals' drink walking intentions. <i>Safety Science</i> , 2012 , 50, 378-384	5.8	16
53	Young Australian adults' knowledge and beliefs about organ donation. <i>Progress in Transplantation</i> , 2007 , 17, 220-227	1.1	16
52	Satisfaction, organizational commitment and future action in charity sport event volunteers. <i>International Journal of Nonprofit and Voluntary Sector Marketing</i> , 2016 , 21, 148-167	0.6	16
51	‘I would have lost the respect of my friends and family if they knew I had bent the road rules’ Parents, peers, and the perilous behaviour of young drivers. <i>Transportation Research Part F: Traffic Psychology and Behaviour</i> , 2015 , 28, 1-13	4.5	15

50	Young novice drivers and the risky behaviours of parents and friends during the provisional (intermediate) licence phase: a brief report. <i>Accident Analysis and Prevention</i> , 2014 , 69, 51-5	6.1	15
49	A test of three interventions to promote people's communication of their consent for organ donation. <i>Psychology and Health</i> , 2013 , 28, 399-417	2.9	15
48	Student and community perceptions about organ donors, non-donors and transplant recipients. <i>Journal of Community and Applied Social Psychology</i> , 2009 , 19, 125-141	2.8	15
47	Young people and sun safety: the role of attitudes, norms and control factors. <i>Health Promotion Journal of Australia</i> , 2008 , 19, 45-51	1.7	15
46	Predictors of long-term distress in female partners of men diagnosed with prostate cancer. <i>Psycho-Oncology</i> , 2018 , 27, 946-954	3.9	14
45	Advocacy, support and survivorship in prostate cancer. <i>European Journal of Cancer Care</i> , 2018 , 27, e12644	4.4	14
44	Exploring donation decisions: beliefs and preferences for organ donation in Australia. <i>Death Studies</i> , 2010 , 34, 172-85	3.9	14
43	Exploring predictors of Australian community members' blood donation intentions and blood donation-related behavior during the COVID-19 pandemic. <i>Transfusion</i> , 2020 , 60, 2907-2917	2.9	14
42	Does it matter whether friends, parents, or peers drink walk? Identifying which normative influences predict young pedestrian decisions to walk while intoxicated. <i>Transportation Research Part F: Traffic Psychology and Behaviour</i> , 2014 , 22, 12-24	4.5	13
41	Integrating psychosocial care into neuro-oncology: challenges and strategies. <i>Frontiers in Oncology</i> , 2015 , 5, 41	5.3	12
40	A systematic review of psycho-oncology research in Chinese populations: emerging trends. <i>European Journal of Cancer Care</i> , 2013 , 22, 824-31	2.4	12
39	The influence of conformity and group identity on drink walking intentions: comparing intentions to drink walk across risky pedestrian crossing scenarios. <i>Accident Analysis and Prevention</i> , 2012 , 45, 639-45	6.1	12
38	Cancer care in regional Australia from the health professional's perspective. <i>Supportive Care in Cancer</i> , 2018 , 26, 3507-3515	3.9	10
37	Systematic review of research into the psychological aspects of prostate cancer in Asia: what do we know?. <i>Asian Pacific Journal of Cancer Prevention</i> , 2013 , 14, 2621-6	1.7	10
36	Young and unlicensed: risky driving before entering the licensing system. <i>Traffic Injury Prevention</i> , 2012 , 13, 213-8	1.8	9
35	Exploring the beliefs underlying attitudes to active voluntary euthanasia in a sample of Australian medical practitioners and nurses: a qualitative analysis. <i>Omega: Journal of Death and Dying</i> , 2008 , 58, 19-39	1.6	9
34	Do the myths still exist? Revisiting people's negative beliefs about organ donation upon death. <i>Psychology, Health and Medicine</i> , 2012 , 17, 530-41	2.1	9
33	Geographical Variations in the Clinical Management of Colorectal Cancer in Australia: A Systematic Review. <i>Frontiers in Oncology</i> , 2018 , 8, 116	5.3	8

32	A prospective and population-based inquiry on the use and acceptability of peer support for women newly diagnosed with breast cancer. <i>Supportive Care in Cancer</i> , 2019 , 27, 677-685	3.9	8
31	Information sources, donation knowledge, and attitudes toward transplant recipients in Australia. <i>Progress in Transplantation</i> , 2014 , 24, 169-77	1.1	8
30	Comparison of Self-Reported Driving Behaviors and Experiences of Immediate-Uptake and Delayed-Uptake License Holders. <i>Transportation Research Record</i> , 2013 , 2327, 19-25	1.7	8
29	Knowing a donor and identifying as one: determinants of people's willingness for related and anonymous living donation in Australia. <i>Psychology, Health and Medicine</i> , 2009 , 14, 524-35	2.1	8
28	Socio-demographic factors drive regional differences in participation in the National Bowel Cancer Screening Program - An ecological analysis. <i>Australian and New Zealand Journal of Public Health</i> , 2018 , 42, 92-97	2.3	8
27	Measuring Masculinity in Men With Chronic Disease. <i>American Journal of Men's Health</i> , 2019 , 13, 1557-9883	19859706	
26	Surviving the swim: Psychosocial influences on pool owners' safety compliance and child supervision behaviours. <i>Safety Science</i> , 2018 , 106, 176-183	5.8	7
25	Testing an extended theory of planned behavior to predict young people's intentions to join a bone marrow donor registry. <i>Journal of Applied Social Psychology</i> , 2013 , 43, 2462-2467	2.1	7
24	Targets to promote swimming between the flags among Australian beachgoers. <i>Health Promotion International</i> , 2016 , 31, 908-914	3	7
23	Identifying belief targets to increase bone marrow registry participation among students who have never donated blood. <i>Psychology, Health and Medicine</i> , 2014 , 19, 115-25	2.1	6
22	Perceptions of organ donors and willingness to donate organs upon death: a test of the prototype/willingness model. <i>Death Studies</i> , 2014 , 38, 459-64	3.9	6
21	Psychosocial predictors of hope two years after diagnosis of colorectal cancer: Implications for nurse-led hope programmes. <i>European Journal of Cancer Care</i> , 2019 , 28, e13010	2.4	5
20	A comparison of registered and unregistered organ donors' perceptions about transplant recipients. <i>Clinical Transplantation</i> , 2011 , 25, 444-9	3.8	5
19	The role of masculinities in psychological and emotional help seeking by men with prostate cancer. <i>Psycho-Oncology</i> , 2020 , 29, 356-363	3.9	5
18	Psycho-oncology and primary prevention in cancer control plans: an absent voice?. <i>Psycho-Oncology</i> , 2015 , 24, 1338-1345	3.9	4
17	Exploring the role of gender and risk perceptions in people's decisions to register as a bone marrow donor. <i>Health Education Research</i> , 2012 , 27, 513-22	1.8	4
16	Attitudinal, normative, and control beliefs underlying people's curbside household waste recycling decisions. <i>E-Journal of Applied Psychology</i> , 2013 , 9,		4
15	Men's sexual help-seeking and care needs after radical prostatectomy or other non-hormonal, active prostate cancer treatments. <i>Supportive Care in Cancer</i> , 2021 , 29, 2699-2711	3.9	3

14	Exploring female university students' beliefs about binge eating. <i>International Journal of Health Promotion and Education</i> , 2015 , 53, 118-127	0.8	2
13	Designing Organisational Management Frameworks to Empower Episodic Volunteering. <i>Voluntas</i> , 2020 , 1	1.8	1
12	Validation of the factor structure of the Five Facets of Mindfulness Questionnaire in men diagnosed with advanced prostate cancer. <i>Psycho-Oncology</i> , 2018 , 27, 1061-1064	3.9	1
11	Determinants of community members' willingness to donate stool for faecal microbiota transplantation. <i>PLoS ONE</i> , 2020 , 15, e0243751	3.7	1
10	The validity of the Distress Thermometer in female partners of men with prostate cancer. <i>European Journal of Cancer Care</i> , 2019 , 28, e12924	2.4	1
9	Eligible blood donors' decisions about donating stool for fecal microbiota transplantation: Does ambivalence play a role?. <i>Transfusion</i> , 2021 , 61, 474-483	2.9	1
8	Young Australian adults' knowledge and beliefs about organ donation. <i>Progress in Transplantation</i> , 2007 , 17, 220-7	1.1	1
7	Australian Perspectives on Opt-In and Opt-Out Consent Systems for Deceased Organ Donation. <i>Progress in Transplantation</i> , 2021 , 31, 357-367	1.1	0
6	Psycho-oncology assessment in Chinese populations: a systematic review of quality of life and psychosocial measures. <i>European Journal of Cancer Care</i> , 2016 , 25, 691-718	2.4	
5	Retaining volunteers for the cause: Hope and pride associated with cause-related charity events in cancer control. <i>International Journal of Nonprofit and Voluntary Sector Marketing</i> , e1707	0.6	
4	Determinants of community members' willingness to donate stool for faecal microbiota transplantation 2020 , 15, e0243751		
3	Determinants of community members' willingness to donate stool for faecal microbiota transplantation 2020 , 15, e0243751		
2	Determinants of community members' willingness to donate stool for faecal microbiota transplantation 2020 , 15, e0243751		
1	Determinants of community members' willingness to donate stool for faecal microbiota transplantation 2020 , 15, e0243751
