#	ARTICLE	IF	CITATIONS
1	On the number of failed components in a coherent system consisting of multiple types of components. <i>Journal of Computational and Applied Mathematics</i> , 2022, 410, 114189.	2.0	3
2	Asymptotic properties of the spacings of k th records from discrete distributions. <i>Communications in Statistics - Theory and Methods</i> , 2021, 50, 5679-5691.	1.0	2
3	Maximum likelihood estimators based on discrete component lifetimes of a k -out-of- n system. <i>Test</i> , 2021, 30, 407.	1.1	6
4	The number of failed components in a coherent working system when the lifetimes are discretely distributed. <i>Metrika</i> , 2021, 84, 1081-1094.	0.8	9
5	Some conditional reliability properties of k -out-of- n system composed of different types of components with discrete independent lifetimes. <i>Metrika</i> , 2021, 84, 1241-1251.	0.8	4
6	Asymptotic behavior of the ratio of weak k th records. <i>Communications in Statistics - Theory and Methods</i> , 2020, 49, 16-26.	1.0	2
7	Some concept of Markov property of discrete order statistics arising from independent and non-identically distributed variables. <i>Statistics and Probability Letters</i> , 2020, 160, 108718.	0.7	1
8	Limiting behavior of the ratio of k th records. <i>Statistics and Probability Letters</i> , 2019, 150, 29-34.	0.7	1
9	Weak k th records from geometric distribution and some characterizations. <i>Communications in Statistics - Theory and Methods</i> , 2019, 48, 6179-6187.	1.0	1
10	Characterizations of geometric distributions based on k th record values. <i>Statistics</i> , 2018, 52, 1116-1127.	0.6	2
11	Relations for product moments and covariances of k th records from discrete distributions. <i>Metrika</i> , 2018, 81, 125-141.	0.8	5
12	Asymptotic behaviour of proportions of observations in random regions determined by central order statistics from stationary processes. <i>Statistics</i> , 2017, 51, 591-608.	0.6	4
13	Inequalities for variances of order statistics originating from urn models. <i>Journal of Applied Probability</i> , 2016, 53, 162-173.	0.7	1
14	On maximum variance of k th records. <i>Communications in Statistics - Theory and Methods</i> , 2016, 45, 2392-2401.	1.0	3
15	Asymptotic normality of numbers of observations near order statistics from stationary processes. <i>Statistics and Probability Letters</i> , 2016, 119, 259-263.	0.7	2
16	Maximum variance of order statistics from symmetric populations revisited. <i>Statistics</i> , 2013, 47, 422-438.	0.6	8
17	Mixed systems with minimal and maximal lifetime variances. <i>Metrika</i> , 2012, 75, 877-894.	0.8	2
18	Bounds on dispersion of order statistics based on dependent symmetrically distributed random variables. <i>Journal of Statistical Planning and Inference</i> , 2012, 142, 2421-2429.	0.6	3

#	ARTICLE	IF	CITATIONS
19	Bounds on Variances of Lifetimes of Coherent and Mixed Systems. Journal of Applied Probability, 2009, 46, 894-908.	0.7	20
20	Bounds on Variances of Lifetimes of Coherent and Mixed Systems. Journal of Applied Probability, 2009, 46, 894-908.	0.7	20
21	On conditional residual lifetimes of coherent systems consisting of components with discrete lifetimes. Metrika, 0, , .	0.8	0
