

Kate Nation

List of Publications by Citations

Source: <https://exaly.com/author-pdf/23274/kate-nation-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
119	Beyond phonological skills: broader language skills contribute to the development of reading. <i>Journal of Research in Reading</i> , 2004 , 27, 342-356	2.1	356
118	Semantic Processing and the Development of Word-Recognition Skills: Evidence from Children with Reading Comprehension Difficulties. <i>Journal of Memory and Language</i> , 1998 , 39, 85-101	3.8	338
117	Ending the Reading Wars: Reading Acquisition From Novice to Expert. <i>Psychological Science in the Public Interest: A Journal of the American Psychological Society</i> , 2018 , 19, 5-51	18.6	320
116	Patterns of reading ability in children with autism spectrum disorder. <i>Journal of Autism and Developmental Disorders</i> , 2006 , 36, 911-9	4.6	320
115	Hidden language impairments in children: parallels between poor reading comprehension and specific language impairment?. <i>Journal of Speech, Language, and Hearing Research</i> , 2004 , 47, 199-211	2.8	294
114	Phoneme awareness is a better predictor of early reading skill than onset-rime awareness. <i>Journal of Experimental Child Psychology</i> , 2002 , 82, 2-28	2.3	262
113	Vocabulary Is Important for Some, but Not All Reading Skills. <i>Scientific Studies of Reading</i> , 2007 , 11, 235-257	3.57	261
112	Working memory deficits in poor comprehenders reflect underlying language impairments. <i>Journal of Experimental Child Psychology</i> , 1999 , 73, 139-58	2.3	222
111	A longitudinal investigation of early reading and language skills in children with poor reading comprehension. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2010 , 51, 1031-9	7.9	213
110	Sensitivity to eye gaze in autism: is it normal? Is it automatic? Is it social?. <i>Development and Psychopathology</i> , 2008 , 20, 79-97	4.3	206
109	Individual Differences in Contextual Facilitation: Evidence from Dyslexia and Poor Reading Comprehension. <i>Child Development</i> , 1998 , 69, 996-1011	4.9	194
108	Developmental differences in sensitivity to semantic relations among good and poor comprehenders: evidence from semantic priming. <i>Cognition</i> , 1999 , 70, B1-13	3.5	178
107	Assessing reading difficulties: the validity and utility of current measures of reading skill. <i>British Journal of Educational Psychology</i> , 1997 , 67 (Pt 3), 359-70	3.2	176
106	Neurocognitive outcomes of individuals with a sex chromosome trisomy: XXX, XYY, or XXY: a systematic review. <i>Developmental Medicine and Child Neurology</i> , 2010 , 52, 119-29	3.3	161
105	Phonemic Segmentation, Not Onset-Rime Segmentation, Predicts Early Reading and Spelling Skills. <i>Reading Research Quarterly</i> , 1997 , 32, 154-167	2.6	140
104	Orthographic learning via self-teaching in children learning to read English: effects of exposure, durability, and context. <i>Journal of Experimental Child Psychology</i> , 2007 , 96, 71-84	2.3	138
103	Phonological Processing Skills of Dyslexic Students in Higher Education: A Preliminary Report. <i>Journal of Research in Reading</i> , 1997 , 20, 31-41	2.1	127

102	Investigating individual differences in children's real-time sentence comprehension using language-mediated eye movements. <i>Journal of Experimental Child Psychology</i> , 2003 , 86, 314-29	2.3	127
101	Eye-movement patterns are associated with communicative competence in autistic spectrum disorders. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009 , 50, 834-42	7.9	126
100	Factors influencing syntactic awareness skills in normal readers and poor comprehenders. <i>Applied Psycholinguistics</i> , 2000 , 21, 229-241	1.4	124
99	Autism, language and communication in children with sex chromosome trisomies. <i>Archives of Disease in Childhood</i> , 2011 , 96, 954-9	2.2	123
98	Do infant vocabulary skills predict school-age language and literacy outcomes?. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2015 , 56, 848-56	7.9	121
97	Do individuals with autism process words in context? Evidence from language-mediated eye-movements. <i>Cognition</i> , 2008 , 108, 896-904	3.5	119
96	Why Reading Comprehension Fails. <i>Topics in Language Disorders</i> , 2005 , 25, 21-32	1.3	104
95	Understanding Variability in Reading Comprehension in Adolescents With Autism Spectrum Disorders: Interactions With Language Status and Decoding Skill. <i>Scientific Studies of Reading</i> , 2011 , 15, 191-210	3.8	96
94	Children's Reading Comprehension Difficulties 248-265		96
93	Reading skills in hyperlexia: a developmental perspective. <i>Psychological Bulletin</i> , 1999 , 125, 338-55	19.1	85
92	Suppressing irrelevant information from working memory: Evidence for domain-specific deficits in poor comprehenders. <i>Journal of Memory and Language</i> , 2010 , 62, 380-391	3.8	78
91	Sound before meaning: word learning in autistic disorders. <i>Neuropsychologia</i> , 2010 , 48, 4012-9	3.2	75
90	The relationship between knowing a word and reading it aloud in children's word reading development. <i>Journal of Experimental Child Psychology</i> , 2009 , 103, 296-308	2.3	70
89	Go or no-go? Developmental improvements in the efficiency of response inhibition in mid-childhood. <i>Developmental Science</i> , 2008 , 11, 819-27	4.5	69
88	Phonological and semantic contributions to children's picture naming skill: Evidence from children with developmental reading disorders. <i>Language and Cognitive Processes</i> , 2001 , 16, 241-259		69
87	Emotion recognition in faces and the use of visual context in young people with high-functioning autism spectrum disorders. <i>Autism</i> , 2008 , 12, 607-26	6.6	66
86	The nature and specificity of paired associate learning deficits in children with dyslexia. <i>Journal of Memory and Language</i> , 2014 , 71, 71-88	3.8	65
85	The influence of consistency, frequency, and semantics on learning to read: an artificial orthography paradigm. <i>Journal of Experimental Psychology: Learning Memory and Cognition</i> , 2011 , 37, 60-76	2.2	64

84	Language and the development of cognitive control. <i>Topics in Cognitive Science</i> , 2010 , 2, 631-42	2.5	64
83	General cognitive ability in children with reading comprehension difficulties. <i>British Journal of Educational Psychology</i> , 2002 , 72, 549-60	3.2	64
82	Context effects on orthographic learning of regular and irregular words. <i>Journal of Experimental Child Psychology</i> , 2011 , 109, 39-57	2.3	63
81	Learning to read changes children's phonological skills: evidence from a latent variable longitudinal study of reading and nonword repetition. <i>Developmental Science</i> , 2011 , 14, 649-59	4.5	63
80	Exploring Written Narrative in Children with Poor Reading Comprehension. <i>Educational Psychology</i> , 2006 , 26, 55-72	2.2	63
79	Predictors of Orthographic Learning of Regular and Irregular Words. <i>Scientific Studies of Reading</i> , 2013 , 17, 369-384	3.8	60
78	Orthographic facilitation in oral vocabulary acquisition. <i>Quarterly Journal of Experimental Psychology</i> , 2009 , 62, 1948-66	1.8	60
77	Using Eye Movements to Investigate Word Frequency Effects in Children's Sentence ReadingView all notes. <i>School Psychology Review</i> , 2013 , 42, 207-222	1.6	58
76	Dissecting the relationship between language skills and learning to read: Semantic and phonological contributions to new vocabulary learning in children with poor reading comprehension. <i>International Journal of Speech-Language Pathology</i> , 2007 , 9, 131-139		56
75	The Role of Self-Teaching in Learning Orthographic and Semantic Aspects of New Words. <i>Scientific Studies of Reading</i> , 2011 , 15, 47-70	3.8	55
74	Dissociating crossmodal and verbal demands in paired associate learning (PAL): what drives the PAL-reading relationship?. <i>Journal of Experimental Child Psychology</i> , 2013 , 115, 137-49	2.3	54
73	Self-ordered pointing as a test of working memory in typically developing children. <i>Memory</i> , 2007 , 15, 526-35	1.8	54
72	Investigating orthographic and semantic aspects of word learning in poor comprehenders. <i>Journal of Research in Reading</i> , 2008 , 31, 117-135	2.1	48
71	Nurturing a lexical legacy: reading experience is critical for the development of word reading skill. <i>Npj Science of Learning</i> , 2017 , 2, 3	6	47
70	Children's reading difficulties, language, and reflections on the simple view of reading. <i>Australian Journal of Learning Difficulties</i> , 2019 , 24, 47-73	1.6	46
69	When words fail us: insights into language processing from developmental and acquired disorders. <i>Philosophical Transactions of the Royal Society B: Biological Sciences</i> , 2014 , 369, 20120403	5.8	45
68	Becoming a written word: eye movements reveal order of acquisition effects following incidental exposure to new words during silent reading. <i>Cognition</i> , 2014 , 133, 238-48	3.5	45
67	Defining and understanding dyslexia: past, present and future. <i>Oxford Review of Education</i> , 2020 , 46, 501-513	1.6	40

66	Lexical learning and lexical processing in children with developmental language impairments. <i>Philosophical Transactions of the Royal Society B: Biological Sciences</i> , 2014 , 369, 20120387	5.8	39
65	Form-meaning links in the development of visual word recognition. <i>Philosophical Transactions of the Royal Society B: Biological Sciences</i> , 2009 , 364, 3665-74	5.8	37
64	Neural correlates of successful and partial inhibitions in children: an ERP study. <i>Developmental Psychobiology</i> , 2009 , 51, 533-43	3	37
63	The Automatic Activation of Sound-Letter Knowledge: An Alternative Interpretation of Analogy and Priming Effects in Early Spelling Development. <i>Journal of Experimental Child Psychology</i> , 1996 , 63, 416-35	2.3	37
62	Beginning readers activate semantics from sub-word orthography. <i>Cognition</i> , 2009 , 110, 273-8	3.5	36
61	Semantic diversity, frequency and the development of lexical quality in children's word reading. <i>Journal of Memory and Language</i> , 2018 , 103, 114-126	3.8	36
60	Learning to be a good orthographic reader. <i>Journal of Research in Reading</i> , 2008 , 31, 1-7	2.1	35
59	A case of exceptional reading accuracy in a child with Down syndrome: Underlying skills and the relation to reading comprehension. <i>Cognitive Neuropsychology</i> , 2006 , 23, 1190-214	2.3	33
58	Examining incidental word learning during reading in children: The role of context. <i>Journal of Experimental Child Psychology</i> , 2018 , 166, 190-211	2.3	31
57	Shifting development in mid-childhood: the influence of between-task interference. <i>Developmental Psychology</i> , 2009 , 45, 1465-79	3.7	30
56	Understanding words, understanding numbers: an exploration of the mathematical profiles of poor comprehenders. <i>British Journal of Educational Psychology</i> , 2010 , 80, 255-68	3.2	28
55	Putting the learning into orthographic learning. <i>Studies in Written Language and Literacy</i> , 147-168		28
54	Orthographic learning, fast and slow: Lexical competition effects reveal the time course of word learning in developing readers. <i>Cognition</i> , 2017 , 163, 93-102	3.5	25
53	EPS Prize Lecture. Learning to read words. <i>Quarterly Journal of Experimental Psychology</i> , 2008 , 61, 1121-33	3.3	25
52	Mutualistic Coupling Between Vocabulary and Reasoning in Young Children: A Replication and Extension of the Study by Kievit et al. (2017). <i>Psychological Science</i> , 2019 , 30, 1245-1252	7.9	24
51	Poor comprehenders in the classroom: teacher ratings of behavior in children with poor reading comprehension and its relationship with individual differences in working memory. <i>Journal of Learning Disabilities</i> , 2014 , 47, 199-207	2.7	23
50	Learning to read and learning to comprehend. <i>London Review of Education</i> , 2006 ,	0.8	22
49	Production of the English past tense by children with language comprehension impairments. <i>Journal of Child Language</i> , 2005 , 32, 117-37	2.3	21

48	Learning Words Via Reading: Contextual Diversity, Spacing, and Retrieval Effects in Adults. <i>Cognitive Science</i> , 2019 , 43, e12705	2.2	21
47	Educational attainment in poor comprehenders. <i>Frontiers in Psychology</i> , 2014 , 5, 445	3.4	18
46	Skewing the evidence: The effect of input structure on child and adult learning of lexically based patterns in an artificial language. <i>Journal of Memory and Language</i> , 2017 , 95, 36-48	3.8	16
45	Density and length in the neighborhood: Explaining cross-linguistic differences in learning to read in English and Dutch. <i>Journal of Experimental Child Psychology</i> , 2015 , 139, 127-47	2.3	16
44	Reading and genetics: an introduction. <i>Journal of Research in Reading</i> , 2006 , 29, 1-10	2.1	16
43	Children reading spoken words: interactions between vocabulary and orthographic expectancy. <i>Developmental Science</i> , 2018 , 21, e12577	4.5	15
42	Working memory, reading ability and the effects of distance and typicality on anaphor resolution in children. <i>Journal of Cognitive Psychology</i> , 2015 , 27, 622-639	0.9	13
41	Is children's reading "good enough"? Links between online processing and comprehension as children read syntactically ambiguous sentences. <i>Quarterly Journal of Experimental Psychology</i> , 2016 , 69, 855-79	1.8	13
40	The limitations of orthographic analogy in early reading development: performance on the clue-word task depends on phonological priming and elementary decoding skill, not the use of orthographic analogy. <i>Journal of Experimental Child Psychology</i> , 2001 , 80, 75-94	2.3	13
39	Individual Differences in Contextual Facilitation: Evidence from Dyslexia and Poor Reading Comprehension. <i>Child Development</i> , 1998 , 69, 996	4.9	13
38	Early prediction of language and literacy problems: is 18 months too early?. <i>PeerJ</i> , 2015 , 3, e1098	3.1	13
37	Evaluation and revision of inferential comprehension in narrative texts: an eye movement study. <i>Language, Cognition and Neuroscience</i> , 2016 , 31, 549-566	2.4	12
36	Anchoring and contextual variation in the early stages of incidental word learning during reading. <i>Journal of Memory and Language</i> , 2021 , 118, 104203	3.8	12
35	Do 'blacheap' and 'subcheap' both prime 'cheap'? An investigation of morphemic status and position in early visual word processing. <i>Quarterly Journal of Experimental Psychology</i> , 2018 , 71, 1645-1654	1.8	12
34	Children's sensitivity to rime unit frequency when spelling words and nonwords. <i>Reading and Writing</i> , 1997 , 9, 321-338	2.1	11
33	Picture naming and developmental reading disorders. <i>Journal of Research in Reading</i> , 2005 , 28, 28-38	2.1	11
32	Developmental language disorders. <i>Psychiatry (Abingdon, England)</i> , 2008 , 7, 266-269		9
31	Comprehension Monitoring during Reading: An Eye-tracking Study with Children Learning English as an Additional Language. <i>Scientific Studies of Reading</i> , 2021 , 25, 159-178	3.8	7

30	The influence of item-level contextual history on lexical and semantic judgments by children and adults. <i>Journal of Experimental Psychology: Learning Memory and Cognition</i> , 2020 , 46, 2367-2383	2.2	6
29	Tracking the evolution of orthographic expectancies over building visual experience. <i>Journal of Experimental Child Psychology</i> , 2020 , 199, 104912	2.3	5
28	Learning morphologically complex spoken words: Orthographic expectations of embedded stems are formed prior to print exposure. <i>Journal of Experimental Psychology: Learning Memory and Cognition</i> , 2021 , 47, 87-98	2.2	5
27	Both Semantic Diversity and Frequency Influence Children's Sentence Reading. <i>Scientific Studies of Reading</i> , 2020 , 24, 356-364	3.8	4
26	The hardest butter to button: immediate context effects in spoken word identification. <i>Quarterly Journal of Experimental Psychology</i> , 2014 , 67, 114-23	1.8	3
25	Understanding children's reading comprehension difficulties 154-164		2
24	Developmental language disorders. <i>Psychiatry (Abingdon, England)</i> , 2005 , 4, 114-117		2
23	Automaticity in Stimulus-Parity Synaesthesia. <i>I-Perception</i> , 2017 , 8, 2041669517736323	1.2	1
22	Children's sensitivity to rime unit frequency when spelling words and nonwords 1997 , 7-24		1
21	"17" is odd and "seventeen" is even: Meaning and physical form in stimulus-parity synaesthesia. <i>Quarterly Journal of Experimental Psychology</i> , 2018 , 71, 2005-2021	1.8	1
20	To Read but not to Read: Identifying and Understanding the Nature of Poor Reading Comprehension in Children. <i>Neuropsychology and Cognition</i> , 2004 , 119-129		1
19	Reading the Akshara Writing System 2022 , 372-389		1
18	The effects of spacing and massing on children's orthographic learning. <i>Journal of Experimental Child Psychology</i> , 2022 , 214, 105309	2.3	0
17	Online inference making and comprehension monitoring in children during reading: Evidence from eye movements. <i>Quarterly Journal of Experimental Psychology</i> , 2021 , 74, 1202-1224	1.8	0
16	Teaching Children to Read 2022 , 209-233		0
15	Comorbidity of Reading Disorders 2022 , 439-459		0
14	Reading Comprehension I 2022 , 239-260		0
13	Learning to Read Words 2022 , 148-164		0

- 12 Teaching Children to Read Irregular Words: A Comparison of Three Instructional Methods. *Scientific Studies of Reading*, 1-20 3.8 0
- 11 Preface. Language in developmental and acquired disorders. *Philosophical Transactions of the Royal Society B: Biological Sciences*, 2014, 369, 20130564 5.8
- 10 Development and Dyslexia: Further Comments on Ellis, McDougall, and Monk 1997, 3, 9-11
- 9 The Role of Semantic and Phonological Skills in Learning to Read: Implications for Assessment and Teaching. *Neuropsychology and Cognition*, 1999, 195-208
- 8 Reading Comprehension 2022, 235-237
- 7 Learning to Read with a Language or Hearing Impairment 2022, 460-485
- 6 The Foundations of Literacy 2022, 125-147
- 5 Progress in Reading Science 2022, 5-35
- 4 Reading and Reading Disorders in Alphabetic Orthographies 2022, 327-353
- 3 Individual Differences in Learning to Read Words 2022, 186-208
- 2 Word Recognition III 2022, 102-119
- 1 Children's Reading Comprehension Difficulties 2022, 298-322
