#	ARTICLE	IF	CITATIONS
1	The Relationship between Feeding and Non-Nutritive Sucking Behaviours and Speech Sound Development: A Systematic Review. <i>Folia Phoniatrica Et Logopaedica</i> , 2021, 73, 75-88.	0.5	5
2	Assessment of home hazards for non-fatal childhood injuries in rural Nepal: a community survey. <i>Injury Prevention</i> , 2021, 27, 104-110.	1.2	6
3	A randomized controlled trial comparing controlled reoxygenation and standard cardiopulmonary bypass in paediatric cardiac surgery. <i>European Journal of Cardio-thoracic Surgery</i> , 2021, 59, 349-358.	0.6	2
4	“Have We Done Enough?” A Cross-condition Exploration of the Experiences of Parents Caring for A Child with an Appearance-affecting Condition or Injury. <i>Developmental Neurorehabilitation</i> , 2021, 24, 1-11.	0.5	11
5	Home-related and work-related injuries in Makwanpur district, Nepal: a household survey. <i>Injury Prevention</i> , 2021, 27, 450-455.	1.2	8
6	Perceptions of injury risk in the home and workplace in Nepal: a qualitative study. <i>BMJ Open</i> , 2021, 11, e044273.	0.8	0
7	Home environmental change for child injury prevention in Nepal: A qualitative study. <i>Journal of Child Health Care</i> , 2021, , 136749352110521.	0.7	0
8	Exploration of gaps and challenges in managing burn injury at district and sub-district government health care facilities in Bangladesh. <i>Burns Open</i> , 2020, 4, 16-21.	0.2	3
9	Environmental change interventions to prevent unintentional home injuries among children in low- and middle-income countries: A systematic review and meta-analysis. <i>Child: Care, Health and Development</i> , 2020, 46, 537-551.	0.8	18
10	Would Shared Health Visitor and Emergency Department Records Improve Recognition of Child Maltreatment within the Emergency Department? A Prospective Multicentre Study. <i>Child Abuse Review</i> , 2020, 29, 518-528.	0.4	4
11	A study to evaluate the effectiveness of Best Beginnings™ Baby Buddy phone app in England: a protocol paper. <i>Primary Health Care Research and Development</i> , 2019, 20, e19.	0.5	10
12	The Bumps and BaBies Longitudinal Study (BaBBLeS): a multi-site cohort study of first-time mothers to evaluate the effectiveness of the Baby Buddy app. <i>MHealth</i> , 2019, 5, 42-42.	0.9	14
13	PW 1627...Home injury risk assessment in rural areas of nepal: a community based study. , 2018, , .		0
14	Associations between social support, mental wellbeing, self-efficacy and technology use in first-time antenatal women: data from the BaBBLeS cohort study. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 441.	0.9	36
15	Exploring perceptions of common practices immediately following burn injuries in rural communities of Bangladesh. <i>BMC Health Services Research</i> , 2018, 18, 467.	0.9	9
16	PW 1637...Potential home environment change for child injury prevention in rural areas of nepal: a qualitative study. , 2018, , .		2
17	Keeping Children Safe: a multicentre programme of research to increase the evidence base for preventing unintentional injuries in the home in the under-fives. <i>Programme Grants for Applied Research</i> , 2017, 5, 1-834.	0.4	11
18	Evaluating implementation of a fire-prevention injury prevention briefing in children's centres: Cluster randomised controlled trial. <i>PLoS ONE</i> , 2017, 12, e0172584.	1.1	5

#	ARTICLE	IF	CITATIONS
19	Burn Injury of a Pregnant Mother in Rural Bangladesh: A Case Report. Health Scope, 2017, In Press, .	0.4	0
20	690â€¦Community mobilisation to establish a community creche to increase child supervision in rural nepal. Injury Prevention, 2016, 22, A251.1-A251.	1.2	1
21	690â€¦National survey of injury prevention activities of childrenâ€™s centres. Injury Prevention, 2016, 22, A248.1-A248.	1.2	0
22	Barriers and facilitators to delivering injury prevention interventions in English children's centres. International Journal of Health Promotion and Education, 2016, 54, 60-71.	0.4	1
23	Modifiable risk factors for scald injury in children under 5 years of age: A Multi-centre Caseâ€“Control Study. Burns, 2016, 42, 1831-1843.	1.1	13
24	119â€¦Cluster-randomised controlled trial of a fire safety injury prevention briefing in childrenâ€™s centres. Injury Prevention, 2016, 22, A44.2-A44.	1.2	0
25	181â€¦Developing educational package on child injury prevention mobilising womensâ€™ groups in rural nepal. Injury Prevention, 2016, 22, A66.3-A66.	1.2	0
26	608â€¦Environmental change to reduce child injury in low and middle income countries: a systematic review. Injury Prevention, 2016, 22, A218.1-A218.	1.2	0
27	Missed opportunities to keep children safe? National survey of injury prevention activities of childrenâ€™s centres. Health Education Journal, 2016, 75, 833-842.	0.6	7
28	Approaches used by parents to keep their children safe at home: a qualitative study to explore the perspectives of parents with children aged under five years. BMC Public Health, 2015, 15, 983.	1.2	24
29	Risk and Protective Factors for Falls From Furniture in Young Children. JAMA Pediatrics, 2015, 169, 145.	3.3	24
30	Parental perceptions of barriers and facilitators to preventing child unintentional injuries within the home: a qualitative study. BMC Public Health, 2015, 15, 280.	1.2	53
31	Recruitment and retention strategies and the examination of attrition bias in a randomised controlled trial in childrenâ€™s centres serving families in disadvantaged areas of England. Trials, 2015, 16, 79.	0.7	19
32	The feasibility of community mobilisation for child injury prevention in rural Nepal: a programme for female community health volunteers. BMC Public Health, 2015, 15, 430.	1.2	6
33	Menstrual hygiene management amongst schoolgirls in the Rukungiri district of Uganda and the impact on their education: a cross-sectional study. Pan African Medical Journal, 2014, 19, 253.	0.3	71
34	Implementing an Injury Prevention Briefing to aid delivery of key fire safety messages in UK childrenâ€™s centres: qualitative study nested within a multi-centre randomised controlled trial. BMC Public Health, 2014, 14, 1256.	1.2	8
35	Multicentre cluster randomised controlled trial evaluating implementation of a fire prevention Injury Prevention Briefing in childrenâ€™s centres: study protocol. BMC Public Health, 2014, 14, 69.	1.2	5
36	Implementation of a fire-prevention injury prevention briefing in children's centres: a multicentre cluster-randomised controlled trial. Lancet, The, 2014, 384, S6.	6.3	0

#	ARTICLE	IF	CITATIONS
37	Keeping children safe at home: protocol for a case-control study of modifiable risk factors for scalds: Table 1. Injury Prevention, 2014, 20, e11-e11.	1.2	10
38	Validation of a home safety questionnaire used in a series of case-control studies. Injury Prevention, 2014, 20, 336-342.	1.2	6
39	The First-aid Advice and Safety Training (FAST) parents programme for the prevention of unintentional injuries in preschool children: a protocol. Injury Prevention, 2014, 20, e2-e2.	1.2	8
40	The feasibility of using a parenting programme for the prevention of unintentional home injuries in the under-fives: a cluster randomised controlled trial. Health Technology Assessment, 2014, 18, 1-184.	1.3	11
41	Contemporary hazards in the home: keeping children safe from thermal injuries. Archives of Disease in Childhood, 2013, 98, 485-489.	1.0	6
42	The Role of Community Centre-based Arts, Leisure and Social Activities in Promoting Adult Well-being and Healthy Lifestyles. International Journal of Environmental Research and Public Health, 2013, 10, 1948-1962.	1.2	42
