#	Article	IF	CITATIONS
1	Rapid Systematic Review: The Impact of Social Isolation and Loneliness on the Mental Health of Children and Adolescents in the Context of COVID-19. Journal of the American Academy of Child and Adolescent Psychiatry, 2020, 59, 1218-1239.e3.	0.5	1,615
2	Effects of treatment duration and severity of depression on the effectiveness of cognitive-behavioral and psychodynamic-interpersonal psychotherapy Journal of Consulting and Clinical Psychology, 1994, 62, 522-534.	2.0	428
3	Effects of psychotherapy for anxiety in children and adolescents: A meta-analytic review. Clinical Psychology Review, 2012, 32, 251-262.	11.4	402
4	Is there an association between diet and depression in children and adolescents? A systematic review. British Journal of Nutrition, 2016, 116, 2097-2108.	2.3	185
5	Cognitive behavioural therapy and short-term psychoanalytical psychotherapy versus a brief psychosocial intervention in adolescents with unipolar major depressive disorder (IMPACT): a multicentre, pragmatic, observer-blind, randomised controlled superiority trial. Lancet Psychiatry.the. 2017. 4. 109-119.	7.4	181
6	Evaluation and description of psychotherapy sessions by clients using the Session Evaluation Questionnaire and the Session Impacts Scale Journal of Counseling Psychology, 1994, 41, 175-185.	2.0	169
7	Debt, social disadvantage and maternal depression. Social Science and Medicine, 2001, 53, 441-453.	3.8	169
8	Associations of Sleep With Everyday Mood, Minor Symptoms and Social Interaction Experience. Sleep, 1994, 17, 466-475.	1.1	155
9	Dose–effect relations in time-limited psychotherapy for depression Journal of Consulting and Clinical Psychology, 1996, 64, 927-935.	2.0	152
10	Impact of Cluster C personality disorders on outcomes of contrasting brief psychotherapies for depression Journal of Consulting and Clinical Psychology, 1995, 63, 997-1004.	2.0	126
11	Time Frames for Mood: Relations between Momentary and Generalized Ratings of Affect. Personality and Social Psychology Bulletin, 1995, 21, 331-339.	3.0	126
12	The effect of non-pharmacological sleep interventions on depression symptoms: A meta-analysis of randomised controlled trials. Sleep Medicine Reviews, 2019, 43, 118-128.	8.5	118
13	Improving mood with psychoanalytic and cognitive therapies (IMPACT): a pragmatic effectiveness superiority trial to investigate whether specialised psychological treatment reduces the risk for relapse in adolescents with moderate to severe unipolar depression: study protocol for a randomised controlled trial. Trials. 2011. 12. 175.	1.6	106
14	Complete recovery from anxiety disorders following Cognitive Behavior Therapy in children and adolescents: A meta-analysis. Clinical Psychology Review, 2017, 52, 77-91.	11.4	96
15	Loneliness, social relationships, and mental health in adolescents during the COVID-19 pandemic. Journal of Affective Disorders, 2021, 289, 98-104.	4.1	96
16	Psychological well-being at work: Is prevention better than cure?. Journal of Psychosomatic Research, 1997, 43, 93-102.	2.6	90
17	The costs, benefits, and limitations of organizational level stress interventions. Journal of Organizational Behavior, 1999, 20, 647-664.	4.7	89
18	Self-Evaluation of Cognitive Therapy Performance: Do Therapists Know How Competent They Are?. Behavioural and Cognitive Psychotherapy, 2008, 36, 581.	1.2	87

#	Article	IF	Citations
19	Selfâ€reported sleep patterns and quality amongst adolescents: crossâ€sectional and prospective associations with anxiety and depression. Journal of Child Psychology and Psychiatry and Allied Disciplines, 2020, 61, 1126-1137.	5.2	81
20	Cognitive appraisals in young people with obsessive-compulsive disorder. Journal of Child Psychology and Psychiatry and Allied Disciplines, 2004, 45, 1076-1084.	5.2	79
