#	ARTICLE	IF	CITATIONS
1	Disorganized attachment in early childhood: Meta-analysis of precursors, concomitants, and sequelae. <i>Development and Psychopathology</i> , 1999, 11, 225-250.	1.4	1,221
2	The measurement of dissociation in normal and clinical populations: Meta-analytic validation of the Dissociative Experiences Scale (DES). <i>Clinical Psychology Review</i> , 1996, 16, 365-382.	6.0	529
3	Frightening maternal behavior linking unresolved loss and disorganized infant attachment.. <i>Journal of Consulting and Clinical Psychology</i> , 1999, 67, 54-63.	1.6	387
4	Disruptions in foster care: A review and meta-analysis. <i>Children and Youth Services Review</i> , 2007, 29, 53-76.	1.0	347
5	Narrowing the transmission gap: A synthesis of three decades of research on intergenerational transmission of attachment.. <i>Psychological Bulletin</i> , 2016, 142, 337-366.	5.5	345
6	The Importance of Shared Environment in Mother-Infant Attachment Security: A Behavioral Genetic Study. <i>Child Development</i> , 2003, 74, 1769-1782.	1.7	291
7	Bullying and Victimization Among School-age Children: Stability and Links to Proactive and Reactive Aggression. <i>Social Development</i> , 2002, 11, 332-345.	0.8	213
8	Disorganized attachment in infancy: a review of the phenomenon and its implications for clinicians and policy-makers. <i>Attachment and Human Development</i> , 2017, 19, 534-558.	1.2	194
9	Understanding challenging behaviour in people with severe and profound intellectual disability: a stress-attachment model. <i>Journal of Intellectual Disability Research</i> , 2002, 46, 445-453.	1.2	134
10	In search of shared and nonshared environmental factors in security of attachment: A behavior-genetic study of the association between sensitivity and attachment security.. <i>Developmental Psychology</i> , 2006, 42, 1026-1040.	1.2	132
11	Autonomic reactivity in relation to attachment and early adversity among foster children. <i>Development and Psychopathology</i> , 2010, 22, 109-118.	1.4	114
12	Unresolved maternal attachment representations, disrupted maternal behavior and disorganized attachment in infancy: links to toddler behavior problems. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2007, 48, 1042-1050.	3.1	109
13	Wellbeing of adult children and ageing parents: associations with intergenerational support and relationship quality. <i>Ageing and Society</i> , 2009, 29, 783-802.	1.2	105
14	From prenatal anxiety to parenting stress: a longitudinal study. <i>Archives of Women's Mental Health</i> , 2017, 20, 663-672.	1.2	97
15	Intergenerational family solidarity: Value differences between immigrant groups and generations.. <i>Journal of Family Psychology</i> , 2009, 23, 291-300.	1.0	93
16	Attachment representations of institutionalized adolescents and their professional caregivers: Predicting the development of therapeutic relationships.. <i>American Journal of Orthopsychiatry</i> , 2006, 76, 325-334.	1.0	91
17	Activities and participation of 9- to 13-year-old children with cerebral palsy. <i>Clinical Rehabilitation</i> , 2006, 20, 937-948.	1.0	89
18	Links between social information processing in middle childhood and involvement in bullying. <i>Aggressive Behavior</i> , 2003, 29, 116-127.	1.5	88

#	ARTICLE	IF	CITATIONS
19	The Contribution of Organized Youth Sport to Antisocial and Prosocial Behavior in Adolescent Athletes. <i>Journal of Youth and Adolescence</i> , 2007, 36, 255-264.	1.9	87
20	Social functioning and communication in children with cerebral palsy: association with disease characteristics and personal and environmental factors. <i>Developmental Medicine and Child Neurology</i> , 2010, 52, 441-447.	1.1	87
21	The Importance of Shared Environment in Infant-Father Attachment: A Behavioral Genetic Study of the Attachment Q-Sort.. <i>Journal of Family Psychology</i> , 2004, 18, 545-549.	1.0	81
22	"Children of the dream" revisited: 70 years of collective early child care in Israeli kibbutzim.. <i>Psychological Bulletin</i> , 1994, 116, 99-116.	5.5	74
23	Frightening maternal behavior linking unresolved loss and disorganized infant attachment. <i>Journal of Consulting and Clinical Psychology</i> , 1999, 67, 54-63.	1.6	74
24	Food for love: the role of food offering in empathic emotion regulation. <i>Frontiers in Psychology</i> , 2014, 5, 32.	1.1	68
25	Parenting stress and child behaviour problems among parents with intellectual disabilities: the buffering role of resources. <i>Journal of Intellectual Disability Research</i> , 2015, 59, 664-677.	1.2	67
26	Parents' reactions to the diagnosis of cerebral palsy: associations between resolution, age and severity of disability. <i>Child: Care, Health and Development</i> , 2009, 35, 673-680.	0.8	66
27	Intergenerational Relations Across 4 Years: Well-being Is Affected by Quality, Not by Support Exchange. <i>Gerontologist</i> , The, 2009, 49, 536-548.	2.3	65
28	â€œPeople who need peopleâ€™: attachment and professional caregiving. <i>Journal of Intellectual Disability Research</i> , 2010, 54, 38-47.	1.2	65
29	Course of behaviour problems of children with cerebral palsy: the role of parental stress and support. <i>Child: Care, Health and Development</i> , 2010, 36, 74-84.	0.8	65
30	Attachment in mental health institutions: A critical review of assumptions, clinical implications, and research strategies. <i>Attachment and Human Development</i> , 2001, 3, 304-323.	1.2	64
31	Attachment in foster children associated with caregivers' sensitivity and behavioral problems. <i>Infant Mental Health Journal</i> , 2008, 29, 609-623.	0.7	64
32	Efficacy of Psychosocial Group Intervention for Children With Chronic Illness and Their Parents. <i>Pediatrics</i> , 2013, 131, e1196-e1203.	1.0	61
33	Intergenerational solidarity: An attachment perspective. <i>Journal of Aging Studies</i> , 2007, 21, 175-186.	0.7	60
34	Behavioral Pain Indicators in People With Intellectual Disabilities: A Systematic Review. <i>Journal of Pain</i> , 2013, 14, 885-896.	0.7	58
35	People with Mental Retardation and Psychopathology: Stress, Affect Regulation and Attachment: A Review. <i>International Review of Research in Mental Retardation</i> , 2006, , 229-260.	0.7	57
36	Attachment and problem behavior of adolescents during residential treatment. <i>Attachment and Human Development</i> , 2008, 10, 91-103.	1.2	56

#	ARTICLE	IF	CITATIONS
37	Autonomy Support, Need Satisfaction, and Motivation for Support Among Adults With Intellectual Disability: Testing a Self-Determination Theory Model. <i>American Journal on Intellectual and Developmental Disabilities</i> , 2018, 123, 33-49.	0.8	56
38	Attachment, Intellectual Disabilities and Mental Health: Research, Assessment and Intervention. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2013, 26, 34-46.	1.3	54
39	Autonomic Reactivity of Children to Separation and Reunion With Foster Parents. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2007, 46, 1196-1203.	0.3	53
40	Attachment behaviour towards support staff in young people with intellectual disabilities: associations with challenging behaviour. <i>Journal of Intellectual Disability Research</i> , 2010, 54, 584-596.	1.2	53
41	Examining Ecological Constraints on the Intergenerational Transmission of Attachment Via Individual Participant Data Meta-analysis. <i>Child Development</i> , 2018, 89, 2023-2037.	1.7	53
42	Predictors of Antisocial and Prosocial Behavior in an Adolescent Sports Context. <i>Social Development</i> , 2011, 20, 294-315.	0.8	52
43	Attachment goes to court: child protection and custody issues. <i>Attachment and Human Development</i> , 2022, 24, 1-52.	1.2	51
44	The interrelationship between pregnancy-specific anxiety and general anxiety across pregnancy: a longitudinal study. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2014, 35, 92-100.	1.1	50
45	Parenting self-efficacy predicts perceptions of infant negative temperament characteristics, not vice versa. <i>Journal of Family Psychology</i> , 2013, 27, 844-849.	1.0	47
46	Physiological regulation of stress in referred adolescents: the role of the parent-adolescent relationship. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009, 50, 482-490.	3.1	46
47	Self-worth, perceived competence, and behaviour problems in children with cerebral palsy. <i>Disability and Rehabilitation</i> , 2006, 28, 1251-1258.	0.9	45
48	The Effect of an Attachment-Based Behaviour Therapy for Children with Visual and Severe Intellectual Disabilities. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2008, 21, 126-135.	1.3	43
49	Impact of the initial response to COVID-19 on long-term care for people with intellectual disability: an interrupted time series analysis of incident reports. <i>Journal of Intellectual Disability Research</i> , 2020, 64, 817-824.	1.2	42
50	Social support moderates the effects of stress on sleep in adolescents. <i>Journal of Sleep Research</i> , 2015, 24, 407-413.	1.7	39
51	Disturbances in attachment: inhibited and disinhibited symptoms in foster children. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2014, 8, 21.	1.2	38
52	Changes in Parenting Self-Efficacy and Mood Symptoms in the Transition to Parenthood: A Bidirectional Association. <i>Parenting</i> , 2014, 14, 215-234.	1.0	37
53	On- and off-field antisocial and prosocial behavior in adolescent soccer players: A multilevel study. <i>Journal of Adolescence</i> , 2008, 31, 371-387.	1.2	36
54	Physiological effects of separation and reunion in relation to attachment and temperament in young children. <i>Developmental Psychobiology</i> , 2007, 49, 119-128.	0.9	35

#	ARTICLE	IF	CITATIONS
55	Longitudinal development of gross motor function among Dutch children and young adults with cerebral palsy: an investigation of motor growth curves. <i>Developmental Medicine and Child Neurology</i> , 2013, 55, 378-384.	1.1	35
56	PRENATAL CHANGES IN PARENTING SELF-EFFICACY: LINKAGES WITH ANXIETY AND DEPRESSIVE SYMPTOMS IN PRIMIPAROUS WOMEN. <i>Infant Mental Health Journal</i> , 2014, 35, 42-50.	0.7	35
57	Perspectives on quality of life of people with intellectual disabilities: The interpretation of discrepancies between clients and caregivers. <i>Quality of Life Research</i> , 2005, 14, 57-69.	1.5	33
58	Effects of video-feedback interaction training for professional caregivers of children and adults with visual and intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2011, 55, 581-595.	1.2	33
59	Difference in mother-child interaction between preterm and term born preschoolers with and without disabilities. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2012, 101, 597-603.	0.7	33
60	Improving parenting, child attachment, and externalizing behaviors: Meta-analysis of the first 25 randomized controlled trials on the effects of Video-feedback Intervention to promote Positive Parenting and Sensitive Discipline. <i>Development and Psychopathology</i> , 2023, 35, 241-256.	1.4	33
61	Psychiatric diagnostic screening of social maladaptive behaviour in children with mild intellectual disability: differentiating disordered attachment and pervasive developmental disorder behaviour. <i>Journal of Intellectual Disability Research</i> , 2015, 59, 138-149.	1.2	30
62	The efficacy of VIPP-V parenting training for parents of young children with a visual or visual-and-intellectual disability: a randomized controlled trial. <i>Attachment and Human Development</i> , 2018, 20, 455-472.	1.2	30
63	Course of health-related quality of life in 9-16-year-old children with cerebral palsy: Associations with gross motor abilities and mental health. <i>Disability and Rehabilitation</i> , 2010, 32, 344-351.	0.9	29
64	A Systematic Review of the Literature on Parenting of Young Children with Visual Impairments and the Adaptions for Video-Feedback Intervention to Promote Positive Parenting (VIPP). <i>Journal of Developmental and Physical Disabilities</i> , 2017, 29, 503-545.	1.0	29
65	Cohort profile: the Geoscience and Health Cohort Consortium (GECCO) in the Netherlands. <i>BMJ Open</i> , 2018, 8, e021597.	0.8	29
66	Effectiveness of specific factors in community-based intervention for child-witnesses of interparental violence: A randomized trial. <i>Child Abuse and Neglect</i> , 2013, 37, 1202-1214.	1.3	28
67	Family Functioning and Children's Post-Traumatic Stress Symptoms in a Referred Sample Exposed to Interparental Violence. <i>Journal of Family Violence</i> , 2016, 31, 127-136.	2.1	28
68	Tailoring a video-feedback intervention for sensitive discipline to parents with intellectual disabilities: a process evaluation. <i>Attachment and Human Development</i> , 2014, 16, 387-401.	1.2	27
69	Professional caretakers as attachment figures in day care centers for children with intellectual disability and behavior problems. <i>Research in Developmental Disabilities</i> , 2006, 27, 203-216.	1.2	26
70	Supporting affect regulation in children with multiple disabilities during psychotherapy: A multiple case design study of therapeutic attachment.. <i>Journal of Consulting and Clinical Psychology</i> , 2009, 77, 291-301.	1.6	26
71	Short-term changes in parents' resolution regarding their young child's diagnosis of cerebral palsy. <i>Child: Care, Health and Development</i> , 2010, 36, 703-708.	0.8	26
72	Teacher-child relationships as a developmental issue. <i>Attachment and Human Development</i> , 2012, 14, 329-336.	1.2	26

#	ARTICLE	IF	CITATIONS
73	Configurations of mother-child and father-child attachment as predictors of internalizing and externalizing behavioral problems: An individual participant data (IPD) meta-analysis. <i>New Directions for Child and Adolescent Development</i> , 2021, 2021, 67-94.	1.3	26
74	Long-Term Trajectories of Health-Related Quality of Life in Individuals With Cerebral Palsy: A Multicenter Longitudinal Study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014, 95, 2029-2039.	0.5	25
75	Psychometric Properties of the Basic Psychological Need Satisfaction and Frustration Scale " Intellectual Disability (BPNSFS-ID). <i>European Journal of Psychological Assessment</i> , 2019, 35, 37-45.	1.7	25
76	Unresolved loss due to miscarriage: an addition to the Adult Attachment Interview. <i>Attachment and Human Development</i> , 1999, 1, 157-170.	1.2	23
77	A cognitive behavioral based group intervention for children with a chronic illness and their parents: a multicentre randomized controlled trial. <i>BMC Pediatrics</i> , 2011, 11, 65.	0.7	23
78	Effects of Multidimensional Treatment Foster Care for Preschoolers (MTFC-P) for Young Foster Children with Severe Behavioral Disturbances. <i>Journal of Child and Family Studies</i> , 2017, 26, 1491-1503.	0.7	23
79	The impact of childhood trauma and psychophysiological reactivity on at-risk women's adjustment to parenthood. <i>Development and Psychopathology</i> , 2019, 31, 127-141.	1.4	23
80	Children with disrupted attachment histories: Interventions and psychophysiological indices of effects. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2009, 3, 26.	1.2	22
81	Consequences of Filial Support for Two Generations: A Narrative and Quantitative Review. <i>Journal of Family Issues</i> , 2010, 31, 1530-1554.	1.0	22
82	Temperament, disordered attachment, and parental sensitivity in foster care: differential findings on attachment security for shy children. <i>Attachment and Human Development</i> , 2012, 14, 349-365.	1.2	21
83	Parents with intellectual disabilities seeking professional parenting support: The role of working alliance, stress and informal support. <i>Child Abuse and Neglect</i> , 2014, 38, 1478-1486.	1.3	21
84	Inter-generational relationships at different ages: an attachment perspective. <i>Ageing and Society</i> , 2008, 28, 717-736.	1.2	20
85	Temperament Traits and Psychopathology in Young Clinically Referred Children Compared to a General Population Sample. <i>Child Psychiatry and Human Development</i> , 2017, 48, 841-850.	1.1	20
86	Social information processing skills link executive functions to aggression in adolescents with mild to borderline intellectual disability. <i>Child Neuropsychology</i> , 2019, 25, 573-598.	0.8	20
87	Change in psychopathology in referred children: the role of life events and perceived stress. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2008, 49, 1175-1183.	3.1	19
88	Mediators and Treatment Factors in Intervention for Children Exposed to Interparental Violence. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2017, 46, 411-427.	2.2	19
89	Pretreatment for substance-abusing people with intellectual disabilities: intervening on autonomous motivation for treatment entry. <i>Journal of Intellectual Disability Research</i> , 2015, 59, 1168-1182.	1.2	18
90	Prospecting the attachment research field: a move to the level of engagement. <i>Attachment and Human Development</i> , 2021, 23, 375-395.	1.2	18

#	ARTICLE	IF	CITATIONS
91	Observed Interactions Indicate Protective Effects of Relationships With Parents for Referred Adolescents. <i>Journal of Research on Adolescence</i> , 2011, 21, 569-575.	1.9	17
92	Development of social functioning and communication in school-aged (5-9 years) children with cerebral palsy. <i>Research in Developmental Disabilities</i> , 2013, 34, 4485-4494.	1.2	17
93	Attachment disorders diagnosed by community practitioners: a replication and extension. <i>Child and Adolescent Mental Health</i> , 2020, 25, 4-10.	1.8	17
94	Developing a therapeutic relationship with a blind client with a severe intellectual disability and persistent challenging behaviour. <i>Disability and Rehabilitation</i> , 2008, 30, 1318-1327.	0.9	16
95	The linkage between infant negative temperament and parenting self-efficacy: The role of resilience against negative performance feedback. <i>British Journal of Developmental Psychology</i> , 2015, 33, 506-518.	0.9	16
96	Self-Reporting Tool On Pain in People with Intellectual Disabilities (STOP-ID!): a Usability Study. <i>AAC: Augmentative and Alternative Communication</i> , 2016, 32, 1-11.	0.8	16
97	Parents with intellectual disability. <i>Current Opinion in Psychology</i> , 2017, 15, 50-54.	2.5	16
98	Alleviating Parenting Stress in Parents with Intellectual Disabilities: A Randomized Controlled Trial of a Video-feedback Intervention to Promote Positive Parenting. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017, 30, 423-432.	1.3	16
99	Does format matter for comprehension of a facial affective scale and a numeric scale for pain by adults with Down syndrome?. <i>Research in Developmental Disabilities</i> , 2013, 34, 3442-3448.	1.2	15
100	Longitudinal Association Between Gross Motor Capacity and Neuromusculoskeletal Function in Children and Youth With Cerebral Palsy. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016, 97, 1329-1337.	0.5	15
101	Toward an architecture of attachment disorganization: John Bowlby's published and unpublished reflections. <i>Clinical Child Psychology and Psychiatry</i> , 2017, 22, 539-560.	0.8	15
102	People with intellectual disabilities living in care facilities engaging in virtual social contact: A systematic review of the feasibility and effects on well-being. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2022, 35, 60-74.	1.3	15
103	The effectiveness of a trauma-focused psycho-educational secondary prevention program for children exposed to interparental violence: study protocol for a randomized controlled trial. <i>Trials</i> , 2012, 13, 12.	0.7	14
104	Intersubjectivity Effects of the High-Quality Communication Intervention in People With Deafblindness. <i>Journal of Deaf Studies and Deaf Education</i> , 2015, 20, 191-201.	0.7	14
105	Attachment representations and response to video-feedback intervention for professional caregivers. <i>Attachment and Human Development</i> , 2012, 14, 83-99.	1.2	13
106	Expecting change: Mindset of staff supporting parents with mild intellectual disabilities. <i>Research in Developmental Disabilities</i> , 2014, 35, 3260-3268.	1.2	13
107	Moderators of the Efficacy of a Psychosocial Group Intervention for Children With Chronic Illness and Their Parents: What Works for Whom?. <i>Journal of Pediatric Psychology</i> , 2015, 40, 214-227.	1.1	13
108	Young children with significant developmental delay differentiate home observed attachment behaviour towards their parents. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 106-120.	1.3	13

#	ARTICLE	IF	CITATIONS
109	Accidental and Ambiguous Situations Reveal Specific Social Information Processing Biases and Deficits in Adolescents with Low Intellectual Level and Clinical Levels of Externalizing Behavior. <i>Journal of Abnormal Child Psychology</i> , 2020, 48, 1411-1424.	3.5	13
110	The Collaboration on Attachment Transmission Synthesis (CATS): A Move to the Level of Individual-Participant-Data Meta-Analysis. <i>Current Directions in Psychological Science</i> , 2020, 29, 199-206.	2.8	13
111	Stimulating Intersubjective Communication in an Adult with Deafblindness: A Single-Case Experiment. <i>Journal of Deaf Studies and Deaf Education</i> , 2014, 19, 366-384.	0.7	12
112	Risk factors as moderators of recovery during and after interventions for children exposed to interparental violence.. <i>American Journal of Orthopsychiatry</i> , 2014, 84, 295-306.	1.0	12
113	The effects of parental components in a trauma-focused cognitive behavioral based therapy for children exposed to interparental violence: study protocol for a randomized controlled trial. <i>BMC Psychiatry</i> , 2015, 15, 131.	1.1	12
114	Autonomy support in people with mild to borderline intellectual disability: Testing the Health Care Climate Questionnaire in Intellectual Disability. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018, 31, 159-163.	1.3	12
115	Effects of video feedback intervention on harmonious parent-child interaction and sensitive discipline of parents with intellectual disabilities: A randomized controlled trial. <i>Child: Care, Health and Development</i> , 2018, 44, 304-311.	0.8	12
116	Peer Victimization in Dutch School Classes of Four to Five Year Olds: Contributing Factors at the School Level. <i>Elementary School Journal</i> , 2009, 110, 163-177.	0.9	11
117	Parenting self-efficacy moderates linkage between partner relationship dissatisfaction and avoidant infant-mother attachment: A Dutch study.. <i>Journal of Family Psychology</i> , 2016, 30, 935-943.	1.0	11
118	Self-Reported Presence and Experience of Pain in Adults with Down Syndrome. <i>Pain Medicine</i> , 2017, 18, pnw226.	0.9	11
119	Reliability and Feasibility of Systematic Registration of Coercive Measures in Care for People With Intellectual Disabilities. <i>Journal of Policy and Practice in Intellectual Disabilities</i> , 2018, 15, 202-213.	1.7	11
120	Effectiveness of the serious game "You & I"™ in changing mentalizing abilities of adults with mild to borderline intellectual disabilities: a parallel superiority randomized controlled trial. <i>Trials</i> , 2019, 20, 500.	0.7	11
121	Does having a similar disability matter for match outcomes?: A randomized study of matching mentors and mentees by visual impairment. <i>Journal of Community Psychology</i> , 2019, 47, 210-226.	1.0	11
122	Loneliness in young adults with a visual impairment: Links with perceived social support in a twenty-year longitudinal study. <i>Research in Developmental Disabilities</i> , 2020, 101, 103634.	1.2	11
123	Convergence between observations and interviews in clinical diagnosis of reactive attachment disorder and disinhibited social engagement disorder. <i>Clinical Child Psychology and Psychiatry</i> , 2017, 22, 603-619.	0.8	11
124	Multidimensional treatment foster care for preschoolers: early findings of an implementation in the Netherlands. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2012, 6, 38.	1.2	10
125	The effectiveness of VIPP-V parenting training for parents of young children with a visual or visual-and-intellectual disability: study protocol of a multicenter randomized controlled trial. <i>Trials</i> , 2015, 16, 401.	0.7	10
126	Distinguishing subtypes of extrinsic motivation among people with mild to borderline intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2017, 61, 625-636.	1.2	10

#	ARTICLE	IF	CITATIONS
127	Comfort provided by parents versus strangers after eliciting stress in children with severe or profound intellectual disabilities: does it make a difference?. <i>Attachment and Human Development</i> , 2020, 22, 425-447.	1.2	10
128	Frightening maternal behaviour, unresolved loss, and disorganized infant attachment: A pilot-study. <i>Journal of Reproductive and Infant Psychology</i> , 1998, 16, 277-283.	0.9	9
129	Using forum theatre in organised youth soccer to positively influence antisocial and prosocial behaviour: a pilot study. <i>Journal of Moral Education</i> , 2010, 39, 65-78.	0.9	9
