#	ARTICLE	IF	CITATIONS
1	Exposure to a natural environment to improve parental wellbeing in parents in a homeless shelter: a multiple baseline single case intervention study. <i>Journal of Social Distress and the Homeless</i> , 2023, 32, 85-96.	0.7	3
2	Improving parenting, child attachment, and externalizing behaviors: Meta-analysis of the first 25 randomized controlled trials on the effects of Video-feedback Intervention to promote Positive Parenting and Sensitive Discipline. <i>Development and Psychopathology</i> , 2023, 35, 241-256.	1.4	33
3	Piloting attachment psychoeducation provided to parents of children with severe disabilities: Testing the feasibility of a digital micro-intervention. <i>Journal of Intellectual Disabilities</i> , 2023, 27, 433-450.	1.0	3
4	Using Attachment and Biobehavioral Catch-up with young children with developmental delays: A multiple-baseline trial of attachment, sensitivity, and cortisol. <i>Journal of Intellectual Disabilities</i> , 2023, 27, 847-870.	1.0	3
5	The Attachment Strengths and Needs Interview for parents of children with severe or profound intellectual disabilities: An acceptability and feasibility study. <i>Journal of Intellectual and Developmental Disability</i> , 2022, 47, 118-130.	1.1	5
6	Quality of Mother-child Dialogue About Emotional Events, Coping and Posttraumatic Stress Symptoms Among Children Exposed to Interpersonal Trauma. <i>Journal of Child and Adolescent Trauma</i> , 2022, 15, 201-208.	1.0	2
7	People with intellectual disabilities living in care facilities engaging in virtual social contact: A systematic review of the feasibility and effects on well-being. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2022, 35, 60-74.	1.3	15
8	Attachment goes to court: child protection and custody issues. <i>Attachment and Human Development</i> , 2022, 24, 1-52.	1.2	51
9	Expressions of stress of people with severe intellectual disabilities and sensitive caregiving to regulate stress: A qualitative study. <i>Journal of Intellectual and Developmental Disability</i> , 2022, 47, 308-317.	1.1	6
10	Effectiveness of a high-intensive trauma-focused, family-based therapy for youth exposed to family violence: study protocol for a randomized controlled trial. <i>Trials</i> , 2022, 23, 46.	0.7	2
11	Learning to love the null. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 249-251.	3.1	1
12	Exploring the meaning of unresolved loss and trauma in more than 1,000 Adult Attachment Interviews. <i>Development and Psychopathology</i> , 2022, , 1-17.	1.4	1
13	Reducing restrictive measures in complex long-term care for people with intellectual disabilities: Implementation interventions through the lens of normalisation process theory. <i>Journal of Intellectual and Developmental Disability</i> , 2022, 47, 353-364.	1.1	4
14	Satisfying Basic Psychological Needs among People with Complex Support Needs: A Self-Determination Theory-Guided Analysis of Primary Relatives' Perspectives. <i>Disabilities</i> , 2022, 2, 330-347.	0.5	7
15	Evaluation of a community-based mentoring program on psychosocial functioning of adolescents with a visual impairment: A randomized controlled trial. <i>British Journal of Visual Impairment</i> , 2021, 39, 251-265.	0.5	5
16	Evaluating the self-determination continuum towards seeking support among people with mild to borderline intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2021, 65, 348-360.	1.2	4
17	Comparison of Social Validity Ratings With the Effects of a Video-Feedback Intervention for Communication Partners of Individuals With Deafblindness. <i>Frontiers in Education</i> , 2021, 6, .	1.2	4
18	Prospecting the attachment research field: a move to the level of engagement. <i>Attachment and Human Development</i> , 2021, 23, 375-395.	1.2	18

#	ARTICLE	IF	CITATIONS
19	Professionals' motivation to support parental self-management regarding children with physical disability in Dutch rehabilitation services: "Please mind your gap". Child: Care, Health and Development, 2021, 47, 685-696.	0.8	3
20	Configurations of mother-child and father-child attachment as predictors of internalizing and externalizing behavioral problems: An individual participant data (IPD) meta-analysis. New Directions for Child and Adolescent Development, 2021, 2021, 67-94.	1.3	26
21	El Apego Va a Juicio: Problemas de Custodia y Protección Infantil. Anuario De Psicología Jurídica, 2021, 32, 115-139.	0.5	0
22	Improving social participation of adolescents with a visual impairment with community-based mentoring: results from a randomized controlled trial. Disability and Rehabilitation, 2020, 42, 3215-3226.	0.9	7
23	Managing oneself or managing together? Parents' perspectives on chronic condition self-management in Dutch pediatric rehabilitation services. Disability and Rehabilitation, 2020, 42, 3348-3358.	0.9	4
24	Patterns of parenting: revisiting mechanistic models. Attachment and Human Development, 2020, 22, 66-70.	1.2	1
25	Comfort provided by parents versus strangers after eliciting stress in children with severe or profound intellectual disabilities: does it make a difference?. Attachment and Human Development, 2020, 22, 425-447.	1.2	10
26	Attachment disorders diagnosed by community practitioners: a replication and extension. Child and Adolescent Mental Health, 2020, 25, 4-10.	1.8	17
27	Impact of the initial response to COVID-19 on long-term care for people with intellectual disability: an interrupted time series analysis of incident reports. Journal of Intellectual Disability Research, 2020, 64, 817-824.	1.2	42
28	Making women's shelters more conducive to family life: professionals' exploration of the benefits of nature. Children's Geographies, 2020, , 1-13.	1.6	3
29	Psychophysiological responses underlying unresolved loss and trauma in the Adult Attachment Interview. Development and Psychopathology, 2020, , 1-16.	1.4	1
30	Experiencing Nature to Satisfy Basic Psychological Needs in Parenting: A Quasi-Experiment in Family Shelters. International Journal of Environmental Research and Public Health, 2020, 17, 8657.	1.2	5
31	Accidental and Ambiguous Situations Reveal Specific Social Information Processing Biases and Deficits in Adolescents with Low Intellectual Level and Clinical Levels of Externalizing Behavior. Journal of Abnormal Child Psychology, 2020, 48, 1411-1424.	3.5	13
32	White matter integrity moderates the relation between experienced childhood maltreatment and fathers' behavioral response to infant crying. Developmental Psychobiology, 2020, 63, 1399-1414.	0.9	7
33	Subsequent childbirth after previous traumatic birth experience: women's choices and evaluations. British Journal of Midwifery, 2020, 28, 488-496.	0.1	8
34	The latent structure of the adult attachment interview: Large sample evidence from the collaboration on attachment transmission synthesis. Development and Psychopathology, 2020, , 1-13.	1.4	5
35	Loneliness in young adults with a visual impairment: Links with perceived social support in a twenty-year longitudinal study. Research in Developmental Disabilities, 2020, 101, 103634.	1.2	11
36	What services are useful for patients with an intellectual disability?. InnovAiT, 2020, 13, 218-225.	0.0	2

#	ARTICLE	IF	CITATIONS
37	The Collaboration on Attachment Transmission Synthesis (CATS): A Move to the Level of Individual-Participant-Data Meta-Analysis. <i>Current Directions in Psychological Science</i> , 2020, 29, 199-206.	2.8	13
38	Effectiveness of an attachment-based intervention for the assessment of parenting capacities in maltreating families: A randomized controlled trial. <i>Infant Mental Health Journal</i> , 2020, 41, 821-835.	0.7	9
39	Social information processing skills link executive functions to aggression in adolescents with mild to borderline intellectual disability. <i>Child Neuropsychology</i> , 2019, 25, 573-598.	0.8	20
40	Young children with significant developmental delay differentiate home observed attachment behaviour towards their parents. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019, 32, 106-120.	1.3	13
41	Effectiveness of the serious game "You & I"™ in changing mentalizing abilities of adults with mild to borderline intellectual disabilities: a parallel superiority randomized controlled trial. <i>Trials</i> , 2019, 20, 500.	0.7	11
42	Improving decision-making agreement in child protection cases by using information regarding parents' response to an intervention: A vignette study. <i>Children and Youth Services Review</i> , 2019, 107, 104501.	1.0	1
43	Course of disinhibited social engagement behavior in clinically referred home-reared preschool children. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019, 60, 555-565.	3.1	8
44	Does having a similar disability matter for match outcomes?: A randomized study of matching mentors and mentees by visual impairment. <i>Journal of Community Psychology</i> , 2019, 47, 210-226.	1.0	11
45	Attachment difficulties and disorders. <i>InnovAIT</i> , 2019, 12, 173-179.	0.0	4
46	Trauma Exposure in Relation to the Content of Mother-Child Emotional Conversations and Quality of Interaction. <i>International Journal of Environmental Research and Public Health</i> , 2019, 16, 805.	1.2	5
47	Impact of Research About the Early Development of Children With Intellectual Disability: A Science Mapping Analysis. <i>Frontiers in Education</i> , 2019, 4, .	1.2	6
48	Out-of-home placement decisions: How individual characteristics of professionals are reflected in deciding about child protection cases. <i>Developmental Child Welfare</i> , 2019, 1, 312-326.	0.4	4
49	The impact of childhood trauma and psychophysiological reactivity on at-risk women's adjustment to parenthood. <i>Development and Psychopathology</i> , 2019, 31, 127-141.	1.4	23
50	Psychometric Properties of the Basic Psychological Need Satisfaction and Frustration Scale "Intellectual Disability (BPNSFS-ID). <i>European Journal of Psychological Assessment</i> , 2019, 35, 37-45.	1.7	25
51	Parenting Self-Efficacy. , 2019, , 654-680.		9
52	The efficacy of VIPP-V parenting training for parents of young children with a visual or visual-and-intellectual disability: a randomized controlled trial. <i>Attachment and Human Development</i> , 2018, 20, 455-472.	1.2	30
53	Autonomy Support, Need Satisfaction, and Motivation for Support Among Adults With Intellectual Disability: Testing a Self-Determination Theory Model. <i>American Journal on Intellectual and Developmental Disabilities</i> , 2018, 123, 33-49.	0.8	56
54	Family Conflict and Resilience in Parenting Self-Efficacy Among High-Risk Mothers. <i>Journal of Interpersonal Violence</i> , 2018, 33, 1008-1029.	1.3	4

#	ARTICLE	IF	CITATIONS
55	First-Time Motherhood Experiences and the Decision to Have a Second Child. <i>Journal of Family Issues</i> , 2018, 39, 555-578.	1.0	5
56	Validation and Standardization of the Dutch Trauma Symptom Checklist for Young Children in a Normative and Clinical Sample. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2018, 27, 1-14.	0.9	5
57	Autonomy support in people with mild to borderline intellectual disability: Testing the Health Care Climate Questionnaire in Intellectual Disability. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018, 31, 159-163.	1.3	12
58	Effects of video feedback intervention on harmonious parent-child interaction and sensitive discipline of parents with intellectual disabilities: A randomized controlled trial. <i>Child: Care, Health and Development</i> , 2018, 44, 304-311.	0.8	12
59	Self-concept in institutionalized children with disturbed attachment: The mediating role of exploratory behaviours. <i>Child: Care, Health and Development</i> , 2018, 44, 476-484.	0.8	9
60	Cohort profile: the Geoscience and Health Cohort Consortium (GECCO) in the Netherlands. <i>BMJ Open</i> , 2018, 8, e021597.	0.8	29
61	Examining Ecological Constraints on the Intergenerational Transmission of Attachment Via Individual Participant Data Meta-analysis. <i>Child Development</i> , 2018, 89, 2023-2037.	1.7	53
62	Reliability and Feasibility of Systematic Registration of Coercive Measures in Care for People With Intellectual Disabilities. <i>Journal of Policy and Practice in Intellectual Disabilities</i> , 2018, 15, 202-213.	1.7	11
63	The importance of the working alliance between parent and professional. <i>International Journal of Integrated Care</i> , 2018, 18, 381.	0.1	0
64	Pain and Cognitive Functioning in Adults with Down Syndrome. <i>Pain Medicine</i> , 2017, 18, pnw280.	0.9	5
65	Self-Reported Presence and Experience of Pain in Adults with Down Syndrome. <i>Pain Medicine</i> , 2017, 18, pnw226.	0.9	11
66	Mediators and Treatment Factors in Intervention for Children Exposed to Interparental Violence. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2017, 46, 411-427.	2.2	19
67	Parents with intellectual disability. <i>Current Opinion in Psychology</i> , 2017, 15, 50-54.	2.5	16
68	A Systematic Review of the Literature on Parenting of Young Children with Visual Impairments and the Adaptions for Video-Feedback Intervention to Promote Positive Parenting (VIPPP). <i>Journal of Developmental and Physical Disabilities</i> , 2017, 29, 503-545.	1.0	29
69	Temperament Traits and Psychopathology in Young Clinically Referred Children Compared to a General Population Sample. <i>Child Psychiatry and Human Development</i> , 2017, 48, 841-850.	1.1	20
70	From prenatal anxiety to parenting stress: a longitudinal study. <i>Archives of Women's Mental Health</i> , 2017, 20, 663-672.	1.2	97
71	Distinguishing subtypes of extrinsic motivation among people with mild to borderline intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2017, 61, 625-636.	1.2	10
72	Alleviating Parenting Stress in Parents with Intellectual Disabilities: A Randomized Controlled Trial of a Video-Feedback Intervention to Promote Positive Parenting. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017, 30, 423-432.	1.3	16
