#	Paper	IF	Citations
107	Protecting eyewitness evidence: examining the efficacy of a self-administered interview tool. <i>Law and Human Behavior</i> , 2009 , 33, 298-307	2.5	124
106	Eliciting Reliable Information in Investigative Interviews. <i>Policy Insights From the Behavioral and Brain Sciences</i> , 2014 , 1, 129-136	2.1	86
105	Investment in workforce health: exploring the implications for workforce safety climate and commitment. <i>Accident Analysis and Prevention</i> , 2010 , 42, 1445-54	6.1	75
104	"With a little help from my friends...": the role of co-witness relationship in susceptibility to misinformation. <i>Acta Psychologica</i> , 2008 , 127, 476-84	1.7	71
103	Exposure duration: effects on eyewitness accuracy and confidence. <i>British Journal of Psychology</i> , 2003 , 94, 339-54	4	71
102	Protecting Against Misleading Post-event Information with a Self-Administered Interview. <i>Applied Cognitive Psychology</i> , 2012 , 26, 568-575	2.1	63
101	Police and public perceptions of stalking: the role of prior victim-offender relationship. <i>Journal of Interpersonal Violence</i> , 2013 , 28, 320-39	2.2	52
100	From laboratory to the street: Capturing witness memory using the Self-Administered Interview. <i>Legal and Criminological Psychology</i> , 2011 , 16, 211-226	1.7	52
99	Eyewitness recognition errors: the effects of mugshot viewing and choosing in young and old adults. <i>Memory and Cognition</i> , 2002 , 30, 1219-27	2.2	48
98	Sorting the Liars from the Truth Tellers: The Benefits of Asking Unanticipated Questions on Lie Detection. <i>Applied Cognitive Psychology</i> , 2013 , 27, 107-114	2.1	41
97	Beyond unusual? Examining the role of attention in the weapon focus effect. <i>Applied Cognitive Psychology</i> , 2007 , 21, 951-961	2.1	38
96	Understanding pretrial publicity: predecisional distortion of evidence by mock jurors. <i>Journal of Experimental Psychology: Applied</i> , 2004 , 10, 111-9	1.8	37
95	Who? What? When? Using a timeline technique to facilitate recall of a complex event. <i>Journal of Applied Research in Memory and Cognition</i> , 2013 , 2, 20-24	2.3	30
94	Protecting and Enhancing Eyewitness Memory: The Impact of an Initial Recall Attempt on Performance in an Investigative Interview. <i>Applied Cognitive Psychology</i> , 2014 , 28, 304-313	2.1	30
93	Evaluating the Effects of Stress and Fatigue on Police Officer Response and Recall: A Challenge for Research, Training, Practice and Policy. <i>Journal of Applied Research in Memory and Cognition</i> , 2016 , 5, 239-245	2.3	30
92	Memory and the operational witness: Police officer recall of firearms encounters as a function of active response role. <i>Law and Human Behavior</i> , 2016 , 40, 23-35	2.5	29
91	Witnesses in action: the effect of physical exertion on recall and recognition. <i>Psychological Science</i> , 2012 , 23, 386-90	7.9	27

90	Recovered memories, satanic abuse, Dissociative Identity Disorder and false memories in the UK: a survey of Clinical Psychologists and Hypnotherapists. <i>Psychology, Crime and Law</i> , 2013 , 19, 1-19	1.4	27
89	Collective interviewing of suspects. <i>Journal of Applied Research in Memory and Cognition</i> , 2012 , 1, 41-44	2.3	25
88	Latent variables underlying the memory beliefs of Chartered Clinical Psychologists, Hypnotherapists and undergraduate students. <i>Memory</i> , 2017 , 25, 57-68	1.8	19
87	On the persuadability of memory: Is changing people's memories no more than changing their minds?. <i>British Journal of Psychology</i> , 2015 , 106, 308-26	4	19
86	The effects of divided attention at study and reporting procedure on regulation and monitoring for episodic recall. <i>Acta Psychologica</i> , 2016 , 169, 143-56	1.7	19
85	Suspects' consistency in statements concerning two events when different question formats are used. <i>Journal of Investigative Psychology and Offender Profiling</i> , 2017 , 14, 74-87	1.1	17
84	An experimental examination of the effects of alcohol consumption and exposure to misleading postevent information on remembering a hypothetical rape scenario. <i>Applied Cognitive Psychology</i> , 2019 , 33, 393-413	2.1	16
83	Cross-cultural differences in eyewitness memory reports. <i>Applied Cognitive Psychology</i> , 2020 , 34, 504-515	1.1	16
82	Expert testimony on eyewitness evidence: in search of common sense. <i>Behavioral Sciences and the Law</i> , 2013 , 31, 637-51	1.9	16
81	The Verifiability Approach to detection of malingered physical symptoms. <i>Psychology, Crime and Law</i> , 2017 , 23, 717-729	1.4	15
80	Providing eyewitnesses with initial retrieval support: what works at immediate and subsequent recall?. <i>Psychology, Crime and Law</i> , 2014 , 20, 1005-1027	1.4	15
79	Establishing evidence through undercover and collective intelligence interviewing.. <i>Psychology, Public Policy, and Law</i> , 2013 , 19, 297-306	3	15
78	Exploring the use of rapport in professional information-gathering contexts by systematically mapping the evidence base. <i>Applied Cognitive Psychology</i> , 2021 , 35, 329-341	2.1	15
77	Deception and Decay: Verbal Lie Detection as a Function of Delay and Encoding Quality. <i>Journal of Applied Research in Memory and Cognition</i> , 2017 , 6, 306-318	2.3	14
76	Police Officers' Perceptions of Statement Inconsistency. <i>Criminal Justice and Behavior</i> , 2018 , 45, 644-665	1.9	13
75	Enhancing older adults' eyewitness memory for present and future events with the Self-Administered Interview. <i>Psychology and Aging</i> , 2014 , 29, 885-90	3.6	12
74	A stability bias effect among deceivers. <i>Law and Human Behavior</i> , 2017 , 41, 519-529	2.5	12
73	Interviewing witnesses: Eliciting coarse-grain information. <i>Law and Human Behavior</i> , 2018 , 42, 458-471	2.5	12

72	The Benefits of a Self-Generated Cue Mnemonic for Timeline Interviewing. <i>Journal of Applied Research in Memory and Cognition</i> , 2018 , 7, 454-461	2.3	11
71	Assisting jurors: Promoting recall of trial information through the use of a trial-ordered notebook. <i>Legal and Criminological Psychology</i> , 2014 , 19, 316-331	1.7	11
70	A third verdict option: exploring the impact of the not proven verdict on mock juror decision making. <i>Law and Human Behavior</i> , 2008 , 32, 241-52	2.5	11
69	Detection of Concealment in an Information-Gathering Interview. <i>Applied Cognitive Psychology</i> , 2014 , 28, 860-866	2.1	10
68	Who should I look at? Eye contact during collective interviewing as a cue to deceit. <i>Psychology, Crime and Law</i> , 2013 , 19, 661-671	1.4	10
67	Postincident conferring by law enforcement officers: determining the impact of team discussions on statement content, accuracy, and officer beliefs. <i>Law and Human Behavior</i> , 2013 , 37, 117-27	2.5	10
66	Tracking the truth: the effect of face familiarity on eye fixations during deception. <i>Quarterly Journal of Experimental Psychology</i> , 2017 , 70, 930-943	1.8	9
65	Tell me more about this—An examination of the efficacy of follow-up open questions following an initial account. <i>Applied Cognitive Psychology</i> , 2020 , 34, 972-983	2.1	9
64	Visuospatial counter-interrogation strategies by liars familiar with the alibi setting. <i>Applied Cognitive Psychology</i> , 2018 , 32, 105-116	2.1	9
63	Can I take your picture? Undercover interviewing to detect deception.. <i>Psychology, Public Policy, and Law</i> , 2012 , 18, 231-244	3	9
62	Who said what and when? A timeline approach to eliciting information and intelligence about conversations, plots, and plans. <i>Law and Human Behavior</i> , 2019 , 43, 263-277	2.5	9
61	The effects of stress on eyewitness memory: A survey of memory experts and laypeople. <i>Memory and Cognition</i> , 2021 , 49, 401-421	2.2	9
60	Verify the scene, report the symptoms: Testing the Verifiability Approach and SRSI in the detection of fabricated PTSD claims. <i>Legal and Criminological Psychology</i> , 2019 , 24, 241-257	1.7	8
59	Twelve (not so) angry men: Managing conversational group size increases perceived contribution by decision makers. <i>Group Processes and Intergroup Relations</i> , 2011 , 14, 835-843	1.9	8
58	A meta-analytic review of the Self-Administered Interview : Quantity and accuracy of details reported on initial and subsequent retrieval attempts. <i>Applied Cognitive Psychology</i> , 2021 , 35, 428-444	2.1	8
57	Urgent issues and prospects at the intersection of culture, memory, and witness interviews: Exploring the challenges for research and practice. <i>Legal and Criminological Psychology</i> , 2022 , 27, 1-31	1.7	8
56	The Modified Stroop Task Is Susceptible to Feigning: Stroop Performance and Symptom Over-endorsement in Feigned Test Anxiety. <i>Frontiers in Psychology</i> , 2018 , 9, 1195	3.4	7
55	Verifiability on the run: an experimental study on the verifiability approach to malingered symptoms. <i>Psychiatry, Psychology and Law</i> , 2019 , 26, 65-76	1.3	7

54	The effects of cognitive load during an investigative interviewing task on mock interviewers' recall of information. <i>Legal and Criminological Psychology</i> , 2021 , 26, 25-41	1.7	7
53	Detecting feigned high impact experiences: A symptom over-report questionnaire outperforms the emotional Stroop task. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019 , 65, 101483	2.6	6
52	Facilitating memory-based lie detection in immediate and delayed interviewing: The role of mnemonics. <i>Applied Cognitive Psychology</i> , 2018 , 32, 561-574	2.1	6
51	Memory at the Sharp End: The Costs of Remembering With Others in Forensic Contexts. <i>Topics in Cognitive Science</i> , 2019 , 11, 609-626	2.5	6
50	Plausibility Judgments of Atypical Symptoms Across Cultures: an Explorative Study Among Western and Non-Western Experts. <i>Psychological Injury and Law</i> , 2017 , 10, 274-281	2.8	6
49	The Self-Report Symptom Inventory as an Instrument for Detecting Symptom Over-Reporting. <i>European Journal of Psychological Assessment</i> , 2020 , 36, 730-739	2.2	6
48	Detecting smugglers: Identifying strategies and behaviours in individuals in possession of illicit objects. <i>Applied Cognitive Psychology</i> , 2020 , 34, 372-386	2.1	6
47	Suggestibility and Memory Conformity63-83		6
46	The effects of co-witness discussion on confidence and precision in eyewitness memory reports. <i>Memory</i> , 2018 , 26, 904-912	1.8	5
45	The Role of Initial Witness Accounts within the Investigative Process107-131		5
44	Development and validation of the Eyewitness Metamemory Scale. <i>Applied Cognitive Psychology</i> , 2019 , 33, 964-973	2.1	4
43	Using metamemory measures and memory tests to estimate eyewitness free recall performance. <i>Memory</i> , 2020 , 28, 94-106	1.8	4
42	Contact Tracing: A Memory Task With Consequences for Public Health. <i>Perspectives on Psychological Science</i> , 2021 , 16, 175-187	9.8	4
41	"I think you did it!" Examining the effect of presuming guilt on the verbal output of innocent suspects during brief interviews. <i>Journal of Investigative Psychology and Offender Profiling</i> , 2019 , 16, 236-250	1.1	3
40	The devil is in the detail: deception and consistency over repeated interviews. <i>Psychology, Crime and Law</i> , 2019 , 25, 752-770	1.4	3
39	Supporting older eyewitnesses' episodic memory: the self-administered interview and sketch reinstatement of context. <i>Memory</i> , 2020 , 28, 712-723	1.8	3
38	Veracity is in the eye of the beholder: A lens model examination of consistency and deception. <i>Applied Cognitive Psychology</i> , 2020 , 34, 996-1004	2.1	3
37	Computer Mediated Social Comparative Feedback Does Not Affect Metacognitive Regulation of Memory Reports. <i>Frontiers in Psychology</i> , 2017 , 8, 1433	3.4	3

36	The Devil's Advocate approach: An interview technique for assessing consistency among deceptive and truth-telling pairs of suspects. <i>Legal and Criminological Psychology</i> , 2018 , 23, 37-52	1.7	3
35	Oculomotor examination of the weapon focus effect: does a gun automatically engage visual attention?. <i>PLoS ONE</i> , 2013 , 8, e81011	3.7	3
34	Facilitating recall and particularisation of repeated events in adults using a multi-method interviewing format. <i>Memory</i> , 2021 , 29, 471-485	1.8	3
33	The effects of acute stress on eyewitness memory: an integrative review for eyewitness researchers. <i>Memory</i> , 2021 , 29, 1091-1100	1.8	3
32	Amplifying deceivers' flawed metacognition: Encouraging disclosures after delays with a model statement. <i>Acta Psychologica</i> , 2019 , 200, 102935	1.7	3
31	Visual communication desensitization (VCD ²): a novel two-phased approach to interviewing traumatized individuals in investigative contexts. <i>Psychiatry, Psychology and Law</i> , 2018 , 25, 589-601	1.3	3
30	The Self-Administered Witness Interview Tool (SAW-IT): Enhancing witness recall of workplace incidents. <i>Applied Cognitive Psychology</i> , 2019 , 33, 1212-1223	2.1	2
29	Eyewitness identification procedures for multiple perpetrator crimes: a survey of police in Sweden, Belgium, and the Netherlands. <i>Psychology, Crime and Law</i> , 2019 , 25, 992-1007	1.4	2
28	How effective is retrieval support for witnesses with different levels of working and source memory?. <i>Journal of Cognitive Psychology</i> , 2015 , 27, 335-348	0.9	2
27	Eyewitness metamemory predicts identification performance in biased and unbiased lineups		2
26	Expanding the Legacy of the Cognitive Interview 2019 , 42-55		2
25	He was just your typical average guy Examining how person descriptions are elicited by frontline police officers. <i>Applied Cognitive Psychology</i> , 2021 , 35, 517-525	2.1	2
24	Showup identification decisions for multiple perpetrator crimes: Testing for sequential dependencies. <i>PLoS ONE</i> , 2018 , 13, e0208403	3.7	2
23	I'm a photographer, not a terrorist the use of photography to detect deception. <i>Psychology, Crime and Law</i> , 2015 , 21, 114-126	1.4	1
22	Examining the efficacy of a self-administered report form in missing person investigations. <i>Legal and Criminological Psychology</i> , 2020 , 25, 1-16	1.7	1
21	Effects of cooperation on information disclosure in mock-witness interviews. <i>Legal and Criminological Psychology</i> , 2020 , 25, 133-149	1.7	1
20	Face value: testing the utility of contextual face cues for face recognition. <i>Memory</i> , 2018 , 26, 1436-1449	1.8	1
19	Deception detection in repeated interviews: The effects of immediate type of questioning on the delayed accounts. <i>Journal of Investigative Psychology and Offender Profiling</i> , 2020 , 17, 224-237	1.1	1

18	The acculturation effect and eyewitness memory reports among migrants. <i>Legal and Criminological Psychology</i> , 2020 , 25, 237-256	1.7	1
17	Registered report: The effects of incentivized lies on memory. <i>Applied Cognitive Psychology</i> , 2021 , 35, 1125	2.1	1
16	Beliefs about suspect alibis: A survey of lay people in the United Kingdom, Israel, and Sweden. <i>International Journal of Evidence and Proof</i> , 2020 , 24, 59-74	0.9	1
15	Eyewitness identification performance is not affected by time-of-day optimality. <i>Scientific Reports</i> , 2021 , 11, 3462	4.9	1
14	Facing stress: No effect of acute stress at encoding or retrieval on face recognition memory. <i>Acta Psychologica</i> , 2021 , 219, 103376	1.7	1
13	An examination of the Self-Administered Interview as a verbal veracity assessment tool. <i>Applied Cognitive Psychology</i> , 2020 , 34, 1083-1091	2.1	1
12	Maximising Grip on Deception and Disguise: Expert Sports Performance During Competitive Interactions.. <i>Sports Medicine - Open</i> , 2022 , 8, 47	6.1	1
11	Eyewitness metamemory predicts identification performance in biased and unbiased line-ups. <i>Legal and Criminological Psychology</i> , 2020 , 25, 111-132	1.7	0
10	Eye spy a liar: assessing the utility of eye fixations and confidence judgments for detecting concealed recognition of faces, scenes and objects. <i>Cognitive Research: Principles and Implications</i> , 2020 , 5, 38	2.7	0
9	Amplifying recall after delays via initial interviewing: Inoculating truth-tellers' memory as a function of encoding quality. <i>Acta Psychologica</i> , 2020 , 209, 103130	1.7	0
8	Remembering James Ost (1973-2019). <i>Journal of Applied Research in Memory and Cognition</i> , 2019 , 8, 496-497	2.3	0
7	Mitigating the negative effects of retrieval stress on memory: an arousal reappraisal intervention. <i>Memory</i> , 2021 , 29, 330-344	1.8	0
6	Twelve (not so) angry men: jurors work better in small groups. <i>Criminal Justice Matters</i> , 2011 , 86, 8-9		
5	Jury decision making 2010 , 675-682		
4	From Verbal Account to Written Evidence: Do Written Statements Generated by Officers Accurately Represent What Witnesses Say?. <i>Frontiers in Psychology</i> , 2021 , 12, 774322	3.4	
3	Examining the efficacy of a digital version of the Self-Administered Interview. <i>Computers in Human Behavior Reports</i> , 2022 , 5, 100159	2.6	
2	Development of the Reporting Information about Networks and Groups (RING) task: a method for eliciting information from memory about associates, groups, and networks. <i>Journal of Forensic Practice</i> , 2019 , 21, 240-247	0.5	
1	Time-of-day effects on eyewitness reports in morning and evening types. <i>Psychiatry, Psychology and Law</i> , 1-13	1.3
