#	ARTICLE	IF	CITATIONS
1	Interventions to prevent or reduce rationing or missed nursing care: A scoping review. <i>Journal of Advanced Nursing</i> , 2021, 77, 550-564.	3.3	32
2	Nurse staffing practices and adverse events in acute care hospitals: The research protocol of a multisite patient-level longitudinal study. <i>Journal of Advanced Nursing</i> , 2021, 77, 1567-1577.	3.3	7
3	Effects of Telerehabilitation on Patient Adherence to a Rehabilitation Plan: Protocol for a Mixed Methods Trial. <i>JMIR Research Protocols</i> , 2021, 10, e32134.	1.0	5
4	Nurse staffing practices and postoperative atrial fibrillation among cardiac surgery patients: A multisite cohort study. <i>CJC Open</i> , 2021, 4, 37-46.	1.5	1
5	Associations of 4 Nurse Staffing Practices With Hospital Mortality. <i>Medical Care</i> , 2020, 58, 912-918.	2.4	21
6	Validation of an algorithm based on administrative data to detect new onset of atrial fibrillation after cardiac surgery. <i>BMC Medical Research Methodology</i> , 2020, 20, 75.	3.1	8
7	53 Associations of four nurse staffing practices with hospital mortality: key lessons for hospital managers and leaders. , 2020, , .		0
8	Are hospital nurse staffing practices associated with postoperative cardiac events and death? A systematic review. <i>PLoS ONE</i> , 2019, 14, e0223979.	2.5	18
9	Conceptual and methodological challenges of studies examining the determinants and outcomes of omitted nursing care: A narrative review of the literature. <i>International Journal of Nursing Studies</i> , 2019, 100, 103403.	5.6	16
10	Development of a New Comorbidity Assessment Tool for Specific Prediction of Perioperative Mortality in Contemporary Patients Treated with Radical Cystectomy. <i>Annals of Surgical Oncology</i> , 2019, 26, 1942-1949.	1.5	13
11	Associations between nurse education and experience and the risk of mortality and adverse events in acute care hospitals: A systematic review of observational studies. <i>International Journal of Nursing Studies</i> , 2018, 80, 128-146.	5.6	97
12	Discursive practice "lean thinking, nurses' responsibilities and the cost to care. <i>Journal of Health Organization and Management</i> , 2018, 32, 762-778.	1.3	14
13	Automated Extraction of VTE Events From Narrative Radiology Reports in Electronic Health Records. <i>Medical Care</i> , 2017, 55, e73-e80.	2.4	35
14	Accuracy and generalizability of using automated methods for identifying adverse events from electronic health record data: a validation study protocol. <i>BMC Health Services Research</i> , 2017, 17, 147.	2.2	15
15	Rationing of nursing care interventions and its association with nurse-reported outcomes in the neonatal intensive care unit: a cross-sectional survey. <i>BMC Nursing</i> , 2016, 15, 46.	2.5	42
16	Improving patient safety by optimizing the use of nursing human resources. <i>Implementation Science</i> , 2015, 10, 89.	6.9	15
17	A novel method of adverse event detection can accurately identify venous thromboembolisms (VTEs) from narrative electronic health record data. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2015, 22, 155-165.	4.4	61
18	Challenges to the implementation of a nationwide electronic prescribing network in primary care: a qualitative study of users' perceptions. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2015, 22, 838-848.	4.4	16

#	ARTICLE	IF	CITATIONS
19	Accuracy of using automated methods for detecting adverse events from electronic health record data: a research protocol. <i>Implementation Science</i> , 2015, 10, 5.	6.9	22
20	Pilot Testing of a Psycho-educational Telephone Intervention for Women Receiving Uninformative BRCA1/2 Genetic Test Results. <i>Canadian Journal of Nursing Research</i> , 2015, 47, 53-71.	1.5	4
21	Patient and nurse staffing characteristics associated with high sitter use costs. <i>Journal of Advanced Nursing</i> , 2012, 68, 1758-1767.	3.3	33
22	What differentiates primary care physicians who predominantly prescribe diuretics for treating mild to moderate hypertension from those who do not? A comparative qualitative study. <i>BMC Family Practice</i> , 2012, 13, 9.	2.9	12
23	Registered Nurses' Job Demands in Relation to Sitter Use. <i>Nursing Research</i> , 2011, 60, 221-230.	1.7	15
24	Nurses' work environments, care rationing, job outcomes, and quality of care on neonatal units. <i>Journal of Advanced Nursing</i> , 2010, 66, 2213-2224.	3.3	158
