#	ARTICLE	IF	CITATIONS
1	Positive thinking and physical activity motivation for one individual with multiple sclerosis: A qualitative case-study. <i>New Zealand Journal of Physiotherapy</i> , 2023, 44, .	0.1	1
2	#Bodypositive surpasses 1 billion engagements. <i>Journal of Health Psychology</i> , 2023, 28, 103-106.	2.3	2
3	Examining Men's Experiences of Abuse From a Female Intimate Partner in Four English-Speaking Countries. <i>Journal of Interpersonal Violence</i> , 2022, 37, 1311-1337.	2.0	15
4	Clinical psychology students' perspectives on involving transgender community members in teaching activities within their training in Aotearoa New Zealand.. <i>Psychology of Sexual Orientation and Gender Diversity</i> , 2022, 9, 309-320.	2.7	6
5	Perspectives on expertise in teaching about transgender healthcare: A focus group study with health professional programme teaching staff and transgender community members. <i>International Journal of Transgender Health</i> , 2022, 23, 334-354.	2.3	13
6	Fears about COVID-19 and perceived risk among people with rheumatoid arthritis or ankylosing spondylitis following the initial lockdown in Aotearoa New Zealand. <i>Musculoskeletal Care</i> , 2022, 20, 290-298.	1.4	3
7	Supportive interactions with primary care doctors are associated with better mental health among transgender people: results of a nationwide survey in Aotearoa/New Zealand. <i>Family Practice</i> , 2022, 39, 834-842.	1.9	15
8	"I'm actually pretty happy with how I am": a mixed-methods study of young women with positive body image. <i>Psychology and Health</i> , 2021, 36, 649-668.	2.2	11
9	A qualitative exploration of barriers to university students' willingness to attend sexual violence prevention workshops. <i>Sex Education</i> , 2021, 21, 148-160.	2.0	2
10	What Are the Preferences of Patients With Rheumatoid Arthritis for Treatment Modification? A Scoping Review. <i>Patient</i> , 2021, 14, 505-532.	2.7	2
11	Enacted stigma experiences and protective factors are strongly associated with mental health outcomes of transgender people in Aotearoa/New Zealand. <i>International Journal of Transgender Health</i> , 2021, 22, 269-280.	2.3	14
12	Pro-social bystander sexual violence prevention workshops for first year university students: perspectives of students and staff of residential colleges. <i>Kotuitui: New Zealand Journal of Social Sciences Online</i> , 2021, 16, 432-447.	0.9	3
13	Mental health and quality of life for people with rheumatoid arthritis or ankylosing spondylitis in Aotearoa New Zealand following the COVID-19 national lockdown. <i>Rheumatology International</i> , 2021, 41, 1763-1772.	3.0	13
14	Special issue introduction " working towards allyship: acknowledging and redressing power imbalances in psychology. <i>Qualitative Research in Psychology</i> , 2021, 18, 451-458.	17.6	7
15	Enjoyment of exercise among people with arthritis: An inductive thematic analysis. <i>Journal of Health Psychology</i> , 2020, 25, 766-779.	2.3	1
16	Gender Minority Stress: A Critical Review. <i>Journal of Homosexuality</i> , 2020, 67, 1471-1489.	2.0	162
17	Tapering Biologic Therapy for Rheumatoid Arthritis: A Qualitative Study of Patient Perspectives. <i>Patient</i> , 2020, 13, 225-234.	2.7	12
18	Suicidality, self-harm, and their correlates among transgender and cisgender people living in Aotearoa/New Zealand or Australia. <i>International Journal of Transgender Health</i> , 2020, 21, 440-454.	2.3	23

#	ARTICLE	IF	CITATIONS
19	Acceptance and commitment therapy for people with rheumatic disease: Existing evidence and future directions. <i>Musculoskeletal Care</i> , 2020, 18, 330-341.	1.4	9
20	Exploring the role of online health information and social media in the illness experience of arthritis-related fatigue: A focus group study. <i>Musculoskeletal Care</i> , 2020, 18, 501-509.	1.4	3
21	Understanding fatigue-related disability in rheumatoid arthritis and ankylosing spondylitis: The importance of daily correlates. <i>Arthritis Care and Research</i> , 2020, 73, 1282-1289.	3.4	6
22	Sexual assault experiences of university students and disclosure to health professionals and others. <i>New Zealand Medical Journal</i> , 2020, 133, 55-64.	0.5	0
23	Intuitive eating and gestational weight gain. <i>Eating Behaviors</i> , 2019, 34, 101311.	2.0	7
24	Overcoming Barriers to Transgender Healthcare Education in Aotearoa New Zealand. <i>New Zealand Journal of Educational Studies</i> , 2019, 54, 357-366.	1.1	10
25	A whole campus approach to sexual violence: the University of Otago Model. <i>Journal of Higher Education Policy and Management</i> , 2019, 41, 646-662.	2.3	11
26	Sarcopenia in osteoarthritis and rheumatoid arthritis: The association with self-reported fatigue, physical function and obesity. <i>PLoS ONE</i> , 2019, 14, e0217462.	2.5	59
27	Tapering biologic therapy for people with rheumatoid arthritis in remission: A review of patient perspectives and associated clinical evidence. <i>Musculoskeletal Care</i> , 2019, 17, 161-169.	1.4	9
28	Celebrations amongst challenges: Considering the past, present and future of the qualitative methods in psychology section of the British Psychology Society. <i>Qualitative Research in Psychology</i> , 2019, 16, 464-482.	17.6	17
29	Optimising daily diary questionnaires about fatigue, psychological flexibility and well-being: perspectives of people with rheumatic disease. <i>Psychology and Health</i> , 2019, 34, 181-199.	2.2	5
30	“Extra marginalisation within the community”: queer individuals’ perspectives on suicidality, discrimination and gay pride events. <i>Psychology and Sexuality</i> , 2019, 10, 31-44.	1.9	6
31	Associations between Health Assessment Questionnaire Disability Index and physical performance in rheumatoid arthritis and osteoarthritis. <i>International Journal of Rheumatic Diseases</i> , 2019, 22, 417-424.	1.9	13
32	Stress and coping in Fijian rakavi (rugby) sevens players. <i>Sport in Society</i> , 2019, 22, 2179-2202.	1.2	2
33	Is avoidance of illness uncertainty associated with distress during oncology treatment? A daily diary study. <i>Psychology and Health</i> , 2019, 34, 422-437.	2.2	7
34	“I actually just really need to stop work sometimes”: Exploring fatigue-related barriers to employment among people with rheumatic diseases. <i>Musculoskeletal Care</i> , 2019, 17, 97-104.	1.4	5
35	Māori Men’s Experiences of Rehabilitation in the Moana House Therapeutic Community in Aotearoa/New Zealand: A Qualitative Enquiry. <i>International Journal of Offender Therapy and Comparative Criminology</i> , 2019, 63, 734-751.	1.2	6
36	Te kura mai i tawhiti research programme: A collaborative lifecourse approach to health, wellbeing and whānau development. <i>MAI Journal</i> , 2019, 8, .	0.5	1

#	ARTICLE	IF	CITATIONS
37	Advancing transgender healthcare teaching in Aotearoa/New Zealand. <i>New Zealand Medical Journal</i> , 2019, 132, 104-106.	0.5	1
38	Validation of the Intuitive Eating Scale in pregnancy. <i>Journal of Health Psychology</i> , 2018, 23, 701-709.	2.3	6
39	“It gets into your head as well as your body”: The experiences of patients with cancer during oncology treatment with curative intent. <i>Journal of Health Psychology</i> , 2018, 23, 3-16.	2.3	6
40	Reconceptualizing motivation for smoking cessation among people with rheumatoid arthritis as incentives and facilitators. <i>Musculoskeletal Care</i> , 2018, 16, 139-146.	1.4	7
41	Education Preferences of People With Gout: Exploring Differences Between Indigenous and Nonindigenous Peoples from Rural and Urban Locations. <i>Arthritis Care and Research</i> , 2018, 70, 260-267.	3.4	7
42	Exploring perceptions of a rheumatoid arthritis-specific smoking cessation programme. <i>Musculoskeletal Care</i> , 2018, 16, 74-81.	1.4	7
43	Improving gout education from patients’ perspectives: a focus group study of Māori and Pākehā people with gout. <i>Journal of Primary Health Care</i> , 2018, 10, 194.	0.6	9
44	Exploring the Blue Prescription intervention to promote physical activity in people with long-term conditions. <i>International Journal of Therapy and Rehabilitation</i> , 2018, 25, 365-376.	0.3	1
45	Ethics in Critical Research: Stories from the Field. , 2018, , 1-13.		3
46	The Ethics of Allowing Participants to Be Named in Critical Research with Indigenous Peoples in Colonised Settings: Examples from Health Research with Māori. , 2018, , 273-289.		3
47	Introduction: Encounters with Systems Within Which Critical Research Is Conducted. , 2018, , 17-28.		1
48	Traversing Ethical Imperatives: Learning from Stories from the Field. , 2018, , 429-453.		3
49	Challenging Methodological and Ethical Conventions to Facilitate Research That Is Responsive to People with Learning Disabilities. , 2018, , 355-370.		1
50	Blurred Researcher-Participant Boundaries in Critical Research: Do Non-clinicians and Clinicians Experience Similar Dual-Role Tensions?. , 2018, , 145-161.		0
51	Introduction: Researching “Down”, “Up”, and “Alongside”. , 2018, , 327-338.		3
52	Sexuality and gender identity teaching within preclinical medical training in New Zealand: content, attitudes and barriers. <i>New Zealand Medical Journal</i> , 2018, 131, 35-44.	0.5	1
53	The importance of health(ism): A focus group study of lesbian, gay, bisexual, pansexual, queer and transgender individuals’ understandings of health. <i>Journal of Health Psychology</i> , 2017, 22, 237-247.	2.3	8
54	Oncology healthcare professionals’ perspectives on the psychosocial support needs of cancer patients during oncology treatment. <i>Journal of Health Psychology</i> , 2017, 22, 1332-1344.	2.3	21

#	ARTICLE	IF	CITATIONS
55	Decompensation: A Novel Approach to Accounting for Stress Arising From the Effects of Ideology and Social Norms. <i>Journal of Homosexuality</i> , 2017, 64, 592-605.	2.0	46
56	Efficacy of a Rheumatoid Arthritisâ€“Specific Smoking Cessation Program: A Randomized Controlled Pilot Trial. <i>Arthritis Care and Research</i> , 2017, 69, 28-37.	3.4	24
57	Using Foucault's theory of disciplinary power to critically examine the construction of gender in secondary schools. <i>Social and Personality Psychology Compass</i> , 2017, 11, e12302.	3.7	11
58	â€œAll Those Ingredients of the Walkâ€“: The Therapeutic Spaces of Dog-walking for People with Long-term Health Conditions. <i>Anthrozoos</i> , 2017, 30, 327-340.	1.4	8
59	The role of enjoyment in exercise for people with arthritis: Four different viewpoints from a Qâ€“methodology study. <i>Musculoskeletal Care</i> , 2017, 15, 324-332.	1.4	4
60	Sarcopenic obesity is more prevalent in osteoarthritis than rheumatoid arthritis: are different processes involved?. <i>Rheumatology</i> , 2017, 56, 1816-1818.	1.9	8
61	Queer Theory. , 2017, , 101-121.		3
62	How Does Dog-Walking Influence Perceptions of Health and Wellbeing in Healthy Adults? A Qualitative Dog-Walk-Along Study. <i>Anthrozoos</i> , 2016, 29, 181-192.	1.4	27
63	Once a clinician, always a clinician: a systematic review to develop a typology of clinician-researcher dual-role experiences in health research with patient-participants. <i>BMC Medical Research Methodology</i> , 2016, 16, 95.	3.1	55
64	â€“The positive feelâ€“: Unpacking the role of positive thinking in people with multiple sclerosisâ€“s thinking aloud about staying physically active. <i>Journal of Health Psychology</i> , 2016, 21, 3026-3036.	2.3	6
65	Developing a Tailored Smoking Cessation Intervention for Rheumatoid Arthritis Patients. <i>Musculoskeletal Care</i> , 2016, 14, 2-14.	1.4	11
66	Walking is a Feasible Physical Activity for People with Rheumatoid Arthritis: A Feasibility Randomized Controlled Trial. <i>Musculoskeletal Care</i> , 2016, 14, 47-56.	1.4	24
67	â€œThere are risks to be taken and some just push it too farâ€“: how farmers perceive quadâ€“bike incident risk. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, 55-61.	1.8	10
68	The effectiveness of behaviour change interventions to increase physical activity participation in people with multiple sclerosis: a systematic review and meta-analysis. <i>Clinical Rehabilitation</i> , 2016, 30, 559-576.	2.2	48
69	What are the perceived barriers, facilitators and attitudes to exercise for women with rheumatoid arthritis? A qualitative study. <i>Disability and Rehabilitation</i> , 2016, 38, 773-780.	1.8	18

71	Using Qualitative Evidence to Develop an Intervention for Enabling People with Chronic Disabling Conditions to be More Physically Active. <i>Handbooks in Health, Work, and Disability</i> , 2016, , 453-472.	0.0	2
72	Fatigue and mood among people with arthritis: Carry-over across the day.. <i>Health Psychology</i> , 2016, 35, 492-499.	1.6	10

#	ARTICLE	IF	CITATIONS
73	Women's experiences of changes in eating during pregnancy: A qualitative study in Dunedin, New Zealand.. New Zealand College of Midwives Journal, 2016, 52, 5-11.	0.4	6
74	Identifying Barriers to Smoking Cessation in Rheumatoid Arthritis. Arthritis Care and Research, 2015, 67, 607-615.	3.4	29
75	Feel the Fatigue and Be Active Anyway: Physical Activity on High-Fatigue Days Protects Adults With Arthritis From Decrements in Same-Day Positive Mood. Arthritis Care and Research, 2015, 67, 1230-1236.	3.4	20
76	Patient Information about Gout: An International Review of Existing Educational Resources. Journal of Rheumatology, 2015, 42, 975-978.	2.0	20
77	Unrealistic Optimism, Fatalism, and Risk-Taking in New Zealand Farmers' Descriptions of Quad-Bike Incidents: A Directed Qualitative Content Analysis. Journal of Agromedicine, 2015, 20, 11-20.	1.5	10
78	Recovery-related anxiety and disability following upper limb injury: the importance of context. Disability and Rehabilitation, 2015, 37, 1753-1759.	1.8	13
79	An Evidence-Based Model for Understanding the Mental Health Experiences of Transgender Australians. Australian Psychologist, 2015, 50, 32-39.	1.6	89
80	Title is missing!. , 2015, , .		35
81	"Healthy" individuals' perceptions of type 1 and type 2 diabetes cause and management. Journal of Health Psychology, 2014, 19, 1371-1381.	2.3	16
82	Fatigue in patients with spondyloarthritis associates with disease activity, quality of life and inflammatory bowel symptoms. Clinical Rheumatology, 2014, 33, 1467-1474.	2.2	19
83	Women's experiences of doing long-term pelvic floor muscle exercises for the treatment of pelvic organ prolapse symptoms. International Urogynecology Journal, 2014, 25, 265-271.	1.4	18
84	Are agricultural quad bike loss-of-control events driven by unrealistic optimism?. Safety Science, 2014, 66, 54-60.	4.9	7
85	Is workplace satisfaction associated with self-reported quad bike loss of control events among farm workers in New Zealand?. Applied Ergonomics, 2014, 45, 496-502.	3.1	3
86	Derangement of hemostasis in rheumatoid arthritis: association with demographic, inflammatory and metabolic factors. Clinical Rheumatology, 2013, 32, 1357-1364.	2.2	17
87	A randomized controlled trial of a cognitive behavioural patient education intervention vs a traditional information leaflet to address the cardiovascular aspects of rheumatoid disease. Rheumatology, 2013, 52, 81-90.	1.9	40
88	Participant perceptions of a novel physiotherapy approach ("Blue Prescription") for increasing levels of physical activity in people with multiple sclerosis: a qualitative study following intervention. Disability and Rehabilitation, 2013, 35, 1174-1181.	1.8	26
89	The feasibility and short-term benefits of Blue Prescription: a novel intervention to enable physical activity for people with multiple sclerosis. Disability and Rehabilitation, 2013, 35, 1213-1220.	1.8	24
90	Combining Self-help and Professional Help to Minimize Barriers to Physical Activity in Persons With Multiple Sclerosis. Journal of Neurologic Physical Therapy, 2013, 37, 51-57.	1.4	16

#	ARTICLE	IF	CITATIONS
91	Validation of the Dudley Inflammatory Bowel Symptom Questionnaire for the assessment of bowel symptoms in axial SpA: prevalence of clinically relevant bowel symptoms and association with disease activity. <i>Rheumatology</i> , 2012, 51, 858-865.	1.9	11
92	“Tell me what you want, what you really really want” – asking people with multiple sclerosis about enhancing their participation in physical activity. <i>Disability and Rehabilitation</i> , 2012, 34, 1887-1893.	1.8	60
93	First-time mothers' perspectives on relationships with and between midwives and doctors: Insights from a qualitative study of giving birth in New Zealand. <i>Midwifery</i> , 2012, 28, 489-494.	2.3	12
94	Disease activity and low physical activity associate with number of hospital admissions and length of hospitalisation in patients with rheumatoid arthritis. <i>Arthritis Research and Therapy</i> , 2011, 13, R108.	3.5	45
95	Microalbuminuria in rheumatoid arthritis in the post penicillamine/gold era: association with hypertension, but not therapy or inflammation. <i>Clinical Rheumatology</i> , 2011, 30, 477-484.	2.2	15
96	Surveying “Non-Heterosexual Orientation”: The Problems of Unstratified Sampling, Non-Inclusive Categorizations, and Implied Causality: Commentary on Wells, McGee, and Beautrais (2011). <i>Archives of Sexual Behavior</i> , 2011, 40, 663-665.	1.9	1
97	Patient Evaluation of a Novel Patient Education Leaflet About Heart Disease Risk Among People with Rheumatoid Arthritis. <i>Musculoskeletal Care</i> , 2011, 9, 194-199.	1.4	10
98	The Suitability of Yoga as a Potential Therapeutic Intervention for Rheumatoid Arthritis: A Focus Group approach. <i>Musculoskeletal Care</i> , 2011, 9, 211-221.	1.4	16
99	Translating patient education theory into practice: Developing material to address the cardiovascular education needs of people with rheumatoid arthritis. <i>Patient Education and Counseling</i> , 2011, 84, 123-127.	2.2	22
100	Meeting the needs of children who have parents with chronic inflammatory musculoskeletal diseases. <i>Rheumatology</i> , 2011, 50, 431-433.	1.9	0
101	Taking personal responsibility for well-being increases birth satisfaction of first time mothers. <i>Journal of Health Psychology</i> , 2011, 16, 1221-1230.	2.3	32
102	Daytime patterning of fatigue and its associations with the previous night's discomfort and poor sleep among women with primary Sjögren's syndrome or rheumatoid arthritis. <i>Musculoskeletal Care</i> , 2010, 8, 107-117.	1.4	48
103	Applying psychological interventions in rheumatic disease. , 2010, , 151-162.		2
104	Fatigue in rheumatic disease: an overview. <i>International Journal of Clinical Rheumatology</i> , 2010, 5, 487-502.	0.3	46
105	A comparison of fatigue correlates in rheumatoid arthritis and osteoarthritis: disparity in associations with disability, anxiety and sleep disturbance. <i>Rheumatology</i> , 2010, 49, 361-367.	1.9	101
106	The Ankylosing Spondylitis Quality of Life Questionnaire: validation in a New Zealand cohort. <i>International Journal of Rheumatic Diseases</i> , 2010, 13, 361-366.	1.9	15
107	“All singing from the same hymn sheet”: Healthcare professionals' perceptions of developing patient education material about the cardiovascular aspects of rheumatoid arthritis. <i>Musculoskeletal Care</i> , 2009, 7, 256-271.	1.4	16
108	“Extra information a bit further down the line”: Rheumatoid arthritis patients' perceptions of developing educational material about the cardiovascular disease risk. <i>Musculoskeletal Care</i> , 2009, 7, 272-287.	1.4	18

#	ARTICLE	IF	CITATIONS
109	Development and initial validation of a heart disease knowledge questionnaire for people with rheumatoid arthritis. <i>Patient Education and Counseling</i> , 2009, 77, 136-143.	2.2	22
110	Qualitative methodologies II: a brief guide to applying interpretative phenomenological analysis in musculoskeletal care. <i>Musculoskeletal Care</i> , 2008, 6, 86-96.	1.4	37
111	Measuring fatigue among women with Sjögren's syndrome or rheumatoid arthritis: A comparison of the Profile of Fatigue (ProF) and the Multidimensional Fatigue Inventory (MFI). <i>Musculoskeletal Care</i> , 2008, 6, 31-48.	1.4	39
112	Rheumatoid arthritis, cardiovascular disease and physical exercise: a systematic review. <i>Rheumatology</i> , 2008, 47, 239-248.	1.9	190
113	Hypertension in rheumatoid arthritis. <i>Rheumatology</i> , 2008, 47, 1286-1298.	1.9	239
114	Lymphotoxin 252A>G polymorphism is common and associates with myocardial infarction in patients with rheumatoid arthritis. <i>Annals of the Rheumatic Diseases</i> , 2008, 67, 1550-1556.	0.9	48
115	Predictors of fatigue over 1 year among people with rheumatoid arthritis. <i>Psychology, Health and Medicine</i> , 2008, 13, 494-504.	2.4	63
116	The Common-Sense Model of self-regulation of health and illness: how can we use it to understand and respond to our patients' needs?. <i>Rheumatology</i> , 2007, 46, 904-906.	1.9	149
117	Patient education on cardiovascular aspects of rheumatoid disease: an unmet need. <i>Rheumatology</i> , 2007, 46, 1513-1516.	1.9	28
118	Comment on: Delay in presentation to primary care physicians is the main reason why patients with rheumatoid arthritis are seen late by rheumatologists. <i>Rheumatology</i> , 2007, 47, 559-560.	1.9	16
