|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Analysis and Evaluation of TripAdvisor Data: A Case of Pokhara, Nepal. Lecture Notes in Networks and Systems, 2022, , 738-750.                                                                                                         | 0.7 | 3         |
| 2  | Preliminary Analysis and Design of a Customized Tourism Recommender System. Lecture Notes on Data Engineering and Communications Technologies, 2022, , 541-561.                                                                        | 0.7 | 0         |
| 3  | Graph Representation Learning Using Attention Network. Communications in Computer and Information Science, 2021, , 137-147.                                                                                                            | 0.5 | 0         |
| 4  | Design and Analysis of Mobile-Based Tourism Security Application: Concepts, Artifacts and Challenges. Lecture Notes in Electrical Engineering, 2021, , 201-219.                                                                        | 0.4 | 1         |
| 5  | IMPACT OF SOCIAL NETWORK SITES IN THE LIFE OF UNIVERSITY STUDENTS: A CASE STUDY OF POKHARA UNIVERSITY, NEPAL. International Journal of Innovative Research in Computer Science & Technology, 2021, 9, .                                | 0.3 | 1         |
| 6  | DIGITAL TOURISM BUSINESS ECOSYSTEM: ARTIFACTS, TAXONOMY AND IMPLEMENTATION ASPECTS. International Journal of Innovative Research in Computer Science & Technology, 2021, 9, .                                                          | 0.3 | 1         |
| 7  | Analysis of Design Quality and User Requirements of Online Taxation Portal of Nepal. EAI/Springer Innovations in Communication and Computing, 2021, , 1-15.                                                                            | 1.1 | 1         |
| 8  | A UML based approach for analysis and design of tourism web portal. , 2020, , .                                                                                                                                                        |     | 4         |
| 9  | Digital reference model system for religious tourism& its safeties. , 2020, , .                                                                                                                                                        |     | 2         |
| 10 | Analysis and Design of Tourism Recommender System for Religious Destinations of Nepal. , 2020, , .                                                                                                                                     |     | 2         |
| 11 | Digital Tourism Development and Sustainability Model for Nepal. , 2019, , .                                                                                                                                                            |     | 5         |
| 12 | Attitude of international tourist towards ICT and digital services in tourism industry of nepal. , 2019, , .                                                                                                                           |     | 3         |
| 13 | Computer-vision-based bare-hand augmented reality interface for controlling an AR object. International Journal of Computer Aided Engineering and Technology, 2018, 10, 257.                                                           | 0.2 | 2         |
| 14 | An ICT Framework for Tourism Industry of Nepal: Prospect and Challenges. Journal of Internet Computing and Services, 2016, 17, 113-122.                                                                                                | 0.1 | 6         |
| 15 | Integrating romanized Nepali spellchecker with SMS based decision support system for Nepalese farmers. , 2015, , .                                                                                                                     |     | 0         |
| 16 | An Exploratory Study on the Usage of Internet Technologies and Tools in Educational Working Environment of Developing Countries: A Case of Pokhara University in Nepal. Journal of Internet Computing and Services, 2015, 16, 101-110. | 0.1 | 1         |
| 17 | Impact of Liquidity on Bank Profitability in Nepalese Commercial Banks. SSRN Electronic Journal, 0, , .                                                                                                                                | 0.4 | 4         |
| 18 | Attitude of International Tourist towards ICT and Digital Services in Tourism Industry of Nepal. SSRN Electronic Journal, 0, , .                                                                                                       | 0.4 | 0         |
