#	ARTICLE	IF	CITATIONS
1	Effect of topical local anaesthesia on injection pain associated with administration of sterile water injections - a randomized controlled trial. <i>BMC Anesthesiology</i> , 2022, 22, 35.	1.8	2
2	A comparison of two versus four sterile water injections for the relief of back pain in labour: A multicentre randomised equivalence trial. <i>Women and Birth</i> , 2022, , .	2.0	0
3	Sterile water injections for relief of labour pain (the SATURN trial): study protocol for a randomised controlled trial. <i>Trials</i> , 2022, 23, 155.	1.6	3
4	Expecting parentsâ€™ use of digital sources in preparation for parenthood in a digitalised society â€“ a systematic review. <i>Digital Health</i> , 2022, 8, 205520762210903.	1.8	4
5	Sterile water injections for management of renal colic pain: a systematic review. <i>Scandinavian Journal of Urology</i> , 2022, 56, 255-263.	1.0	1
6	Caesarean delivery rates and analgesia effectiveness following injections of sterile water for back pain in labour: A multicentre, randomised placebo controlled trial. <i>EClinicalMedicine</i> , 2020, 25, 100447.	7.1	12
7	Midwives' Experiences of Providing the "Inspirational Lecture" as a Care Intervention for Expectant Parentsâ€”A Qualitative Study. <i>Frontiers in Public Health</i> , 2020, 8, 575062.	2.7	3
8	Ways of strategies to knowing the patient described by nursing students. <i>Nurse Education in Practice</i> , 2019, 38, 120-125.	2.6	7
9	Knowledge and use of sterile water injections amongst midwives in the United Kingdom: A cross-sectional study. <i>Midwifery</i> , 2019, 68, 9-14.	2.3	9
10	Sterile water injections for childbirth pain: An evidenced based guide to practice. <i>Women and Birth</i> , 2018, 31, 380-385.	2.0	16
11	Quality of couple relationship among first-time mothers and partners, during pregnancy and the first six months of parenthood. <i>Sexual and Reproductive Healthcare</i> , 2018, 17, 56-64.	1.2	20
12	Mindfulness and its efficacy for psychological and biological responses in women with breast cancer. <i>Cancer Medicine</i> , 2017, 6, 1108-1122.	2.8	95
13	"It makes you feel like you are not alone": Expectant first-time mothers' experiences of social support within the social network, when preparing for childbirth and parenting. <i>Sexual and Reproductive Healthcare</i> , 2017, 12, 51-57.	1.2	31
14	Associations between Maternal Characteristics and Women's Responses to Acupuncture during Labour: A Secondary Analysis from a Randomised Controlled Trial. <i>Acupuncture in Medicine</i> , 2017, 35, 180-188.	1.0	5
15	"To be able to support her, I must feel calm and safe": pregnant women's partners perceptions of professional support during pregnancy. <i>BMC Pregnancy and Childbirth</i> , 2017, 17, 234.	2.4	29
16	"It's like a puzzle": Pregnant women's perceptions of professional support in midwifery care. <i>Women and Birth</i> , 2016, 29, e110-e118.	2.0	22
17	Nurses Challenges of Supporting Hospitalized Patients Regarding Sexual-Health Issues. <i>Journal of Nursing & Care</i> , 2016, 05, .	0.1	3
18	Acupuncture with manual and electrical stimulation for labour pain: a two month follow up of recollection of pain and birth experience. <i>BMC Complementary and Alternative Medicine</i> , 2015, 15, 180.	3.7	8

#	ARTICLE	IF	CITATIONS
19	Assessment and documentation of women's labour pain: A cross-sectional study in Swedish delivery wards. <i>Women and Birth</i> , 2015, 28, e14-e18.	2.0	6
20	What helps? A description of experiences of support among primiparous women with fear of childbirth: An interview study. <i>International Journal of Nursing and Midwifery</i> , 2014, 6, 67-73.	0.5	1
21	Women's Use of Nipple Shields—Their Influence on Breastfeeding Duration After a Process-Oriented Education for Health Professionals. <i>Breastfeeding Medicine</i> , 2014, 9, 458-466.	1.7	18
22	Process-oriented training in breastfeeding for health professionals decreases women's experiences of breastfeeding challenges. <i>International Breastfeeding Journal</i> , 2014, 9, 15.	2.6	24
23	The Recovery Process After Day Surgery Within the Symptom Management Theory. <i>Nursing Forum</i> , 2014, 49, 100-109.	2.3	4
24	Acupuncture with manual and electrical stimulation for labour pain: a longitudinal randomised controlled trial. <i>BMC Complementary and Alternative Medicine</i> , 2014, 14, 187.	3.7	27
25	Midwifery students' conceptions of worst imaginable pain. <i>Women and Birth</i> , 2014, 27, 104-107.	2.0	1
26	Impact on Caesarean section rates following injections of sterile water (ICARIS): a multicentre randomised controlled trial. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 105.	2.4	12
27	The evolution of midwifery education at the master's level: A study of Swedish midwifery education programmes after the implementation of the Bologna process. <i>Nurse Education Today</i> , 2013, 33, 866-872.	3.3	20
28	Midwifery students attribute different quantitative meanings to 'œœhurt', 'œœache' and 'œœpain'. A cross-sectional survey. <i>Women and Birth</i> , 2013, 26, 143-146.	2.0	5
29	Mindfulness based stress reduction study design of a longitudinal randomized controlled complementary intervention in women with breast cancer. <i>BMC Complementary and Alternative Medicine</i> , 2013, 13, 248.	3.7	14
30	Well-being dialogue: Elderly women's subjective sense of well-being from their course of life perspective. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2012, 7, 19207.	1.6	4
31	Manual and Electroacupuncture for Labour Pain: Study Design of a Longitudinal Randomized Controlled Trial. <i>Evidence-based Complementary and Alternative Medicine</i> , 2012, 2012, 1-9.	1.2	7
32	Women's Perceptions of Their Right to Choose the Place of Childbirth: A Qualitative Study. <i>International Journal of Childbirth</i> , 2012, 2, 230-240.	0.3	3
33	Cross sectional study of Australian midwives knowledge and use of sterile water injections for pain relief in labour. <i>Women and Birth</i> , 2012, 25, e74-e79.	2.0	16
34	Women's perceptions of their right to choose the place of childbirth: an integrative review. <i>Midwifery</i> , 2012, 28, 380-390.	2.3	53
35	Reliability and validity of the Acceptance Symptom Assessment Scale in assessing labour pain. <i>Midwifery</i> , 2012, 28, e684-e688.	2.3	11
36	A Qualitative Study of Women's Feelings About Future Childbirth: Dread and Delight. <i>Journal of Midwifery and Women's Health</i> , 2012, 57, 120-125.	1.3	24

#	ARTICLE	IF	CITATIONS
37	Economic empowerment of women and utilization of maternal delivery care in bangladesh. <i>International Journal of Preventive Medicine</i> , 2012, 3, 628-36.	0.4	28
38	Comparison of the PainMatcher and the Visual Analogue Scale for assessment of labour pain following administered pain relief treatment. <i>Midwifery</i> , 2011, 27, e134-e139.	2.3	11
39	A national survey of how acupuncture is currently used in midwifery care at Swedish maternity units. <i>Midwifery</i> , 2011, 27, 87-92.	2.3	21
40	Empowerment in the midwifery context—a concept analysis. <i>Midwifery</i> , 2011, 27, 811-816.	2.3	66
41	National survey of how acupuncture education is organised for Swedish midwives. <i>Midwifery</i> , 2011, 27, 93-98.	2.3	2
42	Incompleteness of Swedish local clinical guidelines for acupuncture treatment during childbirth. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2011, 90, 77-82.	2.8	2
43	Patients' Experiences of Pain Following Day Surgery - At 48 Hours, Seven Days and Three Months. <i>Open Nursing Journal</i> , 2011, 5, 52-59.	0.4	33
44	Patients' experiences and perceived causes of persisting discomfort following day surgery. <i>BMC Nursing</i> , 2010, 9, 16.	2.5	15
45	The Patient Observer: Sterile Water Injections for Labor Pain. <i>Birth</i> , 2010, 37, 334-336.	2.2	7
46	Experiences of problems in individuals with hypersensitivity to odours and chemicals. <i>Journal of Clinical Nursing</i> , 2009, 18, 737-744.	3.0	18
47	US Midwives' Knowledge and Use of Sterile Water Injections for Labor Pain. <i>Journal of Midwifery and Women's Health</i> , 2008, 53, 115-122.	1.3	17
48	Acupuncture versus subcutaneous injections of sterile water as treatment for labour pain. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2008, 87, 171-177.	2.8	43
49	Sterile water injections as treatment for low back pain during labour: A review. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2008, 48, 369-374.	1.0	193
50	Use of Acupuncture and Sterile Water Injection for Labor Pain: A Survey in Sweden. <i>Birth</i> , 2006, 33, 289-296.	2.2	19
51	Subcutaneous versus intracutaneous injections of sterile water for labour analgesia: a comparison of perceived pain during administration. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2000, 107, 1248-1251.	2.3	35
52	Labour pain treated with cutaneous injections of sterile water: a randomised controlled trial. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 1999, 106, 633-637.	2.3	71
