#	Paper	IF	Citations
110	Redefining the golden hour for severe head injury in an urban setting: the effect of prehospital arrival times on patient outcomes. <i>Injury</i> , 2013 , 44, 606-10	2.5	80
109	Prospective evaluation of a two-tiered trauma activation protocol in an Australian major trauma referral hospital. <i>Injury</i> , 2010 , 41, 470-4	2.5	80
108	Reducing stress and burnout in junior doctors: the impact of debriefing sessions. <i>Postgraduate Medical Journal</i> , 2015 , 91, 182-7	2	69
107	Presentations to NSW emergency departments with self-harm, suicidal ideation, or intentional poisoning, 2010-2014. <i>Medical Journal of Australia</i> , 2018 , 208, 348-353	4	66
106	Randomised control trial of humidified high flow nasal cannulae versus standard oxygen in the emergency department. <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 537-541	1.5	53
105	Evaluating the quality of care delivered by an emergency department fast track unit with both nurse practitioners and doctors. <i>Australasian Emergency Nursing Journal</i> , 2012 , 15, 188-94		52
104	Understanding drivers of Demand for Emergency Service Trends in Years 2010-2014 in New South Wales: An initial overview of the DESTINY project. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 179-86 ^{1.5}	1.5	36
103	Whole-body computed tomography in the initial assessment of trauma patients: is there optimal criteria for patient selection?. <i>EMA - Emergency Medicine Australasia</i> , 2013 , 25, 182-91	1.5	28
102	Determinants of patient satisfaction in an Australian emergency department fast-track setting. <i>Emergency Medicine Journal</i> , 2013 , 30, 824-7	1.5	27
101	Use of AUDIT-C as a tool to identify hazardous alcohol consumption in admitted trauma patients. <i>Injury</i> , 2014 , 45, 1440-4	2.5	24
100	Factors influencing social and health outcomes after motor vehicle crash injury: an inception cohort study protocol. <i>BMC Public Health</i> , 2014 , 14, 199	4.1	22
99	Improving adherence to asthma clinical guidelines and discharge documentation from emergency departments: implementation of a dynamic and integrated electronic decision support system. <i>EMA - Emergency Medicine Australasia</i> , 2009 , 21, 31-7	1.5	22
98	Emergency clinician performed ultrasound: availability, uses and credentialing in Australian emergency departments. <i>EMA - Emergency Medicine Australasia</i> , 2010 , 22, 296-300	1.5	21
97	Statewide retrospective study of low acuity emergency presentations in New South Wales, Australia: who, what, where and why?. <i>BMJ Open</i> , 2016 , 6, e010964	3	19
96	Growing trend in older patients with severe injuries: mortality and mechanisms of injury between 1991 and 2010 at an inner city major trauma centre. <i>ANZ Journal of Surgery</i> , 2013 , 83, 65-9	1	19
95	Mechanisms, injuries and helmet use in cyclists presenting to an inner city emergency department. <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 323-7	1.5	19
94	Alcopops, taxation and harm: a segmented time series analysis of emergency department presentations. <i>BMC Public Health</i> , 2015 , 15, 468	4.1	19

93	Patient perceptions of emergency department fast track: a prospective pilot study comparing two models of care. <i>Australasian Emergency Nursing Journal</i> , 2014 , 17, 112-8		18
92	Age before acuity: the drivers of demand for emergency department services in the Greater Sydney Area. <i>Emergency Medicine Journal</i> , 2015 , 32, 708-11	1.5	17
91	The utility of Advanced Trauma Life Support (ATLS) clinical shock grading in assessment of trauma. <i>Emergency Medicine Journal</i> , 2014 , 31, 384-9	1.5	17
90	Trends and characteristics of short-term and frequent representations to emergency departments: A population-based study from New South Wales, Australia. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 307-12	1.5	17
89	Involuntary admissions under the Mental Health Act 2007 (New South Wales): a comparison of patients detained by ambulance officers, medical practitioners and accredited persons in an emergency department. <i>EMA - Emergency Medicine Australasia</i> , 2013 , 25, 544-9	1.5	16
88	Evolution of health information management and information technology in emergency medicine. <i>EMA - Emergency Medicine Australasia</i> , 2006 , 18, 289-94	1.5	16
87	Impact of acutely behavioural disturbed patients in the emergency department: A prospective observational study. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 387-392	1.5	16
86	Demand for emergency department services in the elderly: an 11 year analysis of the Greater Sydney Area. <i>EMA - Emergency Medicine Australasia</i> , 2014 , 26, 356-60	1.5	15
85	Performance of the New South Wales Ambulance Service major trauma transport protocol (T1) at an inner city trauma centre. <i>EMA - Emergency Medicine Australasia</i> , 2012 , 24, 401-7	1.5	15
84	The Sydney Triage to Admission Risk Tool (START) to predict Emergency Department Disposition: A derivation and internal validation study using retrospective state-wide data from New South Wales, Australia. <i>BMC Emergency Medicine</i> , 2016 , 16, 46	2.4	15
83	Health status and return to work in trauma patients at 3 and 6 months post-discharge: an Australian major trauma centre study. <i>European Journal of Trauma and Emergency Surgery</i> , 2016 , 42, 483-490	2.3	14
82	Senior work-up assessment and treatment team in an emergency department: a randomised control trial. <i>EMA - Emergency Medicine Australasia</i> , 2014 , 26, 343-9	1.5	14
81	Major trauma mortality in rural and metropolitan NSW, 2009-2014: a retrospective analysis of trauma registry data. <i>Medical Journal of Australia</i> , 2016 , 205, 403-407	4	14
80	The Sydney Triage to Admission Risk Tool (START2) using machine learning techniques to support disposition decision-making. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 429-435	1.5	14
79	A trauma quality improvement programme associated with improved patient outcomes: 21 years of experience at an Australian Major Trauma Centre. <i>Injury</i> , 2014 , 45, 830-4	2.5	13
78	The effect of clinical history on accuracy of electrocardiograph interpretation among doctors working in emergency departments. <i>Medical Journal of Australia</i> , 2012 , 197, 161-5	4	13
77	What is the impact of prehospital blood product administration for patients with catastrophic haemorrhage: an integrative review. <i>Injury</i> , 2019 , 50, 226-234	2.5	13
76	Effect of the elderly and increasing injury severity on acute hospital resource utilization in a cohort of inner city trauma patients. <i>ANZ Journal of Surgery</i> , 2013 , 83, 60-4	1	12

75	Emergency department knowledge management in the age of Web 2.0: evaluation of a new concept. <i>EMA - Emergency Medicine Australasia</i> , 2011 , 23, 46-53	1.5	12
74	Describing and comparing the characteristics of injured bicyclists and other injured road users: a prospective cohort study. <i>BMC Public Health</i> , 2016 , 16, 324	4.1	11
73	Emergency Department demand associated with seasonal influenza, 2010 through 2014, New South Wales, Australia. <i>Western Pacific Surveillance and Response Journal: WPSAR</i> , 2017 , 8, 11-20	1	11
72	Costs and effects of interventions targeting frequent presenters to the emergency department: a systematic and narrative review. <i>BMC Emergency Medicine</i> , 2019 , 19, 83	2.4	11
71	Emergency department physicians and pharmacists perspectives on take-home naloxone. <i>Drug and Alcohol Review</i> , 2019 , 38, 169-176	3.2	10
70	Changing patterns of injury associated with low-energy falls in the elderly: a 10-year analysis at an Australian Major Trauma Centre. <i>ANZ Journal of Surgery</i> , 2015 , 85, 230-4	1	10
69	Emergency department clinical redesign, team-based care and improvements in hospital performance: A time series analysis. <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 317-22	1.5	10
68	The impact of alcohol intoxication in patients admitted due to assault at an Australian major trauma centre: a trauma registry study from 1999 to 2009. <i>Emergency Medicine Journal</i> , 2014 , 31, 390-3	1.5	10
67	Level of agreement between prehospital and emergency department vital signs in trauma patients. <i>EMA - Emergency Medicine Australasia</i> , 2013 , 25, 457-63	1.5	10
66	Self-reported antibiotic compliance: emergency department to general practitioner follow up. <i>EMA - Emergency Medicine Australasia</i> , 2005 , 17, 450-6	1.5	9
65	Trends in head injuries and helmet use in cyclists at an inner-city major trauma centre, 1991-2010. <i>Medical Journal of Australia</i> , 2010 , 193, 619-20	4	8
64	Demand for Emergency Services Trends in New South Wales Years 2010-2014 (DESTINY): Age and Clinical Factors Associated with Ambulance Transportation to Emergency Departments. <i>Prehospital Emergency Care</i> , 2016 , 20, 776-782	2.8	7
63	Positive recovery for low-risk injuries screened by the short form - fibro musculoskeletal pain screening questionnaire following road traffic injury: evidence from an inception cohort study in New South Wales, Australia. <i>BMC Musculoskeletal Disorders</i> , 2019 , 20, 531	2.8	7
62	Triage, damned triage and statistics: Sorting out redundancy and duplication within an Emergency Department Presenting Problem Code Set to enhance research capacity. <i>Australasian Emergency Nursing Journal</i> , 2017 , 20, 48-52		7
61	Age-related trends in injury and injury severity presenting to emergency departments in New South Wales Australia: Implications for major injury surveillance and trauma systems. <i>Injury</i> , 2017 , 48, 171-176	2.5	7
60	Accuracy of automatic syndromic classification of coded emergency department diagnoses in identifying mental health-related presentations for public health surveillance. <i>BMC Medical Informatics and Decision Making</i> , 2014 , 14, 84	3.6	7
59	Evaluating an emergency department-based mental health liaison nurse service: A multi-site translational research project. <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 74-81	1.5	7
58	Identifying areas for improvement in paediatric trauma care in NSW Australia using a clinical, system and human factors peer-review tool. <i>Injury</i> , 2019 , 50, 1089-1096	2.5	6

57	Optimizing access and configuration of trauma centre care in New South Wales. <i>Injury</i> , 2019 , 50, 1105-1119	6
56	Predictors and in-hospital mortality associated with prolonged emergency department length of stay in New South Wales tertiary hospitals from 2017 to 2018. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 611-617	1.5 6
55	The Sydney Triage to Admission Risk Tool (START): A prospective validation study. <i>EMA - Emergency Medicine Australasia</i> , 2018 , 30, 511-516	1.5 6
54	Diagnosis-based emergency department alcohol harm surveillance: What can it tell us about acute alcohol harms at the population level?. <i>Drug and Alcohol Review</i> , 2016 , 35, 693-701	3.2 5
53	Refining the trauma triage algorithm at an Australian major trauma centre: derivation and internal validation of a triage risk score. <i>European Journal of Trauma and Emergency Surgery</i> , 2014 , 40, 67-74	2.3 5
52	Electronic interface for emergency department management of asthma: a randomized control trial of clinician performance. <i>EMA - Emergency Medicine Australasia</i> , 2008 , 20, 38-44	1.5 5
51	Emergency department presentations by residents of Sydney quarantine hotels during the COVID-19 outbreak. <i>Medical Journal of Australia</i> , 2021 , 214, 473-474	4 5
50	Prehospital Blood Transfusion in New South Wales, Australia: A Retrospective Cohort Study. <i>Prehospital Emergency Care</i> , 2021 , 25, 404-411	2.8 5
49	Overcrowding kills: How COVID-19 could reshape emergency department patient flow in the new normal. <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 175-177	1.5 5
48	Diagnoses, damned diagnoses and statistics: Dealing with disparate diagnostic coding systems within the New South Wales Emergency Department Data Collection. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 830-836	1.5 4
47	Incidence and outcomes of aortic dissection for emergency departments in New South Wales, Australia 2017-2018: A data linkage study. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 599-603	1.5 4
46	The end of emergency medicine as we know it. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 242-3	1.5 4
45	Use of computed tomography in the setting of a tiered trauma team activation system in Australia. <i>Emergency Radiology</i> , 2013 , 20, 393-400	3 4
44	Bedside review of patient care in an emergency department: The Cow Round. <i>EMA - Emergency Medicine Australasia</i> , 2011 , 23, 600-5	1.5 4
43	The Prognostic Significance of Pulmonary Contusions on Initial Chest Radiographs in Blunt Trauma Patients. <i>European Journal of Trauma and Emergency Surgery</i> , 2008 , 34, 148-53	2.3 4
42	Prehospital care and transport costs of severely injured children in NSW Australia. <i>Injury</i> , 2020 , 51, 2581-2587	4
41	Outcomes for out-of-hospital cardiac arrest transported to emergency departments in Hanoi, Vietnam: A multi-centre observational study. <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 541	1.5 4
40	Influenza-associated delays in patient throughput and premature patient departure in emergency departments in New South Wales, Australia: A time series analysis. <i>EMA - Emergency Medicine Australasia</i> , 2018 , 30, 77-80	1.5 4

39	Feeling the HEAT: Using Hourly Emergency Activity Tracking to demonstrate a novel method of describing activity and patient flow. <i>EMA - Emergency Medicine Australasia</i> , 2017 , 29, 173-177	1.5	3
38	External benchmarking of trauma services in New South Wales: Risk-adjusted mortality after moderate to severe injury from 2012 to 2016. <i>Injury</i> , 2019 , 50, 178-185	2.5	3
37	Outcomes at non-trauma centres within a trauma referral network: A five-year retrospective cohort study from Australia. <i>Australasian Emergency Care</i> , 2019 , 22, 42-46	1.8	3
36	Extending the Sydney Triage to Admission Risk Tool (START+) to predict discharges and short stay admissions. <i>Emergency Medicine Journal</i> , 2018 , 35, 471-476	1.5	3
35	Predictors of transfer to rehabilitation for trauma patients admitted to a level 1 trauma centre--a model derivation and internal validation study. <i>Injury</i> , 2013 , 44, 1551-5	2.5	3
34	Trends in Procedures at Major Trauma Centres in New South Wales, Australia: An Analysis of State-Wide Trauma Data. <i>World Journal of Surgery</i> , 2017 , 41, 2000-2005	3.3	3
33	Real time shift reporting by emergency physicians predicts overall ED performance. <i>Emergency Medicine Journal</i> , 2015 , 32, 130-3	1.5	3
32	The effectiveness of helmets in reducing head injuries and hospital treatment costs: a multicentre study. <i>Medical Journal of Australia</i> , 2013 , 198, 415, 417	4	3
31	Patterns of emergency department use in rural and metropolitan New South Wales from 2012 to 2018. <i>Australian Journal of Rural Health</i> , 2020 , 28, 490-499	1.3	3
30	Ladder-related injuries in New South Wales. <i>Medical Journal of Australia</i> , 2016 , 204, 302	4	3
29	Correlating injury severity scores and major trauma volume using a state-wide in-patient administrative dataset linked to trauma registry data-A retrospective analysis from New South Wales Australia. <i>Injury</i> , 2020 , 51, 109-113	2.5	3
28	One hundred and counting: Centenarian use of emergency departments in New South Wales. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 626-631	1.5	2
27	Biomarkers of autonomic regulation for predicting psychological distress and functional recovery following road traffic injuries: protocol for a prospective cohort study. <i>BMJ Open</i> , 2019 , 9, e024391	3	2
26	Cause, treatment costs and 12-month functional outcomes of children with major injury in NSW, Australia. <i>Injury</i> , 2020 , 51, 2066-2075	2.5	2
25	Use of a syndromic surveillance system to describe the trend in cycling-related presentations to emergency departments in Sydney. <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 343-7	1.5	2
24	Deriving a prediction rule for short stay admission in trauma patients admitted at a major trauma centre in Australia. <i>Emergency Medicine Journal</i> , 2014 , 31, 263-7	1.5	2
23	Determining the priorities for change in paediatric trauma care delivery in NSW, Australia. <i>Australasian Emergency Care</i> , 2020 , 23, 97-104	1.8	2
22	Predictors of health-related quality of life after non-catastrophic injury sustained in a road traffic crash. <i>Annals of Physical and Rehabilitation Medicine</i> , 2020 , 63, 280-287	3.8	2

21	Impacts of injury severity on long-term outcomes following motor vehicle crashes. <i>BMC Public Health</i> , 2021 , 21, 602	4.1	2
20	Has there been a shift in alcohol-related violence to neighbouring inner city lockdown law exclusion areas in Sydney?. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 611-3	1.5	1
19	Interhospital transport of children with confirmed or suspected intussusception: experience at the New South Wales Newborn and Paediatric Emergency Transport Service over 10 years. <i>Pediatric Emergency Care</i> , 2013 , 29, 1166-9	1.4	1
18	Impact of technical assistants for venepuncture and intravenous cannulation on overall emergency department performance. <i>EMA - Emergency Medicine Australasia</i> , 2011 , 23, 726-31	1.5	1
17	The Sydney triage to admission risk tool (START) to improve patient flow in an emergency department: a model of care implementation pilot study. <i>BMC Emergency Medicine</i> , 2019 , 19, 79	2.4	1
16	Twelve-month health outcomes for bicyclists and car occupants after a non-catastrophic traffic crash injury. <i>Annals of Physical and Rehabilitation Medicine</i> , 2021 , 64, 101368	3.8	1
15	Does volume or occupancy influence emergency access block? A multivariate time series analysis from a single emergency department in Sydney, Australia during the COVID-19 pandemic. <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 343-348	1.5	1
14	Response to Letter to the Editor from Carmo et al. re Pathways and factors that influence time to definitive trauma care for injured children in New South Wales, Australia. <i>Injury</i> , 2021 , 52, 2486-2487	2.5	1
13	Description and prediction of outcome of drowning patients in New South Wales, Australia: protocol for a data linkage study. <i>BMJ Open</i> , 2021 , 11, e042489	3	0
12	Incremental cost-effectiveness of trauma service improvements for road trauma casualties: experience of an Australian major trauma centre. <i>Australian Health Review</i> , 2016 , 40, 385-390	1.8	
11	A survey of injuries sustained in falls from ladders among patients at an inner-city trauma centre. <i>Medical Journal of Australia</i> , 2012 , 196, 314-5	4	
10	Impact of incident location on long-term pedestrian mortality and major trauma in inner Sydney. <i>Medical Journal of Australia</i> , 2012 , 196, 110-1	4	
9	Trauma and Addiction Medicine 2021 , 1133-1141		
8	Predictors of mortality in older patients with isolated severe head injury: a data linkage study from New South Wales, Australia.. <i>Australian Health Review</i> , 2022 , 46, 107-114	1.8	
7	Emergency department management of severely injured children in New South Wales. <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 1066-1073	1.5	
6	Response to Re: The end of emergency medicine as we know it. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 759	1.5	
5	Retrieval transfusion protocol in New South Wales, Australia: A retrospective review of the first 5 years. <i>Transfusion</i> , 2021 , 61, 730-737	2.9	
4	Safety, Efficacy of an Accelerated Regimen of Low-Dose Recombinant Tissue-Type Plasminogen Activator for Reperfusion Therapy of Acute Pulmonary Embolism. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2021 , 27, 10760296211037920	3.3	

3	Are highway constructions associated with increased transport incidents? A case study of NSW Pacific Highway construction zones 2011-16. <i>Journal of Road Safety</i> , 2021 , 32, 17-23	0.5
2	The New South Wales Trauma Quality Improvement Program: Structure, process, outcomes and the role of trauma verification. <i>ANZ Journal of Surgery</i> , 2021 , 91, 1331-1332	1
1	Returning to the emergency department: a retrospective analysis of mental health re-presentations among young people in New South Wales, Australia. <i>BMJ Open</i> , 2022 , 12, e057388	3
