#	ARTICLE	IF	CITATIONS
1	Meeting the mammography screening needs of underserved women: the performance of the National Breast and Cervical Cancer Early Detection Program in 2002â€“2003 (United States). <i>Cancer Causes and Control</i> , 2006, 17, 1145-1154.	0.8	62
2	Stated Preference for Cancer Screening: A Systematic Review of the Literature, 1990â€“2013. <i>Preventing Chronic Disease</i> , 2016, 13, E27.	1.7	54
3	Increasing Colorectal Cancer Screening in Health Care Systems Using Evidence-Based Interventions. <i>Preventing Chronic Disease</i> , 2018, 15, E100.	1.7	52
4	Cervical cancer screening of underserved women in the United States: results from the National Breast and Cervical Cancer Early Detection Program, 1997â€“2012. <i>Cancer Causes and Control</i> , 2015, 26, 671-686.	0.8	43
5	Breast cancer screening of underserved women in the USA: results from the National Breast and Cervical Cancer Early Detection Program, 1998â€“2012. <i>Cancer Causes and Control</i> , 2015, 26, 657-668.	0.8	42
6	Meeting the cervical cancer screening needs of underserved women: The National Breast and Cervical Cancer Early Detection Program, 2004â€“2006. <i>Cancer Causes and Control</i> , 2010, 21, 1081-1090.	0.8	38
7	Costs of colorectal cancer screening provision in CDCâ€™s Colorectal Cancer Control Program: Comparisons of colonoscopy and FOBT/FIT based screening. <i>Evaluation and Program Planning</i> , 2017, 62, 73-80.	0.9	32
8	Effectiveness and cost of multilayered colorectal cancer screening promotion interventions at federally qualified health centers in Washington State. <i>Cancer</i> , 2018, 124, 4121-4129.	2.0	31
9	Clinical costs of colorectal cancer screening in 5 federally funded demonstration programs. <i>Cancer</i> , 2013, 119, 2863-2869.	2.0	30
10	Costs of planning and implementing the CDC's Colorectal Cancer Screening Demonstration Program. <i>Cancer</i> , 2013, 119, 2855-2862.	2.0	29
11	Resource requirements for cancer registration in areas with limited resources: Analysis of cost data from four low- and middle-income countries. <i>Cancer Epidemiology</i> , 2016, 45, S50-S58.	0.8	29
12	Clinical outcomes from the CDC's Colorectal Cancer Screening Demonstration Program. <i>Cancer</i> , 2013, 119, 2820-2833.	2.0	28
13	Development of a federally funded demonstration colorectal cancer screening program. <i>Preventing Chronic Disease</i> , 2008, 5, A64.	1.7	27
14	End-of-Life Medical Costs of Medicaid Cancer Patients. <i>Health Services Research</i> , 2015, 50, 690-709.	1.0	25
15	Cost of starting colorectal cancer screening programs: results from five federally funded demonstration programs. <i>Preventing Chronic Disease</i> , 2008, 5, A47.	1.7	25
16	Clinical and programmatic costs of implementing colorectal cancer screening: Evaluation of five programs. <i>Evaluation and Program Planning</i> , 2011, 34, 147-153.	0.9	23
17	Cost of Operating Central Cancer Registries and Factors That Affect Cost: Findings From an Economic Evaluation of Centers for Disease Control and Prevention National Program of Cancer Registries. <i>Journal of Public Health Management and Practice</i> , 2016, 22, 452-460.	0.7	23
18	Start-up of the colorectal cancer screening demonstration program. <i>Preventing Chronic Disease</i> , 2008, 5, A38.	1.7	23

#	ARTICLE	IF	CITATIONS
19	Cost-Effectiveness Analysis of Four Simulated Colorectal Cancer Screening Interventions, North Carolina. Preventing Chronic Disease, 2017, 14, E18.	1.7	21
20	Costs of promoting cancer screening: Evidence from CDC's Colorectal Cancer Control Program (CRCCP). Evaluation and Program Planning, 2017, 62, 67-72.	0.9	20
21	Insurance Coverage, Employment Status, and Financial Well-Being of Young Women Diagnosed with Breast Cancer. Cancer Epidemiology Biomarkers and Prevention, 2020, 29, 616-624.	1.1	19
22	The cost of cancer registry operations: Impact of volume on cost per case for core and enhanced registry activities. Evaluation and Program Planning, 2016, 55, 1-8.	0.9	18
23	Colorectal Cancer Screening: Preferences, Past Behavior, and Future Intentions. Patient, 2018, 11, 599-611.	1.1	18
24	Developing and testing a cost data collection instrument for noncommunicable disease registry planning. Cancer Epidemiology, 2016, 45, S4-S12.	0.8	16
25	Moving forward: Using the experience of the CDC's Colorectal Cancer Screening Demonstration Program to guide future colorectal cancer programming efforts. Cancer, 2013, 119, 2940-2946.	2.0	15
26	The eligibility and reach of the national breast and cervical cancer early detection program after implementation of the affordable care act. Cancer Causes and Control, 2020, 31, 473-489.	0.8	14
27	Economic assessment of central cancer registry operations, Part III: Results from 5 programs. Journal of Registry Management, 2010, 37, 152-5.	0.1	14
28	Economic assessment of patient navigation to colonoscopy-based colorectal cancer screening in the real-world setting at the University of Chicago Medical Center. Cancer, 2018, 124, 4137-4144.	2.0	13
29	Explaining variation across grantees in breast and cervical cancer screening proportions in the NBCCEDP. Cancer Causes and Control, 2015, 26, 689-695.	0.8	12
30	Comparison of Program Resources Required for Colonoscopy and Fecal Screening: Findings From 5 Years of the Colorectal Cancer Control Program. Preventing Chronic Disease, 2019, 16, E50.	1.7	12
31	Identifying optimal approaches to scale up colorectal cancer screening: an overview of the centers for disease control and prevention (CDC)'s learning laboratory. Cancer Causes and Control, 2019, 30, 169-175.	0.8	12
32	Data sources for identifying low-income, uninsured populations: application to public health's National Breast and Cervical Cancer Early Detection Program. Cancer Causes and Control, 2015, 26, 699-709.	0.8	8
33	The Reach and Health Impacts of the National Breast and Cervical Cancer Early Detection Program. Cancer Causes and Control, 2015, 26, 649-650.	0.8	8
34	Economic Evaluation of Interventions to Increase Colorectal Cancer Screening at Federally Qualified Health Centers. Health Promotion Practice, 2020, 21, 877-883.	0.9	8
35	Developing a Web-Based Cost Assessment Tool for Colorectal Cancer Screening Programs. Preventing Chronic Disease, 2019, 16, E54.	1.7	7
36	Effectiveness and Cost of Implementing Evidence-Based Interventions to Increase Colorectal Cancer Screening Among an Underserved Population in Chicago. Health Promotion Practice, 2020, 21, 884-890.	0.9	7

#	ARTICLE	IF	CITATIONS
37	Importance of implementation economics for program planning—evaluation of CDC’s colorectal cancer control program. <i>Evaluation and Program Planning</i> , 2017, 62, 64-66.	0.9	5
38	Expenditures on Screening Promotion Activities in CDC’s Colorectal Cancer Control Program, 2009–2014. <i>Preventing Chronic Disease</i> , 2019, 16, E72.	1.7	5
39	Importance of economic evaluation of cancer registration in the resource limited setting: Laying the groundwork for surveillance systems. <i>Cancer Epidemiology</i> , 2016, 45, S1-S3.	0.8	4
40	Recommendations From the International Colorectal Cancer Screening Network on the Evaluation of the Cost of Screening Programs. <i>Journal of Public Health Management and Practice</i> , 2016, 22, 461-465.	0.7	4
41	Identifying optimal approaches to implement colorectal cancer screening through participation in a learning laboratory. <i>Cancer</i> , 2018, 124, 4118-4120.	2.0	4
42	Factors That Support Sustainability of Health Systems Change to Increase Colorectal Cancer Screening in Primary Care Clinics: A Longitudinal Qualitative Study. <i>Health Promotion Practice</i> , 2023, 24, 755-763.	0.9	4
43	Role of an Implementation Economics Analysis in Providing the Evidence Base for Increasing Colorectal Cancer Screening. <i>Preventing Chronic Disease</i> , 2020, 17, E46.	1.7	3
44	Economic assessment of integrated cancer and cardiovascular registries: The Barbados experience. <i>Cancer Epidemiology</i> , 2016, 45, S37-S42.	0.8	2
45	Utility of linking survey and registry data to evaluate interventions and policies to address disparities in breast cancer survivorship among young women. <i>Evaluation and Program Planning</i> , 2021, 88, 101967.	0.9	0
46	Costs and Resources Used by Population-based Cancer Registries in the US-Affiliated Pacific Islands. <i>Hawai'i Journal of Health &amp; Social Welfare</i> , 2020, 79, 89-98.	0.2	0
