#	ARTICLE	IF	CITATIONS
1	Prospective Study of Postoperative Complications After Total Thyroidectomy for Multinodular Goiters by Surgeons With Experience in Endocrine Surgery. <i>Annals of Surgery</i> , 2004, 240, 18-25.	4.2	285
2	Risk factors of acute renal failure after liver transplantation. <i>Kidney International</i> , 2006, 69, 1073-1080.	5.2	255
3	FoxP3 in Peripheral Blood Is Associated With Operational Tolerance in Liver Transplant Patients During Immunosuppression Withdrawal. <i>Transplantation</i> , 2008, 86, 1370-1378.	1.0	160
4	Emigration from the British Isles to Southeastern Spain: A Study of Attitudes Toward Organ Donation. <i>American Journal of Transplantation</i> , 2007, 7, 2020-2030.	4.7	149
5	Psychosocial profile in favor of organ donation. <i>Transplantation Proceedings</i> , 2003, 35, 1276-1281.	0.6	107
6	The Latin American population in Spain and organ donation. Attitude toward deceased organ donation and organ donation rates. <i>Transplant International</i> , 2015, 28, 437-447.	1.6	95
7	Socio-personal profile of teenagers opposed to organ donation. <i>Nephrology Dialysis Transplantation</i> , 2004, 19, 1269-1275.	0.7	85
8	Antibiotic prophylaxis in incisional hernia repair using a prosthesis. <i>Hernia: the Journal of Hernias and Abdominal Wall Surgery</i> , 2001, 5, 148-152.	2.0	84
9	Proyecto colaborativo internacional donante. <i>CirugÃa EspaÃola</i> , 2018, 96, 69-75.	0.2	81
10	Socio-personal factors influencing public attitude towards living donation in south-eastern Spain. <i>Nephrology Dialysis Transplantation</i> , 2004, 19, 2874-2882.	0.7	79
11	German citizens in southeastern Spain: a study of attitude toward organ donation. <i>Clinical Transplantation</i> , 2010, 24, 349-357.	1.6	79
12	Prevention of Hyperacute Rejection in a Model of Orthotopic Liver Xenotransplantation From Pig to Baboon Using Polytransgenic Pig Livers (CD55, CD59, and H-Transferase). <i>Transplantation Proceedings</i> , 2005, 37, 4103-4106.	0.6	72
13	A Multicentre and stratified study of the attitude of medical students towards organ donation in Spain. <i>Ethnicity and Health</i> , 2019, 24, 443-461.	2.5	72
14	Does the standard vs piggyback surgical technique affect the development of early acute renal failure after orthotopic liver transplantation?. <i>Transplantation Proceedings</i> , 2003, 35, 1913-1914.	0.6	70
15	Attitude of Ancillary Personnel Faced With Living Kidney Donation in a Hospital With a Living Donor Kidney Transplant Program. <i>Transplantation</i> , 2007, 83, 336-340.	1.0	68
16	The attitude of Latin American immigrants in Florida (USA) towards deceased organ donation - a cross section cohort study. <i>Transplant International</i> , 2017, 30, 1020-1031.	1.6	68
17	Are personnel in transplant hospitals in favor of cadaveric organ donation? Multivariate attitudinal study in a hospital with a solid organ transplant program. <i>Clinical Transplantation</i> , 2006, 20, 743-754.	1.6	67
18	What Is the Attitude of Hospital Transplant-related Personnel Toward Donation?. <i>Journal of Heart and Lung Transplantation</i> , 2006, 25, 972-976.	0.6	66

#	ARTICLE	IF	CITATIONS
19	Estudio multicÃntrico hispano-latinoamericano de actitud hacia la donaciÃn de Ãrganos entre profesionales de centros sanitarios hospitalarios. CirugÃa EspaÃola, 2014, 92, 393-403.	0.2	66
20	Attitude of hospital personnel faced with living liver donation in a Spanish center with a living donor liver transplant program. Liver Transplantation, 2007, 13, 1049-1056.	2.4	62
21	Surgical Management of Multinodular Goiter With Compression Symptoms. Archives of Surgery (Chicago, Ill: 1920), 2005, 140, 49.	1.4	61
22	The value of various definitions of intrathoracic goiter for predicting intra-operative and postoperative complications. Surgery, 2010, 147, 233-238.	1.9	61
23	Factors that influence the attitude of East European residents in Spain towards living kidney donation. Transplant International, 2009, 22, 707-716.	1.6	60
24	Factors that affect Recurrence after Incisional Herniorrhaphy with Prosthetic Material. The European Journal of Surgery, 2001, 167, 855-859.	0.9	59
25	Attitude of kidney patients on the transplant waiting list toward related-living donation. A reason for the scarce development of living donation in Spain. Clinical Transplantation, 2006, 20, 719-724.	1.6	58
26	Primary health care personnel faced with cadaveric organ donation: a multicenter study in southeastern Spain. Clinical Transplantation, 2008, 22, 657-663.	1.6	56
27	Non-neoplastic mediastinal cysts. European Journal of Cardio-thoracic Surgery, 2002, 22, 712-716.	1.4	55
28	Risk factors for malignancy in multinodular goitres. European Journal of Surgical Oncology, 2004, 30, 58-62.	1.0	54
29	Prognostic factors in thymic epithelial neoplasms. European Journal of Cardio-thoracic Surgery, 2002, 21, 307-313.	1.4	52
30	Cardiovascular morbidity and mortality after liver transplantation: The protective role of mycophenolate mofetil. Liver Transplantation, 2017, 23, 498-509.	2.4	51
31	Utility of fine-needle aspiration for diagnosis of carcinoma associated with multinodular goitre. Clinical Endocrinology, 2004, 61, 732-737.	2.4	49
32	Public attitude toward xenotransplantation: Opinion survey. Transplantation Proceedings, 2004, 36, 2901-2905.	0.6	49
33	Level of awareness of personnel in hospital services related to the donation process: A Spanish and Latin American multicenter study. Journal of Heart and Lung Transplantation, 2012, 31, 850-857.	0.6	48
34	The quest for favourable subgroups to encourage living kidney donation in Spain. An attitudinal study among British and Irish citizens resident in southeastern Spain. Nephrology Dialysis Transplantation, 2008, 23, 1720-1727.	0.7	45
35	Psychometric Characteristics of the Attitude Questionnaire Toward the Donation of Organs for Transplant (PCID-DTO-RIOS). Transplantation Proceedings, 2018, 50, 345-349.	0.6	43
36	Attitude Toward Deceased Organ Donation and Transplantation Among the Workers in the Surgical Services in a Hospital With a Transplant Program. Transplantation Proceedings, 2005, 37, 3603-3608.	0.6	42

#	ARTICLE	IF	CITATIONS
37	Attitude Toward Living Related Donation of Patients on the Waiting List for a Deceased Donor Solid Organ Transplant. Transplantation Proceedings, 2005, 37, 3614-3617.	0.6	40
38	Hospital personnel faced with organ xenotransplantation: an attitudinal survey in a hospital with a pre-clinical liver xenotransplantation program. Xenotransplantation, 2006, 13, 447-454.	2.8	40
39	Causes and Treatment of Recurrent Hyperparathyroidism After Subtotal Parathyroidectomy in the Presence of Multiple Endocrine Neoplasia 1. World Journal of Surgery, 2010, 34, 1325-1331.	1.6	40
40	Results of Surgery for Toxic Multinodular Goiter. Surgery Today, 2005, 35, 901-906.	1.5	39
41	Severe acute lower gastrointestinal bleeding: risk factors for morbidity and mortality. Langenbeck's Archives of Surgery, 2007, 392, 165-171.	1.9	39
42	Organ Donation and Transplantation Training for Future Professional Nurses as a Health and Social Awareness Policy. Transplantation Proceedings, 2010, 42, 239-242.	0.6	37
43	Recurrence of alcoholism and quality of life in patients with alcoholic cirrhosis following liver transplantation. Transplantation Proceedings, 1999, 31, 2472-2474.	0.6	36
44	Intestinal Metaplasia in Patients With Columnar Lined Esophagus is Associated With High Levels of Duodenogastroesophageal Reflux. Annals of Surgery, 2001, 233, 34-38.	4.2	36
45	Surgical treatment for multinodular goitres in geriatric patients. Langenbeck's Archives of Surgery, 2005, 390, 236-242.	1.9	36
46	British citizens in a regional community of southeastern Spain with a pre-clinical organ xenotransplantation program. A study of attitude toward xenotransplantation. Xenotransplantation, 2007, 14, 255-264.	2.8	36
47	Prophylactic thyroidectomy in MEN 2A syndrome: experience in a single center1 1No competing interests declared.. Journal of the American College of Surgeons, 2002, 195, 159-166.	0.5	35
48	Attitude of Primary Care Nurses Toward Living Kidney Donation. Transplantation Proceedings, 2005, 37, 3626-3630.	0.6	34
49	Importance of Introduction of a Psychological Care Unit in a Liver Transplantation Unit. Transplantation Proceedings, 2010, 42, 302-305.	0.6	34
50	A study of the attitude of <sc>L</sc>atinâ€<sc>A</sc>merican residents in <sc>S</sc>pain toward organ xenotransplantation. Xenotransplantation, 2014, 21, 149-161.	2.8	34
51	Attitude Survey of Hospital Workers in the Surgical Services Toward Living Kidney Donation. Transplantation Proceedings, 2005, 37, 3621-3625.	0.6	33
52	Attitude of Personnel in Hospital Cadaveric Organ Transplant-Related Units Faced with Living Kidney Donation in a Hospital with a Living Kidney Donor Transplantation Program. Nephron Clinical Practice, 2008, 108, c75-c82.	2.3	33
53	Prognostic Value of Histological and Immunohistochemical Characteristics for Predicting the Recurrence of Medullary Thyroid Carcinoma. Annals of Surgical Oncology, 2010, 17, 2444-2451.	1.5	33
54	Latin Americans in Spain and their attitude toward living kidney donation. Clinical Transplantation, 2015, 29, 1054-1062.	1.6	33

#	ARTICLE	IF	CITATIONS
55	Mortality after thyroid surgery, insignificant or still an issue?. <i>Langenbeck's Archives of Surgery</i> , 2015, 400, 517-522.	1.9	33
56	Arachidonic acid metabolism modulates vasopressin-induced renal vasoconstriction. <i>Life Sciences</i> , 1995, 56, 1455-1466.	4.3	32
57	Acute Lower Gastrointestinal Hemorrhages in Geriatric Patients. <i>Digestive Diseases and Sciences</i> , 2005, 50, 898-904.	2.3	32
58	Ancillary Hospital Personnel Faced With Organ Donation and Transplantation. <i>Transplantation Proceedings</i> , 2006, 38, 858-862.	0.6	32
59	Personnel in cadaveric organ transplant-related hospital units faced with living liver donation: an attitudinal study in a Spanish hospital with a cadaveric and living liver transplant programme. <i>Liver International</i> , 2007, 27, 687-693.	3.9	31
60	Prediction of hypocalcemia after total thyroidectomy using indocyanine green angiography of parathyroid glands: A simple quantitative scoring system. <i>American Journal of Surgery</i> , 2019, 218, 993-999.	1.8	30
61	Attitudes Toward Living Liver Donation Among Hospital Personnel in Services Not Related to Transplantation. <i>Transplantation Proceedings</i> , 2005, 37, 3636-3640.	0.6	29
62	Attitudes of Primary Care Professionals in Spain Toward Xenotransplantation. <i>Transplantation Proceedings</i> , 2006, 38, 853-857.	0.6	28
63	Validation of xCELLigence Real-Time Cell Analyzer to Assess Compatibility in Xenotransplantation With Pig-to-Baboon Model. <i>Transplantation Proceedings</i> , 2010, 42, 3239-3243.	0.6	28
64	Optimization of cytotoxicity assay by real-time, impedance-based cell analysis. <i>Biomedical Microdevices</i> , 2013, 15, 985-995.	2.8	28
65	Knowledge of the Brain Death Concept by Personnel in Spanish and Latin-American Healthcare Centers. <i>International Journal of Artificial Organs</i> , 2014, 37, 336-343.	1.4	28
66	A multicenter study in Spanish, Mexican, and Cuban hospitals of attitude toward living kidney donation. <i>Annals of Transplantation</i> , 2014, 19, 96-103.	0.9	28
67	Interobserver Agreement for Thyroid Elastography. <i>Journal of Ultrasound in Medicine</i> , 2013, 32, 495-504.	1.7	27
68	Acoustic Radiation Force Impulse Imaging for Evaluation of the Thyroid Gland. <i>Journal of Ultrasound in Medicine</i> , 2014, 33, 1031-1040.	1.7	27
69	Recurrent Papillary Thyroid Cancer: Analysis of Prognostic Factors Including the Histological Variant. <i>The European Journal of Surgery</i> , 2001, 167, 406-412.	0.9	26
70	Definitive Treatment for Persistent Hypoparathyroidism in a Kidney Transplant Patient: Parathyroid Allotransplantation. <i>Thyroid</i> , 2005, 15, 1299-1302.	4.5	26
71	Cavernous Hemangioma of the Thyroid. <i>Thyroid</i> , 2001, 11, 279-280.	4.5	25
72	Familial nonmedullary thyroid cancer: Screening, clinical, molecular and genetic findings. <i>Biochimica Et Biophysica Acta: Reviews on Cancer</i> , 2014, 1846, 468-476.	7.4	25
